

Myrtle Beach BIKE SKILLS PARK

PROPOSAL BY THE WACCAMAW TRAIL BLAZERS

10 ACRE PROGRESSION BASED BIKE PARK

The 10-acre Bike Park will provide riders from all backgrounds, ages, skills and abilities with a wide range of exciting riding opportunities. These include exploring the trails and the unique landscape and ecosystems found within and around the park, to expanding and progressing riding skills by tackling a wide range of technical trail and enhanced terrain features. The park is designed to become a hub for the community and directly engage and inspire local youth, young adults and families in a sport that promotes healthy, active, outdoor lifestyles and provides exciting, challenging and rewarding experiences.

The core of trails is set to provide access to beginner, intermediate and advanced trail networks, and the specialized riding areas within the park. Technical trail and enhanced terrain skills features throughout the trail system will be provided as "optional lines" thus providing something for everyone with easy access to the core trail system.

SKILL AREA

- Children's Skills Track
- Pump Track Progression Area
- Dirt Jumps & Tabletops
- Perimeter Singletrack Loop

Myrtle Beach BIKE SKILLS PARK

PROPOSAL BY THE WACCAMAW TRAIL BLAZERS

Myrtle Beach BIKE SKILLS PARK

PROPOSAL BY THE WACCAMAW TRAIL BLAZERS

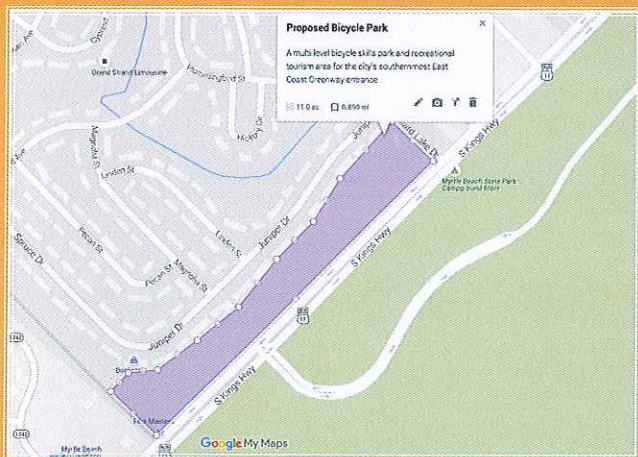

INTRODUCTION

The intent of this REQUEST FOR CONSIDERATION is to present an outline of proposed space dedicated to the building and maintaining of a multi-level bicycle community skills park and East Coast Greenway "Welcome Center" near the Myrtle Beach city line parallel to Seagate Village and Myrtle Beach State Park. The initial proposal is an outline of features, responsibilities and overall vision of the proposed property as seen by the Waccamaw Trail Blazers.

The outline touches on Myrtle Beach's connection with the East Coast Greenway, the continued efforts of the Bicycling and Pedestrian Committee and the city's push for more recognition in sports tourism.

OVERVIEW

To create a multi-level bicycle skills park and recreational tourism area for the city's southernmost East Coast Greenway entrance.

- Provide a full spectrum, destination riding experience for riders of all ages, skills and abilities
- Provide significant economic impact for the community as a recreational tourism destination
- Promote healthy active recreational lifestyles that can benefit all members of the community
- Inspire families to explore the outdoors and engage in positive, healthy activities
- Provide guidance navigating the East Coast Greenway throughout the city and beyond

EAST COAST GREENWAY TOURISM AMENITIES

As the East Coast Greenway continues to grow, it is becoming a beacon of bicycling tourism up and down the east coast. The proposed tourism amenities showcase Myrtle Beach as a great destination for cycling the greenway and ensure a positive experience when doing so.

AMENITIES

- City of Myrtle Beach
- East Coast Greenway Kiosk
- Picnic Shelter
- Bike Wash Station
- Bike Tool Station
- Water Filling Station
- Myrtle Beach State Park
- Camping Information
