

The Village of Rouses Point has received an allotment of COVID-19 Self-Test kits.

In addition to test kits, we have also received face masks.

We will be doing a drive through pickup at the Rouses Point Fire Department on Saturday February 26, 2022, from 10:00 AM to 12:00PM.

This event is for Rouses Point residents only.

We would ask residents to bring nonperishable food items to donate to the village food self.

If residents are not in need of test kits or masks, we ask that they still consider making a donation for the village food self.

Items needed: Spaghetti sauce, canned vegetables, tomato sauce, mayonnaise, hot/cold cereal, jello, pudding, instant potatoes, Chef Boyardee spaghetti/ravioli, etc.
