Contractor Name			License No.		License Class	
Contact Name			Email Address			
Mailing Address				Phone Number		
Worker's Comp Company			Policy No		Exp. Date	

### EPA United States Environmental Protection Agency

EPA's Renovation, Repair and Painting Program (RRP Rule) requiring that firms performing renovation, repair, and painting projects that disturb lead-based paint in homes, childcare facilities and pre-schools built before 1978 have their firm certified by EPA (or an EPA authorized state), use certified renovators who are trained by EPA-approved training providers and follow lead-safe work practices.

\* \_\_\_\_\_ (Initials) I have read and acknowledge that under federal law, it is unlawful to use work practices that create a lead hazard and contaminate the environment. For additional information refer to [www.epa.gov/getleadsafe](http://www.epa.gov/getleadsafe)
