Any additions to an existing mobile home park which brings the total spaces in the park to six (6) or more shall exhibit the signature of a registered surveyor or engineer and be developed in the same manner as a new park plan. The developer shall present a layout of the existing park including roads, spaces, buildings and easements for informational purposes.

B. The following agencies shall review the mobile home park plan and give their written approval, disapproval or conditional approval within their area of interest designated below prior to the plan being submitted to the Enforcement Officer.

C. Each agency shall review the plan and shall provide written comment as to their findings, and should there be deficiencies in the plan, the developer or his agent shall be notified to correct such deficiencies in the plan.

1. The County Planning Commission shall review all mobile home park plans to determine if the proposed plan is in accordance with the design standards set forth in this ordinance, except for those cases where mobile home parks totaling three (3) or fewer spaces. In cases where the total number of spaces are three (3) or fewer the Enforcement Officer is authorized to review the plan in lieu of the Planning Commission.

2. All mobile home parks that are reviewed by the Enforcement Officer shall have recourse to the Planning Commission. The developer may appeal the decision of the Enforcement Officer to the Planning Commission, by submitting written notice of appeal to the Planning Department within ten (10) days after written notice of the decision of the Enforcement Officer is received. a. Once the Planning Commission has approved or conditionally approved a Mobile Home Park Plan, the developer will have thirty (30) calendar days to have the necessary corrections in the plans and specifications and to obtain a construction permit for the park. Failure to obtain a construction permit within this time period will cause the Planning Commission approval or conditional approval to become null and void. The developer may request an extension of this time period from the Enforcement Officer. The Enforcement Officer may grant up to a ten (10) day extension, only after the developer has justified the need for the extension.

b. Once a set of plans and specifications have been submitted to the Enforcement Officer, the developer will have a six (6) month period to complete all necessary corrections to the plans and specifications which would enable the Enforcement Officer to present the proposal to the Planning Commission. Failure to provide

modified plans and specifications within this time period will cause the plans and specifications to become null and void. The developer may request an extension of this time period from the Enforcement Officer. The Enforcement Officer may grant up to a thirty (30) day extension, only after the developer has justified the need for the extension. In the event that there are approval changes in this Ordinance or related codes or ordinances, prior to submittal of the development plan to the Planning Commission, the developer shall design the Mobile Home Park to the current standards.

c. Once a construction permit has been issued, the developer must complete three (3) prepared sites within a twelve (12) month period from the issuance date of the permit or the permit shall become null and void. However, the Planning Commission may grant an extension of up to six (6) months, if the developer appears before the Commission and shows cause for the extension, prior to the expiration of the original permit.

5. Operating Permits

a. When the developer has completed the construction of the entire park or any phase, he shall make application to the Enforcement Officer for an operating permit. The Enforcement Officer and/or representatives of the consulting agencies shall make an on-site inspection to verify the proper installation of the improvements.

1. If the construction conforms to the approved park plan, the Enforcement Officer shall issue the developer an operating permit.

2. If the construction does not conform with the approved plan, the Enforcement Officer shall delay issuance of the operating permit until it comes into conformity. The Enforcement Officer shall inform the developer in writing of deficiencies in the construction and advise as to actions needed to be in compliance with the approved plan.

- b. The operating permit issued to the developer shall constitute authority to lease or rent spaces in the mobile home park.

- c. When a mobile home park is to be developed in stages, the proposed park plan may be submitted for the entire development, and application for operating permits may be made for each stage of development upon completion.

- d.
 - 1. The County Health Department, the County Inspections Department, and/or the enforcement Officer are hereby authorized, and directed to make such inspections as are necessary to determine satisfactory compliance with this ordinance. It shall be the duty of the owners or occupants of the mobile home parks to give these agencies free access to such premises at reasonable times for the purpose of inspection.
