Motion by Councilman Titus, supported by Councilman Galloway
RESOLVED by the Village Council of the Village of Riverview

WHEREAS, on January 4, 1948, occurred the death of Mr.
Thornton H. Colvin, President and respected citizen of Riverview.

Born in Big Rapids, Michigan, in February, 1882, Mr. Colvin came
to Riverview in 1926 and immediately became actively interested
in civic affairs, retaining that interest until his death.

The public service of Mr. Colvin began in 1927, when he was ap-
pointed to the Village Council. He was later elected to this
office in which he served capably and efficiently until 1931.
In 1932, he was elected to the School Board, and served as its
President until he retired in 1947. His excellent qualities
were accorded recognition by the citizens again in 1933 when he
was chosen Village-President, serving until 1945. Mr. Colvin
maintained a keen interest in civic affairs and in 1947 was
again elected as Village-President. The loss occasioned by
his passing will be keenly felt and the people of Riverview
will long cherish his memory. This Council believes that his
public service should be permanently recorded in the annals of
the Village, therefore be it

RESOLVED by the Village Council of the Village of Riverview
that the citizens of the Village, through us, their representatives,
do hereby declare their sense of the great loss sustained in the
death of Mr. Thornton H. Colvin and do acknowledge his unselfish
devotion to the best interests of the people, and be it further

RESOLVED that as an expression of sympathy on the part of the
members of this Council, and to perpetuate the same on the records
of the Village, this Resolution be spread at length upon the journal
of this day's proceedings; and that the Clerk be, and he hereby is,
directed to transmit a copy of this resolution to the family of
the deceased.

WHEREAS A communication dated January 23, 1948 from the City of Wyandotte explaining that a deficit has arisen in the operations of the Wyandotte General Hospital, and that this deficit was caused largely by patients outside the municipal limits of the City of Wyandotte and

Village of Riverview, Riverview, Michigan

Re: George Mans Subdivision, Pennsylvania and Fort

Attention: Mr. James Hale, Village Clerk

Gentlemen:

Please be advised that I am the owner of property situated in
the Village of Riverview, Michigan, and described as follows, to-wit:
Lots 12, 13, 14, 15, 16, 18, 19, 20 to 43
inclusive, 48, and all areas indicated as
future roadways and easements, in the un-
recorded plat of Mans Subdivision of part
of the North 1/2 of North West 1/4 of Sec-
tion 6, Town 4 South Range 11 East, Wayne
County, Michigan.

I have observed that the Village of Riverview has commenced work
on a sewer line across some of the lots described above. I also have
received information to the effect that the Village of Riverview con-
templated the construction of other sewer lines across this property.

Inasmuch, as the property described above is private property,
that the plat is an unrecorded plat, that no easements or streets
have been dedicated or accepted, you are hereby requested and dir-
ected to discontinue any further sewer construction work on my prop-
erty as described above. At no time have I granted permission to
enter on said premises or to perform the work now in progress.

I am not willing to grant permission to do any sewer construction
work on said premises, which will result in an assessment against the
property or a claim against me. However, I will be willing to discuss
and consider the question of sewer construction, only if same is done
without cost or obligation to me or assessment against the property.

If you wish to discuss the matter further, I will be pleased to
do so.

Very truly yours,

(signed) Ella H. Mans

To the Honorable President

February 1, 1946

and Village Trustees, Riverview, Michigan

Dear Fellow Officials:

Your Board of Trustees appreciates the active support your city has given to the League's general program during the past year which has included a four-month session of the Legislature. We ask for your continued participation in this cooperative endeavor that was initiated some 47 years ago. This will enable your league to continue at the present high level the services of information, legislation and research made possible through payment of your membership service fees.

For various reasons the 1945 Legislature did not see its way clear to enact into law all the recommendations of the Governor's State Tax Study Committee as endorsed by the Trustees and Legislative Committee of the League. However, enactment of a liquor tax, a compromise substitute for sales tax revision, will bring several additional millions into municipal treasuries. Minor amendments to be intangibles tax coupled with full rather than partial municipal sharing should produce more revenues for financially hard-pressed cities. State reimbursement of local veteran homestead tax exemptions will also provide further financial relief.

This past year saw the culmination of efforts initiated several years ago by the League to make available a state-wide pension and retirement plan to municipal employees on a permissive basis. A League drafted and promoted bill is now on the statute books, additional evidence of the benefits obtainable through united municipal action.

End of the war in Japan is bringing a limited reconversion to peacetime production with its attendant new and difficult problems for local governmental officials. Disposition of war surplus properties will loom large in municipal thinking and action and your staff will continue to keep you currently informed on this and other rapidly changing developments that are certain to affect your municipal operations.

Principal information media will continue to be the Michigan Municipal Review, the AMA Washington News Letter, and the usual information bulletins on financial statistics, wages, salaries, etc.

The headquarters office staff will welcome the opportunity of answering specific inquiries on miscellaneous problems as they arise. Your Trustees will also deeply appreciate your suggestions as to how the League may better function to more adequately meet your practical needs. With the very best of wishes, and again thanking you for your past support, I am

Sincerely yours, Michigan Municipal League

SUBJECT: Contract for Grant No. 82-V-84-6
Michigan Public Improvement Program

Dear Mr. Hale:

Our records show that planning documents submitted under the subject
Contract for Grant are being reviewed by the Department of Health
for approval, which is necessary before they can be accepted for
consideration of final payment of grant.

We advise that certain changes in the planning documents and/or ad-
ditional information has been requested relative to the planning of
this project. It follows therefore, that more time will elapse before
full payment of grant can be made.

Under present regulations we will now pay 75% of your grant (\$106.50)
on the basis of the invoice-voucher which we now have; provided however,
that you submit a resolution from your governing body or a statement
of your legal fiscal agent certifying that payment has been made in
the amount for which you are seeking 50% reimbursement.

Recreational Committee Meeting held October 8, 1946.

The Recreational Committee Meeting was called to order by Mr. E. H. Simmons at 8:00 P.M. October 8, 1946 in the office of the A. E. Smith School.

The following members were present: L. Seitz, E. H. Simmons, H. A. DeVore, M. A. Weinlander, Max Stanbery. Absent: None

The minutes of the meeting of July 22, 1946 were read and approved as read.

Old Business: Question of paying for injuries to participants in playground activities was tabled as it was felt that this Committee could take no definite action. However it was suggested that it might be a good idea to have one or two benefit games to help sponsor such an activity.

New Business: Summer recreation program: Mr. Simmons reported that four bats were broken during the summer program, that two dozen balls were used. These should be replaced by the Recreational Committee before next summer's program.

Winter Activities Proposed by Committee: 1. Adult Women's Gym Class to be run for 15 weeks starting October 17 thru March 12, dates to be arranged excluding P. T. A. meeting nights. Miss Edith Faulk to be the instructor. 2. Adult Men's Gym Class to be run for 15 weeks starting November 7 thru March 6, dates to be arranged excluding P. T. A. Meeting Night. 3. A men's basketball league to be run if there is a demand. 4. That the Committee sponsor at least two community dances, furnishing the orchestra and charging a nominal fee, limited to immediate community residents. 5. That the committee present skating rink west of the school be readied for skating by the Village Council. 6. That supervision and maintenance be provided for the rink by the Committee, hours of supervision to be 4:00 P.M. to 12:00 midnight on week days and 12:00 noon to 12:00 midnight on Saturday and Sunday. The question of supervision brought up the problem of what the supervisor could do on days it was impossible to work at the rink. It was thought perhaps the Village Public Works Department might have such a man who could be worked in. 7. That a change house for skaters be provided by the Committee, same to be about the size of a one-car garage.

Recreational Committee Meeting #2

8. That Mr. Simmons be the supervisor for Men's Gym Class and Basketball League. 9. That \$1,000.00 be appropriated by each the Village Council and by the School Board to take care of a year's activities.

Moved by Mr. Simmons and seconded by Mr. Weinlander that the meeting be adjourned to meet again October 23, 1946. Motion carried Meeting Adjourned.

To the Honorable Council

Village of Riverview

Riverview, Michigan

Gentlemen:

Riverview, Michigan

May 1, 1945

In the past we have operated the Police Department with three officers working full time on regular shifts, one of whom was designated as Chief of Police. Then we hired an extra man to work leave days, vacations and sick leaves.

This has been very unsatisfactory for various reasons some of which are as follows:

- 1- It has seldom been possible to hire competent men for the extra job in as much as the man had to hold another job on a full time basis in order to make a living.
- 2- It is unfair to expect the officer designated as Chief of Police to work his regular shifts and then perform the duties of the Chief, such as supervise the work of the rest of the department, make the necessary investigations, inspections, clerical work, court work, and other work ordinarily expected of the Chief.
- 3- Other members of the department realizing that there was no supervision and for all practical purposes no head to the department have in some cases done more or less as they pleased, with the inevitable letdown in efficiency and moral following.
- 4- Many times the Village is left without police protection for hours at a time while the officer on duty appears in court, goes to the prosecutors office, makes an investigation, or is out of town on other legitimate police business.
- 5- The Chief of Police has not been given enough authority over his department.

Due to these conditions and others which it is unnecessary to discuss our Police Department is ridiculed and held in disrespect by many people of all ages, not only in our own Village but in other nearby communities as well. As a matter of fact about all it amounts to recently is a free taxi for some people.

In other words, gentlemen, this deplorable condition is due largely to lack of an organization.

To remedy this situation, and give the Village a Police Department that will be efficient and one that we can be proud of, it is proposed that we to some extent, re-organize the department.

The first recommendation in this respect is that we make it a department with four full time men, the Chief and three Officers. Under this plan of organization the Chief could fill in when the other officers have their leave days and the balance of his time would be devoted to supervision, investigations, inspections etc.

It is further recommended that the Chief and all members of the department be advised that he has complete and full authority over his department, under the direction of the President and Council as provided by the Charter. Further that any officer having any business, regarding the department, to be taken up with the Council shall handle this business thru the Chief of Police.

Further it is suggested that we consider some system of Police training. In this connection the Michigan State Police Training School is recommended. Respectfully submitted for your consideration.

Lee H. Phillips

Village President

May 8, 1945 Dear Friends:

As you, of course, realize the rapid pace of the war brings changing
conditions. The USO has need of funds at many points in the Pacific.
At the same time the vital need for the USO by the Grosse Isle Naval Air
Station has materially decreased.

To release funds for overseas service, the Grosse Isle USO will there-
fore close, at least for the time being, on Sunday, May 13th. If the
needs of the Naval Air Station should warrant reopening, we hope we may
again have your complete cooperation as we have had in the past.

You have made an outstanding contribution to the war effort. Without
your assistance the 200,000 service contacts made here (all happy ones
we think) would never have been possible.

We probably should not thank you on behalf of the Directors and the
USO, but purely on behalf of the men and women in service whom you have
helped so much.

On the other hand, Mrs. Handerson and I wish to thank you personally
for your fine cooperation and the cordial welcome which was given to us in
the Down River area. We shall always be grateful to you.

But most important is the gratitude of thousands of men and women in
blue or khaki who will never forget you. Your reward lies only in the
knowledge of the happiness you helped create and especially for those
who will never return.

The generosity of all volunteer workers at the Grosse Isle USO is
known and spoken of throughout the world. We only wish we could show you
individually the hundreds of letters we have received from both service
men and their parents praising your gracious hospitality and unfailing
interest.

May we close with a quotation from a letter received today from Don
M. Smith of Pleasantville, New York, one of our boys who has just become
an Ensign in the U. S. Naval Reserve. He says - and it is an expression
often used by the hundreds of boys who write (and we join them) -
"God Bless you all, you're swell!"

Very sincerely yours,
Philip C. Handerson,
The Grosse Isle USO Club.

Moved by Councilman McShane supported by Councilman Wesolowicz that the
communication from the United Service Organizations, Inc. be received and

of the Village Ordinance we let my mother take all the money she had
to buy said trailer. This is what we thought might be done, dismantle

removing the axles and putting on a cement foundation, all sanitary
conditions meet such as drain, water, lights or any other needs, or
agreement as to it no longer being living quarters after my mothers
death or in other words not to be used by any other occupant. I have

Hon. Mayor Lee H. Phillips and the
Riverview Village Council
18518 W. Jefferson Avenue
Wyandotte, Michigan
Gentlemen:

The Ecorse June Chamber of Commerce has seen fit to undertake
several post-War Projects, among them being the repair of Southfield Dock
and the extension of the present park to, and including the eyesore known
as the "old smelting plant."

This plant has no value as a contributor to the tax rolls of
either the City or County, and only serves to prevent the public from
viewing the scenery along the riverfront.

The enclosed description of the proposed plan will enlighten
you further on this subject.

The plan gains favor each day with everyone contacted by this
Committee in all sections of Wayne County. Civic clubs, sportsmen's
and business organizations highly favor it, and the Ecorse City Council
has already passed a resolution to that effect and has sent a copy of it
to the Wayne County Board of Supervisors and to this Committee.

We sincerely hope that you will give this matter your deepest
consideration and that you will pass a resolution in favor of same at
your very next meeting. Please mail us a copy so that we may be able to
present ample evidence of the support favoring this project to the proper
authorities.

Knowing in advance that your Honorable Body will act in our
favor, we thank you and remain

Respectfully yours,
ECORSE JUNIOR CHAMBER OF COMMERCE
John Haschal, Chairman
Planning & Parks Committee
Clyde Barron, Secretary

Honorable President and Council

Dear Sirs:

In testing fire hose we have 850 feet of 2½ inch hose and
300 feet of 1½ inch hose.

We have no extra hose in case of fire to replace hose that
would have to be hung up to dry.

We found that the hose on the truck at 160 pounds test
sweats due to sand holes.

I recommend that we purchase or take bids on 500 feet of
2½ inch hose and 100 feet of 1 inch Booster hose and one soft
suction hose 15 feet long.

Hon. Lee Phillips (Oct. 29, 1945)

Pres. Village of Riverview, Wyandotte, Michigan

Dear Mr. Phillips:

I regret very much that the pressure of business and the nature
 of it has kept me out of town on so many occasions that a conflict
 will arise, if it has not already arisen, between my personal business
 and remaining as Village Attorney for the Village of Riverview.

My office advises me that you have tried to contact me. I
 am leaving for South Bend, Indiana, and will be back the latter
 part of the week. I may have to return to New York on business
 during the month of November or possibly early December and on
 January third I will leave and be gone possibly eight to ten weeks.

I am happy, however, to know that legal services were covered
 as far as the Village of Riverview was concerned, having made arrange-
 ments with W. Hugh Williams, former Corporation Counsel for the City
 of Wyandotte, to aid and advise you on any matter during my absence.

In view of the foregoing, I believe it is my desire to herewith
 tender my resignation as of today.

Will you be kind enough to have the City Clerk issue a check
 covering my services on the retainer as well as the additional sum
 of \$15.00 for handling an Ordinance matter before the Justice in
 behalf of the Police Department, and \$50.00 for the services rendered
 on the Taxicab Ordinance.

Yours very truly,
 Frank P. Darin.

Village of Riverview:

Village Council

Riverview, Michigan

Attention: Mr. James Hale

Gentlemen:

After the unfortunate experience connected with our recent burning of waste chemicals on the Village trash heap, we have another plan which we would like to have you consider.

We have a steel dish which we propose to use as a burning pit. The dish has ample sidewall to prevent overflow and spillage on the ground and we, of course, would keep a man on the spot to see that no overflow occurred.

We are working on a plan which will provide a place to burn all of our waste chemicals, but at the best it will probably be about three months before this can be completed. In the meantime it is necessary that we dispose of as much of our current production as possible. This is necessary because of the great fire hazard in having so much around the plant in drums and secondarily because of the lack of space in which to store it.

We earnestly hope that this plan will meet with your approval and assure you that we will allow no spillage or overflow which may seep into the ground and thus enter the sewer system.

Very truly yours,

SHARPLES CHEMICALS INC.

Albert J. Valade
Chief of Police
Riverview, Michigan

Dear Sir:

There seems to be some confusion in the interpretation of Act No. 205 of the P. A. of 1943, and particularly as to the method of enforcement of the provisions of the act.

Act 205 amends Act No. 328 of the P.A. of 1931, known as the Penal Code, and adds two sections to the Code. The section applicable to persons between the ages of 21 to 25 years is known as 141 (b). The mandatory provision of the statute is:

"Any person between the ages of twenty-one and twenty-five, inclusive, who is a purchaser or consumer of alcoholic liquor shall carry and display on demand of any license under Act No. 8 of the Public Acts of the Extra Session of 1933, as amended, a liquor purchase identification card."

You will note that this particular part of the Act does not forbid a person from performing any act, but is specifically a mandatory requirement.

In the same section there is a provision for the violation of the act which provides:

"On and after January 1, 1944, it shall be a violation of the provisions of this section for any person between the ages of twenty-one and twenty-five years, inclusive, to purchase alcoholic liquor unless he has in his possession a liquor purchase identification card issued to him pursuant to the provisions of this section."

You will note that in the first part it is required that "any person between the ages of 21 and 25 inclusive, who is a purchaser or consumer of alcoholic liquor shall carry and display on demand of any licensee a liquor identification card." The latter part of the section sets forth that "it shall be a violation of the provisions of this section for any person between the ages of 21 and 25 years inclusive, to purchase alcoholic liquor unless he has in his possession a liquor purchase identification card."

I am not unmindful of the many difficulties the law-enforcement agencies, and particularly police agencies, will encounter to enforce this law. The question might be asked: What is alcoholic liquor?

*To find the intent behind this law, I am constrained to accept by analogy the interpretation that the Liquor Control Commission itself uses to differentiate between beer and alcoholic liquor, in that it recognizes the beer tavern as being one form of license, and the Class C licensee as being another form of license. And further, that they have prohibited the sale of liquor on Sundays while permitting the sale of beer. Further, I refer to Michigan Statutes Annotated (Supp. Vol. 13), Chapter 175, captioned, "Liquor and Habit-Forming Drugs;" Act 8, 1933 (Ex. Sess.), Page 16, 18.972 Definitions, Section 2. "Alcoholic liquor" carries a special definition, separate and detached from the definition applied to "BEER". From this it is evident that the Legislature recognized the difference between alcoholic liquor and beer, and since a criminal statute must be strictly construed, Act 205 cannot go to the sale of beer.

The enforcement of this act will demand that the person violating the law must himself be the purchaser, but does not exclude any other person who does not come within the provisions of the Act from purchasing for him.

The next question that arises is the consumption. It will be necessary, both in the purchase or in the consumption, to produce for analytical test a portion of the liquor so that we will have the necessary evidence.

You will also note that under the provisions of the act the demand for the identification card may be made by any licensee, but does not extend itself beyond him. I cannot help but feel that this legislation is most unwise and can only ask you to exercise sound judgment and discretion in its enforcement.

Very sincerely yours,

WILLIAM E. DOWLING

Attention: Mr. J. Hale

Gentlemen:

The problem of fire prevention and fire protection
is a very serious one with us. We have just recently finished a
comprehensive training program for our Fire Brigade but feel that
in order to do the job properly that we need experience on actual fires.

The thought has occurred to us that perhaps you would grant
us permission to erect a fire shack on the Village trash heap and permit us
to draw water from a Village hydrant for the practice work. We would,
of course, be willing to make a mutually satisfactory agreement for
payment of the water consumed.

The idea has also occurred that the Village Fire Department
might attend these sessions and thus become more familiar with the
extinguishment of chemical fires, thus both squads profit from the
project.

We earnestly hope that you will give this your full con-
sideration and that we will be allowed to use the trash heap for this
purpose.

February 2, 1944

To the Honorable President
and Village Council
Riverview, Michigan

Gentlemen:

The Michigan Municipal League is now beginning its 45th fiscal year
of activity. All signs point toward a year of new war-created demands
and an intensification of those already being faced by local government.
This will call for increased coordination of municipal activities with
the state and federal governments and for even closer municipal coop-
eration through the League.

Both Congress and the State Legislature are and undoubtedly will remain
in session for the next few months. Both legislative bodies will be
considering measures which will affect the cities and villages of this
state.

We have appreciated your support in the past, and we hope that you will
authorize the payment of the enclosed statement for the fiscal year
beginning February 1 as early as possible, in order that the services
of the League may be continued at the high level which has been established
in the past.

You will continue to receive information on current problems through the
REVIEW, the American Municipal Association, and the special publications
of the League. Our headquarters office will be glad to answer any specific
inquiries about municipal problems and to receive your suggestions as to
how the service to municipalities can be improved.

With sincere good wishes, I am

Geo. C. Higgins, Pres.

Liquor Control Commission
Lansing, Michigan
March 1, 1944

TO ALL LOCAL LEGISLATIVE BODIES:

This is to notify you that the 1943 licenses for sale of alcoholic beverages expire April 30, 1944, and that beginning March 25, 1944, the Michigan Liquor Control Commission will start releasing applications for renewal of licenses.

We wish it distinctly understood, that these application blanks do not indicate in any way the approval of the Michigan Liquor Control Commission of the respective applicants, but are simply a request for the decision of the local governing body which, under the provisions of the State Liquor Law, must be rendered before any further action can be taken by this Commission. A summary of all violation hearings held by the Commission on each licensee, giving the nature of the charge and the disposition of same, is recorded on the face of the application for your information. Naturally, the local governing body had the best knowledge of its own community. The Commission is not in a position under the law to act first. However, it is urgently requesting your honorable body to consider the situation in your community carefully in regard to the following qualifications of the establishments you are to consider for renewal of license.

1. Is the establishment creating a juvenile delinquency problem within your community.
2. Is it properly equipped, sanitary, well-lighted, and safely constructed?
3. Does it create a fire or traffic hazard?
4. Is the proprietor the proper type of person to operate the business?
5. Is the establishment operated in such a manner that it will not be offensive to the people of the vicinity whom you represent?

If you have places that do not measure up to the standards set in your community for establishments directly involved with the sale of alcoholic beverages, then it is the urgent wish of the Michigan Liquor Control Commission that you notify these individuals immediately that you are not recommending the renewal of their license. This is your prerogative under the law; and your duty. The Liquor Control Commission is now notifying you that it will not only appreciate your cooperation, but will not question your judgment.

In regard to Specially Designated Merchants (vendors of package beer or wine) and Clubs, while the law does not require approval of the local governing body, the Commission desires to license only the better type. Therefore, it requests you to express your objections to any SDM or Club that, in your opinion, should not be relicensed for the 1944 license year. The Michigan Liquor Control Commission extends its utmost appreciation and cooperation in any effort you may make in this matter and requests that you make it a special order of business before your honorable body.

FELIX H. FLYNN, COMMISSIONER
THEODORE I. FRY, COMMISSIONER

Regional Planning Council
474 West Warren Avenue
Detroit 1, Michigan
Temple 1-2217
March 2, 1944

You are invited to attend an invitational conference sponsored by the Regional Planning Council on Tuesday, March 14 at 2:45 P.M. at the Engineering Society Auditorium, 100 Farnsworth.

Major General Philip B. Fleming, Administrator, Federal Works Agency, will be the guest speaker and will address the group on plans for federal participation in postwar public facilities development.

The conference should be most helpful to those interested in local planning, inasmuch as the fulfillment of local plans is closely related to federal cooperation. General Fleming, as federal administrator, will undoubtedly be able to help us understand what we may expect in federal planning as it relates to the work of local agencies.

At the same meeting, brief progress reports will be given by the Executive Board of the Regional Planning Council.

We hope you will be able to attend.

Sincerely,
David D. Henry, Chairman

To the Honorable President
and Village Council
Riverview, Michigan
Gentlemen:

We wish to acknowledge receipt of your dues to the Michigan Municipal League for the fiscal year 1943-44. It is through your cooperation and the cooperation of other municipalities in the state that the scheduled program of the League can be maintained.

The Congress will probably stay in session throughout the year. The State Legislature has brought its special session to a close. Particularly significant to cities and villages is Act No. 27, providing approximately sixty-five cents per capita for project planning. If you have any questions about this legislation, we shall be pleased to hear from you. It is worth noting that only one other legislature in the United States has taken action to stimulate local planning as forcefully. The Board of Trustees, elected to act as your representatives, have given considerable time and thought to the development of League Policy. Whenever you have suggestions as to changes in our procedure which will improve services to the municipalities, we shall be very glad to hear from you.

Very truly yours,

THE BOARD OF TRUSTEES

WHEREAS, the municipalities in which the properties are located must approve the application of the owner to pay the delinquent taxes, and

NOW, THEREFORE, BE IT RESOLVED,

1. That, John J. To the Council of the Village of Riverview:

The Temporary Planning Commission at a meeting held on Thursday
June 1, 1944 at eight o'clock P.M. adopted the Village Ordinance
granting and organizing a Planning Commission, stating the powers
and duties of such a Commission. The following members voted for
the adoption: Frank Manning, Albert Reno, Rolla Shaffer, John Titus,
M. A. Weinlander. None were opposed.

After considerable discussion at which the following recommendations
were made: Installation of a Fire Alarm System, a new Municipal
Building, Straightening, grading and beautifying the streets, Improve-
ment of alleys, construction of necessary sidewalks, the Committee
felt that it ~~was~~ was advisable to set aside \$15,000 a year, or
approximately 3 Mills on the assessed valuation of the property into
a fund which could be used for Post War Improvement only.

It was suggested that an architect be consulted concerning the general
plan for a Municipal Building and that the Village Council make
recommendations on what they wish to include in such a building, further
that members of the Commission as well as the Council visit all Muni-
cipal buildings in the Metropolitan Area which might answer our needs
and then draw up a general plan to be submitted to the architect for
suggestions, the architect of course is to receive no pay for these
services until he is asked to draw plans and specifications, the
preliminary survey being entirely a matter of good will.

Respectfully submitted,
M. A. Weinlander, Chairman

December 4, 1944

Village Council
Riverview, Michigan
Gentlemen:

The Riverview Sibley Parent Teachers Association appointed me as
Chairman of a Committee to ask you for financial assistance in promoting
a community project. I feel that this project is a worthy one and do not
feel hesitant in asking your aid as I know that you are interested in the
affairs of our young people.

The project consists of this. The P.T.A. plans on showing moving
pictures to the younger children of the school district on Saturday
afternoons in the Smith School gymnasium. The pictures are to be chosen
by a committee from the P.T.A. and members have volunteered their ser-
vices to see that there is proper supervision and someone to operate the
movie machine. This project is not for the purpose of making money, but
rather to give boys and girls, especially the younger ones who do not
have the opportunity to go to Wyandotte, a chance for entertainment. Also
by giving these boys and girls entertainment of the right kind, we
perhaps can guide their thinking along the lines most desired. In addition,
we will be joining with other communities in the work of keeping our
American way of life the best on earth.

As the P.T.A. does not plan to make money on this project, the
admission charge will be negligible if anything and the P.T.A. would
prefer to have these movies free.

The cost of the pictures which come in series of six are about
\$15.00 for each set or about \$90.00 for a complete series. These
pictures will be shown every two weeks starting sometime in January
which will carry the program up to about Easter. In addition to the cost
of the picture, I understand that the P.T.A. must pay for the extra
Janitor service involved. If this is the case, the cost of one of these
programs will run from \$20.00 to \$25.00 each Saturday afternoon. As you
can see the cost of this project is a little beyond the means of a non-
profit organization although they do plan on holding other functions
such as card parties, dances, etc. to help defray expenses.

If this worthy body can see fit to contribute enough to finance
one or two of the shows it will be very much appreciated by the P.T.A.
However, any contribution or backing which you can give this project
will be appreciated.

Very truly yours,
MAA E. STANBURY

RESOLUTION BY COUNCILMAN HALE SUPPORTED BY COUNCILMAN TITUS:

WHEREAS, the United States Government has, through purchase or
condemnation, acquired many parcels of land in the cities, towns,
villages and counties of the State of Michigan, and

WHEREAS, these parcels of land became tax exempt, and

WHEREAS, upon most of the lands thus acquired the Government
has seen it fit to erect large defense plants and to install
valuable machinery therein, which are also exempt, and

WHEREAS, these plants are run and managed by private corporation
on a contract fee basis, for a profit, and

WHEREAS, the location of these plants in most cases has imposed
upon the local governments tremendous problems in road construction
and maintenance, traffic control, schooling, health, sanitation,
drainage and policing, the cost of which is borne mostly by taxes
imposed upon the other real estate of the communities, and

WHEREAS, due to the exemptions of soldiers, the shrinkage of
merchants' stocks and curtailment of civilian commodities, due to
rationing and other war causes, the closing of non-defense factories
due to lack of raw materials, and other similar causes, the assessed
valuation of these communities will show a decline this year, and

WHEREAS, the expenses of these local governments will increase
due to high costs of materials and the necessity of higher wages
for their employees in competition with private wage scales and
other similar causes,

NOW, THEREFORE, BE IT RESOLVED, that the Council of the Village
of Riverview, does hereby go on record as favoring the payment
by the Federal Government of a service charge equivalent to the
amount of tax that would be paid to the respective units of govern-
ment in whose jurisdiction the plant is located as if the said plant
and machinery were the property of a private enterprise and subject
to taxation,

AND BE IT FURTHER RESOLVED, that a copy of this resolution be
sent to our Senators, Arthur Vandenberg and Homer Ferguson, and
the Michigan delegation in the house with the recommendation that
each do all he can to promote the passage of such and act through

October 26, 1943.

Mr. James L. Hale,
Clerk, Village of Riverview
Wyandotte, Michigan R.2.

Dear Sir:

I wish to submit the following report to President T.H.Colvin
and to the other officials of the Village of Riverview on the Victory
Garden Program that they so wholeheartedly supported.

There were this year approximately two-hundred victory gardens in
Riverview which is over sixty per cent of the homes. In general, the
results were good considering the late plantings caused by the extre-
mely wet season. About ten per cent of the ground that was plowed was
not planted due, probably, to loss of interest and late plowing.

The total cost for preparing the gardens for planting was five-
hundred and eighty two dollars and ninety two cents, (\$582.92) or about
\$2.91 per plot. Under normal conditions I believe that the same amount
could be done for about four hundred dollars, as many plots had to be
worked several times.

The above sum of money was paid to the following people:

Stanley Grod-----	\$20.00
Joe Kozma-----	78.00
Charles Leider---	150.75
Elroy Groh-----	276.17
William Rancour--	58.00
Total--	<u>\$582.92</u>

Several people wished additional plowing done and in those cases
I advised them to pay the person who did the plowing the additional
amount. In two instances it was impossible, for various reasons, for
the man who did the work to collect the additional amount for extra plo-
wing. In those two cases I advised the committee-man in that partic-
ular area to collect the money if possible and give it to the proper
persons, or to me, in which case it would have been subtracted from
the final payment. However, these cases have not been settled, so far
as I know, and I have made no attempt to collect it, other than give
one of the committee man a bill to present to the person concerned.

The many Victory Gardeners who waited so patiently for their
plowing should be complimented on their fine spirit of co-operation.
I wish, also to acknowledge the valuable help given me by the members
of the Victory Garden Committee, the Village Council, Village Clerk,
and President Colvin.

In view of helping the next year's Victory Garden Chairman may
I make the following suggestions:

1. Have as much fall plowing done as possible.
2. Charge a fee of \$1.00 upon each application.
3. Appoint Chairman for following committees:
 - a. Committee to plan for group purchase of seeds
and plants.
 - b. Committee for soil testing.
 - c. Committee for publicity to keep members informed
of pertinent information.

Yours truly,
W.L. Hetzman

It is Hereby Resolved, the the Village Clerk apply to the Public Debt Commission of the State of Michigan for permission to issue refunding bonds to the amount of \$95,000.00, to refund the outstanding callable refunding bonds.

Resolved, Further, that in each year while any of such bonds shall be outstanding, a tax shall be levied in an amount sufficient, after allowing for a percentage of delinquency in tax collection equal to that of the preceding year, to provide for the full payment of principal and interest on said bonds falling due before the next tax collection date, and that the proceeds of such tax be placed in a special fund to be known as the "1941 Refunding Bond and Interest Fund" to be used for the payment of such principal and interest and for no other purpose; Provided, that if any surplus accumulated in said fund in excess of the principal and interest requirements for the next year shall be used to redeem callable bonds, and after all callable bonds have been retired, the Council may omit or reduce the amount of the tax for any year by the amount of such surplus.

Resolved, Further, that the money now available in the special debt service fund together with all delinquent debt service taxes for the years 1937 to 1940, inclusive, hereafter collected, be used, first to redeem \$1,060.17 in 1937 Series C and D Refunding Bonds which are not being refunded and \$2,000.00 serial bonds due 6/30/1941 plus \$800.00 interest due 6/30/1941 on the serial issue of bonds; second, to pay the expenses of refunding; third, to be divided between sinking funds for Series A, B, C and D Certificates of Indebtedness in proportion to the amount of such Certificates of Indebtedness outstanding.

Resolved, Further, that said bonds be signed and executed on behalf of the Village by the President and Village Clerk, and have interest coupons attached bearing the facsimile signature of the Village Treasurer, and that when so executed, the bonds be deposited with the Village Treasurer and be delivered by him to the purchaser thereof, when sold, on payment of the purchase price.

Resolved, Further, that said bonds be sold at the public sale on June 11th, 1941, at 8:00 o'clock P.M. at the Municipal Building in the Village of Riverview, and that the Village Clerk cause notice of sale to be published in the Trenton Times and the Michigan Investor, papers having the legal qualifications for such publication, and that the proceeds of sale be deposited with the Detroit Trust Company, Detroit, Michigan, in a special trust account to be used only for the redemption of the bonds to be refunded.

Resolved, Further, that the outstanding bonds of Series B, C and D be called for redemption on July 15, 1941.

Commissioner O'Brein moved the adoption of the following resolution:

WHEREAS, a certain section of the Village of Riverview is in need of sanitary sewerage facilities, in order that existing sewerage of this section may be connected to the Wayne County Sewage Disposal System; and

WHEREAS, the Board of County Road Commissioners is now sponsoring an out-County sewer and water main project with the assistance of the Work Projects Administration; and

The motion was supported by Commissioner Wilson and carried by the following vote: Yeas, Commissioners Breining, Wilson and O'Brein; Nays, None.

Answering Commissioner Wilson, Mr. Hiltz stated the cost to the Board would be between \$10,000.00 and \$11,000.00 and that Riverview has already made its \$3,000.00 payment; and this would be a strictly sanitary sewer of about 7200 feet in length, and its purpose is to pick up existing sewers which have no outlets; and the deepening of the ditch is also a part of this project.
