He stated the EDA does not have taxing authority and was being exercised by the City. He was of the opinion the EDA levy should be added to the overall levy. He explained the voters agreed with this limit and supported a Charter change. He indicated the Council was responsible to follow this language. He provided further comment on the role of the EDA on behalf of the City. He questioned why the EDA was assuming a levy for loan purposes that only totaled $50,000.
Council Member Meehlhause requested further information on the proposed levy noting the limit was proposed to be 4.4%. Finance Director Beer reported this was the case. He explained voter approved levy items were not included in this amount, neither were debt service payments.

Mayor Mueller stated she was a member of the Charter Commission at the time the levy limits were set. She explained the Charter Commission had opportunities for the City to raise other monies for capital improvement and debt obligation.
