The Council supported staff hiring Ms. Kane full time for the position.

Council Member Meehlhause appreciated how much Ms. Kane had helped out during the recent election.
Mayor Mueller agreed and recommended staff proceed with the hire of Ms. Kane.

3. **Review Charter Commission Questions RE: Charter Section 4.05.**

City Administrator Ericson reviewed several questions from the Charter Commission regarding Charter Section 4.05, which was the portion of City Code relating to the filling of a vacant seat on the City Council. He discussed the Charter requirements in further detail noting the City would have to have hold a Special Election, which would cost roughly $10,000, in order to fill the vacancy. Another for the Council to consider would be to appoint a Mounds View resident to the vacancy if the opening was for less than two years.

City Administrator Ericson stated the Charter Commission was seeking clarifying information on several questions. These questions were read in full to the Council and staff requested feedback on how to proceed.

Council Member Gunn discussed the pros and cons of holding a Special Election. She commented on the great amount of staff time that would be spent on this election and how low the voter turnout would be. She supported a Special Election not being held unless there were two years remaining on a term. She understood other cities have appointed City Council members and this has worked out quite well.

Council Member Hull agreed with Council Member Gunn’s comments and stated he supported the proposed changes to the Charter.

Council Member Meehlhause was in favor of holding a Special Election for seats that had over two years remaining. He discussed the Special Election process, along with the staff time and cost involved. He did not believe it made sense to hold a Special Election when an individual would serve for less than a year or 15 months. He described his son’s experience with the City Council in Bemidji.

Mayor Mueller stated she did not know the history of those who wrote the Charter. She understood there were some contentious times at the Council dais over the years and for this reason, a Council appointment could assist in advancing a personal agenda. While she hoped this would never happen in the City of Mounds View, she understood the reason for the Charter being drafted as is. She supported a Special Election being held for seats with an opening more than 365 days. She understood there were Council’s that did not work well together and it was her hope Mounds View could avoid this situation at all cost. She did not want to see a Mayoral appointment become controversial or an area of contention for the City. She knew there would be staff time and cost savings if the Special Election were eliminated, however she supported the Charter as written.

City Attorney Riggs advised the Council on the other Charter cities he represented noting each had a two-year time period for Special Elections, except for Mounds View. He reported this was the requirement for statutory cities with the State as well.
Council Member Meehlhause believed it did not make sense to require a candidate to go through two elections in less than a year and for this reason, he still supported a change to the Charter.

Further discussion ensued regarding Special Election requirements for the City of Mounds View.

After much discussion, the Council consensus was to move forward with recommending the Charter be amended by Ordinance to only hold a Special Election for open seats with more than a two-year time period remaining.

City Administrator Ericson stated the cost of the Special Election from Ramsey County was estimated to be $10,200. The Council supported this expense.
