In the review of a submitted plan, the police shall be influenced by the safe drinking places guidelines, and shall also review any incidents occurring at the drinking place, nightclub, nightclub district or at events held by the nightclub or a promoter at that location, or under that management within the preceding 12 months on the issue of past compliance with the requirements of this chapter. This review shall include past regulatory revocations and suspensions, the location's violations of alcoholic liquors laws, prior permittees that have been affiliated or associated with the applicant, evidence of illegal drug use or activity on or about the permitted premises, and evidence of noise violations, litter and debris, vandalism, thefts, robberies, fighting, disorderly conduct, breaches of the peace, service of alcohol to underage persons, loitering for the purposes of drug trafficking, prostitution or with harmful intent, and other state and federal felony criminal activities on or about the permitted premises that raises a public safety concern.
