PUBLIC COMMENT

Twenty-seventh District State Rep. Regina Weiss introduced herself as this was her first in-person meeting. She provided an update and asked if anyone had any questions. She said she serves on the Appropriations Committee; as the minority vice-chair for the Subcommittee for School Aid and the Department of Education; and serves on the Subcommittees for Environment, Great Lakes and Energy, Licensing and Regulatory Affairs, and for Insurance and Financial Services. She said she is the secretary of the Legislative Labor Caucus. She said she also serves as a member of the Gun Violence Prevention Caucus. She recognized this has been a rough year and a rough time in this area, especially with the recent shooting at Oxford High School. She said through the Gun Violence Prevention Caucus, they have introduced more than 30 pieces of legislation. She introduced House Bill 4871 that would ensure a universal background check for firearms purchases along with other pieces of legislation regarding red-flag laws and safe storage. She said all of the bills introduced are sitting with various committees and as of yet, have not had any hearings. She also provided a budget update. She highlighted the 2022 budget provides for historic investments in child care and as well as fully funds the Michigan Reconnect and Future for Frontliners Programs. She said the budget provides new investments in drinking water and contaminated site cleanup. She said the budget also funds lead service line replacements, community revitalization grants, investments in infrastructure and local bridge projects, a wage increase for direct care workers, and increased revenue sharing by 2 percent. She said revenue sharing has been cut through the years so she knows that the City would like more. She said other budget highlights include support for senior facilities and senior care options; investments in safety by funding local and state first responders; billions of dollars for mortgage assistance programs; and funding for the Clean Slate Program to help individuals expunge their records in order to have a better chance at future employment and education. She said there are also new healthcare disparity initiatives and expansions in Medicaid funding for diseases such as sickle cell. She said for the first time ever the funding gap closed between the least funded and most funded K-12 districts. She said the budget includes increases in per-pupil funding. She said she looks forward to working on the 2023 budget. She said she met with City Manager Matt Baumgarten to elevate some of Berkley's funding needs. She said there have been various proposals to spend federal money such as a climate resiliency plan for infrastructure along with teacher and public safety recruitment and retention. She said the most critical suggestion is to make sure the hospitals have what they need as they face the worst part of the pandemic. She provided her email address, reginaweiss@house.mi.gov; her phone number, 855-737-8488; and her website, Weiss.housedems.com. She said residents may sign up for email alerts.

Councilmember Price thanked State Rep. Weiss especially as a former councilmember and teacher/educator.

Mayor Terbrack thanked State Rep. Weiss for coming.

Downtown Development Authority Executive Director Mike McGuinness thanked City Council and the Berkley community for supporting the downtown. He said a lot of the businesses are counting on this time of year for sales so they can maintain their businesses throughout the year. He said they have a lot of wins to celebrate including more grand openings. He said residents really rally around the businesses to invest and choose Berkley as home. He encouraged everyone during the final shopping days of the Holiday Season to do what they can to either support or promote the businesses in the downtown area. He said they are hearing media coverage and a lot of positive feedback turning into actual sales for the businesses. He stated that Thursday, December 23rd is the final Merri and Bright Shopping Night and the Merry Fairies Scavenger Hunt is still going on which is a remote, family-friendly activity. He thanked everyone and said that by shopping local, there are a lot less supply chain or delivery issues.

City Clerk Victoria Mitchell read into the record the following synopsis of an email that was received:

Joel Ulferts, Berkley, stated he is looking for a response to correspondence sent earlier this month to one of our consultants asking for a "schedule for road improvements." He said his street was on the Phase 2 list for completion in late fall.

COMMUNICATIONS

MAYOR PRO TEM DEAN: announced some updates for the Parks and Recreation Department. She said they are offering a vacation camp starting the week of December 20th through December 30th and registration is still open. She mentioned there is a lighted archway near the Community Center that anyone can take a stroll through. She said the new play equipment for Community Park should be installed by the end of the week. Mayor Pro Tem Dean wished everyone a Merry Christmas and happy holidays.

COUNCILMEMBER GAVIN: stated the Planning Commission meeting scheduled for December 21st has been cancelled. He said the next Planning Commission meeting will be Tuesday, January 25, 2022 at 7 p.m. in the Council Chambers. He stated the Environmental Advisory Committee has its next meeting on Thursday, January 20, 2022 at 6:30 p.m. in the second floor conference room of the public safety building. Councilmember Gavin wished everyone a wonderful holiday, Merry Christmas, and Happy New Year.

COUNCILMEMBER VILANI: mentioned the Merry Fairies Scavenger Hunt offered by the Downtown Development Authority. She thanked all of the volunteers and the people who lead the Berkley Community Food Pantry. She said they were giving out their regular donations as well as the holiday food boxes that helped more than 26 families. She talked about how her family enjoyed helping to put the boxes together. She reiterated her thanks for all the hard work by the food pantry volunteers and said how the food boxes will help out many families this year.

COUNCILMEMBER PRICE: extended a thank you to all City staff members who are wrapping up another year during a global pandemic. She said some things have changed since this time last year. She talked about how now everyone is eligible to receive the COVID vaccine, public buildings are open, and many people are working in person. She said that thanks to the CARES Act and the American Rescue Plan Act, we don't have the same fears for the City's budget as we did this time last year. She mentioned how COVID cases have not fallen and the weaknesses in the health care system are now more apparent than ever. She said she is grateful for all the work the City staff has done this year that has involved more than their job descriptions. She wished the state of the world did not require staff members to have done so. She said that her holiday wish is for everyone to have genuine restorative peace. She wished everyone to have rest that is needed so that everyone and the City will be stronger for it. Councilmember Price wished everyone a happy, restful holiday break.

COUNCILMEMBER HENNEN: stated that there was nothing new from the Tree Board. He said at the last Zoning Boards of Appeals (ZBA) meeting, there was a case regarding a duplex that was grandfathered in but had allowed its status to lapse. He said the City does have an ordinance that only allows a six-month time limit for its status to lapse, but the restriction is not consistent with case law so it was allowed to be a duplex again. He mentioned this is something that will need to be revisited in the zoning ordinances. He said the next ZBA meeting will be on Tuesday, January 11th at 7 p.m. Councilmember Hennen provided a city vaccination update. He said that as of November 8th, 83 percent of Berkley adults have had a first dose. He said that is a 2 percent increase from the previous month.

COUNCILMEMBER BAKER: *provided a prerecorded update.* He quoted Ginger Rogers, "Looking back at my life's voyage, I can only say that it has been a golden trip." He said the Historical Committee had a historic year by celebrating its 30th anniversary, scanning hundreds of documents, introducing another holiday ornament, hosting countless visitors, and accepting credit cards. He thanked the Committee volunteers and city staff. He said the Downtown Development Authority (DDA) had a tremendous developing year and mentioned the great progress on wayfinding signs. He said they thanked outgoing Executive Director Jennifer Finney and welcomed the City's new Executive Director, Mike McGuinness. He talked about how the City had its first Boo!kley events during October and the current Merri Month events for December. He thanked the DDA board, volunteers of the subcommittees, and city staff for keeping the downtown vibrant. Councilmember Baker reminded everyone that downtown has free parking and they should visit to do some last-minute shopping or to walk around. He wished everyone happy holidays and to stay safe.

CITY MANAGER BAUMGARTEN: thanked City Council and Councilmember Price's kind words for staff. He said it has been a trying two years and we could not have done it without the support and flexibility of City Council. He said he sincerely hopes this will be the last year we will have to thank City Council for extraneous circumstances. He said since it is the last meeting of 2021, he wanted to mention that next year the options to watch meetings will be to attend inside City Hall, the city's cable channel, and via livestream. He noted the City will not be offering hybrid meetings any longer. He said he would have liked to see more people take advantage of that opportunity, but there are still other ways to participate. He said he is hopeful about the changes coming in 2022.

CITY CLERK MITCHELL: echoed the words of thanks and wanted to wish everyone a happy holiday and healthy new year.

ATTORNEY STARAN: said he was reflecting on everyone's comments. He said that it seems only a year ago that he couldn't wait for 2020 to end and now he is waiting for 2021 to end. He wished everyone a merry, safe, and healthy Christmas and he hopes for bigger and better things for 2022.

MAYOR TERBRACK: said that 2021 wasn't worse, but it wasn't a whole lot better either. He mentioned the virus continues to find new ways to disrupt normalcy. He said on a positive side, we persevered through 2020 and 2021 and will continue to do so in 2022. He wanted to make sure we maintain the business of the City and high-quality services even if they look a little different. He wished everyone a Merry Christmas, a Happy New Year, and safety this holiday season. He said we will see everyone sometime in January. He mentioned that if the University of Michigan wins on December 31st, the City Council meeting on January 10th will most likely be rescheduled. Mayor Terbrack wished everyone a Merry Christmas and Happy New Year once again and said he will see everyone in 2022.

ADJOURNMENT

Councilmember Vilani moved to adjourn the Regular Meeting at 7:46 p.m.

Seconded by Councilmember Price

Frozen February Block Party

Saturday, February 12, 2022
12:00 PM to 4:00 PM

Location: Robina Avenue, between 12 Mile Road and Alley

(pending municipal approval)

Objective: Expand our Downtown Berkley promotional events calendar into the weather-challenging months; Draw further interest and activity to the Robina business cluster; Leverage the latest downtown mural at Robina; Add momentum to our emerging downtown block party series; Stimulate additional exposure of the unique experiences and shopping opportunities offered in dynamic Downtown Berkley.

Inspired by the City of Berkley's beloved tradition of neighborhood block parties throughout residential sections of our community, and building off of the Monster Mash block party success during our BOO!KLEY Nights series, our Berkley Downtown Development Authority is launching a series of downtown 'Block Party' events. These block parties will be intentionally moved throughout our sizeable downtown to activate more segments of the thoroughfares, but without as much logistical or cost obstacles as closing the major arteries.

For 2022, the first such offering is the Frozen February Block Party. It will feature frozen wedding dresses, which will be a winter-inspired temporary art installation done in collaboration with downtown wedding dress boutiques. It will also feature food trucks and live music. Downtown business Pinspiration will have a valentine card-making station, and the valentines will be delivered to an area senior living facility. We welcome additional creative ways that other businesses and community organizations would like to add to this event, so please let us know your thoughts and interest.

Estimated Budget: \$800

Costs to Cover

- Paid Social Media Marketing and Promotional Efforts
- Downtown Berkley Promotional Items for Distribution
- Potential Stipends for Live Musical Performers

DPS recommends conditional approval and will prepare a TCO. It should be noted that the map includes food trucks. The organizers will need to work with DPS in regards to cooking source and/or electrical.

The map provided shows two food trucks parked accrossed Robina. This arrangement will not work because there is a minimum distance of 10 foot required between food trucks by NFPA and Robina is only about 30 foot wide at that point. If they want to have two trucks they will have to submit an alternate layout to allow the 10 foot clearance from buildings and other vehicles.

It may work if they set up parallel with the street, one on each side.

General Safety Checklist

- ☐ Obtain license or permits from the local authorities. [1:1.12.8(a)] **G1**
- ☐ Ensure there is no public seating within the mobile food truck. [1:50.7.1.6.3] **G2**
- ☐ Check that there is a clearance of at least 10 ft away from buildings, structures, vehicles, and any combustible materials. [96:7.8.2; 96:7.8.3 for carnivals only] **G3**
- ☐ Verify fire department vehicular access is provided for fire lanes and access roads. [1:18.2.4] **G4**
- ☐ Ensure clearance is provided for the fire department to access fire hydrants and access fire department connections. [1:13.1.3; 1:13.1.4; 1:13.1.5] **G5**

Good Morning Mike & Victoria-

An application was provided electronically on January 12 for the proposed Frozen February Block Party on Robina north of 12 Mile. This is a new event for 2022 and is planned for Saturday, February 12 from 12 noon to 4 PM.

Public Works has reviewed the documents and we offer the following comments for your use and distribution. Note a TCO for the event has been provided by Public Safety (T-02-22 dated 1-13-22).

1. Insurance documents may need to specifically reference the event name and date. Given this is a new event for 2022, the applicant shall confirm if this is necessary.
2. 10 volunteers have been noted in the application to assist with the block party. Volunteer help is appreciated to monitor traffic control devices, especially during the set-up and at the end of the event.
3. We recommend prior written notification be provided to all the businesses and residents in the immediate area. This is important this year given it is a new event.
4. It is unclear if this event will require concrete barriers in addition to the standard traffic control barricades. We welcome input from the Public Safety Department on this item.
5. Additional trash receptacles will likely be needed as a result of the food vendors.
6. Snow and ice removal will always be a concern this time of year and will need to be monitored and coordinated as we get closer to the event.
7. Please note the cost to the City for DPW labor and equipment is estimated at \$400 for this event.

Thank you.

Memo

To: Matthew Baumgarten, City Manager
Cc: Mark Pollock, Finance Director

From: Theresa McArleton, Parks & Recreation Director
Date: 12/21/21
Subject: Recommendation for Award of new Play Equipment, Shades and Picnic Tables at Oxford Park

As part of the FY 2021-2022 budget, funding was allocated for the purchase and installation of toddler play equipment, shade sails and picnic tables at Oxford Park. This is part of the ongoing effort to make Oxford Park a true destination in Berkley.

The attached quotes and design from Midstates Recreation was procured through the purchasing cooperative Sourcewell which allows the city to work directly with the equipment supplier to design a unique play experience as well as receive discounts on the project total. Working directly with Midstates Recreation to design and develop the toddler play area allows us to match well with the older play area that currently exists at the park and was also done by Midstates Recreation.

Included with this memo and attached quote is the design for the play area as well as the rendering for the shade and picnic tables in the seating area. The play area will use an accessible turf surface which also acts as a sensory texture for toddlers. The play area was specifically designed with the youngest park goers in mind.

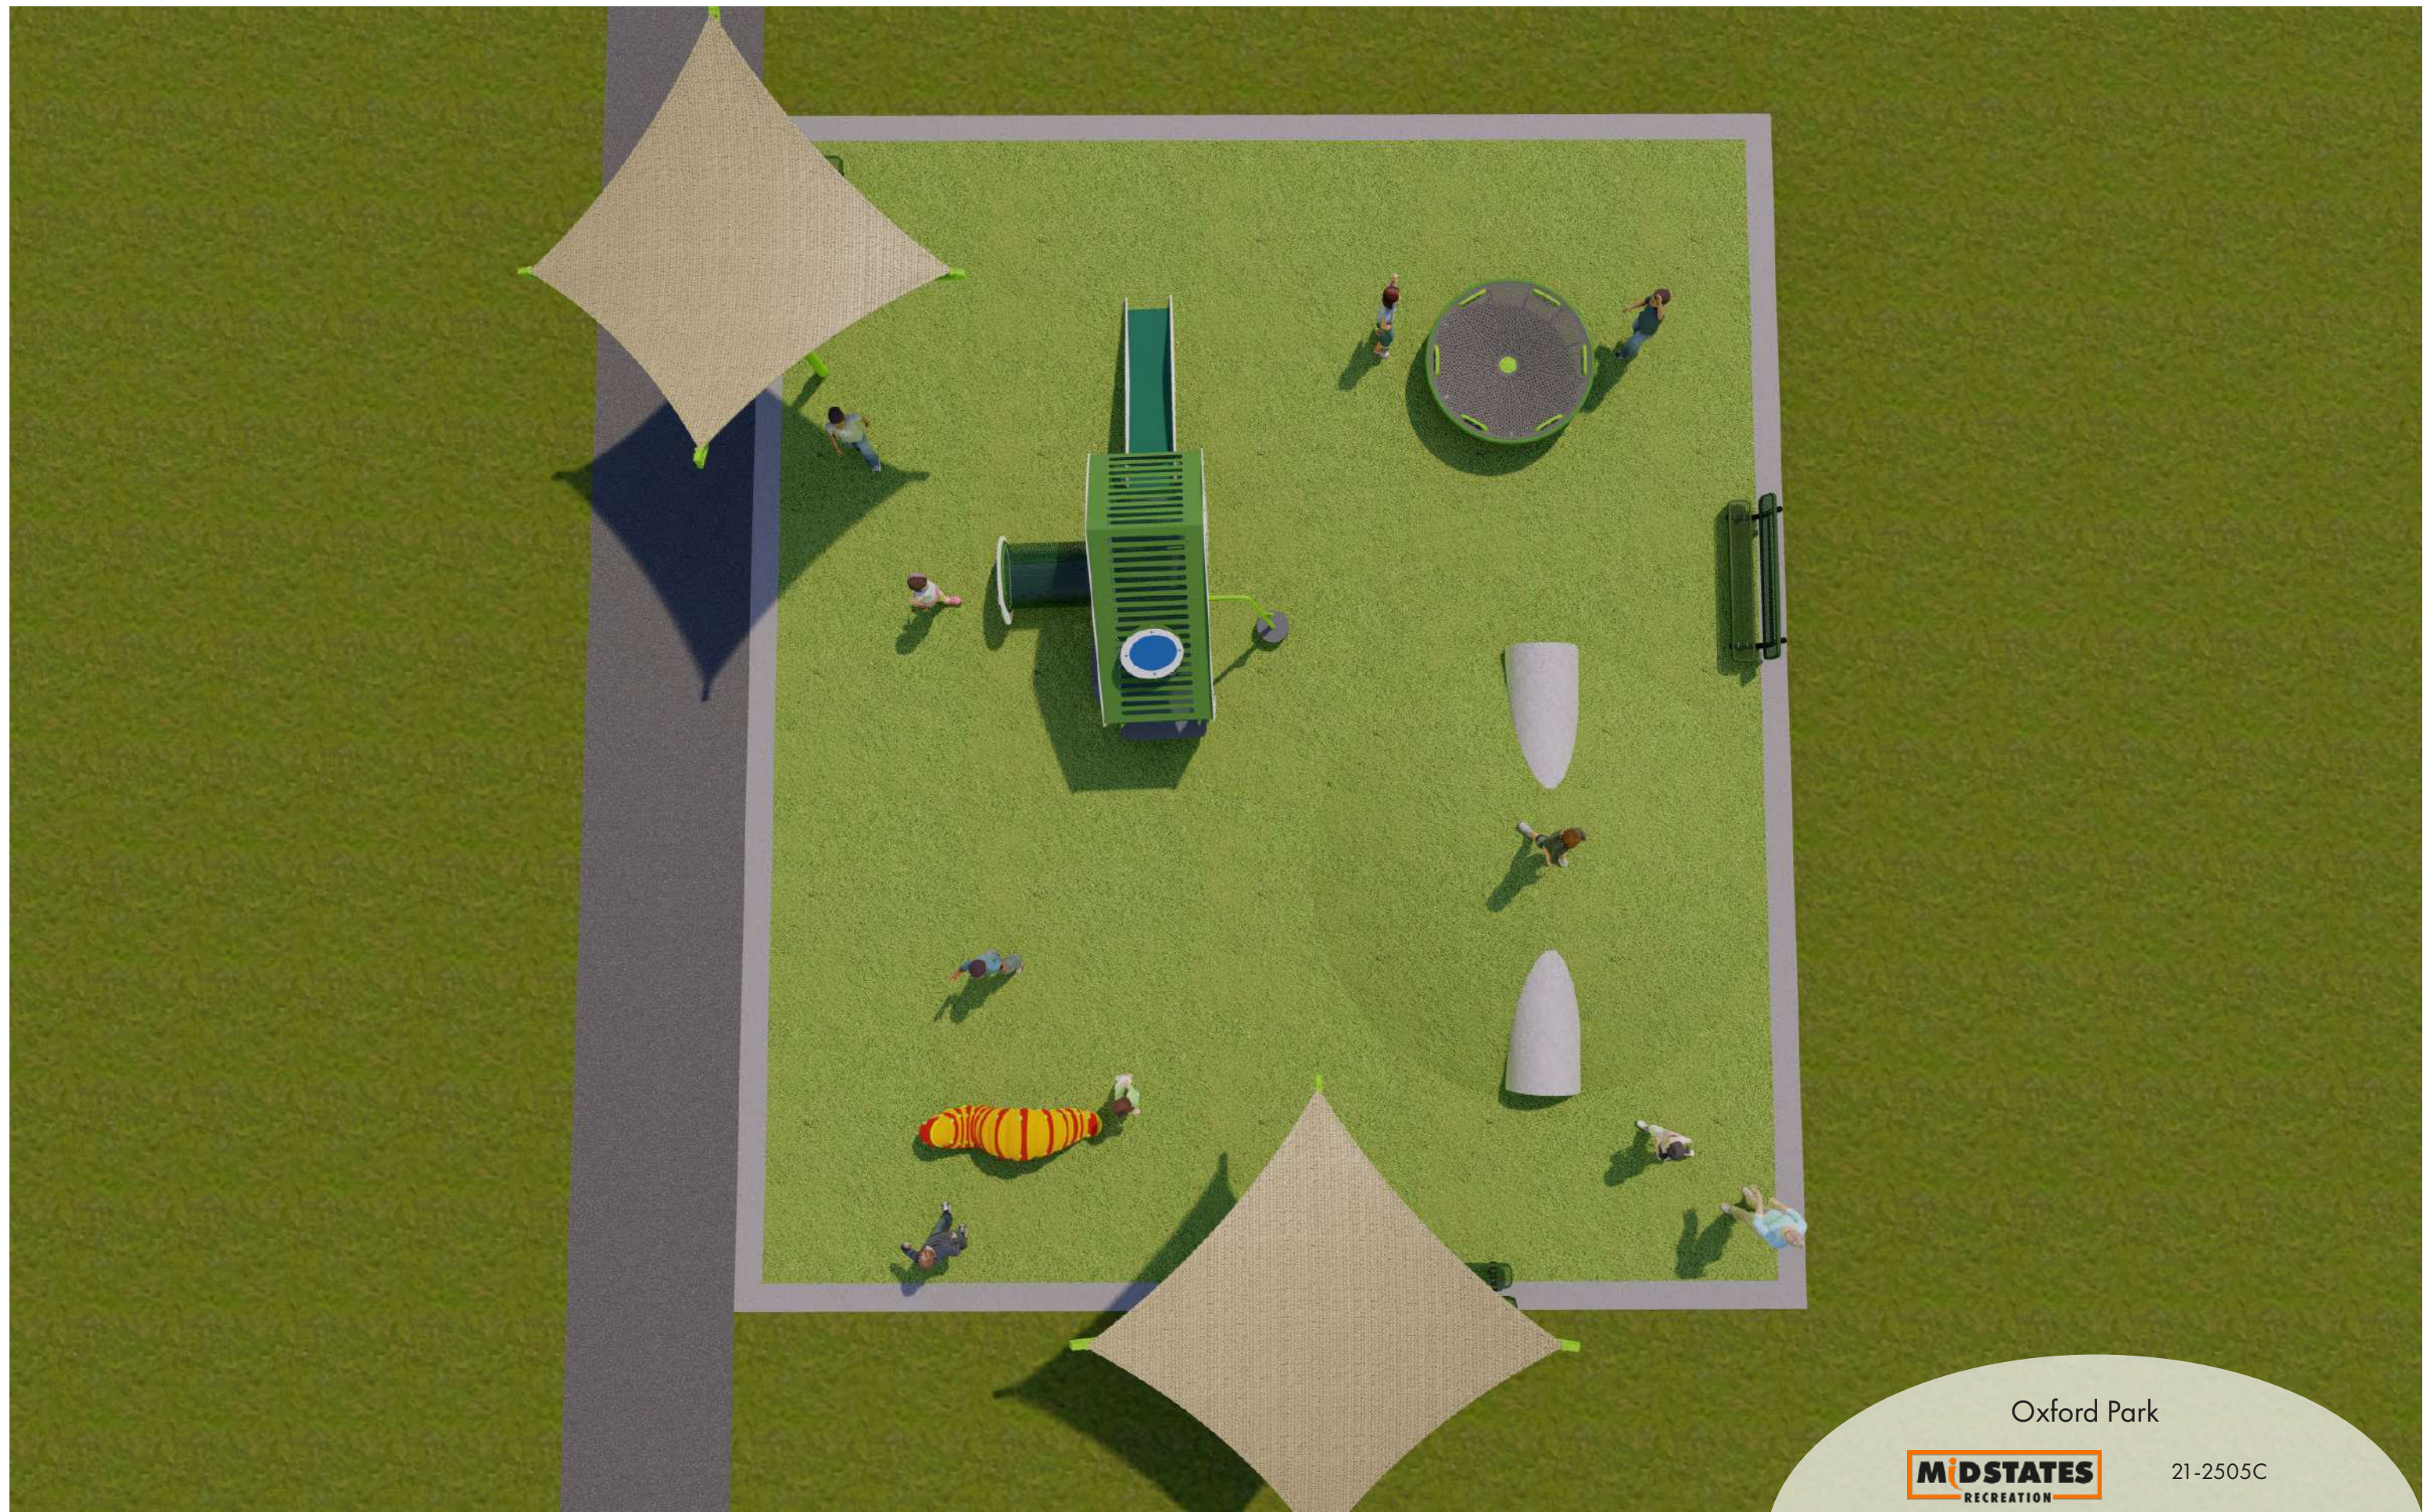

The initial budget for the play area was \$90,000 and \$50,000 was allocated for the shade and picnic tables. Working with Midstates Recreation, we were able to procure a lower cost for shades and picnic tables, so that a complete play area with additional shade could be developed. As you can see, the cost for all items is still below what the city had budgeted for these updates.

The addition of this play area and of the shade and tables to the seating area will make the park a much more well-rounded space for the 2022 season. The inaugural year of the park opening in 2021 saw daily use of the splash pad, walking trails, restrooms and playground and it is my hope that these updates will make the park an even more accessible and fun space to be in.

I recommend moving forward with purchase of the play equipment, shades and picnic tables from Midstates Recreation at a cost not to exceed \$139,813.04. This expense is slightly under the total \$140,000 the city budgeted for all of these items. Funds for this expenditure are allocated in account number 614-950-974-000. This pricing was obtained through the purchasing cooperative Sourcewell which the city has used for past purchases.

Please do not hesitate to call me with any questions or concerns.

Moved by Councilmember _____ and seconded by Councilmember _____ to authorize the City Manager to sign the Application for Additional Service Credit Purchase for seven MAPE employees approving the purchases of two years of generic additional service credit through the MERS Retirement System. The seven employees and the amounts that the City will be paying to MERS for the service purchase are as follows: Matt Magnes-\$19,549, Richard Rzeczkowski-\$29,860, Brian Lapine-\$11,020, James Grozde-\$30,108, Rodney Halas-\$16,985, Ken Ozanich-\$35,128, Adam Wozniak-\$18,110. The employees will be responsible for paying their portion of the service purchase cost which totals \$34,987. This purchase is allowed by the MERS Plan Document and the MAPE Contract Agreement dated 7/1/2021 through 6/30/2024 and the MERS Plan Document for active members. The total City of Berkley portion of the cost is \$160,760.

City of Berkley-Finance Department

Memorandum

To: Matt Baumgarten, City Manager
From: Mark Pollock, Finance Director
Date: December 23, 2021
Subject: Application for Additional Service Purchase Credit

Attached are seven MERS estimates for Generic additional purchase of service time for the following MAPE employees:

The current estimates from MERS are as follows:

<u>Employee</u>	<u>City Portion</u>	<u>Employee</u>	<u>Total Amt Due</u>	<u>Current Service</u>
Matt Magnes	\$19,549.00	\$4,696.00	\$24,245.00	13 yrs 8 mos
Richard Rzeczkowski	\$29,860.00	\$5,231.00	\$35,091.00	24 yrs 7 mos
Brian Lapine	\$11,020.00	\$4,253.00	\$15,273.00	2 yrs 5 mos
James Grozde	\$30,108.00	\$5,587.00	\$35,695.00	16 yrs 9 mos
Rodney Halas	\$16,985.00	\$4,424.00	\$21,409.00	7 yrs 7 mos
Ken Ozanich	\$35,128.00	\$6,048.00	\$41,176.00	25 yrs 1 mos
Adam Wozniak	\$18,110.00	\$4,748.00	\$22,858.00	10 yrs 7 mos
City Portion Total	<u>\$160,760.00</u>	<u>\$34,987.00</u>	<u>\$195,747.00</u>	

The Current Service column is the amount of service completed as of the calculation date by MERS. The total cost to the City of these seven service purchases is \$160,760.00. These costs will be split by fund as follows:

General Fund	\$16,076.00
Major Streets	\$32,152.00
Local Streets	\$24,114.00
Rubbish Fund	\$ 8,038.00
Water and Sewer Fund	<u>\$ 80,380.00</u>
Total	<u>\$160,760.00</u>

As is always the case with these service purchases, the approximated present value cost anticipates that the City would pay more to MERS over two years of these seven employees continuing to work than this lump sum plus the anticipated interest earnings on this amount would at the time of their retirement. This is because the MERS calculation utilizes a formula that approximates the net present value of the service cost, which is lower than the future cost over a period of time. The time value of money is demonstrated in these service purchases as well.

The reason that we are receiving all of these service purchase requests from the MAPE employees at the present time is because they did not have this opportunity prior to the new contract and they can only exercise this option between now and then end of this contract. The cost is lower to them and to the City now than if they had waited until the end of the agreement to purchase generic service. These purchases are allowed under the MAPE Agreement dated 7/1/2021 through 6/30/2024. Feel free to call or e-mail me if you have any questions.

A RESOLUTION
of the Thirty-ninth Council of the City of Berkley, Michigan
approving the Deficit Elimination Plan for the Sidewalk Fund
as of 6-30-2021 and to authorize the Finance Director to sign
the Certified Resolution and include it with the other required
documents to submit to the Michigan Department of Treasury
for review and approval

- WHEREAS,** The Michigan Department of Treasury requires a Deficit Elimination Plan approved and certified by City Council when, at the close of any fiscal year, a fund balance shows a deficit balance.
- WHEREAS,** At the close of the fiscal year ended 6-30-2021, the Sidewalk Fund showed a deficit fund balance of (\$117,245) because a transfer for the loan to cover the costs of the sidewalk program was not completed from the General Fund before the end of the fiscal year.
- WHEREAS,** As Berkley City Council, in light of the COVID-19 pandemic and the timing of the sidewalk program, decided to ease the financial burden of the residents by allowing extra time to pay their sidewalk assessments without added fees or penalties.
- WHEREAS,** In order to eliminate this Deficit Fund Balance, a transfer in the form of an interfund loan will be made to offset the deficit from the General Fund to the Sidewalk Fund to eliminate the Deficit Fund Balance of \$117,245. The total amount of the transfer and interfund loan will be \$320,000 to cover the costs of the sidewalk program until such time as special assessment revenues can be collected from property owners for those sidewalk repairs. It is anticipated that the interfund loan will be fully re-paid to the General Fund from Sidewalk Fund assessment receipts by no later than the fiscal year ending 6-30-2025.
- WHEREAS,** This transfer will immediately eliminate the deficit in the Sidewalk Fund, but a budget for the Sidewalk Fund with estimates of revenue and expenses will be included along with this Resolution and submitted to the Michigan Department of Treasury as part of the required Deficit Elimination Plan.

NOW, THEREFORE, THE CITY OF BERKLEY RESOLVES:

That the City Council of the City of Berkley approves this Resolution and the required attachments and authorizes the Finance Director to sign this Resolution and submit it to the Michigan Department of Treasury for their review and approval.

Introduced and Passed at a Regular City Council Meeting on Tuesday, January 18, 2022.

Subject: Deficit Elimination Plan Resolution

Date: January 4, 2022

I have attached the Resolution for Council consideration and approval for the Deficit Elimination Plan for the Sidewalk Fund Deficit as of 6-30-2021. As you are aware, Plante Moran could have helped me eliminate the need for this process by directing/allowing me to make a bookkeeping transfer entry as of 6/30/2021 to cover the deficit via a loan as we did last year and had originally planned to do this year when we started the sidewalk program. I accept this as my bookkeeping error, but I am not pleased that they did not recommend the entry to fix this during audit field work.

Since the APCR was sent to the State with the Sidewalk Fund showing a deficit fund balance, a Deficit Elimination Plan is required and this Resolution is part of the requirement.

I also did the required estimate of revenue and expenses through the 2024-2025 fiscal year and I have attached that to include for Council review and I will include that with the plan that I send to the Michigan Department of Treasury.

Best Company insurance ranking of B+, consistent with state law. The policy shall provide that the city shall be notified by the insurance carrier 30 days in advance of any cancellation or reduction in coverages.
- (28) Any other information requested by the city considered to be relevant to the processing or consideration of the application.
- (c) Upon receipt of a completed application and application fee, the community development director shall refer a copy of the application to appropriate city departments for their review.
- (d) An application shall not be eligible to be considered for approval, until:
 - (1) The public safety and community development departments have inspected the proposed location for compliance with all laws for which they are charged with enforcement and for compliance with the requirements of this article.
 - (2) The community development department verifies the proposed location of the marihuana business complies with the zoning code.
 - (3) The community development department confirms the proposed marihuana business meets applicable codes and this article.
 - (4) The city treasurer confirms the applicant and each stakeholder and the proposed location of the business are not in default to the city.
 - (5) The department of public safety determines the applicant meets the requirements of this article with respect to the background check and security plan.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-806. - License application evaluation.

- (a) The city will accept applications for a license(s) for a marihuana business over a 14 day period, as established by the city manager after the effective date of this article. At the end of the 14 day period, all properly submitted and complete applications shall be subject to examination and review by the city. The city may, in

its discretion, elect to issue or not issue licenses for any of the marihuana business types or issue licenses in any combination thereof, but in no instance shall issue more licenses than are permitted pursuant to the terms of this article and state law.

- (b) The city shall review all submitted applications for completeness. If an application is found to be incomplete, it will not be further considered until made complete. The community development department shall send a letter to the applicant explaining the omitted information or defect in the application. The applicant shall have two weeks from the date of the letter to correct the defect or provide the required information to the city. If the correction or additional information is not provided within two weeks of the letter, the application will be deemed abandoned and will no longer be considered.
- (c) To evaluate applications, the city shall use a point-based system which shall be approved, and may be modified from time-to-time, by city council resolution, and shall take into account the following application evaluation criteria:
 - (1) The content and sufficiency of the information contained in the application.
 - (2) Whether the proposed plan has received approval from the public safety department, community development department, and all other appropriate departments.
 - (3) Whether the proposed facility will revitalize or redevelop property that has been vacant or unused for an extended period of time.
 - (4) Planned outreach on behalf of the proposed business, and whether the applicant or its stakeholders have made, or plan to make, significant physical improvements to the building housing the marihuana business, including plans to control traffic, noise, and odor effects on the surrounding area.
 - (5) Whether the applicant or any of its stakeholders have a record of acts detrimental to the public health, security, safety, morals, good order, or general welfare prior to the date of the application; and whether the applicant or any of its stakeholders have ever been convicted of operating an illegal business enterprise of any kind.
 - (6) Whether the applicant has reasonably and tangibly demonstrated it possesses adequate resources and experience to implement the submitted business plan.
 - (7) Whether the proposed location in the city in relation to its proximity to other locations for marihuana businesses represents a reasonable and harmonious dispersion of marihuana businesses.
 - (8) The proximity of the business to a school.
 - (9) Whether adequate off street parking is provided or available.
 - (10) Whether the size and nature of the use in relationship to previously approved and issued marihuana business licenses is reasonable.
 - (11) Whether the applicant has business experience previously in the city and demonstrates that the applicant has sufficient business experience to operate the proposed marihuana business.
 - (12) Whether the proposed plan incorporates sustainable infrastructure and energy efficient elements and fixtures.
 - (13) Whether the proposed plan incorporates infrastructure that adequately addresses stormwater drainage.
 - (14) Whether the proposed plan incorporates odor control systems to prevent odor dispersion to neighboring properties.

- (15) Whether an applicant has applied for a co-location of equivalent licenses at one location.
- (16) Other criteria as indicated important for consideration by any appropriate department of the city administration.
- (d) The city may engage professional expert consultant assistance in performing any of the duties and responsibilities under this article.
- (e) The point-based merit system, shall incorporate the evaluation criteria outlined within this article, and may include additional criteria intended to select licensees that provide the best outcome for the community as determined by the city.
 - (1) In the event of a tie among applicants through the merit system which would result in more approvals than available licenses, the tie will be resolved through a blind lottery drawing to determine which applicant will receive recommendation for approval.
 - (2) Any application receiving less than 70 percent of possible points outlined within the point-based merit system shall be automatically denied license approval.
 - (3) Applications and evaluation points yielded from a point-based merit system shall be considered for up to 180 days following the publication of merit point system scores. The effective applications and points shall be used to recommend license approval should prior recommendations be declined or fail to receive license. Applications within the process may receive a one time extension not to exceed three months, approved by the city manager with proper display of good cause shown.
- (f) Within 90 days of receiving the last completed application, the city manager shall recommend applications for site plan approval to the planning commission. The city manager may only recommend a number of applications for consideration equal to or less than the number of remaining licenses available for issuance. All other applicants shall be sent a written notice of rejection setting forth specific reasons why the city manager did not recommend their application for city council approval.
- (g) Upon receiving site plan approval from the planning commission, applicants shall move forward for final license approval from the city council as recommended by the city manager.
- (h) Upon submittal of the city manager's recommended applications to the city council, the city shall publish and provide public notice of the city council meeting when the city council will consider the license applications. Notice shall be given not less than 14 days prior to the city council meeting. All written feedback shall be presented to the city council.
- (i) The public notice shall be published in a newspaper of general circulation and posted at City Hall. The notice shall be sent by mail or personal delivery to the owners and occupants of property within 300 feet of the proposed marihuana business site. The public notice must include at minimum the following:
 - (1) Proposed location of the marihuana business; and
 - (2) Name of the applicant(s) or organization; and
 - (3) Intended marihuana business use; and
 - (4) Information pertaining to methods of accepting public feedback; and
 - (5) Location, date, and time of the meeting in which city council will consider license approval.
- (j) All marihuana business licenses shall be effective for one year following its original issuance date. Annual renewal of the license shall follow the process as outlined within this article. The improvements made

pursuant to site plan approval by the planning commission shall be commenced after license approval by the city council and be completed within one year after the license is approved by the city council. The city council may, in its sole and exclusive discretion, grant an extension of time not to exceed 180 days if an applicant submits a written request to the city manager prior to the license expiration showing that its medical marihuana provisioning center facility application or adult use retail facility application with the state remains pending and that the applicant has diligently pursued approval of the state license and all other required permits, approvals and licenses without delay or inaction on applicant's part, and showing good cause for the extension of time.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-807. - License limit.

- (a) The city council finds and determines that it is in the public interest and serves a public purpose to limit the maximum number of licenses that the city may issue to three marihuana business locations, with the acceptable uses as follows:
 - (1) Adult use marihuana retail establishments;
 - (2) Medical marihuana provisioning center establishments;
- (b) The city council finds and determines that it is in the public interest and serves a public purpose to prohibit the following marihuana business uses from receiving a license from the city:
 - (1) Adult use and medical marihuana secured transporter establishments; and
 - (2) Designated consumption establishments; and
 - (3) Marihuana event organizer; and
 - (4) Temporary marihuana events; and
 - (5) Adult use and medical marihuana growing facility establishments; and
 - (6) Adult use and medical marihuana processing establishments, and
 - (7) Adult use and medical marihuana safety compliance facilities; and
 - (8) Adult use marihuana microbusiness establishments.
- (c) Should a license for a marihuana business become available due to expiration, revocation, or non-renewal, the city manager shall set an application period and receive applications for a license(s) for a marihuana business over a 14 day period. At the end of the 14 day period, all properly submitted and complete Applications shall be subject to examination and review by the city. The city may elect to issue or not issue licenses for any of the permitted uses or issue licenses in any combination thereof, but in no instance shall issue more licenses than are permitted pursuant to the terms of this article.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-808. - Marihuana facility co-location and stacking.

Separate marihuana business uses, under common ownership, and with proper licensing issued by LARA for each use, shall be permitted to operate at the same location with license approval from city. Co-locating establishments must have license approval for each marihuana business type and use.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-809. - License renewal application.

- (a) Application for license renewal shall be made in writing to the community development director at least 30 days prior to the expiration of an existing license.
- (b) An application for a license renewal shall be made under oath on forms provided by the city.
- (c) An application for a license renewal shall be accompanied by a renewal fee in an amount of \$5,000.00, of which half will be returned if the license is not renewed. The renewal fee is established to defray the costs of the administration of this article.
- (d) Upon receipt of a completed application for a license renewal meeting the requirements of this article and the license renewal fee, the community development director shall refer a copy of the renewal application to appropriate city departments and officials for review,
- (e) An application for a license renewal shall be not be considered for approval unless:
 - (1) The fire inspector has inspected the proposed location for compliance with all laws for which they are charged with enforcement within the past calendar year;
 - (2) The community development department has confirmed that the location complies with the zoning code and this article, at the time a license is granted;
 - (3) The building official has confirmed that the marihuana business meets the city building code requirements;
 - (4) The city treasurer has confirmed that the applicant and each stakeholder of the applicant and the location of the marihuana business are not currently in default to the city;
 - (5) The department of public safety has reviewed the application and determined that the applicant has satisfied the requirements of this article with respect to the background check and security plan;
 - (6) The applicant possesses the necessary state licenses or approvals, including those issued pursuant to the MMFLA;
 - (7) The applicant has operated the marihuana business in accordance with the conditions and requirements of this article;
 - (8) The marihuana business has not been determined to be a public nuisance; and
 - (9) The applicant is operating the marihuana business in accordance with applicable federal, state, and local laws and regulations.
- (f) If written approval is given by each individual, department, or entity identified in subsection (e), and the renewal application is found to be compliant with this article by the community development director, the community development department shall issue a license renewal to the applicant. If no renewal license is issued, half of the renewal fee shall be returned. The renewal shall be deemed approved if the city has not issued formal notice of denial within 60 days of the filing date of the application, unless the applicant is advised of non-compliance with this article or incompleteness of information or any required inspection during such period.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-810. - Transfer of ownership, licenses generally.

- (a) Licensees shall report any change in the required information to the community development department within ten business days of the change. Failure to do so may result in suspension or revocation of the license.
- (b) A license approval shall not be effective, and no marihuana business may operate, unless the marihuana business has obtained a state license and the site of the proposed use and proposed structure for the marihuana business is properly zoned for such use, and the proposed site plan has received approval from the planning commission.
- (c) Licensees may transfer a license issued under this article to a different location upon receiving written approval from the city and LARA or the board pursuant to the MMFLA and rules promulgated by LARA. In order to request city approval to transfer a permit location, the licensee must make a written request by submitting a transfer application to the community development director, indicating the current license location and the proposed license location, along with any proposed development to the site. Upon receiving the written request, the community development director shall refer a copy of the written request to all appropriate departments and officials including but not limited to the department of public safety, the treasury department, the building official, and the fire inspector. All location transfers shall be subject to review using the merit point system in effect at the time of submission. No permit location transfer shall be approved unless the newly proposed location garners at least 70 percent of the points available under the effective merit point system, each such city department or official gives written approval, following any necessary inspections, that the proposed new location meets the standards identified in this article, MRTMA, MMMA, MMFLA, and LARA.
- (d) Licensees may transfer a license issued under this article to a different individual or entity upon receiving written approval from the city and LARA. In order to request city approval to transfer a permit to a different individual or entity, the licensee must make a written request by submitting a transfer application to the community development director, indicating the current licensee, the proposed licensee, and all required information needed to demonstrate proper qualifications as determined by the city. The city shall grant the request so long as LARA authorizes the transfer pursuant to the MRTMA, MMFLA, MMMA, and rules promulgated by LARA, and the proposed licensee meets all requirements outlined in this article. The city reserves the right to decline any transfer of license which occurs within the first year of its original issuance.
- (e) With submission of a complete transfer application, the proposed licensee shall pay a nonrefundable application fee of \$2,500.00 for ownership transfer or \$5,000.00 for location transfer, as a means to offset costs associated with review of the proposed licensee's qualifications for marihuana business operation or the development of a new location.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-811. - Minimum operational standards of marihuana business.

- (c) Appeal of denial of an application, or revocation or suspension of a license: the community development department shall notify an applicant of the reason(s) for denial of an application for a license or license renewal or for revocation or suspension of a license or any adverse decision under this article and provide the applicant with the opportunity to be heard. Any applicant aggrieved by the denial or revocation or suspension of a license or adverse decision under this article may appeal to the city council, who shall appoint a hearing officer to hear and evaluate the appeal and make a report and recommendation to the city council. Such appeal shall be taken by filing with the community development department, within 14 days after notice of the action complained of has been mailed to the applicant's last known address on the records of the community development department, a written statement setting forth fully the grounds for the appeal. The city council shall review the report and recommendation of the hearing officer and make a decision on the matter.

- (d) Following the denial of a license and any subsequent appeal during the recommendation and issuance process, may move to recommend the application with the next highest number of merit points as determined in the application process.

(Ord. No. O-15-19, § 1, 12-16-2019)

Sec. 30-814. - Penalties; temporary suspension of a license.

- (a) The city may require an applicant or licensee of a marihuana business to produce documents, records, or any other material pertinent to the investigation of an application or alleged violation of this article. Failure to provide the required material may be grounds for application denial, or license revocation.
- (b) Any person in violation of any provision of this article, including the operation of a marihuana business without a license shall be responsible for a misdemeanor and shall be subject to a civil fine and costs. Increased civil fines may be imposed for a repeat violation. As used in this section "repeat violation" shall mean a second or any subsequent infraction of the same requirement or provision committed by a person or Facility within any 24 month period. Unless otherwise specifically provided in this article, the penalty schedule is as follows:
 - (1) \$750.00, plus costs, for the first violation;
 - (2) \$1,000.00, plus costs, for a repeat violation;
 - (3) \$3,000.00, plus costs per day, plus costs for any violation that continues for more than one day.
- (c) The city may temporarily suspend a marihuana business license without a prior hearing if the city finds that public safety or welfare requires emergency action affecting the public health, safety, or welfare. The city shall cause the temporary suspension by issuing a suspension notice in connection with institution of proceedings for notice and a hearing.
- (d) If the city temporarily suspends a license without a prior hearing, the licensee is entitled to a hearing within 30 days after the suspension notice has been served on the licensee or posted on the licensed premises. The hearing shall be limited to the issues cited in the suspension notice.
- (e) If the city does not hold a hearing within 30 days after the date the suspension was served on the licensee or posted on the licensed premises, then the suspended license shall be automatically reinstated and the suspension vacated.
- (f) The penalty provisions herein are not intended to foreclose any other remedy or sanction that might be available to, or imposed by the city, including criminal prosecution.

Sec. 30-815. - Disclaimer.

- (a) Nothing in this article shall be construed to authorize any person to engage in conduct that endangers others or causes a public nuisance, or to allow use, possession or control of marihuana for unlawful purposes or allow any other activity relating to cultivation, growing, distribution or consumption of marihuana that is otherwise illegal.
- (b) Except as may be required by law or regulation, it is not the intent of this article to diminish, abrogate, or restrict the protections for individual use of marihuana found in the Michigan Medical Marihuana Act, the

Medical Marihuana Facilities Licensing Act, the Marihuana Tracking Act and the Michigan Regulation and Taxation of Marihuana Act.
