**Montgomery County** - On May 8, 2024, RI International informed Montgomery County ADAMHS that RI International would no longer be delivering crisis services in Montgomery County effective May 22, 2024.

Montgomery County ADAMHS immediately began the search for a new provider for crisis services. Those seeking mental health support have multiple options-

Those experiencing a mental health crisis and need immediate care should call 911 or go to the nearest hospital emergency room.

All questions regarding this decision should go to RI International.
