All plats must be created in accordance with the requirements of the City’s Subdivision Ordinance (Chapter 20, The Code of Ordinances – City of Myrtle Beach). In addition, State Plane Coordinates must be shown for all property corners. If buildings are shown on the plat, coordinates should also be given on all building corners.

- _____ A written legal description (metes and bounds) of the property (this may be included on the plat).
- _____ Copy of deed(s) proving ownership of property.

Final plats need to include the appropriate certifications from Chapter 20 Subdivision Regulations of the Code of Ordinances – City of Myrtle Beach and must be signed by the owner or authorized agent before final approval.

FOR ALL SUBDIVISIONS: A new state code (6-29-1145) requires local governments to inquire about restrictive covenants. Please pay close attention to the question on the application.

The Planning Commission considers requests for subdivision at their regularly scheduled meeting (generally the third Tuesday of each month). To be placed on the Planning Commission’s agenda, the completed subdivision application and all additional requested materials must be submitted to the City of Myrtle Beach Planning Department (located on the first floor of City Hall) by 5:00 p.m. on the date of the deadline (a deadline schedule may be obtained by the Planning Department). **This application in no manner implies approval or acceptance of the proposed subdivision request by the City of Myrtle Beach nor does the City waive its right and privilege to deny such application.**
