Ms. Muratori stated that after the previous month's meeting, there was approximately \$92,000 left in the budget. An audit of principle and interest payments received from the program showed an additional \$24,000 (approximate) to be added into the May Financial Statement.

Application Review

Dawn Weinhardt, Erie County Visitor's Bureau, Inc., dba Lake Erie Shores & Islands ("LESI") had applied for a grant for both Small Business Assistance and Signage and Façade. LESI would like to install signage at its new location at 125 East Water Street. LESI would like to have a sign made to fit in the existing indentation of the Water Street entrance just above the second floor windows as well as above the doors of the Shoreline Drive entrance. It would also like to add its logo to the Water Street windows and / or doors. The Small Business Assistance portion of the project has two distinct elements: interactive kiosks and a charging station. The interactive kiosks will provide residents and visitors a method to locate restaurants, lodging, shopping, attractions, parks and other natural areas and more in the Lake Erie Shores & Islands region. Guests will be able to print this information at the Welcome Center and / or send information from the kiosks to their personal devices. The charging station will be available to residents and guests at no charge to recharge cell phones or tablets while gathering information about the region.

The recommended total grant amount of \$14,000.00 (\$10,000 Small Business Assistance and \$4,000 Signage and Façade) is equivalent to approximately 56% of the total project costs (in line with program guidelines) and will leverage private dollars almost 2x. The Small Business Assistance grant is 53% of project costs and the Signage grant is 62% of project costs – both in line with program guidelines. The project completion date is 3/31/19.

These grants are in addition to the grants already awarded to Renaissance Too and the tax abatement request that will also be considered to Renaissance Too.

Mr. Harris moved to approve both recommended grants as submitted. Mr. Koch seconded the motion. With no further discussion, the motion carried with a 3/0 vote; Ms. Bemis abstained.

Application Review

Deborah Neill and Jacqueline Sennish, Mabel & Ethel's Quilt Shoppe, LLC, dba M&E Quilt Shoppe ("M&E") had applied for a grant for Small Business Assistance for their business located at 279 E. Market Street. M&E is looking to expand its offerings to customers which will enhance it as a unique destination. M&E would like to add two (2) Babylock Coronet long arm quilting machines. M&E will work with Pins & Needles as a satellite dealer and receive commission on every sale it makes for a Coronet. M&E will be able to show and sell this product and also will be able to rent time out on these products for customers who need access – this is a service even JoAnn Fabrics does not offer.

The recommended total grant amount of \$8,399.99 is equivalent to approximately 60% of the total project costs (in line with program guidelines) and will leverage private dollars approximately 1.7x. M&E plans to hire one 0.5 FTE in year one and one additional FTE by year three and the project completion date is 7/31/18.

Mr. Harris moved to approve the recommended grant as submitted. Mr. Koch seconded the motion. With no further discussion, the motion carried with a 4/0 vote.

Next Meeting

Chairman Nickles stated that the next meeting will be Tuesday, May 8, 2018 at 1:30PM. Since this is Ms. Muratori's last meeting, Mr. Harris stated that either Mr. Lasko or a designee will present the applications for future meetings.

Economic Development Incentive Committee Summary

John Caporini / H & C Building Supplies (a division of Huron Cement Products Co., Inc.)

APPLICANT: John J. Caporini

2925 Venice Road Sandusky, Ohio 44870

CORPORATE STRUCTURE: C-Corporation

PRINCIPAL/% OWNERSHIP: Robert David – Owner 30%

John Caporini – Owner 23% Various Others – Owners 47%

PROGRAM APPLIED FOR: Signage & Facade

RECOMMENDATION: \$2,786.96 Signage & Facade grant; contingent upon obtaining title

reports, obtaining all relevant permits, submitting before and after photographs, and displaying temporary signs during construction and a sign for at least one year upon completion noting the City of Sandusky's

support. This project will be complete by 10/31/2018.

This project helps an existing business to enhance signage and related visibility and to be able to more clearly market and promote ongoing special, discounts and other company promotions.

BACKGROUND

Huron Cement was founded in 1947 and currently maintains operations in three facilities in Huron, Sandusky and Bellevue. Originally a hand-made cement block company, the company has shifted its focus to be a maker and supplier of ready-mix concrete, drywall, building materials and landscape supplies. In 1993, Huron Cement established H & C Building Supplies to service North Central Ohio with various building supply needs including ready-mix concrete, stamped concrete, drywall, unilock pavers, patio stones, drop ceilings, steel studs, foundation windows, plastic pipes and various other construction materials. H & C Building Supplies views its main market as existing in Erie, Huron, Sandusky, Seneca and Ottawa counties.

PROJECT DESCRIPTION

H & C Building Supplies is looking to refurbish and relocate its existing sign and to encase the newly located sign within a decorative stone casing. The existing sign is very weathered and sits well above eye level of passing traffic. This makes it difficult for traffic and potential customers to view current specials, sales and promotions offered by the company and the current sign detracts from the overall

aesthetic of the area and building. The sign will be refurbished and moved to ground level, viewable by passing traffic and will be encased in decorative stone in materials and colors similar to the existing building.

PROJECT FINANCING

\$ \$ \$ \$

<u>Sources</u>	
Owner Equity	\$ 2,786.96
Grant Request - Signage & Façade Assistance	\$ 2,786.96

The recommended total grant amount of \$2,786.96 is equivalent to 50% of the total project costs (in line with program guidelines).

FINANCIAL SUMMARY – BUSINESS

This section is not applicable to signage applications.

RECOMMENDATION

I recommend a \$2,786.96 Signage and Facade grant to support this project. This project will help an existing business with its visibility and marketing efforts. H & C Building Supplies is a longstanding business within the City and valued contributor and employer on the Venice Road Corridor and westside community.

Economic Development Incentive Committee Summary

Amber Patterson (dba Fancy Me Boutique)

APPLICANT: Amber Patterson

330 Bogart Road Huron, Ohio 44839

CORPORATE STRUCTURE: N/A Personal

PRINCIPAL/% OWNERSHIP: Amber Patterson – Owner 100%

PROGRAM APPLIED FOR: Small Business Assistance Grant

RECOMMENDATION: \$1,500.00 Small Business Assistance grant; contingent upon obtaining

title reports, obtaining all relevant permits, submitting before and after photographs, participating in no less than eight (8) events within the municipal limits, and displaying temporary signs during construction, and a sign for at least one year upon completion noting the City of Sandusky's support. This project will be complete by 12/31/2018.

This project helps an existing on-line business develop its physical presence while also bringing a unique shopping experience to event goers within the City. This will also assist the business owner in exploring the financial and market feasibility of moving into a permanent storefront in downtown Sandusky.

BACKGROUND

In 2015, Amber Patterson founded (part-time) Fancy Me Boutique, an online boutique specializing in custom shirts and apparel. Before this endeavor, Mrs. Patterson ran (and still does) an in-home daycare service. Due to the growth of the online business, and desire to develop a presence in which customers can see and touch the apparel, Mrs. Patterson is desiring to create a physical presence.

PROJECT DESCRIPTION

Fancy Me Boutique, historically only an online retailer, is looking to develop a physical presence in the form of a "mobile" boutique. The mobile boutique would consist of a fully furnished and decorated tiny house/barn that is affixed to a trailer and able to be moved from location to location and able to be set up as a vendor at city/private events and functions. Mrs. Patterson is already leasing the tiny house/barn and has fully outfitted and furnished the interior and has purchased initial inventory to begin having a presence at events starting this summer. The final step is to purchase the actual trailer that the mobile boutique will be affixed to. This increased presence will help with their proof of concept and bring increased visibility in hopes of opening a brick and mortar store in downtown Sandusky.

PROJECT FINANCING

The project sources and uses are as follows:

<u>Uses</u>	
Shed	\$ 3,658.00
Trailer	\$ 3,400.00
Interior Shed Buildout	\$ 650.00
Advertising & Marketing	\$ 1,000.00
Inventory	\$ 2,100.00
Total	\$ 10,808.00
<u>Sources</u>	
Owner Equity	\$ 6,308.00
Grant Request - Small Business Assistance	\$ 4,500.00
Total	\$ 10,808.00

The recommended total grant amount of \$1,500 is equivalent to approximately 14% of the total project costs (in line with program guidelines) and leverages private funds 7x.

FINANCIAL SUMMARY – BUSINESS

Projected sales growth (YR 1 = 7-14k, YR 2 = 15-20k, YR 3 = 25-30k, YR 4 = 50k+).

RECOMMENDATION

I recommend a \$1,500 Small Business Assistance grant to this project conditioned on being present for no less than (8) events within the municipal boundaries in 2018. This project will bring an additional amenity and unique shopping experience to the City – on several occasions during the calendar year. Additionally, the grant assistance will allow the owner to create a physical presence (albeit mobile), beyond the current on-line presence with the expectation of ultimately moving towards a permanent storefront in downtown Sandusky. There is precedent for providing funding to "mobile" businesses in the form of food trucks. Thy typical grant has been for approximately \$2,500 in these instances. Since the mobile boutique is not expected to have an everyday presence, the recommendation is for a lesser amount than past precedent.

shirt and apparel design. I have been in business since 2015 and have seen steady growth in the business. I am transitioning from childcare to running the boutique full time and thought that it was time to add something new and innovative to the business. The boutique on wheels will allow me to position myself in downtown Sandusky where a lot of business is, but also be mobile to where I can attend different festivals and events throughout the area, all the while expanding and growing the business name. We will have a fully functional she on a 8x16 flat trailer that we can move from site to site and allow customers to shop right out of the mobile store.

Project Description:

Please provide a brief description of the project to be undertaken for which City assistance is being sought. For existing businesses, please specifically describe the business expansion associated with the project. For new businesses, describe the scope of the project (attach additional page if necessary).

The financial assistance we are seeking will provide us help in purchasing the flatbed trailer which retails for around \$3,500 and also help with our advertising and marketing expenses(\$1,000-\$1,500) to spread the plan for the mobile boutique 2018 to locals and tourists in the Sandusky area. I see this business gaining traction very quickly, as mobile clothing boutiques are very innovative and unique methods to doing business. In addition to the mobile boutique we also plan to add a classic brick and mortar storefront in downtown Sandusky within the next two years. This project will allow us to feel out the market and attract business early on so the business name and products are seasoned with the community before adding more expenses and overhead that come with a storefront.

- How does the proposed project relate to a strategic approach to revitalization of the surrounding area?
- Will the project contribute to a change in the market dynamics, economic status, physical appearance or perception of the area?
- Does the project address specific area needs or missing services?

One of the many things the downtown area can benefit directly from is having more retail clothing shops downtown. Although some have started to come back there is still room for plenty more. By giving the clothing boutique a unique twist in putting it on wheels, we are attracting new generation shoppers and even business entrepreneurs who are always looking for the next big thing or trendy idea. A mobile clothing boutique brings spark to the downtown area and brings a dynamic that will be SURE to captivate the attention of tourists from all over. This boutique will also guide us directly into a storefront in the downtown area which hopefully can come as soon as spring of 2019. The idea of the mobile boutique has already gotten positive feedback from local businesses who have gotten sound bites of the project rumored to touchdown summer of 2018.

The financing provided to my mobile boutique will attract shoppers to the downtown Sandusky area because of the uniqueness and products offered by Fancy Me. We plan to use a portion of the funding to market to people who shop but have not frequented the downtown area. This way it is bringing new customers and people to the area. We will do this through targeting tools via Facebook that allow you to specify the group of people you want your ads to show to. This is based on their social interests, online spending trends and what they are typically searching online and have interests in. This will allow us to bring in a diverse range of people. We also have a plan to hire 1-3 people to help with the boutique downtown which also ads more jobs to our local economy. Alternatively with locating the boutique in other cities in the area there is not a mutual benefit to the city and the mobile boutique as there is with Sandusky and Fancy Me Boutique on Wheels. This is mainly because of the population difference between Sandusky and other areas. Take Huron for example. This smaller city is in close proximity of Sandusky, but as depicted in the chart below, Sandusky has a population nearly 4x's greater than that of Huron. Statistics also show that in terms of diversity, Sandusky has a population that is 30% minority with a total population median age of 38. Huron shows a population that is just 4% minority with a total median population age of 43 (suburbanstats.org). These statistics are crucial in diversifying your product line and having a wide range of people to market to. The more diverse and wider the scope, the greater the odds are of appealing to a bigger portion of the population. Based on these statistics, it is beneficial for both the city of Sandusky and Fancy Me Boutique to operate within the confines of Sandusky most of the time.

Above you will see just some of the social media response and feedback we have gotten since the announcement of the boutique on wheels! The community is ecstatic!

Economic Development Incentive Committee Summary

Adam White / Luco-Wes Properties, LLC

APPLICANT: Luco-Wes Properties, LLC / Adam White

3301 Bardshar Road Sandusky, Ohio 44870

CORPORATE STRUCTURE: Limited Liability Company

PRINCIPAL/% OWNERSHIP: Adam White – Owner 100%

PROGRAM APPLIED FOR: Small Business Assistance Grant

RECOMMENDATION: \$2,480.00 Small Business Assistance grant; contingent upon obtaining

title reports, obtaining all relevant permits, submitting before and after photographs, and displaying temporary signs during construction and a sign for at least one year upon completion noting the City of Sandusky's

support. This project will be complete by 12/31/2018.

This project helps an existing property owner who has shown a successful track record of tenanting the space with food and beverage uses and provides a nice neighborhood amenity for the near west side.

BACKGROUND

Adam White, 100% owner of Luco-Wes Properties, LLC purchased the mixed-use property at 904 W. Adams Street in 2015 for \$162,500. The property, for decades, maintained food and beverage uses on the ground floor such as "Vicki's" and "Tony G's" and houses two apartments on the upper floors. Since Mr. White's purchase, he has moved in the Sandusky Athletic Club, and recently leased space to Derrick's Diner – who recently moved to a completely renovated building on Warren Street. Since purchase, Mr. White has made some improvements including insulation, added site security and motion lighting, and some new and refurbished kitchen equipment.

PROJECT DESCRIPTION

With the recent departure of Derrick's Diner to Warren Street, Mr. White is looking at undertaking certain improvement items to meet current Erie County Health Department standards, and just as importantly, to elevate and modernize the space to attract a new food and beverage tenant. The planned improvements include new kitchen subflooring and tile, finishing the drywall and further insulating the space, installation of a washable wall surface throughout the kitchen space and the installation of new energy efficient/LED lighting in the kitchen and dining spaces. Given the success of Derrick's Diner, this property can serve as a great incubation space for new food and beverage and/or

restaurant operators. Further, it provides a nice neighborhood amenity for folks not wanting to travel to more trafficked and popular dining areas either downtown or on Route 250 for example.

PROJECT FINANCING

The project sources and uses are as follows:

<u>Uses</u>	
Construction (new sub-floor and tiles, finish	\$ 10,780.00
drywall and paint (washable), repairing and painting windows, new kitchen and dining lighting	
Total	\$ 10,780.00
<u>Sources</u>	
Owner Equity/Line of Credit	\$ 8,300.00
Grant Request - Small Business Assistance	\$ 2,480.00
Total	

The recommended total grant amount of \$2,480.00 is equivalent to approximately 23% of the total project costs (in line with program guidelines).

FINANCIAL SUMMARY – BUSINESS

Projected rental revenue (YR 1 = 6k, YR 2 = 6K, YR 3 = 6k). This does not include Sandusky Athletic Club rental revenue nor the projected economic output of the Sandusky Athletic Club or the potential tenant.

RECOMMENDATION

I recommend a \$2,480.00 Small Business Assistance grant to support this project. This project will help an existing property owner attract a new food and beverage tenant and provide a nice additional amenity for the near west side of downtown.

Applicant / Business Background Information:

Location of Proposed Project:

I purchased this commercial and residential property in December 2015. It caught my eye because of the potential for local commerce and for its location close to downtown shops and dining. This property offered two upstairs apartments with a large commercial space (a bar) on the main level. Immediately upon purchasing the building, I leased out the commercial space. The main space, the bar, was leased to "Sandusky Athletic Club" and remains in an ongoing lease. The kitchen space was leased to "Derrick's Diner". Derrick's Diner was recently awarded an opportunity with the City of Sandusky to expand his business elsewhere, so I am renovating and improving the space for new, potential renters.

Before I purchased the building, it was used as a local bar, called "Tony G's". It was owned and ran by Anthony Gonzales, who purchased it in February 2011. Vicki Rogers ran the business under the name "Vicki's Bar" before that, since 2003.

Project Description:

The project to be undertaken is a commercial kitchen space. The business has been existing for the past 3 years under the name "Derrick's Diner" and has proven to be a success in the downtown Sandusky area. There are four areas of renovation that the business needs in order to meet Erie County Health Department requirements. For the past 2 years owning the property, I have made many ongoing repairs and improvements, but funds have restricted me from improving all the areas that are truly needed. The flooring needs to be repaired for holes and weak boards, including missing and broken tiles. Drywall is unfinished and has holes in some areas. The unfinished drywall causes heat and air conditioning to escape, losing money and lacking energy efficiency. In addition, because the space is a commercial kitchen, the walls need to have a washable surface. The old wood windows in the kitchen have chipping paint. They are difficult to keep clean and are not physically appealing to customers admiring the building from the outside. Lastly, the lighting in the space is not bright enough and it does not provide adequate lighting throughout the kitchen and dining spaces. The Health Department has noted areas of shadowing because of the inadequate lighting throughout the space.

I have done my best to maintain the commercial equipment for the past 2 years of ownership. I have added insulation to the entrance room and to the area above the kitchen (from the floor in the apartment upstairs). I have added energy saving LED motion lighting in the parking lot for safety of employees and customers. Despite my ongoing efforts to improve the property, there are still an abundance of areas that I am not financially able to fix. Assistance from this city program would allow my business to meet a quality standard of service that it deserves to have. These improvement would be used immediately for an incoming business.

Project Concept:

My goal with this property is join the revitalization effort for downtown Sandusky. We have an amazing city with an abundance of positive attributes to offer locals and tourists. The portion of my business that needs renovated has been growing to be a family-friendly, hometown restaurant. Derrick's Diner has become popular for Sandusky families as a great place to walk in and enjoy amazing food. As Derrick leaves very soon for his business expansion, it is my goal to bring another small business into the space. The updated space would benefit a new entrepreneur/small business. It would also allow locals to continue enjoying themselves close to home. It is important for our local economy to give small businesses a space to begin and grow.

To keep the kitchen up to code with the Erie County Health Department, there are many improvements that must be made with the flooring, drywall, washable surfaces, and lighting. These renovations will improve the physical appearance of the kitchen and dining room spaces. More importantly, the requested renovations are crucial to consumer health and safety. I want the business to be perceived as a positive, clean-looking space. But, I mostly want the area to be safe and energy efficient.

The requested project addresses specific area/city of needs for new entrepreneurs. Because the space has a small kitchen and another small room (dining room), it is ideal for someone who wants to start their own business. Someone hoping to open a restaurant or commercial kitchen of their own would benefit from starting it at this location. The low-cost rent would be feasible for a new business owner.

Re: Additional Financing for 902 W. Adams St., Sandusky

Dear Mr. White,

Per your request, I reviewed your file to determine if it was possible to take out an additional loan on the above referenced property. Based on the appraisal that was completed on 11/11/15, there does not appear to be sufficient equity at this time to support any additional debt.

If you have any questions, please feel free to contact me.

Sincerely,

Vacationland Federal Credit Union
