Re: Meeting Schedule and Agendas

1. Next week's [meeting schedule](#) is attached.
2. **Myrtle Beach City Council amended the financial incentives available for certain new investment and redevelopment projects in designated areas to encourage new economic activity.** Projects approved by City Council under the new rules could receive vouchers (credits) for a portion of the money that was invested. Here are the minimum investment requirements....

New Construction:

- Transient Accommodations – \$5,000,000
- Multi-Family Residential – \$1,000,000
- Other Redevelopment Project – \$100,000

Renovations: 25% of Value of All Improvements on Property (Per County Tax Records)

Voucher Caps:

- New Construction – 2% of Total Cost; Cap is \$2,000,000
- Renovations – 10% of Total Cost; Cap is \$250,000

Designated Areas: Areas designated as redevelopment targets for these investments and the resulting vouchers include the area from Kings Highway to Ocean Boulevard, from 29th Avenue North to the southern intersection of Ocean Boulevard and Kings Highway, and the new Arts & Innovation District.

Plan Approval: Developers and businesses must submit their plan to City Council, and City Council must approve the plan by ordinance. Each plan is subject to a development agreement and a building permit must be issued within six months of the development agreement. The project must be completed within 24 months, unless City Council initially approves a longer time frame.

Eligible Project Types: Citywide, targeted business development projects eligible for a voucher of up to two percent of the investment include technology industries, medical providers, experiential retail and workforce housing. Such targeted business investments must be approved by Council.

Voucher (Credit) Parameters: Vouchers may be worth up to two percent of the investment, with a maximum voucher value of \$2,000,000. (A \$100,000,000 investment could earn the maximum two percent voucher, worth \$2,000,000.) The voucher is for a specific fee, tax or assessment that the developer pays to the city and can only be reimbursed (up to the maximum specified per investment) after such payments have been received by the city and the project is complete. Vouchers are valid for a maximum of five years, or less if the credit is exhausted.

3. **As part of the underground utility conversion project, a road closure will affect a portion of Swallow Avenue on Tuesday, February 18.** Swallow Avenue, from Pampas Drive to Cactus Street, will be closed until 5:00 p.m., weather permitting.
4. **Want to learn how the city is working to support the technology, entrepreneur, artisan and maker communities?** Come meet the Technology Advisory Group at the eMYRge Social from 4:00 to 6:30 p.m., Thursday, February 20. The free event takes place at Bumstead's Pub (Dagwood's Deli), 400 Mr. Joe White Avenue, Suite #3604. Attendees have the opportunity to share ideas and network with the local innovation community. To RSVP, see <https://tinyurl.com/vkjrcmb>.
5. **Courtesy of a grant from the South Carolina Department of Commerce's Office of Innovation, the City of Myrtle Beach's Technology Advisory Group offers a free, eight-session "Angel Investing 101" series in 2020.** The series is taught by experienced investors and participants are under no obligation to invest. The first session is set for 8:00 a.m. to 1:00 p.m., Thursday, February 27. The announcement of the event location to follow.... For more information and to register, go to <https://tinyurl.com/t6hm5eh>.
6. **Looking for something to do in Myrtle Beach?** Visit our [Events](#) webpage for a comprehensive list of activities. This file of city-related festivals, concerts, programs and more is updated weekly.
7. **The sixth annual Food Drive Craft Fair at General Robert H. Reed Recreation Center is the subject of our [Photos of the Week](#).** This well-attended Sunday event drew more than 2,000 shoppers who contributed more than 6,000 pounds of non-perishable food to benefit the Lowcountry Food Bank. Nearly \$1,800 in donations were received. Dozens of crafters filled the entire recreation center, offering handmade and homespun wares of all types. The Food Drive Craft Fair was created by one of our snowbirds, Mickey Davis, who has since

handed off responsibility for the on-going event to a local couple, Alex and Nancy Smith. The Craft Fair will be back for a seventh year next February!

8. **Did you know...** That the City of Myrtle Beach has 396 miles of water lines, 12,557 water valves, 465 miles of sewer system (362 miles of gravity lines and 102 miles of force main), 5,699 manholes, 149 sewer pump stations, 179 miles of stormwater collection system and 11,289 stormwater drainage structures?
