McKean County Clerk of Orphans' Court is accepting marriage license applications online. The website for an online marriage application is [Infoconcountyaccess.com](http://Infoconcountyaccess.com).

The license is only good for 60 days and only in Pennsylvania. Please make sure your marriage date is within the 60-day scope before applying. There is a 3 day wait from date of signing before the license is valid.

Once we receive the online application, our office will call to schedule an appointment for you and your partner. The day of your appointment please bring your driver's license, any documents from your previous marriage (most recent divorce decree or death certificate), \$60.00 cash, check, or money order. Once all the information on the application is verified, we will give you the marriage license.

The marriage license is valid after the date on the license. It is null and void if used prior to the validation date and you will have to start the process over and pay an additional \$60.00 fee.

If you have any questions, feel free to call the Clerk of Orphans' Court Office at the above telephone number.
