City of Myrtle Beach

SOUTH CAROLINA

OFFICE OF THE FINANCE DIRECTOR

November 30, 2007

The Honorable Mayor John Rhodes, City Council and
City Manager of the City of Myrtle Beach, South Carolina

The Comprehensive Annual Financial Report of the City of Myrtle Beach, South Carolina, for the fiscal year ended June 30, 2007, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various activities of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

This report includes all funds of the City, and as explained below, the activity of the Myrtle Beach Public Facilities Corporation, the Myrtle Beach Downtown Redevelopment Corporation and the Myrtle Beach Convention Center Hotel Corporation. The City provides a full range of services. These services include police and fire protection, sanitation services, the construction and maintenance of streets and infrastructure, recreational activities and cultural events. In addition to general government activities, the governing body operates a water and sewer system throughout the City and in certain areas adjacent to it.

This report includes one blended component unit, the Myrtle Beach Public Facilities Corporation (MBPFC). The MBPFC serves the City exclusively for financing purposes. This report also includes two discretely presented component units, the Myrtle Beach Downtown Redevelopment Corporation (MBDRC) and the Myrtle Beach Convention Center Hotel Corporation (MBCCHC). The MBDRC is responsible for promoting and assisting in the development of business concerns and residential housing in the downtown area of Myrtle Beach. City Council appoints a voting majority to the MBDRC's eleven-member board. The City can significantly influence the MBDRC's operations. The MBCCHC is responsible for the construction and operation of a convention center hotel. City Council appoints all members of the MBCCHC's board. The MBCCHC is fiscally dependent upon the City because City Council approves the MBCCHC's budget and must approve any debt issuances.

Generally accepted accounting principles require management to provide a narrative introduction, overview and analysis to the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A begins on page 3.

GENERAL INFORMATION

Geography: Myrtle Beach is in the center of a long coastal beach known as the Grand Strand. The Grand Strand is 60 miles long with a populated area ranging from only a few blocks to a couple of miles wide. The coastline is oriented northeast southwest and Myrtle Beach is about 23 miles south of the North Carolina boundary. The land is low and the entire section is quite flat, with no elevations exceeding 50 feet above sea level. There are many more trees and wooded regions than are usually found in a beach area. The beaches are of white sand and the coastal water is very clean, as there are no harbors, shipping or major industries in the area. No rivers or streams drain into the Atlantic for a distance of nearly 30 miles. The warm Gulf Stream current moves slowly northeastwardly along the coast.

History: A party of Spaniards from Hispaniola landed about 50 miles north of Myrtle Beach in 1526, and eventually established the first European settlement in the United States, about 30 miles south of Myrtle Beach. The settlement, San Miguel

de Cauldape, was abandoned the next year and the group returned to Hispaniola. Later settled by landowners, the area was gradually developed into one of the very large plantations, with rice the principal crop. The town of Myrtle Beach was incorporated in 1938, and became a City in 1957. Its name is taken from the wax myrtle shrub, which grows abundantly in the area. Most of the development into a large resort area, which Myrtle Beach has become, has taken place in the last 25 years.

Climate: Because of the location of the northeastern South Carolina coast, its climate is much closer to that of subtropical Florida than to the more rigorous conditions that prevail in the North Atlantic States. Thus, mild winters and warm summers are the rule. The Atlantic Ocean has a moderating effect, tending to prevent extremely high or low temperatures, and the presence of the warm Gulf Stream tends to raise the temperature of the air masses from the northwest, cool air masses from the west, and warm air masses from the south and southwest. The average air temperature varies from a low of 57 in January to a high of 88 in July. The average water temperature varies from a low of 49 in January to a high of 83 in July.

Population: Since 1950, the population has grown approximately 822% as shown in the following exhibit:

<u>Year</u>	<u>Population</u>
1950	3,345
1960	7,834
1970	9,035
1980	18,477
1990	24,840
2000	30,852

Government: The Myrtle Beach government is organized according to the Council-Manager form of government. The Mayor and City Council constitute the governing body of the City and formulate policy for the administration of the City. The six members of the City Council are elected on an at-large basis to serve four-year overlapping terms of office. The Mayor is elected on an at-large basis to serve a four-year term of office. The Mayor presides at City Council meetings. In addition, a Mayor Pro-Tempore is elected by City Council members from their body for a period of two years to serve as Mayor during his absence or disability.

The City Council appoints the City Manager to serve as the City's chief executive officer and head of the administrative branch of City government. The City Manager is responsible for implementing the policies of the City Council, directing business and administrative procedures and appointing departmental officials and certain other City employees. At the present time, the City Manager is assisted by two assistant City Managers, eleven staff departments, which are Public Works, Public Information, Human Resources, Finance, Planning, Code Enforcement, Cultural and Leisure Services, Library, Police, Fire and the Convention Center.

ECONOMIC CONDITION AND OUTLOOK

Retail sales inside Myrtle Beach were \$2.16 billion last year, an increase of 10.8% over the previous year.

Myrtle Beach Retail Sales, 1997-06 (\$ billions)

Accommodations taxes collected by the State from the accommodations and tourism industry within the City of Myrtle Beach for the fiscal year ended June 30, 2007 was \$7,137,614 of which \$6,503,233 was allocated back to the City of Myrtle Beach for tourism related expenditures.

The unemployment rate for calendar year 2006 was 5.4% compared to 5.3% in calendar year 2005.

The number of passengers traveling through the Myrtle Beach International Airport is rising again. Total passengers traveling through the airport were 1,567,851 for the year 2007 compared with 1,446,520 in the year 2006.

MAJOR INITIATIVES FOR THE YEAR

The City issued \$32,595,345 of tax increment revenue bonds to finance the costs of acquiring and constructing public improvements. The City, in conjunction with a private developer, began Phase I of the Market Common Development. The development is a multi-phased development on approximately 112 acres within the redevelopment area on the former Myrtle Beach Air Force Base. The development agreement contemplates a mixed-use project composed of retail, residential, commercial, office, restaurant, entertainment and recreational facilities. Phase I consists of a pedestrian-oriented "urban village" community set on 27.6 acres. The development also includes the construction of certain public infrastructure projects.

Renovations and improvements to Crabtree Gymnasium on the former Myrtle Beach Air Force Base began during the year. The \$6,200,000 project is scheduled to be completed by fiscal year 2009.

The City completed a \$2,068,286 upgrade of all public safety radios to an 800 Mhz system.

The City initiated a parking decal program for City residents, which allows them to park at City meters without paying. Over 4,000 decals were issued.

The City implemented a new water and sewer rate structure beginning in April 2007. The change includes a fixed base charge with a tiered volume charge.

Work continued on the placement of underground conduit in key locations of the City.

FOR THE FUTURE

Of the strategic objectives Council adopted for this year, the majority relates to capital improvements and are provided for in the City's capital improvement program. The projects are as follows:

- The City continues the dramatic transformation at the former Myrtle Beach Air Force Base with the current construction of the Market Common, the renovation of Crabtree Gymnasium and continued engineering and design of Grande Park. Encompassing 90 acres of property, Grand Park will be a series of parks along the parkway connecting the north and south entrances into the former Myrtle Beach Air Force Base. The projects will add a walking/biking/jogging trail, benches, lakes, landscaping and irrigation systems within the park property.
- Continued construction and expansion of storm water infrastructure focusing on major drainage basins throughout the City.
- Continued engineering and design of North Park. This park is located near the Intracoastal Waterway in the northern section of the City. Initial plans for the 10 acre park include a dog park, picnic shelter, benches and a landscaped walkway and nature trail.
- The City has appropriated \$1,000,000 for the acquisition of property slated for the future site of the City Government Complex.
- Continued improvements in transportation such as the second phase of widening Seaboard Street, installation of a traffic signal at the Pinewood intersection, installation of a traffic island at Pine Lakes Drive, replacement of mastarms along South Ocean Boulevard, construction of a roadway connecting Oak Forest Lane to Grissom Parkway, and construction of an asphalt multipurpose trail.

INTERNAL CONTROL STRUCTURE

Management of the City is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. It must also ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should ordinarily not exceed the benefits to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and county financial assistance, the City also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The internal control structure is subject to periodic management evaluation.

As a part of the City's single audit, tests are made to determine the adequacy of the internal control structure, including those controls related to federal financial assistance programs, as well as to determine that the City has complied with applicable laws and regulations. The result of the City's single audit for the fiscal year ended June 30, 2007, provided no instances of material weaknesses in the internal control structure or material violations of applicable laws and regulations.

In addition, the City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual

appropriated budget approved by City Council. Activities of the general fund, special revenue funds, debt service fund, capital projects fund and enterprise funds are generally included in the annual appropriated budget. Project-length financial plans are also developed for capital improvements for internal control purposes. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end, and are reinstated against the following year's appropriation. Encumbrances generally are reappropriated, if necessary, by budget ordinance amendment during the course of the following year.

CASH MANAGEMENT

The City's Finance Department operates under a comprehensive policy on cash management and investments. The policy recognizes the need to make optimum use of idle funds. At the same time, it acknowledges the necessity (1) to control credit risks, (2) to avoid the risk of significant depreciation of investment value due to market volatility, (3) to maintain liquidity sufficient to fund current operations and (4) to avoid the need for short-term borrowing to meet operating expenses.

The objectives of the policy, in order of priority, are preservation of capital, liquidity or cash equivalence and the achievement of reasonable yield. Toward these ends, all investments are to be fully registered in the name of the City of Myrtle Beach, or fully insured or collateralized by the pledge of securities of the investment institutions' own portfolio. Pledged securities are required to be direct obligations of the United States Treasury or its agencies, obligations of the State of South Carolina or obligations of political subdivisions of the State of South Carolina with investment grade bond ratings.

The maximum term of maturity allowed under the policy is one year. Exceptions are allowed only for funds designated for the future retirement of outstanding debt obligations or for funds held in depreciation reserves or for the scheduled replacement of rolling stock.

When funds become available for investment, the Finance Director or a designee is required to place a request for bids, specifying the amount and term of the investment, with no fewer than five pre-qualified financial institutions or broker/dealers. Institutions and brokers must be chartered in the State of South Carolina or seated on the New York Stock Exchange as a minimum qualification to bid on the City's investment business. Investments are to be awarded to the institution or broker offering the highest effective yield on a legal investment instrument over the specified term.

RISK MANAGEMENT

The City has a risk management program with a full-time professional risk manager who is charged with identifying risks, developing risk abatement programs and recommending risk-financing alternatives. The City now operates under a comprehensive loss control policy, which is designed to control the level of exposure to losses as a result of normal operations.

The City's Self Insurance Fund accounts for and finances general liability, worker's compensation and property damage claims. The Self Insurance Fund provides coverage for up to a maximum of \$350,000 for each worker's compensation claim, \$250,000 for each general liability claim and \$25,000 for each property damage claim. The City purchases commercial insurance for claims in excess of the coverage provided by the Self Insurance Fund. The City's Health Insurance Fund accounts for and finances employee medical claims. The Health Insurance Fund provides coverage for up to \$100,000 per employee per year. The City purchases commercial insurance for claims in excess of the coverage provided by the Health Insurance Fund. The City is fully self-insured for all unemployment claims.

PENSION PLAN

The City participates in the South Carolina Retirement System and in the Police Officers Retirement System for firefighters and sworn law enforcement officers. The City exercises no control over the operations of the pension plan and does not account for its inflows and outflows.

OTHER INFORMATION

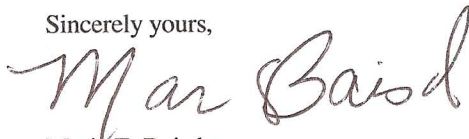

Independent Audit: State statutes require an annual audit by independent certified public accountants. The accounting firm of Smith, Sapp, Bookhout, Crumpler & Calliham, P.A. was selected to perform the audit. In addition to meeting the requirements

set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act Amendments of 1996, and related OMB Circular A-133. The auditors' report on the basic financial statements is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the Single Audit Section.

Awards: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Myrtle Beach for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2006. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current report continues to conform to the Certificate of Achievement Program requirements and we are submitting it to the GFOA.

Acknowledgments: The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the finance department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. I would like to extend my appreciation to the staff of Smith, Sapp, Bookhout, Crumpler & Calliham, P.A., who participated directly or indirectly in providing technical guidance. In closing, I would like to thank the governing body of the City of Myrtle Beach for their leadership and support, which made the preparation of this report possible.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Maria Baisden". The signature is fluid and cursive, with the first name "Maria" and last name "Baisden" clearly distinguishable.

INDEPENDENT AUDITORS' REPORT

To the Mayor and City Council
City of Myrtle Beach, South Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Myrtle Beach, South Carolina, as of and for the year ended June 30, 2007, which collectively comprise the City of Myrtle Beach, South Carolina's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Myrtle Beach, South Carolina's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Myrtle Beach, South Carolina, as of June 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2007, on our consideration of the City of Myrtle Beach, South Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to disclose the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 10 and 66 through 70, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Myrtle Beach, South Carolina's basic financial statements. The introductory section, combining and individual fund statements and schedules, other supplementary information and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City of Myrtle Beach, South Carolina. The combining and individual fund statements and schedules, other supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**CITY OF MYRTLE BEACH, SOUTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2007**

Our discussion and analysis of the City of Myrtle Beach, South Carolina's (the City) financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2007. Please read it in conjunction with the transmittal letter, which begins on page v, and the City's financial statements, which begin on page 12.

Financial Highlights

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$214,576,582 (net assets).
- The City's total net assets increased by \$57,494,821. This is the result of an increase in net assets of our governmental-type activities of \$37,683,895, or 82.6%, and an increase in net assets of our business-type activities of \$19,810,926, or 17.8%.
- The City's total revenues amounted to \$126,903,580 during the year ended June 30, 2007. Revenues of governmental activities totaled \$92,816,482, an increase of 3.5%, and revenues of business-type activities were \$34,087,098, a decrease of 5.1%.
- During the year ended June 30, 2007, the City's total expenses amounted to \$109,913,219. Expenses of governmental activities totaled \$77,969,249, an increase of 18.2%, and expenses of business-type activities were \$31,943,970, a 5.3% increase.
- At June 30, 2007, the City's governmental funds reported combined fund balances of \$55,794,851, an increase of \$17,707,251 in comparison to the prior year.
- There was an increase in the City's investment in capital assets for the current fiscal year in the amount of \$47,145,022, or 36.1%, for governmental activities and an increase of \$18,102,631, or 18.5%, for business-type activities.
- At year-end, the City had \$166,861,500 in outstanding bonds payable, note payable and capital lease obligations compared to \$136,368,903 last year, an increase of 22.4%.

Using This Annual Report

This annual report consists of a series of financial statements. The statement of net assets and the statement of activities (on pages 12 - 15) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 16. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The fiduciary fund financial statement on page 36 provides financial information about an activity for which the City acts as an agent on behalf of the City's firemen. The notes to the financial statements are an integral part of the financial statements and begin on page 37. This report also contains other information in addition to the basic financial statements.

Reporting the City as a Whole

Our analysis of the City as a whole begins on page 5. One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" The statement of net assets and the statement of activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net assets and changes in them. You can think of the City's net assets, which is the difference between assets and liabilities, as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the City's property tax base and the condition of the City's infrastructure, to assess the overall health of the City.

In the statement of net assets and the statement of activities, we have divided the City into three kinds of activities:

- *Governmental Activities* - Most of the City's basic services are reported here, including general government, public safety, transportation, community and economic development, culture and recreation and public works. Property taxes, local accommodations taxes, business license taxes, franchise taxes, hospitality fee taxes, user fees and state and federal grants finance the majority of these activities.
- *Business-Type Activities* - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's water and sewer, baseball stadium, municipal golf course and solid waste management activities are reported here.
- *Component Units* - The City includes two separate legal entities in its report, the Myrtle Beach Downtown Redevelopment Corporation and the Myrtle Beach Convention Center Hotel Corporation. Although legally separate, these "component units" are important because the City is financially accountable for them.

Reporting the City's Most Significant Funds

Our analysis of the City's major funds begins on page 7. The fund financial statements begin on page 16 and provide detailed information about the most significant funds, not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money. The City's two kinds of funds, governmental and proprietary, use different accounting approaches.

- *Governmental Funds* - Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called the "modified accrual basis of accounting", which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship between governmental activities (reported in the statement of net assets and the statement of activities) and governmental funds in a reconciliation following each governmental fund financial statement.
- *Proprietary Funds* - When the City charges customers for the services it provides, whether to outside customers or to other units of the City, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net assets and the statement of activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services for the City's other programs and activities. The internal service funds are reported with governmental activities in the government-wide financial statements.

The City as an Agent

The City is an agent, or fiduciary, for certain funds held on behalf of the City's firemen. The fiduciary fund financial statement can be found on page 36 of this report. We exclude this activity from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in this fund are used for their intended purposes.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 37.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budgetary information beginning on page 66. Combining and individual fund statements and schedules and other supplementary information can be found on pages 72 - 101.

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's combined net assets at June 30, 2007 were \$214,576,582, an increase of \$57,494,821, or 36.6%, from a year ago.

The largest portion of the City's net assets, \$194,058,823, reflects its investment in capital assets less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net assets, \$21,639,594, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets amounts to \$(1,121,835). Unrestricted net assets is negative as a result of a \$42,443,983 payment made during 2004 to the Myrtle Beach Convention Center Hotel Corporation, a component unit of the City, which was utilized to extinguish a portion of the Corporation's outstanding revenue bonds.

Changes in the City's net assets during the years ended June 30, 2007 and 2006 follows.

The City's total revenues amounted to \$126,903,580 for the year ended June 30, 2007. This is an increase of \$1,347,561, or 1.1%. There were increases in all categories of revenues except for charges for services and capital grants and contributions. The largest increase was in operating grants and contributions. This revenue category increased by \$2,394,987. This increase was primarily due to a \$2,243,000 State grant received for beach renourishment. Business license taxes were the next largest increase totaling \$2,025,021, or 11.5%. This increase can be attributed to increased fees collected in the construction, insurance and business services SIC code groups.

The total cost of all programs and services was \$109,913,219 (increasing by \$13,579,212, or 14.1%). The largest increase was experienced in the culture and recreation category in the amount of \$5,603,507, or 40.1%. The largest contributing factor to this increase was expenditures related to the federal beach renourishment project. Transportation was the next largest increase totaling \$2,161,206, or 49.8%. The largest contributing factor to this increase was increased depreciation as a result of the retroactive infrastructure reporting during the year required by GASB 34. Interest and fiscal charges was the third largest increase totaling \$1,778,741, or 30.9%. The largest contributing factor to this increase was increased interest expenditures as a result of the issuance of new general obligation and tax increment revenue bonds.

Governmental Activities

The City's net assets from governmental activities increased \$37,683,895. Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements, increased from \$(29,804,581) at June 30, 2006 to \$(20,442,305) at the end of this year.

The City's programs for governmental activities include general government, public safety, transportation, community and economic development, culture and recreation and public works. Revenues for the City's governmental activities increased by 3.5% (\$3,167,431), while total expenses increased 18.2% (\$11,980,394).

The cost of all governmental activities this year was \$77,969,249. However, as shown in the statement of activities beginning on page 14, the amount that our taxpayers ultimately financed for these activities was only \$49,267,966 because some of the cost was paid by those who directly benefited from the programs \$15,540,554 or by other governments and organizations that subsidized certain programs with grants and contributions \$13,160,729. Overall, the City's governmental program revenues were \$28,701,283. The City paid for the remaining "public benefit" portion of governmental activities with general revenues, some of which could only be used for certain programs, totaling \$64,115,199.

Business-Type Activities

The City's net assets from business-type activities increased \$19,810,926, or 17.8%.

The City's programs for business-type activities include water and sewer, baseball stadium, municipal golf course and solid waste management activities. Revenues of the City's business-type activities decreased by 5.1% (\$1,819,870) and expenses increased by 5.3% (\$1,598,818).

The cost of all business-type activities this year was \$31,943,970. As shown in the statement of activities that starts on page 14, the amounts paid by users of the activities were \$27,582,007 and grants and contributions totaled \$5,274,881. Investment earnings were \$1,230,210 and transfers totaled \$1,142,346.

The City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined fund balances of \$55,794,851, an increase of \$17,707,251 in comparison with the prior year. Of this amount, \$20,567,671, or 36.9%, constitutes unreserved fund balance, which is available for spending at the City's discretion. The remainder of fund balance is reserved for amounts that (a) are not available for spending or (b) are legally restricted for a specific purpose.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$11,412,355, while total fund balance amounted to \$11,893,214. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total expenditures. Unreserved fund balance represents 22.8% of total expenditures, while total fund balance represents 23.8% of that same amount. The General Fund's total fund balance increased by \$2,627,952 during the current fiscal year. This increase resulted from increased collections in business license taxes (\$1,656,372 increase from fiscal year 2006) and property taxes (\$1,197,368 more than fiscal year 2006). Several factors account for the increase in property tax revenue, which includes new growth, increases in fees-in-lieu of taxes and reassessment collections (including those on appeal).

In the Convention Center Fund, fund balance increased by \$1,288,777 to \$44,841 at year-end. The major portion of this increase was due to transfers in from other funds.

Fund balance of the Hospitality Fee Fund increased by \$365,796 to \$1,108,637 at June 30, 2007. Of this total, \$1,825 is reserved for hospitality fee revenue bonds and \$1,106,812 as been designated by City Council for capital replacement.

The Air Base Tax Increment Revenue Fund was established during the year and has a fund balance of \$20,138,113 at June 30, 2007. Of this total, \$20,196,256 is reserved for tax increment revenue bonds.

The Capital Improvements Fund has total fund balance of \$12,000,745, a decrease of \$8,325,509 from the prior year. Of this total, \$3,440,263 is reserved for tourism related expenditures, \$3,698,347 is reserved for projects and \$410,350 for other restricted purposes. City Council has designated \$954,800 of unrestricted fund balance for disaster recovery. The majority of the decrease in fund balance is due to a decrease in one time intergovernmental revenues received in the previous year and an increase in a transfer out to another fund.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets of the Water and Sewer Fund at the end of the year amounted to \$22,538,791. Total net assets increased \$1,194,346 from the prior year.

Unrestricted net assets of the Baseball Stadium Fund, Municipal Golf Course Fund and Solid Waste Management Fund at the end of the year amounted to \$(1,296,628), \$99,321 and \$(992,407), respectively. The increase (decrease) in net assets in the Baseball Stadium Fund, Municipal Golf Course Fund and Solid Waste Management Fund was \$(87,562), \$18,175,862 and \$530,596, respectively.

General Fund Budgetary Highlights

The original budget was amended during the year. The resources available for appropriation were \$2,822,214 above the final budgeted amounts. This amount was primarily the result of collections in business license taxes exceeding budget by \$1,085,829, property taxes exceeding budget by \$767,992 and franchise taxes exceeding budget by \$590,467. The actual charges to appropriations (expenditures) were \$816,592 less than the final budgeted amounts.

Budget to actual comparisons for the General Fund can be found on page 66.

Capital Asset and Debt Administration

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2007 amounted to \$293,900,817 net of accumulated depreciation. This investment in capital assets includes land and improvements, buildings and improvements, distribution systems, furniture, vehicles, equipment and infrastructure. The change in the City's

investment in capital assets for the current fiscal year was an increase of \$47,145,022, or 36.1%, for governmental activities and an increase of \$18,102,631, or 18.5%, for business-type activities. The increase for governmental activities was primarily due to the retroactive reporting of infrastructure required by GASB 34 (see Note 20) and a construction project on the former air base. The increase for business-type activities was primarily due to a prior period adjustment for the contribution of a golf course (see Note 20).

More detailed information about the City's capital assets is presented in Note 9 to the financial statements.

Debt

At year-end, the City had \$166,861,500 in outstanding bonds payable, note payable and capital lease obligations compared to \$136,368,903 last year, an increase of 22.4%. The increase was primarily due to the issuance of tax increment revenue bonds for the air base redevelopment project.

The City maintains credit ratings of A1, AA- for general obligation bonded debt. Under current state statutes, the City's general obligation debt issuances are subject to a legal limitation base of 8.0% of total assessed value. General obligation debt issued pursuant to referendum is not subject to the limitation. As of June 30, 2007, the amount of new debt, which could be issued without referendum, was \$14,010,083.

Other long-term obligations of the City include unreported insurance claims, a judgment and compensated absences. More detailed information about the City's long-term liabilities is presented in Note 13 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The City's elected and appointed officials considered many factors when setting the fiscal year 2008 budget, tax rates and fees that will be charged for the business-type activities. Some of those factors are the economy, the population growth rate and inflation rates.

These indicators were taken into account when adopting the General Fund budget for fiscal year 2008. Amounts available for appropriation in the General Fund budget are \$46,835,625, an increase of 5.7% over the final fiscal year 2007 budget of \$44,317,210. Business license taxes and property taxes are expected to lead this increase. The City will use these increases in revenues to finance programs we currently offer and the effect that we expect inflation to have on program costs. Budgeted expenditures are expected to increase by 5.8%, to \$53,620,731 from \$50,692,912 in fiscal year 2007. The City has added three new municipal court and three new public works administration personnel. If these estimates are realized, the City's budgetary General Fund balance is expected to remain in tact by the close of 2008.

As for the City's business-type activities, the rates for water and sewer service and solid waste service will not increase for the fiscal year 2008.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City's Finance Department at Post Office Box 2468, Myrtle Beach, South Carolina 29578 or phone (843) 918-1100.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL
FUNDS TO THE STATEMENT OF NET ASSETS
June 30, 2007

Total Fund Balances - Total Governmental Funds	\$ 55,794,851
Amounts reported for governmental activities in the statement of net assets are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	171,619,482
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	10,925,658
Internal service funds are used by management to charge the costs of fleet management and insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	1,653,595
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.	<u>(156,672,543)</u>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended June 30, 2007

Net Change in Fund Balances - Total Governmental Funds	\$ 17,707,251
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the costs of those assets are allocated over their estimated useful lives and are reported as depreciation expense. This is the amount by which capital outlays (\$25,249,606) exceeded depreciation (\$6,141,198) in the current period.	19,108,408
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	7,277,369
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(29,840,754)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(176,303)
Internal service funds are used by management to charge the costs of fleet management and insurance to individual funds. The net revenue (expense) of internal service funds is reported with governmental activities.	<u>(371,084)</u>
Change in Net Assets of Governmental Activities	\$ <u>13,704,887</u>

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Myrtle Beach, South Carolina (the City) was incorporated in 1933 as a municipal corporation, and as such, possesses all the general powers granted by the constitution and laws of South Carolina to municipal corporations. The City is governed by an elected mayor and a six-member council and operates under the Council-Manager form of government.

The City's financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City applies all relevant GASB pronouncements. The City is also required to apply, when applicable, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. Although the City has the option of applying FASB pronouncements issued after that date to its business-type activities and enterprise funds, the City has chosen not to do so.

The more significant accounting policies of the City are described below.

A. Reporting Entity

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. As required by generally accepted accounting principles, these financial statements present the City (the primary government) and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the City's operations and so data from these units are combined with the City. Discretely presented component units are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the City. The City's blended and discretely presented component units have June 30 year-ends and are described below.

Blended Component Unit - The Myrtle Beach Public Facilities Corporation (MBPFC) is governed by a three-member board appointed by City Council. Although it is legally separate from the City, the MBPFC is reported as if it were part of the City because its sole purpose is to serve the City exclusively for financing purposes. The MBPFC is reported as a nonmajor governmental fund and does not issue separate financial statements.

Discretely Presented Component Units - The Myrtle Beach Downtown Redevelopment Corporation (MBDRC) is responsible for promoting and assisting in the development of business concerns and residential housing in the downtown area of Myrtle Beach. City Council appoints a voting majority to the MBDRC's eleven-member board. The City can significantly influence the MBDRC's operations. The MBDRC is presented as a governmental fund type and does not issue separate financial statements.

The Myrtle Beach Convention Center Hotel Corporation (MBCCHC) is responsible for the construction and operation of a convention center hotel. City Council appoints all members of the MBCCHC's board. The MBCCHC is fiscally dependent upon the City because City Council approves the MBCCHC's budget and must approve any debt issuances. The MBCCHC is presented as an enterprise fund type. Separate financial statements for the MBCCHC can be obtained by writing Post Office Box 2468, Myrtle Beach, South Carolina 29578 or phone (843) 918-1100.

B. Government-Wide Financial Statements

The City's government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (a) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The government-wide financial statement focus is more on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year's activities.

C. Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements. The City uses the following fund types:

Governmental Funds

The focus of the governmental funds' measurement, in the fund statements, is upon the determination of financial position and changes in financial position (sources, uses and balances of financial resources) rather than upon net income. The following is a description of the City's governmental funds:

1. General fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
2. Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
3. Debt service fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.
4. Capital projects fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds).

Proprietary Funds

The focus of proprietary fund measurement is upon the determination of operating income, changes in net assets, financial position and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City:

1. Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. An enterprise fund may also be used to account for any activity for which a fee is charged to external users for goods or services.
2. Internal service funds are used to account for the financing of goods and services provided by an activity to other funds of the City on a cost-reimbursement basis.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to proprietary funds.

The emphasis in the fund financial statements is on the major funds in either the governmental or business-type activities categories. The City's nonmajor funds by category are combined into a single column in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Convention Center Fund* is a special revenue fund that is used to accumulate funds from the meetings activities for the purpose of supporting and funding Convention Center related activities.

The *Hospitality Fee Fund* is a special revenue fund that is used to account for a 1.0% fee imposed on accommodations, paid places of amusement and food and beverages served by a food facility for the purpose of tourism related expenditures.

The *Air Base Tax Increment Revenue Fund* is a special revenue fund that is used to accumulate taxes collected within the tax increment district to be used for community development within the district.

The *Capital Improvements Fund* is a capital projects fund that is used to account for the acquisition or construction of major capital facilities.

The City's major proprietary funds were as follows:

The *Water and Sewer Fund* is an enterprise fund that is used to account for the provision of water and sewer services to the residents of the City and surrounding areas.

The *Baseball Stadium Fund* is an enterprise fund that is used to account for the operation of a baseball stadium facility.

The *Municipal Golf Course Fund* is an enterprise fund that is used to account for the operation of a public golf course.

The *Solid Waste Management Fund* is an enterprise fund that is used to account for the provision of solid waste collection services and the operation of various recycling programs.

The City's internal service funds are presented in the proprietary fund financial statements. Because the principal users of the internal service funds are the City's governmental activities, their financial statements are consolidated into the governmental activities column when presented in the government-wide financial statements. The City reports the following internal service funds:

The *Fleet Management Fund* is used to account for the rental of motor vehicles and certain equipment to other funds and the related costs associated with those rentals.

The *Self Insurance Fund* is used to account for the City's worker's compensation, general liability and property damage insurance programs which accumulate resources from charges to other funds for the payment of premiums, claims and administrative expenses.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

The *Health Insurance Fund* is used to account for the City's health insurance program which accumulates resources from charges to other funds for the payment of premiums, claims and administrative expenses.

The City's agency fund is presented in the fiduciary fund financial statement. Since these assets cannot be used to address activities or obligations of the City, the agency fund is not incorporated into the government-wide financial statements. The City's agency fund is as follows:

The *Firemen's Fund* is used to account for resources held by the City for its firemen in an agency capacity.

D. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and judgments, are recorded only when payment is due.

The City considers property taxes, local accommodations taxes, hospitality fees, storm water fees, intergovernmental revenues and charges for services to be susceptible to accrual. Major revenues that are determined not to be susceptible to accrual because they are either not available soon enough to pay liabilities of the current period or are not objectively measurable include licenses, permits, fines and forfeitures.

The agency fund financial statement is reported using the accrual basis of accounting. Agency funds do not have a measurement focus.

E. Cash and Temporary Investments

Cash and investments are held in a single central depository except where legal restrictions prohibit such. Each fund owns a pro rata share in the depository. Interest is allocated monthly to the individual funds based on their average monthly balances.

For purposes of the statement of cash flows, as presented for the City's proprietary funds, cash equivalents include demand deposits, money market accounts and short-term investments, including restricted amounts, with original maturity dates of three months or less.

Investments are stated at fair value. Changes in the fair value of investments are included as a component of investment income. The City uses quoted market prices to determine the fair value of investments. The fair value of the City's position in the South Carolina Local Government Investment Pool (SCLGIP) is the same as the value of the pool shares. The SCLGIP is not registered with the Securities Exchange Commission as an investment company. The State Treasurer is responsible for oversight of the SCLGIP.

F. Receivables

Receivables are presented in the financial statements net of allowances for doubtful accounts. Allowances for doubtful accounts are based upon historical trends and the periodic aging of receivables.

G. Interfund Activity

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund activity is classified as either loans, services provided, reimbursements or transfers. Loans are referred to as either due to/from other funds or advances to/from other funds. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as internal balances. Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

H. Inventories

Inventories are valued at cost, primarily on an average cost basis. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

I. Prepaid Assets

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets in both the government-wide and fund financial statements.

J. Restricted Assets

Restricted assets include cash and temporary investments that are legally restricted as to their use. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

K. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., streets, drainage systems and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary funds financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000. Purchased capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at estimated fair value on the date of donation.

The costs of normal maintenance and repairs, which neither materially add to the value of an asset nor prolong its life, are charged to expense as incurred. Interest incurred during the construction of capital assets for business-type activities is reflected in the capitalized value of the assets constructed, net of interest earned on the invested proceeds over the same period.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Land Improvements	15 - 30 years
Buildings and Improvements	10 - 33 years
Distribution System	20 - 40 years
Infrastructure	10 - 40 years
Furniture, Vehicles and Equipment	5 - 10 years

L. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay. There is no liability for unpaid accumulated sick pay since the City does not have to pay any amounts if an employee separates from service. Vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is not reported in the governmental funds.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

M. Long-Term Obligations

In the government-wide and proprietary funds financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary funds statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the related bonds. Bonds payable are reported net of the applicable premium or discount. Bond issuance costs are reported as deferred charges and are amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

N. Equity Classifications

In the government-wide and proprietary funds financial statements, equity is classified as net assets and is displayed in the following components:

Invested in Capital Assets, Net of Related Debt - Consists of capital assets net of accumulated depreciation reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted Net Assets - Consists of net assets with constraints placed on their use by (a) third parties such as creditors, grantors, contributors or laws or regulations of other governments; or (b) law through constitutional provisions or enabling legislation.

Unrestricted Net Assets - All other net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

The government-wide statement of net assets reports \$21,639,594 of total restricted net assets, of which \$8,338,761 is restricted by enabling legislation.

In the governmental fund financial statements, equity is classified as fund balance. Fund balance is reserved for amounts that are not available for appropriation or are legally restricted for a specific purpose. Fund balance designations represent tentative management plans that are subject to change.

O. Revenues and Expenses

Real property and all personal property other than vehicles are assessed for property tax purposes as of January 1st of each year. All taxable property is assessed in proportion to its value on that date. The basis for value of taxable property within the City is taken from the records of the Horry County Auditor. Taxes are payable between October 1st and January 15th following their levy on October 1st. The lien date is January 15th and unpaid amounts after this date are considered to be delinquent and are subject to penalties for late payment.

New vehicle property taxes are assessed and levied within 120 days of the registration date of the vehicle and payment is due upon receipt of the property tax notice. Other vehicle property taxes are assessed and levied in the month the vehicle is scheduled for license renewal with the South Carolina Highway Department and payment is due before the end of the month of the scheduled renewal.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses include the costs of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

In accordance with GASB Statement No. 33, the City recognizes grant revenues and receivables when the applicable eligibility requirements, including time requirements, are met. Resources received before the eligibility requirements are met are reported as deferred revenue.

In proprietary fund financial statements, capital contributions, which consist of contributed capital assets and grant revenues restricted to capital purposes, are reported as nonoperating revenues based on GASB Statement No. 33.

Note 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental funds balance sheet is followed by a reconciliation between total fund balances - total governmental funds and net assets of governmental activities as reported in the government-wide statement of net assets. The details of the element in the reconciliation that relates to long-term liabilities, \$156,672,543, follows:

Bonds Payable (Net)	\$ 152,433,029
Note Payable	2,897,500
Capital Lease Obligation	465,640
Compensated Absences	2,626,852

Note 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Excess of Expenditures Over Appropriations

The legal level of budget control is at the fund level. Thus, expenditures may not legally exceed appropriations, including supplemental appropriations, for an individual fund. For the year ended June 30, 2007, expenditures did not exceed appropriations for any of the City's individual funds.

B. Deficit Fund Equity

The individual funds that have fund equity deficits at June 30, 2007 were as follows:

Internal Service Funds:	
Self Insurance Fund	\$ 2,719,077
Health Insurance Fund	464,530

Note 4 - CASH AND TEMPORARY INVESTMENTS

State statutes authorize the City to invest in obligations of the United States and agencies thereof, general obligations of the State of South Carolina or any of its political units, savings and loan associations to the extent that the same are insured by an agency of the Federal government, certificates of deposit where the certificates are collaterally secured by securities of the type described above, or deposit accounts with banking institutions. The statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash. Statutes also allow the State Treasurer to assist local governments in investing funds. The City is under no contractual agreements that restrict investment alternatives.

A. Deposits

At year end, the carrying amount of the City's deposits in financial institutions was \$35,185,316 and the financial institutions' balances totaled \$34,284,402, including certificates of deposit. Of that balance, \$721,380 was covered by federal depository insurance and \$33,563,022 was collateralized with securities held by the pledging financial institutions' trust department in the City's name. At year-end, the City had \$10,202 in cash on hand.

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires all deposits in excess of federal depository insurance to be collateralized with securities held by the pledging financial institution's trust department in the City's name.

At year end, the MBDRC's carrying amount of deposits in financial institutions was \$872,161 and the financial institutions' balances totaled \$873,315. Of that balance, \$100,000 was covered by federal depository insurance and \$773,315 was collateralized with securities held by the pledging financial institutions' trust department in the MBDRC's name. At year-end, cash on hand totaled \$4,670.

The MBDRC's deposit policy for custodial credit risk requires all deposits in excess of federal depository insurance to be collateralized with securities held by the pledging financial institution's trust department in the MBDRC's name.

At year-end, the MBCCHC's carrying amount of deposits in financial institutions was \$496,017 and the financial institutions' balances totaled \$518,417. Of that balance, \$168,281 was covered by federal depository insurance and \$350,136 was uninsured and uncollateralized. At year-end, cash on hand totaled \$40,000.

The MBCCHC does not have a deposit policy for custodial credit risk.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS

B. Investments

At year-end, the City's investments consisted of the following:

	<u>Maturities</u>	<u>S&P Credit Rating</u>	<u>Fair Value</u>	<u>% of Total Investments</u>
Repurchase Agreement	07/02/07	Not Rated	\$ 4,405,000	9.03%
U.S. Treasury Bill	12/27/07	N/A	715,811	1.47
Guaranteed Investment Contract	07/01/08	Not Rated	15,627,184	32.05
Guaranteed Investment Contract	09/25/09	Not Rated	3,617,712	7.42
Money Market Mutual Funds	N/A	AAA	6,944,268	14.24
State Treasurer's Investment Pool	N/A	Not Rated	17,452,834	35.79
			<u>\$ 48,762,809</u>	<u>100.00%</u>

The City's investment policy limits investments in debt securities and mutual funds to the top rating issued by nationally recognized statistical rating organizations. The City's investment policy does not limit the amount it may invest in any one investment issuer. As a means of managing its exposure to fair value losses arising from increasing interest rates, the City's investment policy generally limits investment maturities to a maximum of one year.

At year-end, the MBCCHC's investments consisted of the following:

	<u>Maturities</u>	<u>S&P Credit Rating</u>	<u>Fair Value</u>	<u>% of Total Investments</u>
Commercial Paper	07/02/07	Not Rated	\$ 1,521,000	28.31%
Money Market Mutual Funds	N/A	AAA	3,851,068	71.69
			<u>\$ 5,372,068</u>	<u>100.00%</u>

The MBCCHC does not have a formal investment policy that (a) limits its investment choices based on investment credit ratings, (b) limits the amount it may invest in any one investment issuer or (c) limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

On September 1, 1998, the City entered into a hospitality fee agreement with Horry County, South Carolina (County) in conjunction with the construction of a baseball stadium facility. The agreement is for a period of twenty years and requires the County to make annual payments of principal and interest to the City for its 30% interest in the baseball stadium facility. At June 30, 2007, the intergovernmental receivable in the Baseball Stadium Fund, relating to this agreement, is to be collected as follows:

Year Ending June 30, 2008	\$ 144,000
2009	151,500
2010	157,500
2011	165,000

2013 - 2017	1,002,000
2018	<u>231,000</u>
	<u>\$ 2,023,500</u>

The \$200,000 loan receivable in the Capital Improvements Fund relates to improvements within the 21st Avenue planned urban development and is past due. Loans receivable in the amount of \$722,066 are due in conjunction with the development of low-income housing within the City. The loans are non-interest bearing and are due December 1, 2025 (\$380,816) and June 30, 2030 (\$341,250).

Note 6 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

At June 30, 2007, amounts due to/from other funds were as follows:

	<u>Receivable</u>	<u>Payable</u>

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

The interfund loans were made to cover cash flow deficiencies of the various funds. The amounts due from the Hospitality Fee Fund, two nonmajor governmental funds (\$1,708,023) and the internal service funds are expected to be repaid shortly after the end of the fiscal year. All other amounts are expected to be repaid in more than one year, as resources become available.

At June 30, 2007, the outstanding balances of an interfund advance were as follows:

	<u>Receivable</u>	<u>Payable</u>
Capital Improvements Fund	\$ 210,350	\$
Municipal Golf Course Fund		210,350
	<u>\$ 210,350</u>	<u>\$ 210,350</u>

The terms of the interfund advance require annual payments of principal and interest in the amount of \$59,321. The advance bears interest at a rate of 5.0% per annum. Payments are scheduled through the fiscal year ending June 30, 2011.

Interfund transfers during the year ended June 30, 2007 were as follows:

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

Revenue Bonds

The revenue bonds were issued through the South Carolina Jobs-Economic Development Authority (SCJEDA) to construct a convention center hotel. Since SCJEDA assumes no responsibility for the repayment of the obligations, the revenue bonds are considered conduit debt of SCJEDA. Accordingly, the revenue bonds are not recorded as liabilities of SCJEDA, but are considered liabilities of the MBCCHC.

The revenue bonds are to be repaid from revenues derived from the operation of the convention center hotel. The revenue bonds are secured by a first mortgage on the convention center hotel and have a limited guarantee provided by the City, subject to annual appropriation, to replenish amounts withdrawn from the debt service reserve accounts. Annual debt service requirements to maturity for the revenue bonds are as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year Ending June 30, 2008	\$ 365,000	\$ 1,134,967	\$ 1,499,967

F. Debt Defeasance

On February 14, 2003, the City issued \$6,200,000 in Tax Increment Revenue Refunding Bonds Series 2003 with interest rates ranging from 2.00% to 5.00%. The City issued the Tax Increment Revenue Refunding Bonds Series 2003 to advance refund \$5,715,000 of the Tax Increment Revenue Bonds Series 1994, with interest rates ranging from 5.80% to 6.40%, and \$2,215,000 of the Tax Increment Revenue Bonds Series 1997, with interest rates ranging from 4.40% to 4.80%. The City used the proceeds along with other resources to purchase U.S. government securities. These securities were deposited in an irrevocable trust to provide for all future debt service on the refunded Tax Increment Revenue Bonds Series 1994 and 1997. As a result, the Tax Increment Revenue Bonds Series 1994 and 1997 are considered defeased and the City has removed the liabilities from its accounts. The unmatured and outstanding principal balance on the defeased bonds at June 30, 2007 is \$1,035,000.

On June 30, 2006, the City used a portion of the proceeds received in conjunction with the sale of its water and wastewater plant along with other resources to purchase U.S. government securities. These securities were deposited into an irrevocable trust to provide for all future debt service on the then outstanding Waterworks and Sewer System Revenue Bonds Series 2003 in the amount of \$16,320,000. As a result, the Waterworks and Sewer System Revenue Bonds Series 2003 are considered defeased and the City has removed the liabilities from its accounts. The unmatured and outstanding principal balance on the defeased bonds at June 30, 2007 is \$15,225,000.

Note 14 - OPERATING LEASES

The City is the lessor of land under lease arrangements classified as operating leases. The leases expire in various years though the year 2020. At June 30, 2007, the cost and carrying amount of the land totals \$100,000. Minimum future rentals to be received on the non-cancelable leases as of June 30, 2007 are shown below.

2018 - 2020	<u>600,000</u>
	<u>\$ 3,000,000</u>

Minimum future rentals do not include contingent rentals that may be received under the land leases. Contingent rentals during the year ended June 30, 2007 amounted to \$1,677,736. In accordance with an agreement entered into on May 5, 2004, the City is required to remit 75% of the proceeds from these leases to Horry County, South Carolina.

The City is also the lessor of a baseball stadium facility under a lease agreement, which is classified as an operating lease. The activity of the lease is accounted for in the Baseball Stadium Fund. The lease expires in 2018 and requires annual rental payments equal to 4.0% of adjusted gross revenues in excess of \$3,250,000 on December 31 of each year. During the year ended June 30, 2007, rental income from this lease amounted to \$11,442.

The following is an analysis of the property being leased by the Baseball Stadium Fund at June 30, 2007:

Land	\$ 5,600,000

Note 15 - RETIREMENT PLANS

A. Plan Description

City employees participate in either the South Carolina Police Officers Retirement System (PORS) or the South Carolina Retirement System (SCRS) depending on their duties. Both plans are administered by the South Carolina Retirement Systems and are classified as cost-sharing multiple-employer defined benefit public retirement systems. Each plan provides retirement, disability and death benefits to plan members and beneficiaries. Benefit provisions are established under authority of Title 9 of the South Carolina Code of Laws. The South Carolina Retirement Systems issue a Comprehensive Annual Financial Report which discloses detailed information regarding benefit provisions and actuarial information. This report is available to the public and may be obtained by writing to the South Carolina Retirement Systems, Post Office Box 11960, Columbia, South Carolina 29211.

B. Funding Policy

Members of the PORS and SCRS are required to contribute 6.5% of their covered wages. The City is required to contribute at actuarially determined rates, currently 10.7% of PORS member wages and 8.2% of SCRS member wages. The contribution requirements of plan members and the City are established and may be amended by the South Carolina Retirement Systems. The City's contributions to the PORS for the years ended June 30, 2007, 2006 and 2005 were \$1,741,089, \$1,727,247 and \$1,511,762, respectively. The City's contributions to the SCRS for the years ended June 30, 2007, 2006 and 2005 were \$1,411,831, \$1,434,347 and \$1,192,430, respectively. The contributions made by the City to the PORS and SCRS, as shown above, were equal to the required contributions for each year.

Note 16 - POSTEMPLOYMENT HEALTH CARE BENEFITS

In addition to the retirement benefits described in Note 15, the City provides postemployment health care benefits to employees who retire and are receiving benefits from the South Carolina Retirement System with at least twenty years of service as an employee of the City. Such employees may elect to continue single coverage under the City's plan with 100% of the cost of coverage provided by the City. If an eligible retired employee accepts employment with another organization that provides health care benefits, the City coverage will no longer be provided.

At June 30, 2007, eighty one retirees were receiving postemployment health care benefits. The City finances and recognizes as an expense health care costs for eligible retired employees in the period of payment. During the year ended June 30, 2007, the cost of retiree health care totaled \$383,530.

Note 17 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City established the Self Insurance Fund, an internal service fund, to account for and finance its uninsured risks of loss for worker's compensation, general liability and property damage. Under this program, the Self Insurance Fund provides coverage for up to a maximum of \$350,000 for each worker's compensation claim, \$250,000 for each general liability claim and \$25,000 for each property damage claim. The City purchases commercial insurance for claims in excess of coverage provided by the Self Insurance Fund. Settled claims have not exceeded the City's commercial coverage in any of the past three years.

The Self Insurance Fund allocates the costs of providing claims servicing and claims payment to other funds by charging them a "premium" based on estimates of the amounts needed to pay prior and current claims. At June 30, 2007, the Self Insurance Fund has a claim liability of \$2,578,556. The liability is based on the requirements of Governmental Accounting Standards Board Statement No. 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. A summary of changes in the Self Insurance Fund's claims liability during the years ended June 30, 2007 and 2006 follows:

	<u>2007</u>	<u>2006</u>
Beginning Balance	\$ 2,277,386	\$ 1,712,577
Claims Incurred and Change in Estimate	1,658,608	1,614,575

Ending Balance	<u>\$ 2,578,556</u>	<u>\$ 2,277,386</u>

During the year ended June 30, 2007, the City established the Health Insurance Fund, an internal service fund, to account for and finance employee medical claims. The Health Insurance Fund provides coverage for claims up to \$100,000 per employee per year. The City purchases commercial insurance for claims in excess of \$100,000. Settled claims did not exceed the City's commercial coverage during the year ended June 30, 2007.

The Health Insurance Fund allocates the costs of providing claims servicing and claims payment to other funds by charging them a "premium" based on estimates of the amounts needed to pay prior and current claims. At June 30, 2007, the Health Insurance Fund has a claim liability of \$701,840, which is based on the requirements of Governmental Accounting Standards Board Statement No. 10. A summary of changes in the Health Insurance Fund's claims liability during the year ended June 30, 2007 follows:

Beginning Balance	\$
Claims Incurred and Change in Estimate	4,846,146
Claim Payments	<u>(4,144,306)</u>

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO FINANCIAL STATEMENTS
June 30, 2007

Ending Balance \$ 701,840

The City is also self-insured for unemployment benefits. Claims are administered by the South Carolina Employment Security Commission and are then reimbursed by the City. No liability has been accrued at year-end for potential claims, as they are expected to be minimal.

Note 18 - COMMITMENTS

On September 15, 1992, the City entered into a Base Lease Agreement and a Facilities Lease Agreement with the Myrtle Beach Public Facilities Corporation (the Corporation). Under the Base Lease Agreement, the Corporation leased from the City land and existing Convention Center improvements for the sum of one dollar annually. The Corporation completed the construction of the new addition to the Convention Center and the improvements to the facilities in existence. The Corporation funded the costs through the issuance, on October 7, 1992, of Certificates of Participation in the aggregate amount of \$20,925,000. Under the Facilities Lease Agreement, the Corporation is leasing the Convention Center facilities back to the City. The Corporation utilizes the lease receipts to fund the debt service for the Certificates of Participation.

The Facilities Lease Agreement was subsequently amended on March 1, 1998 as a result of the advance refunding of the Certificates of Participation Series 1992. A schedule of the remaining lease payments provided for in the amended Facilities Lease Agreement, as of June 30, 2007, follows. The amounts provided for each year are sufficient to fund the required debt service on the Certificates of Participation.

Year Ending June 30, 2008	\$ 1,687,760
2009	1,685,510
2010	1,690,140
2011	1,691,090
2012	1,683,250
2013 - 2017	<u>8,442,750</u>
	<u>\$ 16,880,500</u>

The City shall pay the rent shown above in installments on July 1st and January 1st of each fiscal year. In the event that the rent payments, as shown, are not appropriated by the City in its budget, the City may terminate the lease at the end of the period through which lease rentals are paid. The City must give written notice of the non-appropriation not later than the first day of the budget year which includes the non-appropriation. Such non-appropriation by the City allows the Corporation to liquidate its interest in the Convention Center Facilities, or to re-lease the Convention Center Facilities. The City is granted the option to terminate the Facilities Lease Agreement and to purchase the Corporation's interest in the facilities on any date, upon payment of the applicable purchase option price.

A portion of the City's future hospitality fee collections have been pledged for the repayment of the Series 1998 Certificates of Participation. The pledged hospitality fees are to be transferred annually from the Hospitality Fee Fund to the Baseball Stadium Fund for the debt service payments on the Certificates of Participation. Hospitality fee collections have been pledged through the fiscal year ending June 30, 2018 as follows:

Year Ending June 30, 2008	\$ 564,394

	<u>\$ 5,002,863</u>

In accordance with a water and wastewater service agreement dated June 30, 2006, the City is purchasing wholesale water and wastewater treatment service from Grand Strand Water and Sewer Authority. The agreement requires the City to pay a monthly volumetric service charge. During the year ended June 30, 2007, water and wastewater treatment service charges totaled \$12,120,502.

Prior to June 30, 2007, the City entered into various construction contracts. The approximate costs of the contracts were \$8,638,000 of which roughly \$7,523,000 has been incurred as of year-end.

Note 19 - CONTINGENCIES

The City is a defendant in various lawsuits. The outcome of the lawsuits is not presently determinable; however, the City does not believe the settlement of these matters will have a material effect on the financial condition of the City.

Note 20 - PRIOR PERIOD ADJUSTMENTS

During the year ended June 30, 2007, the City implemented the retroactive reporting provisions of GASB Statement No. 34 relating to general infrastructure assets. As a result, beginning net assets of governmental activities in the government-wide financial statements have been increased by \$18,731,208 (estimated historical cost of \$61,526,463 net of accumulated depreciation of \$42,795,255). Had the general infrastructure assets been retroactively reported previously, the change in net assets of governmental activities for 2006 would have decreased by \$1,306,746. The retroactive reporting of general infrastructure assets decreased the 2007 change in net assets of governmental activities by \$1,299,120. Beginning net assets of governmental activities in the government-wide financial statements have also been increased by \$5,247,800 to correct an error relating to the contribution of land that had not been recorded by the City during the year ended June 30, 2002.

Beginning net assets of the Municipal Golf Course Fund have been increased by \$16,525,452 (estimated fair value of \$17,656,500 net of accumulated depreciation of \$1,131,048) to correct an error relating to the contribution of a golf course that had not been recorded by the City during the year ended June 30, 2002. Had the error not been made, the change in net assets of the Municipal Golf Course Fund for 2006 would have decreased by \$242,367. The correction decreased the 2007 change in net assets of the Municipal Golf Course Fund by \$242,367.

CITY OF MYRTLE BEACH, SOUTH CAROLINA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2007

Note 1 - BUDGETS AND BUDGETARY ACCOUNTING

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1st, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to June 30th, the budget is legally enacted through passage of an ordinance.
4. The Budget Officer, as designee of the City Manager, is authorized to transfer budgeted amounts between departments; however, revisions that alter the total expenditures of any fund must be approved by the City Council. Thus, the legal level of control is at the fund level.
5. The City employs formal budgetary integration as a management control device during the year and generally adopts an annual appropriated budget for all funds other than fiduciary funds. The budgets are adopted annually on a basis consistent with generally accepted accounting principles. For the year ended June 30, 2007, there was no budget adopted for the internal service funds.
6. All annual appropriations lapse at year-end. Unexpended appropriations for construction projects in the capital projects fund are reappropriated in the subsequent year.

Note 2 - SUPPLEMENTAL APPROPRIATIONS

The legal level of budget control is at the fund level. Thus, expenditures may not legally exceed appropriations, including supplemental appropriations, for an individual fund. For the year ended June 30, 2007, expenditures did not exceed appropriations for any of the City's individual funds. Supplemental funds were appropriated for expenditures and expenses during the year ended June 30, 2007 as follows:

General Fund	\$ 2,838,901
Convention Center Fund	42,194
Air Base Tax Increment Revenue Fund	38,541,686
Capital Improvements Fund	28,133,654

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Accommodations Tax Fund - This fund is used to account for additional sales taxes collected on rentals of transient accommodations for the purpose of tourism related expenditures.

Public Facilities Corporation Fund - This fund is used to accumulate funds from the lease of the expanded Convention Center to the City and from interest earnings of those funds for the purpose of supporting and funding the debt service payments on the Certificates of Participation issued to fund the construction.

Community Block Development Fund - This fund is used to accumulate funds from federal grants and other sources to be used for community development projects.

Tax Increment Revenue Fund - This fund is used to accumulate taxes collected within the tax increment district to be used for community development within the district.

Victims Advocate Fund - This fund is used to account for the additional police fines levied as a result of a State mandated program instituted for the purpose of assisting and protecting the victims and witnesses of crimes.

Storm Water Fund - This fund is used to account for the fee charged to all developed sites within the corporate limits of the City for the purpose of funding such projects and activities which will protect, maintain and enhance health, safety and the general welfare of the citizens of the City; to decrease degradation of the beaches; to prevent damage to property from improper drainage and flooding; and to protect drinking water supplies.

Local Accommodations Tax Fund - This fund is used to account for additional ½% sales taxes collected on rentals of transient accommodations for the purpose of tourism related expenditures.

Debt Service Fund

The **Debt Service Fund** is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

AGENCY FUND

Agency funds are used to account for assets which are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations.

Firemen's Fund - This fund is used to account for the accumulation of resources derived primarily from the firemen's share of insurance proceeds remitted by the State of South Carolina to the City firemen and expended for their benefit.

Amounts reported in the statement of activities are different because:

The fund financial statements report capital outlays as expenditures. However, in the statement of activities the costs of those assets are allocated over their estimated useful lives and are reported as depreciation expense. (53,082)

The repayment of long-term debt consumes current financial resources in the fund financial statements. However, the transaction has no effect on net assets. 150,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the fund financial statements. 3,344

STATISTICAL SECTION

This part of the City of Myrtle Beach's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health. Except where noted, the information in these schedules is derived from the City's comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Financial Trends (*Schedules 1 through 5*) - These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity (*Schedules 6 through 12*) - These schedules contain information to help the reader assess the factors affecting the City's ability to generate property taxes and water and sewer charges.

Debt Capacity (*Schedules 13 through 17*) - These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information (*Schedules 18 through 19*) - These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

Operating Information (*Schedules 20 through 22*) - These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Mayor and City Council
City of Myrtle Beach, South Carolina

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Myrtle Beach, South Carolina as of and for the year ended June 30, 2007, which collectively comprise the City of Myrtle Beach, South Carolina's basic financial statements and have issued our report thereon dated November 30, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Myrtle Beach, South Carolina's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Myrtle Beach, South Carolina's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Myrtle Beach, South Carolina's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliable in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Myrtle Beach, South Carolina's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City of Myrtle Beach, South Carolina in a separate letter dated November 30, 2007.

This report is intended solely for the information and use of management, City Council and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR
PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Mayor and City Council
City of Myrtle Beach, South Carolina

Compliance

We have audited the compliance of the City of Myrtle Beach, South Carolina with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2007. The City of Myrtle Beach, South Carolina's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the City of Myrtle Beach, South Carolina's management. Our responsibility is to express an opinion on the City of Myrtle Beach, South Carolina's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Myrtle Beach, South Carolina's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Myrtle Beach, South Carolina's compliance with those requirements.

In our opinion, the City of Myrtle Beach, South Carolina complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2007.

Internal Control Over Compliance

The management of the City of Myrtle Beach, South Carolina is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Myrtle Beach, South Carolina's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing

an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Myrtle Beach, South Carolina's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, City Council and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
