Mr. Richard Gouchee of Miller, Canfield, Paddock & Stone, Bond Counsel addressed the Council in reference to Council action on a Resolution of Intent to issue bonds.

The following Resolution of Intent was read in its entirety by Councilman Brown and adopted.
Resolved by Councilman Brown, supported by Councilwoman Shoemaker that

Whereas, there exists in the City of Riverview (the City) a continuing need for programs to alleviate and prevent conditions of unemployment and to assist and retain local industries and commercial enterprises and to strengthen and revitalize the City's economy, and it is necessary and appropriate to provide means and methods for encouragement and assistance of industrial and commercial enterprise in locating, purchasing, constructing, reconstructing, modernizing, improving, maintaining, repairing, furnishing, equipping and expanding in the City; and

Whereas, the City wishes to induce Federal Marine Terminals, Inc., an Illinois Corporation, (The Company) to locate facilities within the City; and

Whereas, the Company has indicated to the City Council its desire to construct a structure consisting of a dock and terminal facility, which includes provision for covered and uncovered storage and warehousing and related machinery and equipment within the City (the Project) subject to, among other things, obtaining appropriate assistance in financing for the same, and has requested the City to assist it in such financing; and

Whereas, in order to facilitate such financing, as well as other programs to alleviate and prevent conditions of unemployment and to assist in retaining local industries and commercial enterprises, the City is considering the creation of an Economic Development Corporation (EDC) under the provisions of Act. No. 338, Public Acts of Michigan of 1974, as amended (Act 338); and

Whereas, the City is also empowered to issue Industrial Development Bonds under the provisions of Act. No. 62, Public Acts of Michigan of 1963, as amended (Act 62); and

Whereas, the Company proposes and requests that the City, through the issuance of revenue bonds by the EDC under the provisions of Act 338 or through the issuance of industrial development revenue bonds under the provisions of Act 62 (referred to herein in either case as the "Bonds") assist in the financing of the Project by using the proceeds of the sale of the Bonds to acquire the Project and thereafter cause the EDC or the City to lease the same to the Company; and

Whereas, the Bonds would be payable solely from rental and/or lease purchase payments to be received from the Company and, upon payment of the Bonds or provision therefor being made, title to and ownership of the Project would be conveyed to the Company for a nominal consideration; and

Whereas, the City has been advised that the estimated cost of the Project to be financed by the Bonds (including costs incidental to the issuance of the Bonds) will not exceed Ten Million ($10,000,000.00) Dollars; and

Whereas, the City Council deems it necessary for the public welfare of the City, in order to alleviate and prevent conditions of unemployment and to retain industry within the City and to strengthen and revitalize the economy of the City, that the Bonds be issued and the Project be acquired for lease and sale to the Company by the EDC or the City; and

Whereas, if the Bonds are issued under Act 62 such issuance must be approved by the Michigan Finance Commission and a notice of intention to issue Bonds up to the aggregate principal amount of $10,000,000 must be published in order to comply with the requirements of Act 62; and

Whereas, it is necessary for the City to advise the Company of its intention to cause the Bonds to be issued, either by the EDC or by the City under Act 62; prior to the commencement of acquisition and construction of the Project.

Now, Therefore, Be It Resolved That:

1. The City will cause the Bonds to be issued either by the EDC (in which case it will cause the EDC to be formed and take such action as is within the power of the City to cause the EDC to issue the Bonds) or by the City itself under Act 62, in an amount not exceeding $10,000,000, for the purpose of paying the cost of acquiring and constructing the Project and for costs incidental to the issuance of the Bonds, provided that a lease or lease purchase contract or other documents and details pertaining to the Bonds are prepared with such provisions and details as are acceptable to and approved by the City Council and provided, further, if the Bonds are to be issued under Act 62, that the Municipal Finance Commission of the State of Michigan approves the issuance of the Bonds and provided, further, that the Bonds can be sold.

2. The proceedings and agreements relating to the acquisition and construction of the Project and issuance of the Bonds shall contain such provisions and details as shall absolutely make certain that under no circumstances will the EDC or the City or its taxpayers or citizens, ever be required to pay the principal of or interest on, or any other costs relating to, the Bonds from tax revenues or other general funds of the EDC or the City, and shall in addition contain provisions fully protecting the EDC and the City against any other liability or costs relating to the Bonds and the Project, all of which provisions shall be acceptable to this City Council.

3. By adoption of this resolution the City assumes no obligation or liability to the Company for any loss or damage that may result to the Company from the adoption of this resolution or its reliance thereon, and all costs and expenses in connection with the acquisition and construction of the Project and all costs of the issuance of the Bonds and any and all other costs relating to the acquisition financing, ownership or operation of the Project shall be paid from the proceeds of sale of the Bonds or by the Company.

4. Upon receipt of advice from Bond Counsel that the Bonds will be issued under Act 62, as contemplated herein, the City Clerk is directed to cause a notice of intent to issue the Bonds to be published in the News-Herald, which the City Council hereby determines and declares to be a newspaper of general circulation in the City a newspaper in which municipal announcements of the City are published. Whereas, the City of Riverview hereinafter called Employer, contemplates that it may utilize the services of the Michigan Municipal League (League) for personnel testing and allied services as a part of its hiring and/or promotion of employees, and

Whereas, despite the best efforts of the League and the Employer to avoid violation of the Equal Employment Opportunity Act of the Federal government and other statutes relating to discrimination on account of race, national origin or sex, the likelihood of litigation making a claim of such discrimination is substantial, and

Whereas, the defense of the Employer and of the League to any such litigation can most economically and feasibly be carried out as a unitary defense,

Therefore Be It Resolved, That the Employer does hereby agree with the Michigan Municipal League as follows:

(1) If it utilizes the personnel selection or other personnel services of the League such utilization shall be subject to the provisions of this resolution.

(2) If a complaint, proceeding or suit is brought or claim is made based on a charge of unfair or illegal employment practices against the Employer or the League or both, or against any employee of the League by one or more persons, which complaint, proceeding, suit or claim is in any way related to the testing contemplated by or carried out under this agreement, the Employer will defend the League and its employees at no expense to the League or its employees and in the event damages or costs are awarded against the League or any employee of the League, the Employer will pay the same when award or judgment become final. The League will cooperate with the Employer as the Employer may require in its defense of any proceeding or suit. League expenses, including employee time necessarily expended in connection therewith or in attending any court or tribunal or administrative agency at the request of the Employer, shall be paid by the Employer to the League upon submission of a bill for such expenses. Reimbursement for staff time shall only be that time required over that normally required in processing an uncontested examination. If any such litigation does not name the League as a party to the action but the employees of the League are required to expend time in assisting the Employer in the defense of the litigation or in answering official interrogatories or depositions duly served upon it by other parties to such action, the Employer will pay the same rates to the League for employees' time expended in connection therewith as are agreed to by the Employer for the personnel services of the League. This clause shall be applicable even if such proceeding or suit is groundless, false or fraudulent, but the Employer may make such investigation, negotiation and settlement of any claim or suit as is deemed expedient.

This resolution shall be valid until terminated by action of the legislative body of the Employer but any such terminating shall be without prejudice to claims arising prior to such termination. Ten (10) days written notice of such termination shall be given to the League.

When would construction begin?

WHEREAS, the Michigan Department of Natural Resources has been given preliminary authorization to promulgate (through action of its Air Pollution Control Commission) new regulations controlling air quality for specified areas of the State, and

WHEREAS, the Michigan State Implementation Plan for Air Pollution Control (acronym: SIP) as proposed and as presented at Public Hearings (held at Lansing on February 14, 1979), particularly Section 8 thereof, contemplates that a "permit" will be required of all new industry locating in the Detroit Metropolitan Region, if its operations will in any manner emit or be a source of emission of any particulate matter into the air, but

WHEREAS, such State Implementation Plan (SIP) also decrees that the Detroit Metropolitan area (portions of Oakland and Macomb counties included with Wayne County) is a "primary non-attainment area" in which industrial growth will be restricted through administration of an "emission off-set" rule to be made applicable and enforced effective July 1, 1979 as against any new industry locatin within the "non-attainment area" regardless of the geographical location within the area, and

WHEREAS, Riverview has been arbitrarily assigned to the "non-attainment area", even though it has not experienced any industrial growth in the past, and

WHEREAS, the implementation of the "emission off-set" regulations as proposed will require any new industry which plans on locating its operations in Riverview, to purchase or buy-out an existing emission source within the area so as to

> "provide an emission reduction from existing sources at least as great as the emissions will be from the new (plant)"

as a prior condition to its being granted a permit by the Air Pollution Control Commission, and

WHEREAS, Riverview has, over a decade or more, and through orderly and well considered re-zoning, planned and developed an industrial area which planning will be for practical purposes defeated and nullified, and the City deprived of the intended benefits of such industrial development, by the enforcement of such regulation by the Department of Natural Resources, and

WHEREAS, the natural, logical, and probable end result of the enforcemen of such regulation will be to drive industry away from Riverview and into some oth out-lying area of the state, outside the primary "non-attainment area" to which Riverview has been relegated.

NOW, THEREFORE, BE IT RESOLVED that the Michigan Department of Natural Resources, Air Quality Division, be requested to exclude the City of Riverview fro the "Detroit Metropolitan Area" and its "primary non-attainment" air pollution status as defined in the State Implementation Plan for Air Pollution Control, and

BE IT FURTHER RESOLVED that City Council's Delegate to the South East Michigan Council of Governments (SEMCOG) be directed to procure appropriate action by that body to defer, suspend or obtain other relief from the threatened application of the "emission off-set" regulations to the City of Riverview.

BE IT FURTHER RESOLVED, and the City Clerk is hereby directed to furnish copies of this Resolution to the Cities of Woodhaven, Southgate, Taylor, Romulus, Gibraltar, Dearborn Heights, Flat Rock, Wayne and the Townships of Brownstown, Van Buren, and Huron, seeking their support for a suspension of the regulation, and that failing, for their cooperation in coordinating a constitutional challenge to the enforcement of such regulation as against undeveloped industrial communities similarly adversely affected by such regulation, and

Jeffrey Padden, Senator James DeSana regarding the location of the proposed jail, recommending the use of the land at the Detroit Metropolitan Wayne County Airport facility since the County owns the land and would not obstruct any of the communities in the area and would be a minimum cost of the facility in the entire area including the maximum security required, and that our surrounding communities be notified of Council's suggestion.

Resolved by Councilman Capezza, supported by Councilman Iverson that the letter from our City Attorneys dated March 22, 1979 regarding Revenue Sharing Renewal be received, placed on file and

WHEREAS, certain special interest groups, which are faced with budgetary cut-backs at the Federal level, because of anti-inflation economic measures already taken by the Federal Office of Management & Budget, have announced their intention to lobby against Revenue Sharing in hopes of dislodging more funds for their special interest purposes, and

WHEREAS, Federal Revenue Sharing as a sound objective of congressional policy has been demonstrated over the past several years, and

WHEREAS, a renewal of the Revenue Sharing Act must be voted by Congress no later than September, 1980, by a Congress composed of many newly elected members who are now neutral or not strongly committed to the objectives of Revenue Sharing, and

WHEREAS, there is now already underway a vigorous attempt by certain special interest groups to undermine, or scuttle the whole concept of revenue sharing and to divert funds budgeted for that purpose to other projects.

NOW, THEREFORE, BE IT RESOLVED that the City of Riverview does advise all Michigan congressional personnel of the urgent need, and the demonstrated effectivness of Revenue Sharing as a means of assisting local government in accomplishing the greatest possible public benefit, and

THAT IT DOES HEREBY URGE that Revenue Sharing legislation be renewed well prior to the September, 1980, expiration date, so as to permit local government to continue with logical and appropriate planning measures which are dependent upon Revenue Sharing.

FURTHER, that it would view with great distaste and disappointment any attempt on the part of a member of the Michigan congressional delegation, to support any measure which purpo ts to discontinue, disrupt, or phase-out the present Revenue Sharing Program, and to the contrary,

BE IT RESOLVED that the City of Riverview hereby requests all of its citizenry, and taxpayers to join it in urging the members of the Michigan Congressional delegation to support by active measures taken now, and to announce by appropriate statements their continuing support for the concept of Revenue Sharing, and their support for a prompt renewal of the Revenue Sharing Act.

2314 Resolved by Councilman Brown, supported by Councilman Capezza that the following resolution be received, placed on file and adopted:

WHEREAS, the Grosse Ile Toll Bridge and the bridge to Grosse Ile owned by the Wayne County Road Commission ("County Bridge") provide the only highway access to and from the Township of Grosse Ile and the City of Riverview for vehicular traffic including fire equipment, police vehicles and emergency medical vehicles; and

WHEREAS, these two bridges presently open on signal at any time for all vessels traversing the Trenton Channel of the Detroit River requesting passage, thereby causing serious traffic congestion at certain times, often causing traffic to back up for more than a mile; and

WHEREAS, this Council has been informed that beginning on or about June 1, 1979 and continuing into the late Spring of 1980, the Grosse Ile County Bridge will undergo extensive repairs, which will require a closing of that bridge to all vehicular traffic during the hours from 8:00 p.m. on Friday through to 6:00 a.m. on Tuesday for each weekend during such lengthy period of repairs, leaving the Grosse Ile Toll Bridge as the sole highway access from this City to the Township of Grosse Ile during such periods; and

WHEREAS, during the periods of the closing of the County Bridge, it is estimated there will be an increase of vehicular traffic over the Toll Bridge of approximately four times the present traffic rate; and

WHEREAS, providing unlimited bridge openings for all freighters, commercial boats and pleasure craft through said Toll Bridge during these periods of normal traffic congestion while said County Bridge is closed for repairs will cause hazardous conditions which will seriously jeopardize the health, safety and welfare of the residents of Grosse Ile Township and substantially hamper the continuous flow of commuters and commercial traffic from this City to Grosse Ile; and

WHEREAS, any detrimental effects of restrictions on the time of closings of these bridges for navigation is clearly outweighed by the need for reliable surface ingress and egress to and from the Township of Grosse Ile for emergency and other vehicles; and

NOW THEREFORE, BE IT RESOLVED, that the Council of the City of Riverview, pursuant to Title 33 of the Code of Federal Regulations, Section 117.1a (d), does hereby request that the United States Coast Guard amend the Regulations governing the Grosse Ile Toll Bridge across the Trenton Channel of the Detroit River, effective only for the period of time repairs are being made to the Grosse Ile County Bridge, so as to limit the navigation of vessels through the Toll Bridge each week, as follows:

1. That Bridge openings through the Grosse Ile Bridge for the passage of all commercial vessels be prohibited between the hours of 6:00 a.m. and 9:00 a.m. and between the hours of 3:00 p.m. to 7:00 p.m. on Saturdays through Monday, inclusive.

2. That for all pleasure craft, openings of the Grosse Ile Toll Bridge, during the hours between 6:00 a.m. through 9:00 p.m. on Saturdays, Sundays and Mondays, be limited to the following times: 9:00 a.m., 11:00 a.m., and 3:00 p.m.

3. That there shall be exempt from the foregoing restrictions, vessels of the United States government, vessels in distress, and state and local government used for public safety or emergency medical service, which vessels shall be passed through the Toll Bridge as soon as possible at any time even through the closed periods may be in effect.

4. That these restrictions shall be effective only for so long as the Bridge owned by the Wayne County Road Commission, crossing the Trenton Channel is closed for the making of repairs during the weekend periods.

The foregoing resolution was adopted by a unanimous vote of those members present.

At this time Mayor Rotteveel asked if there was anyone in the audience who wished to address the Council.

HELD ON MONDAY, JULY 2, 1979, A.D. IN THE
COUNCIL ROOM OF THE MUNICIPAL BUILDING

Tape 235
Side 2

Meeting called to order at 8:06 P.M.

Presiding: Mayor Pro-Tem Brown

Present: Councilmen Acs, Capezza, Iverson, Wadlin, Councilwoman Shoemaker

Absent & Excused: Mayor Rotteveel (Vacationing out of the country)

Also Present: City Manager Kollman, City Attorney Logan, Landfill Director Shoup, Police & Fire Chief Highfield, Purchasing Agent Zula, City Engineer Hennessey, Parks & Recreation Director Shea.

The Pledge of Allegiance was led by Councilman Wadlin.

The Invocation was given by Bishop John Dibble of the Mormon Church.

At this time Mayor Pro-Tem Brown dispensed with the Regular Order of Business so that the following Public Hearing could be reconvened:

PUBLIC HEARING on Necessity - Special Assessment District No. 1979-4, King Road Storm Sewer Special Assessment (Recessed from June 18, 1979 meeting).

Resolved by Councilman Iverson, supported by Councilman Acs, that the item be referred back to the City Manager for negotiations to reapportion the allocation of costs for the affected property owners.
Carried unanimously.

At this time, Councilman Iverson suggested that Council again dispense with the Regular Order of Business and address itself to Persons in the Audience in the interest of time. There being no objections from Council, Council deviated from normal order of business and went directly to Persons in the Audience.

PERSONS IN AUDIENCE:

Mayor Pro-Tem Brown indicated to the audience that there is no Agenda item on the matter of the paving of Grange Road, but Council would be pleased to hear from persons desiring to address Council on the issue, for their input. Further, Council wished to indicate to the citizens that the paving of Grange Road is the result of a citizens' petition presented to Council; a hearing of necessity was conducted and Council determined the paving to be necessary. The matter of financing of that special assessment is pending; it will be studied by staff and at a future date staff will make a recommendation to the City Council concerning how the special assessment should be handled for this particular project. This is the same policy and practice that City Council follows for all special assessment districts.

Sandra Gillis, 13848 Greentrees, Riverview, addressed Council as a result of the Detroit Free Press article, stating that if the article were indeed accurate, she was in sympathy with Mrs. Liverence. She felt Mrs. Liverence was handled poorly and with disrespect, and hoped that in the future she would be handled with more sensitivity. Also, there were other residents who felt the same way, i.e., threatened and insecure.

Mr. Robert Butcher, the attorney representing Cardinal Dearden and Mr. and Mrs. Liverence, stated that he had forwarded to the City Clerk a letter stating the various legal positions regarding this matter.

At this point the City Clerk read into the record the letter from Attorney Butcher.

Resolved by Councilman Iverson, supported by Councilman Capezza, that the letter from Attorney Butcher be received, placed on file and referred to staff for consideration.
Carried unanimously.

A second letter, dated July 2, 1979, regarding Grange Road Paving Hearing from Mr. Paul Solo, stating he wished to go on record as being opposed to said paving project was read by the City Clerk. Mr. Solo is the property owner at 18862 Grange Road, Lot 02F1A1.

Resolved by Councilman Acs, supported by Councilman Capezza, that the letter from Mr. Paul Solo, 18862 Grange Road, be received, placed on file and referred to staff for consideration.
Carried unanimously.

Mrs. Ardsley Brown, 19181 Wedgewood Court, Riverview, addressed Council, stating that she felt that Grange Road is a thoroughfare and needs to be paved, but that the property owners abutting Grange Road should not be assessed the total cost.

Mr. William E. Leuffen, 18011 Brentwood Drive, Riverview Glens, addressed Council asking for a clarification of the background of Grange Road - did City pay for original paving, why was it necessary to stop short of that one unpaved section?

At this point, Council resumed its normal order of business.

Resolved by Councilman Acs, supported by Councilwoman Shoemaker, that the Minutes of the Regular Meeting of the City Council held on June 18, 1979, be approved as presented and placed on file.
Carried unanimously.

At this time Mayor Pro-Tem Brown asked if there were anyone in the audience who wished to address Council.

Mr. Stanley M. Nasarzewski, 20419 Foxboro, Riverview, requested Council to explain City policy in drainage problems. Why did some residents have to perform their own work, being reimbursed for materials only, while others had the City do the work, as well as furnishing the necessary materials?

A question and answer period was given to the people in the audience at this time.

Some of the questions that were addressed were as follows:

What is the underlining catch to receiving the HUD money? When you receive the HUD money, the Government feels they own you.
What about Senior Citizens on a fixed income? Will you be able to choose where you go and who helps with this?
Will the funding application be submitted if the people don't want it? 25% of income is net or gross income? If the three appraisals are not agreed, is the final result condemnation?
Is the Project on Pennsylvania Road the only project for low income housing being considered at this time or is there another location, such as Fort Street?
Who will maintain the property for the Pennsylvania Road Project?
How soon will we know how much we will get for our property and relocation?
Is all we have to choose from Condominiums or are there single homes?
What consideration is being given to businesses in the area?
Would it be possible to have some houses appraised at this time for some kind of example? Could there be a cost estimate based on footage given?
If you refuse to sell, what can they do?
What part of the City would be considered for relocation of businesses? Would it be feasible to stay in that area with the M-1 Zoning?
How were the figures of $15,000 for an owner and $4,000 for a renter derived in the relocation process? The figure of $25,000 was used in the newspaper as an example of the average value of a home in that area, where did this figure come from? How long will construction take for the cluster housing? In relocating, will my payments be comparable to what I now pay and will my relocation be similar to what I now live in? For a renter, will they guarantee the same amount of rent? My husband and I live within walking distance of our work, will there be some provisions for transportation? Because it is zoned industrial, isn't it evident it will be used as industry?

Resolved by Councilman Capezza, supported by Councilman Kesterson that the Public Hearing be closed.

Resolved by Councilman Iverson, supported by Councilwoman Shoemaker that the Mayor and Council for the City of Riverview support the Headlee Proposal in its concept for tax limitation, it being the only reasonable tax limitation proposal on the November 7th, 1978 Ballot. Be it further resolved that by doing so, the City of Riverview recognizes the desirability of such a proposal. Be it further resolved and understood that the Headlee Proposal would be almost non-existent, thereby the local government can continue to serve its constituents as have been doing so in the past. The Headlee Proposal is aimed primarily on a state level. It curves the state budget and restricts the state level of government from "passing the buck" to local governments on paying the costs of programs instituted by the state. Whereas in comparison, the Tisch Plan and the Voucher Plan are also tax limitation proposals on the ballot but aimed at the local governments and would greatly reflect on the school districts involved.

Honorable William G. Milliken
Governor, State of Michigan
The Capitol
Lansing, Michigan

September 15, 1977

Attention: Kenneth P. Frankland
Legal Counsel

Re: City of Riverview - Charter Amendment

Dear Governor Milliken:

You have referred to us for examination a proposed amendment to § 4.2 of the Charter of City of Riverview, adopted by resolution of the Riverview City Council dated July 5, 1977.

We have examined the proposed amendment in light of the home rule cities act, 1909 PA 279, MCLA 117.1 et seq; MSA 5.2071 et seq, and other applicable law and we recommend that you approve the same subject to the following:

We have examined the ballot question as contained in the resolution and cannot approve the same for the reason that it contains the dual proposition contrary to § 21 of said act, MCLA 117.21; MSA 5.2100, which provides in pertinent part:

(Cont'd letter to Governor Milliken)

"...Any proposed amendment shall be confined to 1 subject and in case a subject should embrace more than 1 related proposition, each proposition shall be separately stated to afford an opportunity for an elector to vote for or against each such proposition...."

On the subject of compensation, the proposed ballot question contains separate propositions regarding the compensation of the Mayor, and the compensation of City Councilmen. These propositions should be stated in separate ballot questions to afford the electors the opportunity of voting separately on each such proposition. The ballot questions could be stated in substantially the following language:

"SHALL SECTION 4.2 OF CHAPTER IV OF THE CITY CHARTER BE AMENDED TO INCREASE THE COMPENSATION OF THE MAYOR FROM EIGHT HUNDRED DOLLARS ($800.00) PER YEAR TO ONE THOUSAND FIVE HUNDRED DOLLARS ($1,500.00) PER YEAR?"

"SHALL SECTION 4.2 OF CHAPTER IV OF THE CITY CHARTER BE AMENDED TO INCREASE THE COMPENSATION OF CITY COUNCILMEN FROM SIX HUNDRED FIFTY DOLLARS($650.00) PER YEAR TO ONE THOUSAND TWO HUNDRED DOLLARS ($1,200.00) PER YEAR?"

We should be provided a certified copy of resolution adopted by the Riverview City Council indicating the adoption of separate ballot questions substantially as indicated above.

Yours very truly,

FRANK J. KELLEY
Attorney General

Roderick T. MacGillis
Assistant Attorney General

RTM/bd
cc Marilyn Girardin, City Clerk
Kenneth J. Logan, City Attorney

Resolved by Councilman Iverson, supported by Councilman Brown that notwithstanding the comments of the Attorney General contained in his letter of September 15, 1977, this Council believes that the proposed salary increase of the Mayor and Council should be presented to the electorate in a single ballot as follows:

CHARTER PROPOSITION NO. 2

"SHALL SECTION 4.2 OF CHAPTER IV OF THE CITY CHARTER BE AMENDED SO AS TO ESTABLISH THE COMPENSATION OF THE MAYOR AT FIFTEEN HUNDRED ($1,500.00) DOLLARS PER YEAR, AND THE COMPENSATION OF THE COUNCILMEN AT TWELVE HUNDRED ($1,200.00) DOLLARS PER YEAR?"

THE CITY OF RIVERVIEW ORDAINS:

Title 6, Chapter I. The Building Code of the City of Riverview, (being BOCA, Basic Building Code, heretofore adopted by reference as permitted by statute) is hereby amended by the addition of supplementary sections 6-1, 3100.0 through 3106.0, to be known as the "established grade and subdivision drainage control sub-chapter" to read as follows:

Riverview, that the rear-yard grade as established for any lot in the City of Riverview, shall be that grade as recorded in the subdivision plat, or that grade as certified and accepted at the time of final inspection and the issuance of the certificate of occupancy by the City.

It is the policy of the City of Riverview that natural drainage shall not be interrupted by changes or alteration of the established grade, made by deliberate action of any citizen and destruction or alteration of the established rear-yard grade, shall constitute a violation of this Ordinance, and be punishable as herein provided, by fine or imprisonment in addition to civil penalties and costs of restoration of the established grade.

3101.1. DEFINITIONS.

a.) Established grade: This shall refer to that elevation above mean sea-level, with reference to U.S. Coast and Geodetic Survey datum, which has been heretofore established, prior to July 1, 1976, for any sibdivided lot within the City of Riverview, by any one of the following:

ii.) That rear yard grade as it is indicated on the recorded plat for the subdivision, (or)

iii.) For the purposes of enforcement of this Ordinance, any owner who knowingly encourages, permits, or countenances, the deliberate actions of other persons, or tenants, who are present on his lands, which actions, in fact, result in an alteration of the established grade of his land, as defined in this ordinance, so as to interrupt, obstruct or divert the natural drainage pattern on the subdivision, shall be deemed to be a party to the violation of this ordinance.

3102.2. UNAUTHORIZED ACTION OF TRESPASSERS, OWNER TO CORRECT.

If it be established that the grade deviation was caused by malicious action of trespassing persons, who have entered onto the lands of the owner, without permission, such fact must be considered as, in mitigation of any penalty assessable, but shall not exonerate said owner from the requirement imposed by this ordinance to restore the grade to established grade level.

3103.0. CITY ENGINEER, DUTY TO INVESTIGATE.

The City Engineer, in the course of his investigation of any drainage problem, or at the direction of the City Manager upon the complaint of a citizen, shall make observations and make such other measurements or

readings as may be essential to a determination of whether the established grade for any lot has been altered or changed, or a deviation from grade created.

Whenever a change from established grade of more than 0.2 foot (2/10ths foot) deviation is discovered or verified by the City Engineer, such fact shall be reported:

a.) to the owner, by certified mail, return receipt requested, which report shall be entitled "notice of deviation from grade."

b.) to the legal department of the City, and

c.) to the Chief of Police, for investigation and for possible citation for violation of this ordinance.

3103.1. ENGINEER'S INSPECTIONS, NEW CONSTRUCTION.

The City Engineer, or a similarly qualified person acting under his direction and authority, shall make a final inspection of the following:

In the event of approval, the Engineer's certificate shall indicate mathematically, or in any other manner determined by the Engineer, the design or slope of the grade as approved. In the event of disapproval, a certificate of occupancy shall not be issued by the Building Inspector until approval has been granted and an approval certificate filed with the Building Department by the Engineer. The Engineer shall use sound engineering principles as his standard for approval, together with any subdivision, development, plat, neighborhood, local or regional, or other official plan or grade design affecting the property.

Such penalty shall be invoked to insure compliance with the stated municipal policy, and to prevent aggravation of natural drainage problems, and the Court, if satisfied that compliance will be forthcoming may suspend sentence for such reasonable period as will insure compliance, and restoration to grade.

3104.2. NOTICE OF DEVIATION FROM ESTABLISHED GRADE.

In addition to the fine, penalty or sentence imposed by the Court for a

violation of this ordinance, such violator will remain liable in civil damages for any harm or losses sustained by reason of the obstruction or interruption of the natural drain pattern which is caused by the discovered change or deviation from the established grade of that lot.

3104.3. OWNER'S RIGHT TO REBUT GRADE-DEVIATION FINDINGS. ALTERNATE PROCEDURE, SPECIAL APPEAL TO ZONING BOARD OF APPEALS. PENALTIES HELD IN ABEYANCE, PENDING HEARING.

Any owner, part-owner, or party having a possessory interest in the lot or parcel which is the subject of the "deviation-from-grade-notice" and who receives notice pursuant to Section 3103. herein, who desires to contest or dispute the accuracy of the determination or findings of the City Engineer, that a variation from or destruction of the established grade has occurred as to such subject lot or parcel, shall be entitled to appeal such findings to the Zoning Board of Appeals, as any other order of the City Engineer may be appealed, provided further, however, that:

i.) a certified report of a registered professional engineer, or registered land surveyor, is obtained by said owner at his or her own expense, (and)

ii.) such independent surveyor's, or engineer's report rebuts, or contradicts in a material way the findings of the City Engineer, relative to the grade of said lot, (and)

iii.) a certified copy of such independent report is filed within 10 days of the "deviation from grade notice" with the City Clerk in her capacity as Secretary of the Zoning Board of Appeals.

Upon such filing, and during the time such matter is before the Zoning Board of Appeals, the penalties of Section 3104.1 shall be deemed to be suspended.

3104.4. SUPPLEMENTAL JURISDICTION CONFERRED ON APPEAL BOARD.

There is hereby conferred upon the Zoning Board of Appeals, special additional and supplemental jurisdiction to hear an appeal from the findings of the City Engineer in this manner provided the pre-conditions stipulated in the preceding section have been timely met, and the decision of the Zoning Board of Appeals regarding the existence or non-existence of a deviation from established grade shall be controlling.

3104.5. BOARD OF APPEALS, HEARING, DETERMINATION.

If the Zoning Board of Appeals should after a hearing, determine that there is no deviation from the established grade or that the deviation if present, is of an insignificant amount and will have an insignificant effect upon rear yard drainage, such determination shall result in an order reversing the findings of the City Engineer and shall operate to recall and rescind the earlier issued "notice of deviation from grade", and no further proceeding to assess a penalty, for such deviation, as is then noted, shall be had under this ordinance.

3104.6. BOARD OF APPEALS, AUTHORITY TO SET TIME LIMIT FOR RESTORATION OF GRADE.

If the Zoning Board of Appeals should after a hearing, affirm the findings of the City Engineer, and determine that there is a significant deviation from the established grade, such Board may further provide a time limit during which the grade shall be restored, or grant such other relief as may be proper under the circumstances and facts which are present and the particul cause of such deviation.

3104.7. EXPIRATION OF TIME LIMIT, REINSTATEMENT OF PENALTIES.

Upon the expiration of any extension of time granted by the Zoning Board of Appeals, the penalties accruing under Section 3104.1 shall be deemed to have been re-instated, if the grade has not by then been restored to the established grade.

3105.0. WARRANT FOR VIOLATION, ISSUANCE.

Upon the expiration of 10 days after the service of the notice provided under Section 3103.0, if no special appeal to the Zoning Board of Appeals, as permitted by this ordinance has been initiated by the owner, and if the deviation from established grade has not been restored by said owner, a warrant may issue for said continued violation and proceedings had in Municipal Court thereafter.

3106.0. SPECIAL PROCEDURE, REQUEST FOR RE-DETERMINATION OF ESTABLISHED GRADE, FILING, DOCKET FEE. DETERMINATION BY CITY ENGINEER, RECORDING WITH CLERK.

WHEREAS, the City has been granted an allocation per year (optional breakdown as between regular and non-leaded and diesel fuel) by the F.E.O. and that present F.E.O. and regulations and procedures contemplate the distribution of this allocation through the distributor used by the City during the 1972-73 year, and

1.) Subject site, together with the surrounding area in the City of Riverview, is presently zoned R-1 (One-Family Residential).

2.) Subject site and surrounding area in the City of Riverview, is proposed for R-1 (One-Family Residential) zoning designation on the proposed zoning map developed to date by the Planning Commission.

3.) The area to the immediate south of King Road, in the City of Trenton, is presently zoned R-2 (One-Family Residential) and partially developed for such use.

4.) Preliminary plat approval has been granted by the City of Trenton for a single-family subdivision on the vacant land located at the southwest corner of King and Grange Roads.

Based on the review of the above date, it is the opinion of the Planning Commission from a land use and physical planning standpoint, that subject rezoning petition would not result in a sound land use and zoning pattern.

ORDINANCE NO. 221

AN ORDINANCE TO AMEND THE ORDINANCE CODE OF THE CITY OF RIVERVIEW SO AS TO PROVIDE SPECIFIC ALTERNATE REGULATION OF GOLF COURSE PURCHASES OF ITEMS INTENDED FOR SALE AT RETAIL TO PUBLIC PATRONS AND TO PROVIDE FOR DISCRETIONARY BIDDING PROCEDURES AS TO OTHER

ITEMS INVOLVING "CONTRACTUAL SERVICES", BY THE REPEAL OF ARTICLE 3 IN ITS ENTIRETY AND THE RE-ADOPTION OF NEW SECTIONS 2-109 THROUGH 2-116, INCLUSIVE, UNDER ARTICLE 3 "PURCHASING AGENT" OF CHAPTER I, TITLE 2 OF THE CODE.

THE CITY OF RIVERVIEW ORDAINS:

The Ordinance Code of the City of Riverview is hereby amended by the repeal revision and re-adoption of sections 2-109 through 2-116 inclusive, as revised, under Article 3, Chapter I, Title 2 of the Code, the same to read hereafter as follows:

ARTICLE 3 "PURCHASING AGENT"

Sec. 2-109. Purchasing Agent, office established.
The office of "Purchasing Agent" under the direction and control of the City Manager as heretofore established is continued. The City Manager shall designate himself or some other office of the City to act as purchasing agent, and may also in the interests of efficient purchasing procedures delegate to the Golf Course Director (or to some officer in charge of the day to day operations of the Municipal Golf Course) specific responsibility, for the purchase of replacement merchandise and stock for the "snack and refreshment lounge" and the "pro-shop" presently existing as part of the operations of the Municipal Golf Course, including but not limited to the purchase of food, beverages, confections, sporting goods or clothing, golfing equipment, and convenience items carried in stock for resale to and also items intended for rental to and the convenience of, patrons of the Municipal Golf Course. Such delegated responsibility shall, however, be under the superintending control of the Purchasing Agent.

Sec. 2-110. Contracts, purchases, duties.
The purchasing agent shall have the power, and it shall be his duty to purchase or contract for all supplies, materials and equipment needed by all departments, boards, commissions and other agencies which derive their fund wholly or in part from city funds and which are hereafter referred to as using agencies, with the exception, however, of the Golf Course retail sales operations. The City Manager may, however, delegate to a given department head limited authority to make occasional and emergency purchases without advance approval of the Purchasing Agent. As to those items intended for retail sales, the Purchasing Agent shall exercise superintending control over the procedures utilized by the Municipal Golf Course Director (or such official designated by the City Manager) whenever he shall function as a delegated purchasing agent under directive of the City Manager.

It shall also be the duty of the Purchasing Agent to contract for "outside services" requiring specialized equipment or skills not possessed by City personnel. Comparative pricing shall be observed in such cases, and a reference sheet or log maintained as part of the records of the Purchasing Agent. Timeliness in performance and quality of the performance of such outside services, shall be appropriate factors to be considered by the Purchasing Agent, along with the results obtained through comparative pricing procedures in contracting for such outside services.

Whenever comparative pricing data is unrealiable, or in the sound judgment of the Purchasing Agent, such data is inadequate to permit reliance thereon, or whenever directed by the City Manager, the bidding procedures applicable to purchases of property shall be utilized as an alternative.

Sec. 2-111. Same; prerequisites.
Except as herein provided, it shall be unlawful for any city officer or using agency (other than the Municipal Golf Course as herein expressly delegated and then only with respect to commodities or items intended for sale at retail or the rental to patrons of the municipal golf course), to order the purchase of any supplies or make any contract within the purview of this ordinance other than through the purchasing agent, and any purchase ordered or

contract made contrary to the provisions hereof shall not be approved by the city officials, and the city shall not be bound thereby.

It shall, however, be lawful for the Municipal Golf Course Director to accept delivery of items or commodities (intended for sale at retail, or rental, to patrons of the Golf Course) on consignment, whereby such items may be returned if not sold, and whereby the City does not become obligated until the item is sold.

Sec. 2-112. Powers and duties.

In addition to the purchasing authority conferred in section 2-110 above and in addition to any other powers and duties conferred by this ordinance, the purchasing agent shall:

(a) Act to procure for the city the highest quality in supplies and contractual services at the least expense to the city;

(b) Endeavor to obtain as full and open competition as possible on all purchases and sales;

(c) Be responsible for the sale of city-owned personal property. However, as to items purchased for sale at retail to patrons of the Municipal Golf Course, such responsibility may be delegated.

(d) Establish and amend, when necessary, all rules and regulations authorized by this ordinance and any others necessary to its operation.

(e) Prescribe and maintain such forms as he shall find reasonably necessary to the operation of this ordinance.

(f) Exploit the possibilities of buying in sufficient substantial quanitities as to take full advantage of available discounts.

(g) Act so as to procure for the city all tax exemptions to which it is entitled.

(h) Have the authority to declare vendors who default on their quotations irresponsible bidders and to disqualify them for receiving any business from the city for a stated period of time.

(i) Prepare standard and written specifications for supplies used by the various branches of the city government.

(j) Have the authority to declare vendors who have supplied unwholesome, or deleterious food or beverage to the retail operations of the Municipal Golf Course, irresponsible suppliers and disqualify them from receiving any business from the City or the Golf Course for a period of two (2) years.

(k) Have and exercise superintending control over the purchasing powers exercised by the Golf Course Director under delegation herein provided by this Ordinance.

Nothing herein contained shall, however, be interpreted to prevent or prohibit the purchase by the Municipal Golf Course Director of as many different brand-name products or commodities, golf equipment or sports clothing, from as many different manufacturer's or distributors of trade-marked items, as may be consistent with sound merchandising procedures, and to provide an appropriate wide selection of processed, or manufactured items sufficient to satisfy the convenience, varying needs or taste preferences of the public patrons of the Municipal Golf Course.

The latitude herein granted shall be for municipal golf course retail sales operations only, and shall not apply to the purchase of permanent maintenance equipment required by the Golf Course, which items not intended for sale at retail, shall be purchased in accordance with procedures followed by all other city department

Sec. 2-113. City departments, agencies; requisitions.

All using agencies (with the exception of the Municipal Golf Course retail sales operations) either by or with the authorization of the head of the department under which the using agency operates, shall file with the purchasing agent detailed requisitions of their requirements in supplies and contractual services in such manner, at such times and for such future periods as the agent shall prescribe. The purchasing agent shall examine each requisition and shall have the authority to review it as to quantity, quality, or estimated cost.

With respect to items to be purchased for retail sale at the Municipal Golf Course, such authority to review shall not be exercised until after the prior consultation with the City Manager.

Sec. 2-114. Purchases; unencumbered fund required.
With respect to those items intended for sale at retail at the Municipal Golf Course, that are received "on consignment" a separate record shall be made of each such delivery. Such may be designated as a "conditional purchase." At such time as the items are reported sold at retail, by the Golf Course Director, a purchase order in conformity with standard procedure shall be issued. Where deemed prudent by the purchasing agent, an earlier report of partial sales made of any consignment items may be required and appropriate purchase orders issued prior to the sale of all of the items invoiced on a particular consignment delivery.

Consignment delivery items shall not be deemed to have been purchased by the City, until and unless, proceeds from their sale at retail by and through the retail sales operations of the Municipal Golf Course have been obtained and have been transmitted to the City Treasurer.

No consignment delivery items shall be sold for an amount less than the invoice prices (or price per unit indicated on the delivery invoice) without the written approval of the City Manager, filed with the purchasing agent.

Sec. 2-115. Sealed bids required, exception.
All purchases of, and contracts for supplies, and all sales of personal property which has become obsolete and unusable shall, except as specifically provided herein, be bases wherever possible on competitive bids. If the amount of any proposed purchase or sale is estimated to exceed five hundred dollars the purchasing agent shall, solicit sealed bids, and when deemed necessary by him, such bids shall be accompanied by surety in the form of check, cash, or bond in amount as shall be prescribed in the notice inviting bids. All bids shall be submitted sealed and shall be opened at the time and place stated in the notice. A tabulation of the bids shall be submitted to the city council, and no purchase order shall be written until same has been approved by the city council. The council may reject any or all bids when the public interest will be served thereby.

There is hereby created a special procedure for the acquisition of retail inventory items intended for the retail sales operations only of the Municipal Golf Course. Comparative pricing procedures shall be utilized by the Golf Course Director for all brand-name or trade-marked items desired to be stocked as part of the retail inventory, and a current wholesale price index shall be maintained with the purchasing agent.

The Golf Course Director (or such managerial official designated by the City Manager) shall possess limited delegated authority to purchase, without prior requisition and as sound merchandising practices require, replacement stocks of any particular brand-name or trade-marked product or item, provided always that the quantity of said item being replenished shall not exceed $500.00 on such replacement of inventory order. If replacement of a particular item for retail inventory is required in an amount greater than $500.00, a requisition shall be filed with the Purchasing Agent for processing as a bid item.

Sec. 2-116. City departments, agencies; joint purchases.
The purchasing agent shall have the authority to join with other units of government in cooperative purchase plans when the best interests of the city would be served thereby.

This ordinance shall take effect immediately upon publication thereof.

Resolved by Councilman Rotteveel, supported by Councilman Iverson that the proposed amendment to Chapter 12.1 of the City Charter be received and placed on file concur with City Manager's endorsement and include the following proposal on the August election ballot:

WHEREAS, Section 12.1 of Chapter XII of the City Charter presently severely restricts the ability of the City to make routine purchases in small amounts which were intended to be made by the City Manager, as a matter of efficiency, but after obtaining compapative price quotations, and

WHEREAS, inflation has had drastic effect upon the ability of small suppliers to furnish limited quantities and goods to the City without the incurring of expense attending formal bidding procedures intended for large quantities or items, and

WHEREAS, the City has repeatedly during recent purchasing procedures been confronted with a total absence of bidders for small supplies, and

WHEREAS, Section 12.1 of Chapter XII of the City Charter as adopted on March 24, 1959 did not foresee the rapid changes caused by inflation, which now has caused the comparative price quote limitation of FIVE HUNDRED and no/100 ($500.00) DOLLARS to be extremely unrealistic and such unrealistic limit now hinders and renders inefficient purchases by the City, and

WHEREAS, it is the opinion of the experts in government that a more efficient administration of municipal affairs is obtained when the City Manager is authorized to complete non-recurring purchases or non-accumulative purchases or sales, at savings and greater advantage to the City and obtain more rapid delivery if purchases and procurement pursuant to comparative price quotations are possible, and

WHEREAS, the City has, by use of the legislative powers of the City Council, the means available to establish appropriate and realistic limits by Ordinance and to otherwise adjust said limits as the circumstances in the future may require, and

WHEREAS, to make the change in the Charter to permit greater efficiency and flexibilities it is necessary to amend the aforesaid Section 12.1 of Chapter XII of the Charter.

NOW, THEREFORE, BE IT HEREBY RESOLVED that Section 12.1 of Chapter XII of the Charter of the City of Riverview, as amended, be, and the same is hereby further amended, by amending subsections (b) and (c), to read (with changes denoted by underlined type) as follows:

(c) Competitive bidding procedures shall be required when making purchases or disposition by sale, for large quantities of materials and supplies, or in procuring or disposing of major public improvements, which shall be as limited and defined by Ordinance. When competitive bids are so obtained,
