F. Resolution 8692, a Resolution Approving a Utility Agreement with the City of Blaine.
City Administrator Ericson requested the Council approve a utility agreement with the City of Blaine. He reported several properties in the City of Mounds View receive utility services from Blaine. He explained the proposed agreement would outline costs associated with linking to Blaine’s utilities. It was noted the previous agreement was reached in 1971. Staff provided further comment on the revised utility agreement and recommended approval.

Rob Lind, general contractor for Jeffrey and Stephanie Killian, stated he heard about this meeting today. It was his understanding the proposed utility agreement only affected his clients. He noted water and sewer were installed to the Killian’s property in 1990. He explained he contacted both Mounds View and Blaine on behalf of the Killian’s to learn more about the utility situation and was provided a copy of the agreement from 1971. As he read through the agreement, he noted the fees were not in alignment. He read the language from the 1971 agreement stating the fees were not to change, and if a change was proposed, that his clients were to receive 90-day notice. He requested the City look out for the best interests of the Mounds View residents and hold Blaine to the terms of the agreement currently in place. He recommended the Council table action on this item or provide his clients with proper notice.

City Administrator Ericson believed the 90-day notice would apply if Mounds View was operating under the agreement from 1971. However, the fact was, the City was being asked to consider a revised utility agreement. He was uncertain if a 90-day notice was required for a new agreement, but understood this maybe should have been triggered.

Mr. Lind believed 90-day notice should have been provided to his clients given the proposed rate changes.

Council Member Meehlhause questioned what action Mr. Lind was seeking from the City of Mounds View. Mr. Lind requested the Council stand up for the Mounds View residents.

Council Member Gunn asked if Mr. Lind had spoken to the City of Blaine. Mr. Lind reported he has been in contact with the City of Blaine and they had no answers for him.

Stephanie Killian, Mounds View resident for 32 years, stated she recently sold her home and was planning to build a new home on the property in question. She indicated she spoke with Tom Scott at the City of Blaine and he was aware last April that this property would be developed. She believed that a lot of time had transpired and was surprised by the roadblock that has been thrown up. She encouraged the Council to table action on this item until the discussions can be held with the City of Blaine.

Jeffrey Killian reported he spoke with Tom Scott today and Mr. Scott noted this property should have been investigated in 2004. However, no action was taken until very recently. He expressed frustration that he and his wife did not receive proper notification and did not believe it was fair for the rates to be increased.

Council Member Meehlhause inquired if the Killian’s had spoken to the Blaine City Manager. Ms. Killian stated she has only been in communication with City Engineer Tom Scott.
Mayor Mueller asked how much time the Killian’s needed in order for this matter to be properly addressed. Mr. Lind hoped to apply for a permit on Monday, however, this would be delayed given the fact the permit fees were incorrect. He stated he could continue to speak with Blaine staff but anticipated this would not be resolved overnight. He requested that he be allowed to move forward with the Killian’s house and that the fees and charges be worked out in the coming months. He stated he had a contract signed with the Killian’s and he was to begin construction now.

Mayor Mueller questioned if the City had ever issued a building permit prior to all fees being paid. City Administrator Ericson stated for a situation like this all SAC and WAC fees would have to be paid prior to the City issuing a building permit. He explained the Council could table this item to a future meeting, which would allow the applicant to discuss the matter further with the City of Blaine.

Mr. Lind clarified he was not contesting the WAC and SAC fees. He explained the sewer and water lateral fees were of concern.

Mayor Mueller inquired if the City of Blaine was paid for the installation of the lateral lines in 1990. Mr. Lind was uncertain. Mr. Killian understood the stubs were installed across County Road J when it was torn up in 1990. He did not know who paid for this project.

Mayor Mueller asked if this lot was recently subdivided. Mr. Killian reported this was the case.

MOTION/SECOND: Hull/Gunn. To Table Action on this matter until an agreement has been reached between the Killian’s and the City of Blaine.

Council Member Gunn encouraged the Killian’s to speak with the City of Blaine in order to bring about a resolution on this matter.

Ayes – 4 Nays – 0 Motion carried.

G. Resolution 8693, a Resolution Approving a Memorandum of Understanding with LELS 204 Regarding Holiday Hours.

City Administrator Ericson requested the Council approve a Memorandum of Understanding with LELS 204 regarding holiday hours. He explained this item relates to holiday hours for newly hired Officer Sarah David. He described how holiday hours were to be paid out to officers after completion of field training and recommended approval of the Resolution.

Mayor Mueller asked if the newly hired officer and LELS were in agreement with the Resolution. City Administrator Ericson reported this was the case.

MOTION/SECOND: Gunn/Meehlhause. To Waive the Reading and Adopt Resolution 8693, a Resolution Approving a Memorandum of Understanding with LELS 204 Regarding Holiday
