Eggleston Park Playground Renovations

RESULTS ARE IN: Eggleston Park Playground Design Selected!!!

Voting for the Eggleston Park playground has officially concluded, and the community has chosen its preferred design. With 20 of the 39 votes cast, the Woodland playground concept received the strongest support.

Staff reviewed the results with the Parks and Recreation Board on 4/16 and will now begin developing construction drawings in preparation for the public bidding process.

Thank you to everyone who participated in this process, whether by attending public meetings, submitting feedback or voting. Your input has played an important role in shaping the future of Burnham Shores, and we look forward to bringing this exciting park improvement to life!
