## ADULT PROTECTIVE SERVICES- MONTGOMERY COUNTY DEPARTMENT OF JOB & FAMILY SERVICES

Adult Protective Services (APS) investigates suspected abuse, neglect, self-neglect and exploitation of persons primarily age 60 and over. An assessment is done to determine what services are available to help the client. The goal is to help clients remain independent in their homes as long as possible by preventing, reducing or remedying conditions that may cause their endangerment.

Prior to a home visit, APS likes to know as much about the person and problem as possible. In addition to a description of the problem that requires our attention, please provide the following information about the client:

- Name, address, phone number
- Social Security number
- Date of birth
- Interested or involved family, friends or caregivers

Routine referrals must be started within three working days and emergencies within 24 hours. Upon completing a 30-day investigation, caseworkers work with the client to decide if the case should remain open. If the caseworker determines the client lacks the capacity to make such a decision, the case can be kept open longer with the client's consent. Most cases are resolved within 60 days.

## MONTGOMERY COUNTY FATHERHOOD INITIATIVE

The Fatherhood Program is dedicated to engaging fathers and helping them play an important role in their children's lives. Children do best when both parents are positively involved in their lives and those who don't spend significant time with their fathers are five times more likely to live in poverty and three times more likely to fail in school. Statistics show that they are also three times more likely to commit suicide and two times more likely to abuse drugs.

This program links fathers with resources to give their kids a better chance at beating these statistics. The Fatherhood Initiative can help secure:

- Employment -- With the Seek Work Program, dads are connected with one-on-one employment assistance so they can obtain employment and provide child support.
- Visitation Help -- The Fatherhood Program Coordinator can link dads with the Volunteer Lawyers Project so they can file legal paperwork at minimal cost to establish visitation.
- License Reinstatement -- Program can assist with getting license suspensions lifted and removed from a person's driving record after their license has been reinstated.
- Compromise or Removal of Past Due Support -- Assistance can be provided to negotiate a compromise or complete a waiver of past due support.
- Overcome Barriers from a Prior Conviction -- Criminal convictions can restrict access to jobs, housing and education. Participating in this program helps fathers understand and overcome these barriers through obtaining a Certificate of Employability.
- Job & Family Services Program Information -- If you are a Child Support, Public Assistance, Workforce Development or Children Services customer, participating in this program can help you navigate the system and get questions answered.

## EAST END COMMUNITY SERVICES

### RISE 4 SENIORS (REDUCING ISOLATION/SUPPORTING ENGAGEMENT)

RISE 4 Seniors: This program is designed to help reduce isolation and increase social engagement among seniors in Montgomery County. RISE utilizes the National Council on Aging curriculum, Aging Mastery Program (AMP), a 10-session instructor-led course that encourages older adults to create their own plan for aging well. Participants set goals for positive actions in various aspects of their lives, such as exercise, nutrition, finances, advance care planning, community engagement and healthy relationships - all of which help them gain knowledge and learn skills to improve health outcomes and support a better quality of life. Other social activities are also provided, including attending community center and KROC center facilities, going to special events and learning to engage with peers and the community through technology.

Classes and events are scheduled to meet program needs.
