Mayor Mueller questioned what the benefit would be for Mounds View to take over the maintenance of this trail segment. Public Works Director Peterson stated this would be a regional trail that would connect Anoka County to Mounds View. He indicated the County would assume all costs to build the trail and was only asking the City to assume the long-term maintenance. He stated the goal of the trail would be to eliminate pedestrians from walking on the south side of Long Lake Road. He noted the City already maintains the sidewalks along Long Lake Road.
