To protect homeowners from tree trimmers and ensure the health, safety, and welfare of the community, the City of Mounds View has an ordinance requiring licensing for all commercial tree trimmers. Being licensed ensures that the City of Mounds View has their contact information, but most importantly, they must verify that they carry proper insurance and have a MN state licensed arborist on staff.

Be on the lookout for:

- Persons going door-to-door soliciting their business (a City license is required for soliciting as well)
- Unmarked construction vans, trucks, trailers and vehicles
- Contractor vehicles with out-of-state license plates
- On-going jobs during non-regular business hours

What you can do to assist:

- Call City Hall at (763) 717-4000 to verify that all tree trimmers/contractors working in our community has a City of Mounds View license

Information to provide if you can:

- Name of the contractor or company or any name that may be displayed on vehicle used in their operations
- Names of any workers on-site
- Date and time when the work took place
- Location of where the work took place
- Pictures if possible

**PLEASE REPORT ALL TREE TRIMMING/CONTRACTORS DOING BUSINESS IN MOUNDS VIEW**
