Fountain Garden

Due the work being done on the pathways around the garden we reached out to Assistant Village Manager, Ken Famulare to ask when we would have access to the garden. Weather permitting he advised us that the work would be finished in two weeks. This should give us time for clean up and planting before Memorial Day. We also asked Joe Luppino if there was any way to reduce the spray from the fountain. We noticed that some sections of the garden got very wet when the wind blew. He advised us that they could work on varying the water pressure to try to mitigate the force of the spray. When asking about this year's hanging baskets Joe let us know that the Village was using a revised "water well" in the base of the baskets to help remain moisture.

Motion to Adjourn approved by Cece Yozzo; seconded by Joanne Hauser

Our next meeting will be on May 4, 2022 at 1pm In Village Hall

Respectfully Submitted,
Joanne Hack, Secretary
