In the event that the City is named as a codefendant in any action relating to activities to be performed by the Subrecipient under this Contract, the Subrecipient will notify the City of the action and will represent the City in the action unless the City undertakes to represent itself as a codefendant, in which case the City will bear its own litigation costs, expenses, and attorneys' fees.

17. Maintenance and Availability of Records

In connection with the AGREEMENT, the Subrecipient shall maintain all accounting and client records and documents, papers, maps, photographs, other documentary materials and any evidence pertaining to costs incurred for five (5) years. Such records shall be furnished and available for inspection by the Department of Housing and Urban Development (HUD), the Comptroller General of the United States, or any authorized representative, and the City. - (c) If the City determines that the proposed amendment represents a budgetary item of 30% or more and/or a change within the programmatic/service scope of the plan, the City will enact a public comment period of thirty (30) days and a public hearing convened at a location convenient and accessible to citizens for final approval.
- (d) If the City determines that the proposed amendment represents a budgetary item change of less than 30% which does not change the programmatic / service scope of the plan, the Community Development Manager will have the authority to approve or deny the proposed amendment to the AGREEMENT.

19. Termination and Suspension

The City may terminate this AGREEMENT as follows:

- a. Termination Due to Noncompliance with Agreement Terms. If the City determines that the Subrecipient has failed to comply with the general terms and conditions of this AGREEMENT, the project schedule, or any special conditions, and if upon notification of the defect the Subrecipient does not remedy the deficiency within a reasonable period to be specified in the notice, the City may terminate this Agreement in whole or in part at any time before the date of completion, or temporarily withholding cash payments pending correction of the deficiency; disallow all or part of the cost of the activity and/or action not in compliance; withhold further awards; and/or take other remedies that may be legally available.

If, for any reason, the federal financial resources required by the City to fund the Subrecipient's project are withdrawn from the City, the City may unilaterally terminate or modify the terms of this Contract to reflect the loss of funding. If a termination or modification is required, the City will, to the extent permitted by available CDBG funds, compensate the Subrecipient for eligible work elements the Subrecipient has completed and for actual, necessary and eligible expenses incurred by the Subrecipient as of the revised termination date. The City will give the Subrecipient written notice of the effective date of the modification or termination of this AGREEMENT and, if a reduction in funding is required, will provide the Subrecipient with a modified project budget.

- f. **Effect of Termination.** In the event of termination due to the Subrecipient's failure to comply with the terms of this AGREEMENT, any costs incurred will be the responsibility of the Subrecipient. However, at its discretion, the City may approve requests by the Subrecipient for reimbursement of expenses incurred. The City's decision to authorize payment of these costs or to recover expended CDBG funds will be based on a consideration of the Subrecipient's extent to which the expenditure of those funds represented a good faith effort of the to comply with the terms of this AGREEMENT and on whether any failure to comply with the terms of this AGREEMENT was the result of circumstances beyond the Subrecipient's control.

20. Audit

The Subrecipient is encouraged to comply with the audit requirements set forth in OMB Circular A-133 (www.whitehouse.gov/omb/circulars/a133_compliance_supplement_2014). If the audit requirements of A-133 are not followed by the Subrecipient, the audit requirements of OMB Circular A-110 (www.whitehouse.gov/omb/circulars/a110/) must be followed.

CERTIFICATION
CONFLICT OF INTEREST

Please read the following Conflict of Interest Statements excerpted from the Code of Federal Regulations at 24 CFR 570.611 and indicate your acceptance on the proceeding signature page.

- (a) Applicability.
- (1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply.
- (2) In all cases not governed by 24 CFR 85.36 and 24 CFR 84.42, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to § 570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to §§ 570.203, 570.204, 570.455, or 570.703(i)).
- (b) Conflicts prohibited. The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter.
- (c) Persons covered. The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part.
- (d) Exceptions. Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirement of paragraph (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.
- (1) Threshold requirements. HUD will consider an exception only after the recipient has provided the following documentation:
- (i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and
- (ii) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.
- (2) Factors to be considered for exceptions. In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d) (1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable:
- (i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;

- (ii) Whether an opportunity was provided for open competitive bidding or negotiation;
- (iii) Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;
- (iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision making process with respect to the specific assisted activity in question;
- (v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;
- (vi) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and
- (vii) Any other relevant considerations.

I have read the attached Conflict of Interest Statements excerpted from the Code of Federal Regulations at 24 CFR 570.611, and I agree to abide by the principles embodied therein.

In the event that the City is named as a codefendant in any action relating to activities to be performed by the Subrecipient under this Contract, the Subrecipient will notify the City of the action and will represent the City in the action unless the City undertakes to represent itself as a codefendant, in which case the City will bear its own litigation costs, expenses, and attorneys' fees.

17. Maintenance and Availability of Records

In connection with the AGREEMENT, the Subrecipient shall maintain all accounting and client records and documents, papers, maps, photographs, other documentary materials and any evidence pertaining to costs incurred for five (5) years. Such records shall be furnished and available for inspection by the Department of Housing and Urban Development (HUD), the Comptroller General of the United States, or any authorized representative, and the City. The City will consider each request to determine whether the modification is substantial enough to necessitate reevaluating the AGREEMENT.
- (c) If the City determines that the proposed amendment represents a budgetary item of 30% or more and/or a change within the programmatic/service scope of the plan, the City will enact a public comment period of thirty (30) days and a public hearing convened at a location convenient and accessible to citizens for final approval.
- (d) If the City determines that the proposed amendment represents a budgetary item change of less than 30% which does not change the programmatic / service scope of the plan, the Community Development Manager will have the authority to approve or deny the proposed amendment to the AGREEMENT.

19. Termination and Suspension

The City may terminate this AGREEMENT as follows:

- a. Termination Due to Noncompliance with Agreement Terms. If the City determines that the Subrecipient has failed to comply with the general terms and conditions of this AGREEMENT, the project schedule, or any special conditions, and if upon notification of the defect the Subrecipient does not remedy the deficiency within a reasonable period to be specified in the notice, the City may terminate this Agreement in whole or in part at any time before the date of completion, or temporarily withholding cash payments pending correction of the deficiency; disallow all or part of the cost of the activity and/or action not in compliance; withhold further awards; and/or take other remedies that may be legally available.

- d. Violates any applicable regulations or terms and conditions of approval of the applications which the Secretary of HUD has issued or shall subsequently issue during the period of the AGREEMENT; or
- e. Termination and Modification Due to Loss of Funding. If, for any reason, the federal financial resources required by the City to fund the Subrecipient's project are withdrawn from the City, the City may unilaterally terminate or modify the terms of this Contract to reflect the loss of funding. If a termination or modification is required, the City will, to the extent permitted by available CDBG funds, compensate the Subrecipient for eligible work elements the Subrecipient has completed and for actual, necessary and eligible expenses incurred by the Subrecipient as of the revised termination date. The City will give the Subrecipient written notice of the effective date of the modification or termination of this AGREEMENT and, if a reduction in funding is required, will provide the Subrecipient with a modified project budget.

- f. **Effect of Termination.** In the event of termination due to the Subrecipient's failure to comply with the terms of this AGREEMENT, any costs incurred will be the responsibility of the Subrecipient. However, at its discretion, the City may approve requests by the Subrecipient for reimbursement of expenses incurred. The City's decision to authorize payment of these costs or to recover expended CDBG funds will be based on a consideration of the Subrecipient's extent to which the expenditure of those funds represented a good faith effort of the to comply with the terms of this AGREEMENT and on whether any failure to comply with the terms of this AGREEMENT was the result of circumstances beyond the Subrecipient's control.

20. Audit

The Subrecipient is encouraged to comply with the audit requirements set forth in OMB Circular A-133 (www.whitehouse.gov/omb/circulars/a133_compliance_supplement_2014). If the audit requirements of A-133 are not followed by the Subrecipient, the audit requirements of OMB Circular A-110 (www.whitehouse.gov/omb/circulars/a110/) must be followed.

CERTIFICATION
CONFLICT OF INTEREST

Please read the following Conflict of Interest Statements excerpted from the Code of Federal Regulations at 24 CFR 570.611 and indicate your acceptance on the proceeding signature page.

(a) Applicability.

(1) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 24 CFR 85.36 and 24 CFR 84.42, respectively, shall apply.

(2) In all cases not governed by 24 CFR 85.36 and 24 CFR 84.42, the provisions of this section shall apply. Such cases include the acquisition and disposition of real property and the provision of assistance by the recipient or by its subrecipients to individuals, businesses, and other private entities under eligible activities that authorize such assistance (e.g., rehabilitation, preservation, and other improvements of private properties or facilities pursuant to § 570.202; or grants, loans, and other assistance to businesses, individuals, and other private entities pursuant to §§ 570.203, 570.204, 570.455, or 570.703(i)).

(b) Conflicts prohibited. The general rule is that no persons described in paragraph (c) of this section who exercise or have exercised any functions or responsibilities with respect to CDBG activities assisted under this part, or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from a CDBG-assisted activity, or have a financial interest in any contract, subcontract, or agreement with respect to a CDBG-assisted activity, or with respect to the proceeds of the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for one year thereafter.

(c) Persons covered. The conflict of interest provisions of paragraph (b) of this section apply to any person who is an employee, agent, consultant, officer, or elected official or appointed official of the recipient, or of any designated public agencies, or of subrecipients that are receiving funds under this part.

(d) Exceptions. Upon the written request of the recipient, HUD may grant an exception to the provisions of paragraph (b) of this section on a case-by-case basis when it has satisfactorily met the threshold requirement of paragraph (d)(1) of this section, taking into account the cumulative effects of paragraph (d)(2) of this section.

(1) Threshold requirements. HUD will consider an exception only after the recipient has provided the following documentation:

- (i) A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how the public disclosure was made; and
- (ii) An opinion of the recipient's attorney that the interest for which the exception is sought would not violate State or local law.

(2) Factors to be considered for exceptions. In determining whether to grant a requested exception after the recipient has satisfactorily met the requirements of paragraph (d) (1) of this section, HUD shall conclude that such an exception will serve to further the purposes of the Act and the effective and efficient administration of the recipient's program or project, taking into account the cumulative effect of the following factors, as applicable:

- (i) Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;

- (ii) Whether an opportunity was provided for open competitive bidding or negotiation;
- (iii) Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;
- (iv) Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision making process with respect to the specific assisted activity in question;
- (v) Whether the interest or benefit was present before the affected person was in a position as described in paragraph (b) of this section;
- (vi) Whether undue hardship will result either to the recipient or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and
- (vii) Any other relevant considerations.

I have read the attached Conflict of Interest Statements excerpted from the Code of Federal Regulations at 24 CFR 570.611, and I agree to abide by the principles embodied therein.

Subject: Commission Agenda Item – Easements with Stanley T. and Todd M. Runkle for Sandusky Bay Pathway

Items for Consideration: Legislation purchasing one (1) Temporary Easement and one (1) Permanent Easement from Stanley T. Runkle and Todd M. Runkle for construction of portions of the Sandusky Bay Pathway as part of The Landing project.

Background Information: Per ordinance 18-127, the City contracted with Environmental Design Group (EDG) to complete pathway alignments, final engineering, landscape architectural design, environmental permitting, and acquisition services for certain sections of The Landing project, which included sections of the Sandusky Bay Pathway. After preferred alignment alternatives were approved, EDG and their subconsultant OR Colan & Associates (ORC) have worked with landowners on acquisition services. The property outlined in yellow below is owned by Stanley and Todd Runkle. See the exhibit attached to the Ordinance for an exact layout on this parcel (PPN 57-01729.000). The permanent easement totals 0.1028 acres and the temporary easement totals 0.0352 acres. Total acquisition is approximately 0.1380 acres.

Budgetary Information: The cost of the temporary easement is \$305.00, and the total cost of the permanent easement is \$24,075.00 for a total acquisition price of \$24,380.00. This will be paid from Capital Projects Issue 8 Funds. Todd Runkle asked that the payment be made directly to Stanley, his father.

Action Requested: It is requested that the proper legislation be prepared to allow the City to purchase a temporary easement and a permanent easement from Stanley T. Runkle and Todd M. Runkle for a total amount of \$24,380.00, and that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter to allow the consultant to proceed with finalizing plans and permits for The Landing.

I concur with this recommendation:

Subject: Commission Agenda Item – Easements with One Perkins Place for Sandusky Bay Pathway

Items for Consideration: Legislation purchasing two (2) Temporary Easements and one (1) Permanent Easement from One Perkins Place for construction of portions of the Sandusky Bay Pathway as part of The Landing project.

Background Information: Per ordinance 18-127, the City contracted with Environmental Design Group (EDG) to complete pathway alignments, final engineering, landscape architectural design, environmental permitting, and acquisition services for certain sections of The Landing project, which included sections of the Sandusky Bay Pathway. After preferred alignment alternatives were approved, EDG and their subconsultant OR Colan & Associates (ORC) have worked with landowners on acquisition services. The property outlined in yellow below is owned by One Perkins Place, an Ohio General Partnership, who also owns the plaza just to the south of it on Cleveland Road. See the exhibit attached to the Ordinance for an exact layout on this parcel (PPN 57-05505.001). The one permanent easement totals 0.4587 acres and the two temporary easements total 0.3057 acres. Total acquisition is approximately 0.7644 acres.

Budgetary Information: The cost of the two temporary easements is \$835.80, and the total cost of the permanent easement is \$58,864.20 for a total acquisition price of \$59,700. This will be paid from Capital Projects Issue 8 Funds.

Action Requested: It is requested that the proper legislation be prepared to allow the City to purchase two temporary easements and one permanent easement from One Perkins Place, an Ohio General Partnership for a total amount of \$59,700.00, and that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter to allow the consultant to proceed with finalizing plans and permits for The Landing.

I concur with this recommendation:

Eric L. Wobser
City Manager

Subject: Commission Agenda Item – Easements with The Harbour Homeowner's Association, Inc. for Sandusky Bay Pathway

Items for Consideration: Legislation purchasing one (1) Temporary Easement and one (1) Permanent Easement from The Harbour Homeowner's Association, Inc. for construction of portions of the Sandusky Bay Pathway as part of The Landing project.

Background Information: Per ordinance 18-127, the City contracted with Environmental Design Group (EDG) to complete pathway alignments, final engineering, landscape architectural design, environmental permitting, and acquisition services for certain sections of The Landing project, which included sections of the Sandusky Bay Pathway. After preferred alignment alternatives were approved, EDG and their subconsultant OR Colan & Associates (ORC) have worked with landowners on acquisition services.

The property outlined in yellow below is owned by The Harbour Homeowner's Association, Inc. See the exhibit attached to the Ordinance for an exact layout of the pathway on this parcel (PPN 57-05728.284). The one permanent easement totals 0.3461 acres and the temporary easement totals 0.1452 acres. Total acquisition is approximately 0.4913 acres.

Budgetary Information: The cost of the temporary easement is \$15.00, and the total cost of the permanent easement is \$40,885.00 for a total acquisition price of \$40,900. The City will additionally pay for attorney fees which shall not exceed \$4,000.00. These costs will be paid from Capital Projects Issue 8 Funds.

Action Requested: It is requested that the proper legislation be prepared to allow the City to purchase one temporary easement and one permanent easement from The Harbour Homeowner's Association, Inc. for a total amount of \$40,900.00, and that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter to allow the consultant to proceed with finalizing plans and permits for The Landing.

I concur with this recommendation:

Eric L. Wobser
City Manager

Subject: Commission Agenda Item – Easements with The Harbour Lagoons Association for Sandusky Bay Pathway

Items for Consideration: Legislation purchasing one (2) Temporary Easements and two (2) Permanent Easements from The Harbour Lagoons Association for construction of portions of the Sandusky Bay Pathway as part of The Landing project.

Background Information: Per ordinance 18-127, the City contracted with Environmental Design Group (EDG) to complete pathway alignments, final engineering, landscape architectural design, environmental permitting, and acquisition services for certain sections of The Landing project, which included sections of the Sandusky Bay Pathway. After preferred alignment alternatives were approved, EDG and their subconsultant OR Colan & Associates (ORC) have worked with landowners on acquisition services.

The property outlined in yellow below is owned by The Harbour Lagoons Association See the exhibit attached to the Ordinance for an exact layout of the pathway on this parcel (PPN 57-05728.221). The two permanent easements total 0.3585 acres and the two temporary easements total 0.2876 acres. Total acquisition is approximately 0.6461 acres.

Budgetary Information: The cost of the two temporary easements is \$30.00, and the total cost of the two permanent easements is \$149,970.00 for a total acquisition price of \$150,000. This will be paid from Capital Projects Issue 8 Funds.

Action Requested: It is requested that the proper legislation be prepared to allow the City to purchase two temporary easements and two permanent easements from The Harbour Lagoons Association for a total amount of \$150,000.00, and that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter to allow the consultant to proceed with finalizing plans and permits for The Landing.

I concur with this recommendation:

Subject: Commission Agenda Item – Easement with Sandusky Star Lanes

Items for Consideration: Legislation authorizing the City Manager to enter into an Easement Agreement with Sandusky Star Lanes for construction of portions of the Sandusky Bay Pathway as part of The Landing project.

Background Information: Per ordinance 18-127, the City contracted with Environmental Design Group (EDG) to complete pathway alignments, final engineering, landscape architectural design, environmental permitting, and acquisition services for certain sections of The Landing project, which included sections of the Sandusky Bay Pathway. After preferred alignment alternatives were approved, EDG and their subconsultant OR Colan & Associates (ORC) have worked with landowners on acquisition services.

The property outlined in yellow below is owned by Sandusky Star Lanes. See the exhibit attached to the Ordinance for an exact layout of the pathway on this parcel (PPN 57-04187.000). The one permanent easement totals 0.2061 acres.

Many like Mr. Hartnett are very supportive of the pathway and have agreed to donate the necessary easement and to work with the City to reserve some space between the building footprint and the pathway to possibly locate a parking area reserved for the pathway.

Budgetary Information: There will be no impact on the City's budget to accept this easement other than recording fees.

Action Requested: It is requested that the proper legislation be prepared to allow the City to enter into an Easement Agreement with Sandusky Star Lanes and that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter to allow the consultant to proceed with finalizing plans and permits for The Landing.

I concur with this recommendation:

TO: Eric Wobser, City Manager

FROM: Debi Eversole, Housing Development Specialist

DATE: July 26, 2022

RE: City Commission Agenda Item

ITEM FOR CONSIDERATION: The purpose of this communication is to request approval of legislation allowing the City Manager to execute a 'Purchase & Sale Agreement' for one (1) parcel of land currently in the City of Sandusky's Land Reutilization Program, that is no longer needed for any municipal purpose located at 438 Camp Street and further identified by the Auditor as Erie County Parcel No. 59-60589.000. Crystal Hester has requested to purchase this parcel for the purpose of new residential development. Ms. Hester proposes construct a single family residence, which will be owner occupied on the parcel.

BACKGROUND INFORMATION: Pursuant to Ordinance No. 07-026 passed June 11, 2007, the City is conducting a Land Reutilization Program in accordance with the provisions of Chapter 5722 of the Ohio Revised Code. The City Commission approved acquisition of the parcel into the Land Bank on December 27, 2011 pursuant to Resolution 051-11R. The vacant lot is triangular shaped and .065 acre with dimensions of approximately 45' x 116'. The property is currently zoned "R2F" Two-Family Residential, which would allow for this type of development.

Ms. Hester proposes to construct a modest two (2) bedroom, one (1) bathroom home on the property that will be owner occupied. The Applicant has been in communication with City Planning Staff to ensure the project will meet the minimum requirements of the City's Zoning Code. Due to the odd shape of the parcel, they have agreed that the lot is suitable for this footprint.

The Applicant is offering to purchase this parcel for \$1,630.00, which is the current valuation as determined by the Erie County Auditor's office. If there is a valid sale and deed transfer on this parcel, the Applicant will request the adjoining vacant parcel through the Mow to Own program as the adjoining property owner. She is prepared to make this payment as quickly as necessary to move forward with her plans.

This proposed sale will place this vacant non-productive parcel back into tax producing status and add new residential development to the currently vacant land. The Land Bank Committee approved the application on July 18, 2022 contingent on approval from City Commission, approval from all other boards not limited to Planning Commission and Board of Zoning Appeals, approval through Building Division through all required permits and a fully executed purchase and sale agreement and the conditions within.

BUDGET IMPACT: The cost associated with this purchase & sale agreement is the total amount of the title search, closing costs, deed preparation, property maintenance and any other customary fees that may be due and payable in the ordinary course of the sale and purchase transaction. The City will recoup the cost of these expenses from the sale and any proceeds of the sale shall be dispersed in accordance with the provisions of Chapter 5722 of the Ohio Revised Code. The taxing districts will begin collecting approximately one hundred dollars (\$100.00) per year in real estate taxes, which will increase after the land is redeveloped.

ACTION REQUESTED: It is requested legislation be adopted allowing the City Manager to enter into a purchase & sale agreement with Crystal Hester to sell the property no longer needed for any municipal purpose located at 438 Camp Street, and further identified by the Auditor as Erie County Parcel No. 59-60589.000 for a purchase price of one thousand six hundred thirty dollars (\$1,630.00). It is usual and customary to complete the closing of a real estate sale within thirty (30) days, therefore it is further requested that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter in order to promptly execute the closing.

WHEREAS, Crystal Hester has requested to purchase this parcel for the purpose of new residential development and proposes to construct a modest two (2) bedroom, one (1) bathroom home on the property to be owner occupied; and

WHEREAS, the purchase price of the property is \$1,630.00, which is the current Erie County Auditor's valuation of the property and no less than fair market value; and

WHEREAS, the Land Bank Committee met on July 18, 2022, and approved the acquisition and sale of this property to Crystal Hester; and

WHEREAS, the cost associated with this purchase & sale agreement is the total amount of the title search, closing costs, deed preparation, property maintenance and any other customary fees that may be due and payable in the ordinary course of the sale and purchase transaction and these costs will be recouped by the City upon sale and any proceeds of the sale shall be dispersed in accordance with Ohio Revised Code Section 5722.08; and

WHEREAS, this Ordinance should be passed as an emergency measure under suspension of the rules in accordance with Section 14 of the City Charter in order to promptly execute the closing within (30) days as usual and customary in the sale of real estate; and

WHEREAS, in that it is deemed necessary in order to provide for the immediate preservation of the public peace, property, health, and safety of the City of Sandusky, Ohio, and its citizens, and to provide for the efficient daily operation of the Municipal Departments, including the Department of Community Development, of the City of Sandusky, Ohio, the City Commission of the City of Sandusky, Ohio finds that an emergency exists regarding the aforesaid, and that it is advisable that this **Ordinance** be declared an emergency measure which will take immediate effect in accordance with Section 14 of the City Charter upon its adoption; and NOW, THEREFORE,

RE: City Commission Agenda Item – Purchase and Sale Agreement 527 McDonough Street.

ITEMS FOR CONSIDERATION: The purpose of this communication is to request approval of legislation allowing the City Manager to execute 'Purchase and Sale Agreements' for non-productive land currently in the City of Sandusky's Land Reutilization Program that is no longer needed for any municipal purpose located at 527 McDonough Street and further identified as Erie County Parcel No. 59-01204.000.

BACKGROUND INFORMATION: Pursuant to Ordinance No. 07-026 passed June 11, 2007, the City is conducting a Land Reutilization Program in accordance with the provisions of Chapter 5722 of the Ohio Revised Code. The City acquired this nonproductive land upon gift of deed in lieu of foreclosure proceedings. The City Commission approved acquisition of this parcel by Resolution No. 019-20R, passed on May 26, 2020. The City of Sandusky's Land Reutilization Policies and Procedures facilitate reutilization of nonproductive land situated within the City of Sandusky and supports neighborhood revitalization and promotes that ownership of unbuildable vacant lots located between existing property owners shall be offered equal portions to the adjoining property owners. In this case, there are three (3) applicants.

The sale price of this parcel is six thousand two hundred dollars (\$6,200.00), which is not less than fair market value as determined by the Erie County Auditor's Valuation. Each Applicant will be responsible for a portion of this cost.

Angela Woods, residing at 1011 W. Madison Street, adjoins the property at the rear of her parcel. She requests a portion that when split will be approximately 33' x 33' (.25 of the lot) to expand her rear yard. The purchase of this portion is one thousand five hundred fifty dollars (\$1,550.00). Ms. Woods will pay an earnest money deposit of nine hundred fifty one dollars and fifty cents (\$951.50) with the remaining balance of five hundred ninety eight dollars and fifty cents (\$598.50) being paid through in kind maintenance for six (6) months. It is required to combine both portions of land.

Marcha Kieffer, property owner of 523 McDonough Street, adjoins the property from the north. She requests a portion that when split will be approximately 16.5' x 99' (.375 of the lot) to expand her side yard. The purchase of this portion is two thousand three hundred twenty five dollars (\$2,325.00). Ms. Keiffer will pay an earnest money deposit of nine hundred fifty one dollars and fifty cents (\$951.50) with the remaining balance of one thousand three hundred seventy three dollars and fifty cents (\$1,373.50) being paid through in kind maintenance for twelve (12) months. It is required to combine both portions of land.

Mark Ortolani, residing at 531 McDonough Street, adjoins the property from the south. He requests a portion that when split will be approximately 16.5' x 99' (.375 of the lot) to expand his side yard. The purchase price of this portion is two thousand three hundred twenty five dollars (\$2,325.00). Mr. Ortolani will pay an earnest money deposit of nine hundred fifty one dollars and fifty cents (\$951.50) with the remaining balance of one thousand three hundred seventy three dollars and fifty cents (\$1,373.50) being paid through in kind maintenance twelve (12) months. It is required to combine both portions of land.

The Land Bank Committee approved the acquisition and sale through the “Mow to Own” Side Lot Disposition Program on May 16, 2022.

BUDGET IMPACT: The cost associated with these purchase agreements is the total amount of the recording and transfer fees, survey and legal descriptions and deed preparation. Any such costs shall be recouped by the City from the nonrefundable earnest money deposits required to be paid by Purchasers upon sale. By returning this nonproductive land to tax producing status, the taxing districts will begin collecting real property taxes in the amount of approximately one hundred fifty dollars (\$150.00) per year.

ACTION REQUESTED: It is requested legislation be approved allowing the City Manager to enter into purchase agreements for the sale of non-productive property no longer needed for any municipal purpose located at 527 McDonough Street, Sandusky, Ohio, Erie County Parcel No. 59-01204.000 to the adjoining property owners Angela Woods, Marcha Kieffer and Mark Ortolani. It is further requested that the legislation be passed under suspension of the rules and in full accordance with Section 14 of the City Charter in order to execute the agreements in a timely manner to ensure timely sale and maintenance of the lot.

CITY OF SANDUSKY OHIO

LAND REUTILIZATION PROGRAM

"MOW TO OWN"

SIDE LOT DISPOSITION PROGRAM

EXHIBIT

"B"

The City of Sandusky's "Mow to Own" Side Lot Disposition Program aims to stabilize and strengthen property owners' investments in their neighborhoods by transferring vacant, abandoned and tax delinquent parcels that are of insufficient size to permit independent development to adjacent property owners through the Land Reutilization Program. The parcels are generally too small to be developed based on current zoning regulations. The City of Sandusky has many parcels that were platted at a time when houses were typically much smaller and closer together and off-street parking was not needed. Today, the City of Sandusky's zoning regulations do not allow development on these small parcels. In addition, prospective homebuyers generally are more attracted to larger residential lots for reasons such as desire for a larger house and a spacious yard. Given the limited usefulness of side lot parcels for development due to zoning regulations and homebuyer preferences, the "Mow to Own" Side Lot Disposition Program will encourage the adjacent property owners to purchase these parcels for yard expansion and off-street parking at a reasonable cost. Pursuant to the Ohio Revised Code, the parcels acquired by the Land Reutilization Program must be sold for not less than fair market value. The "Mow to Own" Side Lot Disposition Program will encourage the adjacent property owners to purchase these unbuildable parcels by requiring a small non-refundable earnest money deposit to cover the City's cost of acquisition with the balance to be paid for by in-kind service of mowing and maintaining the lot over a certain number of years. The required years will be determined by subtracting the required non-refundable earnest money deposit from the Erie County Auditor's appraisal value and then dividing the balance by the average yearly cost of the City to mow and maintain the parcel. A Purchase Agreement will be

entered into that will expire at the end of the required number of years that will require the parcel to be properly mowed and maintained. If at any time it is not adequately maintained within the required number of years, the Purchase Agreement will become null and void and the City will keep the non-refundable earnest money deposit. Once the terms of the Purchase Agreement have been met, the closing will take place and the title will be transferred to the adjoining owner.

By implementing the "Mow to Own" Side Lot Disposition Program, the City aims to produce several positive outcomes by transferring ownership to the adjacent property owners:

1. To stabilize neighborhoods by transferring vacant and abandoned properties to adjacent property owners who are more likely to care for the land next to their home.
2. The evidence of use and a well-maintained condition will help to improve the neighborhood character and appearance.
3. Reduce the public costs associated with maintaining these properties.
4. Encourage the creation of off-street parking where there currently is none.
5. Return these properties to the tax roll and increase property tax revenue for Erie County and the City of Sandusky.

The Land Reutilization Program aims to stabilize neighborhoods that are in decline with many vacant, abandoned and tax delinquent properties. Providing incentives for adjacent property owners to take ownership of vacant land will strengthen the neighborhood's character, appearance, and better sense of community.

A. Qualified Properties.

Parcels of property eligible for inclusion in the "Mow to Own" Side Lot Disposition Program shall meet all of the requirements pursuant to the City of Sandusky's Land Reutilization Program Policy and Procedures and shall also meet the following minimum criteria:

1. The property shall be vacant unimproved real property.
2. The property shall be physically contiguous to the adjacent owner's real property with a significant common boundary line.
3. The property shall consist of no more than one lot of insufficient size to permit independent development, which for the purposes of the Mow to Own Program shall be defined as a lot smaller than 40' X 125' or, in the case of an irregular shaped lot, as determined by the Land Bank Committee with the final approval of City Commission.

B. Applicants.

1. All applicants must own the contiguous property, and priority shall be given to applicants who personally occupy the contiguous property.
2. The applicant shall not be delinquent on any real estate or personal properties taxes in Erie County.
3. The applicant shall not have a history of property maintenance, nuisance and/or building code violations.
4. The applicant shall not own any property that has an unremediated property maintenance, nuisance and/or building code violation.
5. Applicants must meet all other requirements pursuant to the City of Sandusky's Land Reutilization Policy and Procedures.

C. Purchase.

1. Lots purchased for addition to existing developed properties shall be sold with deed restrictions prohibiting construction of additional dwelling units and limiting usage to ancillary facilities or building additions.

- The applicant shall obtain all necessary permits from the City before erecting structures on the property (i.e. garage, fence, etc.)
2. Situations not herein defined or deemed to be unusual shall be resolved at the discretion of the Land Bank Committee.

D. Price.

1. The purchase price shall be fair market value as determined by the Erie County Auditor's current valuation and appraisal.
2. The purchaser shall be responsible for the recording and transfer fees in addition to the cost of the lot.
3. The City shall not provide purchaser with title insurance. Title insurance may be purchased independently through the title company by the purchaser.

E. Payment.

1. The purchaser shall provide a non-refundable earnest money deposit in an amount not less than the costs incurred by the City for acquisition of the property.
2. The remaining balance due shall be determined by subtracting the amount of the non-refundable earnest money deposit from the fair market value.
3. The remaining balance due shall be paid by in-kind service of the purchaser by mowing and maintaining the property in a nuisance free condition for a minimum number of years that shall be determined by dividing the remaining balance due by the estimated average yearly cost to the City for mowing and maintaining the property, which shall be rounded up to the next whole number.
4. The purchaser shall agree to mow, maintain and keep the property free from nuisance for the minimum number of years as determined above.
5. If the property owner fails to maintain the property at anytime within the required minimum number of years and is issued a nuisance violation pursuant to the City of Sandusky's Codified Ordinances or if the City must

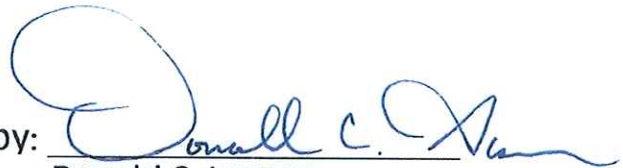

maintain the property in any way within the required minimum number of years, the purchaser shall be in breach of the Purchase Agreement.

F. Breach of the Purchase Agreement.

1. Upon breach of the Purchase Agreement, the Purchase Agreement shall become null and void and the non-refundable earnest money deposit shall be retained by the City. The property shall be offered to the other adjacent property owner. If the other adjacent property owner declines, or in the event there is no other adjacent property owner, the entire lot shall be offered to the rear abutting property owner.
2. If all of the adjacent/abutting property owners decline, the lot shall be considered for community development efforts such as community gardens, neighborhood play areas and community green areas.

To: Eric Wobser, City Manager

From: Joshua R. Snyder, P.E.

Date: July 28, 2022

Subject: Commission Agenda Item- Change Order #1 and Final with United Survey, Inc. for the 2022 Sewer Lining Project

ITEM FOR CONSIDERATION: Requesting legislation for approval of Change Order #1 and Final for the 2022 Sewer Lining Project.

BACKGROUND INFORMATION: This project was awarded to United Survey, INC of Oakwood Village, OH, at the March 14, 2022 City commission meeting per ordinance 22-044 in the total amount of \$316,615.00.

This project provided for the lining of habitual "problem areas" along several sewer lines and included one (1) additional item. These areas previously required some of the most regular work efforts by City Sewer maintenance crews. Work was completed 7-8-22. This lining will increase the velocity with which sewer water is carried, which increases pipe capacity and provides long-lasting protection of underground piping. All this, while virtually eliminating regular maintenance and labor costs of root cutting, root "foaming" and routine cleaning/jetting for the next 50 years, which is the life expectancy of this pipe treatment.

Specific locations of this pipe rehabilitation occurred on (and between): W. Monroe St. (310 to Decatur St.), 44th St. (Hancock to Dead End), 48th St. (Hancock to Milan Rd.), Judy Lane (1402 to Dixon Dr.), Ashburn Dr. (Wamajo to Dixon Dr.), Dixon Dr. (Judy Ln. to interceptor), Shelby St. (Jefferson to Madison St.), Hancock St. (42nd to 46th St.), Franklin St. (S. of Dewey), Caldwell St. (2019 to Parish St.), Shelby St. (Adams to Jefferson St.) and Jackson St. Ext. (Hayes to W. End).

This final Change Order, an increase of the contractual award in the amount of \$1,939.70, represents final quantities installed in the field by the contractor. This increase reflects a combination of actual quantities versus estimated quantities and includes cutting off an unplanned "protruding tap" that was required.

BUDGETARY INFORMATION: This final agreement amendment is an increase of \$1,939.70, which will revise the original total contract amount of \$316,615.00 to \$318,554.70 and will be paid from the Sewer Funds.

ACTION REQUESTED: It is requested that legislation be prepared to allow for the approval of the first and final Change Order due to an increase in work quantities for the 2022 Sewer Lining Project. It is further requested that this be passed in accordance with Section 14 of the City Charter so that the contractor can be paid for work already completed in the field and to close out the completed project.

I concur with this recommendation:

From: Arin Blair, Chief Planner

Date: July 27, 2022

Subject: August 8th, 2022 Agenda Item –Application for an amendment to the zoning map for parcel No. 57-03542.000, 57-03541.000, 57-03374.000, 57-00159.000.

Item for Consideration: To change the parcel from “R1-40” – Single Family Residential to “GB” – General Business on Parcels on Parcel No. 57-03542.000, 57-03541.000, 57-03374.000, 57-00159.000.

Purpose: The Bicentennial Vision/ Comprehensive Plan outlines the citywide development for the next ten (10) years. In general, zoning amendments should align with the proposed land uses stated in a Comprehensive Plan. Therefore, the Comprehensive Plan is utilized by staff as one factor when evaluating proposed amendments.

Background Information: Sandusky Holdings, LLC, has applied for a rezoning of the property to change the parcel from “R1-40” – Single Family Residential to “GB” – General Business on Parcels No. 57-03542.000, 57-03541.000, 57-03374.000, 57-00159.000. The subject property is zoned “R1-40” – Single Family Residential, and adjacent to “R1-40” – Single Family Residential, to the north, “R1-60” Single Family Residential to the west, “R1-40” Single Family Residential and “R1-60” Single Family Residential to the east and “GB” General Business to the south. The applicant is proposing the rezoning of this land as they look to expand the Business zoning north to allow for larger commercial development opportunities. The change will make this corridor marketable for commercial investment.

At their regularly scheduled meeting, held on May 25, 2022, Planning Commission recommended approval of the rezoning. The primary discussion for approval considered a) the majority of existing commercial zoning on the same block as this parcel (primarily GB), and b) the appropriateness of allowing commercial uses on this parcel in relation to its neighbors and the commercial nature of the corner of Milan Rd. & Perkins Ave.

Correlation to the Comprehensive Plan: According to the City’s Bicentennial Vision Comprehensive Plan, this neighborhood had several strong recommendations that could be addressed by this rezoning. The Bicentennial Comprehensive Plan outlines a number of priorities for the neighborhood. Some of the priorities related to this site are:

- 1) Reclaim and repurpose blighted land/sites for industrial development/commercial development.
- 2) Zoning changes to encourage hospitality: Determine appropriate zoning for transient rentals and hotels, and other hospitality development in the city.

Understanding the goals set for this area by the city's Comprehensive Plan and the reasons previously stated in this report staff believes the rezoning could satisfy the above conditions.

Budgetary Impact: The proposed rezoning is expected to create a potential for additional income tax revenue for the city.

Action Requested: It is requested that City Commission approve the proposed amendment to the zoning map, changing the zoning of Parcel No. 57-03542.000, 57-03541.000, 57-03374.000, 57-00159.000 from "R1-40" – Single Family Residential to "GB" – General Business. It is requested that this ordinance take effect under Section 13 of the City Charter.

PROJECT DESCRIPTION

The parcels of 57-03542.000, 57-03541.000, 57-03374.000, 57-00159.000 currently contain part of a parking lot, a vacant parcel of a recently demolished house, and an existing residential structure. The existing residential structure has 1,260 sq. ft. The land area of all 4 lots is 0.39 acres. The four parcels in this application along with the four parcels contingent to the south along Milan Rd. are owned by the applicant.

The applicant is proposing the rezoning of this land as they look to add these parcels in the sale of the lower four parcels on the corner of Milan Rd. and Perkins Ave. The larger area will make the property more marketable for larger developments.

APPLICABLE CODE SECTIONS

Chapter 1113 Amendments, of the Zoning Code states that the Zoning Map may be amended periodically in order to keep it abreast of new zoning techniques, as well as when the following general conditions arise:

- (1) Whenever a general hardship prevails throughout a given district;
- (2) Whenever a change occurs in land use, transportation, or other sociological trends, either within or surrounding the community; and
- (3) Whenever extensive developments are proposed that do not comply but would be in the public interest.

DEPARTMENT OF PLANNING COMMENTS

The Bicentennial Comprehensive Plan outlines a number of priorities for the neighborhood. Some of the priorities related to this site are:

- 1) Reclaim and repurpose blighted land/sites for industrial development/commercial development.

Commented [AB1]: Is there anything in the plan about corridors? That would help to also cite, if so

Understanding the goals set for this area by the city's Comprehensive Plan and the reasons previously stated in this report staff believes the rezoning could satisfy the above conditions.

The rezoning to "GB" General Business would open the door for high intensity business uses, but not allow for low intensity commercial / manufacturing zoning uses.

This parcels currently abuts a General Business zoned parcel. Staff has determined from a site visit that this zoning change is appropriate. The single-family homes on this stretch of Milan Rd. lack a strong neighborhood connection due to commercial development and high traffic counts on Milan Rd. From a long-term planning perspective, business uses and other larger development such as multifamily structures are a more logical land use than single family homes on Milan Rd. between Perkins Ave. and Sycamore Line. Re-zoning these parcels supports this perspective and the long-term growth potential of the corridor.

~~Lastly, if the applicant desires the property to be utilized for transient rental, it will need its own transient rental application and would be thoroughly reviewed by the Code Enforcement Department and the Division of Planning.~~

Commented [AB2]: Suggest cutting this unless they've mentioned it specifically

1. All applicable permits are obtained through the Building Department, Engineering Department, and any other applicable agency prior to any development.

Public Hearings:

- **Sandusky Holdings LLC has submitted an application for an amendment to the zoning map for the following parcels along Milan Road: parcel 57-03541.000, parcel 57-03542.000, parcel 57-03374.000, and parcel 57-00159.000. The application is to rezone the parcels from "R1-40" Single-Family Residential to "GB" General Business.**

Mr. Ochs stated that the parcels currently contain part of a parking lot, a vacant parcel of a recently demolished house, and an existing residential structure. The four parcels in this application along with the four parcels contingent to the south along Milan Rd. are owned by the applicant. The applicant is proposing the rezoning of this land as they look to add these parcels in the sale of the lower four parcels on the corner of Milan Rd. and Perkins Ave. The larger area will make the property more marketable for larger developments. The rezoning to "GB" General Business would open the door for high intensity business uses, but not allow for low intensity commercial / manufacturing zoning uses. These parcels currently abut a General Business zoned parcel. The single-family homes on this stretch of Milan Rd. lack a strong neighborhood connection due to commercial development and high traffic counts on Milan Rd. From a long-term planning perspective, staff believe business uses and other larger development such as multifamily structures are a more logical land use than single-family homes on Milan Rd. between Perkins Ave. and Sycamore Line. Rezoning these parcels supports this perspective and the long-term growth potential of the corridor. Staff supports the approval of the proposed amendment to the zoning map with the following conditions: 1. All applicable permits are obtained through the Building Department, Engineering Department, and any other applicable agency prior to any development. Mr. Zuilhof asked staff if they know how the north end of the lot came to be a nonconforming use. Mr. Ochs stated that staff could not find any record of what enabled that use. A parking lot is a permitted use if it is attached to a residential structure, so the only thing that would make this a nonconforming use would be a fence. Mr.

Zuillhof made a motion to approve the application subject to staff's conditions and Mr. Jackson seconded. All voting members were in favor of the motion and the motion passed.

- **Ronda Jacksich has submitted an application for an amendment to the zoning map for 702 and 706 Perry St (parcels 57-03889.000 and 57-04347.000). The application is to rezone the parcels from "R1-40" Single-Family Residential to "RRB" Residential Business.**

Mr. Ochs stated that the sites at 706 & 702 Perry St. currently both have single family structures. Each house has roughly 1,200 sq. ft. of living space. Both homes have off street parking. The applicant is proposing the rezoning of this land as they look to use the home at 706 Perry St. for transient occupancy. Staff recommended that the corner parcel at 702 Perry St. be included in this application to create a more cohesive district with the properties along Monroe St. west of Perry St. The resident at 702 Perry St. stated he is not interested in transient occupancy but has given a signed letter of consent to planning staff in favor of re-zoning his property to RRB – Residential Business. Mr. Ochs then read aloud a letter from the owner of 702 Perry Street, which stated "I Steven Ruff, representing SPR Rentals LLC, owner of 702 Perry Street, give consent to the City of Sandusky to change the zoning to my property given that there is absolutely no additional fees or taxes assessed to me." The rezoning to "RRB" Residential Business is the minimum zoning change to permit the applicant's proposed project. In staff's opinion, the RRB zoning will create a logical transition due to the fact the block to the west is already zoned RRB, and is also used as residential homes. The property at 702 Perry St. is also contiguous to a Local Business zoned parcel to the north, which would allow transient occupancy with a conditional use permit. The RRB zoning allows the most restricted business uses and the existing residential use. If the applicant desires the property to be utilized for transient rental, it will need its own transient rental application and would be thoroughly reviewed by the Code Enforcement Department and the Division of Planning. Staff supports the approval of the proposed amendment to the zoning map with the following conditions: 1. All applicable permits must be obtained through the Building Department, Engineering Department, and any other applicable agency prior to transient occupancy. Mr. Miller asked if the driveway at 706 Perry Street is a shared driveway with the neighboring property. Mr. Ochs said that it does look to be that way as the property line goes through the middle of the driveway. However, staff considers there to be adequate parking. Mr. Zuillhof asked staff to clarify that even if this rezoning is approved, would the applicant still have to apply for transient rental and include a parking plan in that application. Mr. Ochs stated that was correct. Mr. Zuillhof stated that he would not characterize the letter from the owner of 702 Perry St as approval to go through with this. Also, the owner stated some conditions in that letter that the Planning Commission cannot promise will happen. He then asked if this is the only way to achieve what the owner wants to do with her property because allowing a rezoning will not only allow transient rental, but it will also allow a lot of other uses. He said he does not like getting in the habit of approving transient rental via this route because of that reason. Mr. Poggiali stated that he agrees and is more inclined to wait on this application until the transient rental regulations that they have been working on are in place. Mr. McGory stated that it might not be such a leap considering there is local business zoned across Monroe Street and Residential Business across Perry Street. Mr. Miller stated he does not think this would be considered spot zoning for that reason. Mr. McGory reminded the Planning Commission that they also approved

a rezoning for transient rental purposes, and that property is across the street and over a couple of properties. Mr. Whelan stated that he does not have a problem with changing the zoning, however Mr. Zuilhof brings up a good point about the letter from the owner of 702 Perry Street. Charles Kraisner of 705 Perry Street, said he owns the property right across the street from 706 Perry Street. He asked what the parking plan would be because there is no parking there now. He said he is not against anyone making money off of their own property or having transient rentals but if there is no parking there now he is not sure where they will park. Mr. McGory stated that in order to do transient rental they would need to submit a parking plan to staff along with the application and if they do not have a parking plan that is sufficient then they may not be able to do that there. Mr. Ochs stated that the transient parking requirements reflect the zoning requirements for any new building. So in this case it would be two spaces are needed. By looking at 706 Perry Street, staff estimated at the minimum two cars would fit there, but possibly three, and showed the Planning Commission a picture of the property and the shared driveway. 702 Perry Street has a driveway which staff estimated could fit 4-6 cars. Staff does not consider parking an issue at either address. Ms. Castile stated that this rezoning might make sense, but she would also like to hold off on further rezonings for transient occupancy use until the Planning Commission knows what they updating the regulations. Rhonda Jacksich of 706 Perry Street, stated that she has lived in this home for maybe 25 years. She said there has never been an issue with parking and sharing a driveway with her neighbor. She said there is room for probably five cars at her address. She said that the property that got the approval to do this same thing across the street, that person has only been living there a few months. She said they also do not have off street parking at that address. She said she knows all of her neighbors since she has lived there so long and none of them have an issue with what she wants to do. She said that the people that lived on the other side of her passed away and so did the person that lives behind her, and there are no plans for those homes at this time. Ms. Jacksich stated that she may possibly try to buy the property next to her if they put it up for sale. Mr. Whelan asked the applicant if she could clarify whether or not she currently lives at this address. Ms. Jacksich stated that she does, but her mother is not doing well, so she wants to move in with her mother and then do transient occupancy at this address so that she would not have to give up her home. She said her home is very nice and she would be very picky with whom she would allow to stay there if this is approved. Law Director Brendan Heil stated that he has questions as to whether or not the letter from the owner of 702 Perry Street is sufficient enough authorization to consider a rezoning for his address. The zoning code states that if the applicant is not the actual owner of the property, there must be a verified statement from the owner of the property allowing someone to make the application on their behalf. He is not sure the letter submitted by the applicant is sufficient. He would recommend not making a decision on this tonight so that staff can further look into what the code requires. Mr. Zuilhof made a motion to table this application until next month's meeting and Mr. Poggiali seconded. Mr. McGory stated that he believes the Law Director's concern is legitimate. He does however believe, besides the proposed transient rental use, that the zoning change does make sense for this location. Mr. Miller stated that he does have mixed feelings on this, but hates to make someone wait on a decision when the Planning Commission has been taking some time to figure out the transient rental regulation changes. However, he does agree with the Law Director with his recommendation. Mr. Poggiali stated that he does want to be consistent and the applicant did

bring up some good points about what was approved across the street, which is why he thinks it is important to get the transient rental regulations squared away. Mr. Whelan stated he would be prepared to vote if it were not for the Law Director's comment. Ms. Castile said that Mr. Poggiali brought up a good point about being consistent but Mr. Zuilhof also brought up a good point about how many times do you keep approving these just because it was done before so hopefully when the transient rental regulation changes take place, that will help. Mr. Miller stated that the transient rental revisions may not require that corner lot to be rezoned in order to not be spot zoned because it wouldn't be a zoning change that allows a transient rental but a cap on transient rentals, and that also appeals to him. If they decide to allow transient rentals in other areas not already approved but put a cap on them, Ms. Jacksich may be able to do what she wants to do and not have to worry about getting the owner of the corner lot to do anything further. All voting members were in favor of the motion and the motion passed.

New Business:

- **Hoty Marine Group has submitted a site plan application for demolishing and replacing the current restroom and community building at 2035 First Street (parcel 57-02639.000).**

Mr. Ochs stated that the applicant proposes to demolish and replace the current community building/restroom building at Venetian Marina. The building footprint will expand to a total of 3,659 sq. ft. and will have the same community space/restroom use as the existing structure. The existing playground, parts of the wood deck and parts of the existing sidewalk are to be removed. A new concrete entranceway and walkway configuration is proposed. The existing pool and part of the existing wood deck is to remain. Staff has determined that no additional parking is necessary. With no additional parking requirements, no additional landscaping is required. All area standards are satisfied. All yard regulations are satisfied. Staff recommends the approval of the proposed site plan with the condition that all applicable permits must be obtained through the Building Department, Engineering Department, and any other applicable agency prior to construction. Mr. Miller made a motion to approve the application subject to staff's conditions and Ms. Castile seconded. Mr. Miller asked staff for clarification on why this needs Planning Commission approval. Mr. Ochs stated that the expansion of a commercial use needs Planning Commission approval. All voting members were in favor of the motion and the application was approved.

- **MRK Real Estate LLC has submitted a site plan application for expanding the current manufacturing, storage, and warehousing operations at 2901 West Monroe Street (parcel 59-00360.001).**

Mr. Ochs stated that the applicant proposes to expand the current manufacturing, storage, and warehousing operations by approximately 51,800 sq. ft. Addition 1 will add 44,566 sq. ft. of warehouse space. And addition 2 will add another 6,720 sq. ft of warehouse space. This addition will put the total site coverage at nearly 53.9%, 3.9% over the maximum requirement of 50%. The applicant is seeking an area coverage variance at the 5/19/22 Board of Zoning Appeals. The proposal contains 58 parking spaces. The code calls for 112 spaces. The proposed parking area coverage is 49,000 sq. Ft. The landscaping area is 5,000. Staff has spoken to the applicant and determined 58 spaces will adequately meet the parking need for the site. The applicant stated that 58 spaces will be more than enough for current and future employees. Staff notes that warehousing operations typically produce a minimal amount of jobs – therefore, should not require the amount of parking the code calls for. Staff observed the small size of the parcel and

additional parking would not fit on the site based on the proposal. Due to these restraints and the conversation with the applicant, staff recommends waiving any additional parking requirements. The parking addition requires one additional tree to be planted in a landscaping island. The Planning Commission has the authority to require landscaping features if it is in close proximity to residential uses. Staff supports this approach. Staff recommends adding 2 trees along the western edge of the parking areas. A tree lawn currently exists, and staff recommends the old entry aisle is replaced with a tree to match the existing trees as best as possible. Staff also recommends adding additional trees on this western edge due to its close proximity to a residential neighborhood. A tree buffer would help minimize the visual impacts for residents and future users of the Sandusky Bay Pathway which is planned in the right-of-way along the southern and western edges of this property. This amount of landscape is sufficient to beautify the site as the code would have guided previous site plan applications for this site. Mr. Ochs then showed a map where he pointed out where there is additional landscaping highlighted in orange that is not required, but planning staff recommends additional landscaping at this location to further beautify the site. Staff recommends approval of the proposed site plan with the following conditions: 1) All applicable permits must be obtained through the Building Department, Engineering Department, and any other applicable agency prior to construction, 2) The landscaping plan is updated according to staff recommendations in the staff report. Mr. McGory asked if staff had discussed with the applicant what all they would like to see as far as landscaping goes. Mr. Ochs stated that he did mention to them that staff would like to see the one tree that is required and the recommended landscaping buffer and they seemed willing to do that, but staff did not mention to the applicant the additional landscaping. Mr. McGory stated he would be uncomfortable making a motion conditioned upon everything being suggested by staff if the applicant is not in agreement with it. Mr. Ochs stated that he believes the applicant is here if the chairman wants to invite him up to speak. Mr. Zuilhof stated that it looks to him like the plan encroaches onto a strip of City owned land that runs from Monroe to the Marina and bounded to the east by the yellow line within the red boundary on one of the photos provided in the staff report. He asked does the City need that strip of land or can it be vacated? Ms. Blair stated it is her understanding that this site plan does not encroach onto the City owned land and that strip of land will become part of the Sandusky Bay Pathway. Craig Dunaway, General Manager at Rheteck stated that there are currently a bunch of nice trees currently next to where the bike path will possibly go. He said they are not against beautifying the property and will do whatever the Planning Commission decides as far as landscaping goes. He said they would like to eventually purchase the property from the owner if this site plan gets approved. Mr. Zuilhof moved to approve the application subject to staff's conditions and subject to the site plan not encroaching onto City property. Mr. Poggiali seconded. All voting members were in favor of the motion and the motion passed.

Old Business:

- **The Planning Commission has set a public hearing to consider a transient rental overlay district for the following parcels along East Washington Street: 56-01210.000, 56-00444.000, 56-00518.000, 56-00747.000, 56-00097.000, 56-01158.000, 56-00643.000, 56-00585.000, 56-01137.000, and 56-01136.000 (tabled at last meeting).**

Mr. Zuilhof made a motion to take this item off the table. Mr. Miller asked if there is an idea on when there will be a draft transient rental ordinance revision, as the Planning Commission was reluctant to move forward with this item due to waiting on that direction. Mr. Heil stated that

he wanted to let everyone know that a motion to take this item off the table does not mean that the Planning Commission discusses this tonight but means that this will be back on the table at the next meeting. With a lack of a second to the motion, the motion failed and the item remains on the table.

- **The Planning Commission has set a public hearing to consider a transient rental overlay district roughly bound by West Monroe Street to the north, Marquette Street to the west, Superior Street to the east, and then extending to the railroad tracks to the south (tabled at last meeting).**

Mr. Poggiali stated that he knows there are a couple of people at the meeting tonight that wanted to speak so he asked if this item needed to be removed from the table in order to hear what these people wanted to say. Mr. Zuilhof stated that taking it off the table would continue the public hearing so either they do that and here new thoughts or they wait. Mr. Heil stated that he believes that everything that was tabled at the last meeting was tabled without a specific time frame which means that an affirmative vote is needed to remove it from the table and then the matter can be heard at the next meeting. However, the chair has the ability to elicit discussion during old business on any and all topics. Mr. Zuilhof stated he would like to hear what others have to say on this issue if they had not yet had the chance to speak on the matter, but does think the discussion should be limited to three minutes considering how long the previous month's meeting went and to give everyone a chance to speak. He said that is also a rule that is followed at City Commission. Also, if this item is not taken off the table, members of the Planning Commission should refrain from having discussion after comments are heard.

Other Business:

Mr. Poggiali stated that he, Mr. Miller, Mr. Castile, and staff have met to discuss potential changes to the transient rental regulation and plan on meeting again soon. Mr. Jackson stated that it is difficult if you are not in a transient rental overlay district to try to decide who gets approval to do transient rental and who does not. Mr. Zuilhof states that the ordinance does lay out some pretty good reasons to help with that. Mr. Whelan asked Mr. Poggiali if they think there might be some draft language at next month's meeting. Mr. Poggiali said that they plan on meeting before next month's meeting but would hate to promise anything.

Dan O'Loughlin, 3426 West Monroe Street stated that he had the pleasure of speaking with the Planning Commission at the end of April regarding the public hearing for the transient rental overlay district in the West Monroe Street area. He said it was brought up more than one time that the petition he had was six months old. He had 40 signatures against at that point. He spoke with some of the neighbors after that meeting. Mr. Poggiali brought up a good point in saying he would be curious to know how many of those signatures are owners versus renters. He said it was also discussed how this would affect the whole area not just that small area as the west end goes all the way to Edgewater Drive. So he brought in a new petition and 130 people signed it stating they were against the transient rental overlay district and out of the 130 people, 8 were renters. He said that a lot of the renters in the area did not want to sign it out of fear that they would get evicted if they did. At the end of Lasalle Street he heard there was a guy that fixed up a home and was getting ready to do this even though he does not think it

is allowed there. He said the west end is a peaceful neighborhood and this is just not the place for transient rentals.

Barb Manner, 1317 Lasalle Street, stated that the gentleman that wants to do the Airbnb had a sign up (and she showed the sign) from May 16th-May 20th, until Erie Metro Housing asked him to take it down. She then stated that the sign said "Section 8 housing only. Must be willing to sign a 31 day lease so that multiple families will be able to enjoy throughout the year. Erie Metro Housing does not rent for 31 days but one year at a time. He is trying to get someone in long term but it is not Erie Metro route to go, so he was asked to take the sign down by Erie Metro Housing.

Ms. Gessinger, 620 Lasalle Street, stated she has lived at her address for 22 years and she is opposed to the transient rental housing. She does not want to have to look out the window and wonder who is out there. She said that her house is next to Lions Park and she knows everything that goes on in that neighborhood. She said there has been a murder suicide and homeless people stay down there so they already have enough to worry about. She said her house burned down and then someone broke into her home after that. She said that people that are coming up here are coming up here to party and that is not what the families want that live in the neighborhood.

Charles Kraisner of 705 Perry Street asked Dan O'Loughlin if he was the man that offered people \$5.00 to sign a petition. Mr. O'Loughlin replied no. Mr. Kraisner said he heard there was a guy that was doing that. He said that the City should take into consideration what people have to say that have been living in areas for as long as they have when developing plans. He then said that the neighbors that passed away next door to Ms. Jacksich, their home is probably in probate court since they have been passed away for a while now.

Mr. Poggiali stated that any time the City does a Comprehensive Plan or something similar they do invite people to come give opinions, but it is usually difficult to get people to show up.

Mr. Jackson stated that he does want people to know that they do take into account their comments when they come and speak at meetings.

Ms. Blair stated that she wanted to let everyone know that the Mills School Open House for the Sandusky Recreation will be next Wednesday, June 1st from 3pm-7pm at the Mills School.

Adjournment:

Mr. Miller motioned to adjourn the meeting and Mr. Poggiali seconded. The meeting ended at 6:31pm.

ITEM FOR CONSIDERATION: Legislation awarding a contract to FER-PAL Construction USA LLC Taylor, Michigan for the Tiffin Avenue 12" Watermain Lining Project

BACKGROUND INFORMATION: This project will line an existing 12" watermain along the east side of Tiffin Avenue from a water valve just north of the Venice Road intersection to a water valve located in front of the Erie County Juvenile Justice Center. The 12" watermain is currently shut off between these two water valves due to the watermain leaking at the Mills Creek bridge crossing. The 12" waterline is a cast iron pipe installed in 1968. The lining project will be a cured-in-place pipe (CIPP) similar to previous sewer lining projects that the city has successfully completed, but the material used in watermain projects are specifically designed for drinking water. The CIPP lining will stop the current leaking, structurally renew and extend the service life of the existing watermain. The contractor will be required to dig access pits to gain entry into the existing watermain to clean, camera and line the pipe.

One (1) bid was received on Monday, July 25, 2022 at a formal public bid opening;

FER-PAL Construction USA LLC
Taylor, Michigan
100% BID BOND

BASE BID: \$374,984.00
(1.347% over estimate)

The engineer's estimate for the Base Bid project was set at \$370,000.00

Per Contract Article 5.1.1 "Limits on Award" and Section 41 of the City Charter allows awarding a bid in excess of, but within 10% of the engineer's estimate. Based on this, FER-PAL Construction USA LLC has been determined the lowest and best bidder.

The contractual schedule for completion of this project is Friday, December 16th, 2022.

BUDGETARY INFORMATION: The total construction cost of the project based on bids is \$374,984.00 and will be paid with Water Funds.

ACTION REQUESTED: It is recommended that proper legislation be prepared to award a contract to FER-PAL Construction USA LLC Taylor, Michigan for the Tiffin Avenue 12" Watermain Lining Project in an amount not to exceed \$374,984.00 be approved and that the necessary legislation be passed under suspension of the rules and in accordance with Section 14 of the City Charter to allow the contractor to complete the project prior to the construction completion deadline of December 16, 2022.

Subject: Commission Agenda Item - WPCLF Loan Application with the Ohio EPA for Mills Street High Rate Treatment design

ITEM FOR CONSIDERATION: Requesting legislation approving the submission of a Water Pollution Control Loan Fund (WPCLF) application for the design portion of the Mills Street High Rate Treatment project to the Ohio Environmental Protection Agency (OEPA).

BACKGROUND INFORMATION: Ohio EPA established the WPCLF program in 1988 to provide low-interest loans for projects that have a water quality benefit. Bridge loans for design services allow for reimbursement of those activities prior to obtaining costs for the construction phase.

In 2021 the City entered into a Professional Design Agreement with Stantec Consulting Services, Inc for preliminary design via ordinance 21-136. In 2022 the City entered into an amendment with Stantec for detailed design services via ordinance 22-047. It is anticipated that design documents will be completed by October 2022 and staff would like to apply for a WPCLF loan from the OEPA for reimbursement of design funds already expended. Applying immediately would allow for reimbursement in December of this year. Once an application is submitted for construction in 2023, the two separate loans would be merged into one for future processing.

BUDGETARY INFORMATION: There is no budgetary impact for submitting the application.

ACTION REQUESTED: It is requested that legislation be prepared to approve submission of a loan application to the OEPA for WPCLF funds for the design phase of the Mills Street High Rate Treatment project. It is further requested that this be passed under Section 14 of the City Charter in order to submit the loan application as soon as possible to allow for recovery of funds in fiscal year 2022.

Subject: **Commission Agenda Item –OPWC Application, Round 37
Milan Road Concrete Repair Project – ODOT PID 103704**

ITEM FOR CONSIDERATION: A Resolution approving the submission of one application to participate in the Ohio Public Works Commission (OPWC) Round 37 State Capital Improvement Program (SCIP) and/or Local Transportation Improvement Program (LTIP) and to execute contracts as required. The application will offset the City's share of participation in the planned concrete work on part of Milan Rd. (US 250).

BACKGROUND INFORMATION: With over 6,000 vehicles per day in this section of Milan Rd. (US 250), between Frontage Rd. C and Sycamore Line, it is one of the most heavily travelled streets in the City. ODOT agrees with its importance and has planned a project to bid out in early 2024 to repair the deteriorated concrete section from the North end of the Milan Rd overpass up to Sycamore Line. Specific work would repair/replace full-depth concrete sections, adjust manholes and improve drainage and striping within this segment.

BUDGETARY INFORMATION: There is no cost to submit the application. Notification of award would be in December 2022. If awarded, the project would be constructed beginning early in 2024, per ELLIS. If awarded, any matching funds required would be incorporated into the 2024 budget. The cost of the project is currently estimated at \$600,000. ODOT has already committed 50% (\$300,000) toward this project. The City is planning to apply for \$175,000 of OPWC funds to leverage these funds, reducing the City's obligation to \$125,000.

ACTION REQUESTED: It is recommended that the authorization for preparation and submittal for OPWC Round 37 applications be approved and that the necessary legislation be passed under suspension of the rules and in accordance with Section 14 of the City Charter in order to submit this application package to an OPWC representative as soon as possible as the application is due to the County on September 9, 2022.
