

Library Status Report for March 2021

Books & Materials: Dilia and I reworked a banner that the Library had made at some point before my arrival. We utilized my personal Cricut maker to cut new removable vinyl stickers for our current hours. The material cost was \$4 as I purchased the vinyl on sale. Much cheaper (in price and looks) than a new banner. “Reduce, Reuse, Recycle” always wins in my books!

Outreach: Prepared 25 take home activity kits for Little Free Library distribution on 3/4 and 3/25. We skipped 3/11 and 3/18 as both Sandra and I were long overdue for a vacation.

Patrons: Are continuing to make appointments for computer use and browsing.

MOBAC/PLP: The SPLAMBA “Hubs for Harmony” workshop on 3/19/21 held via Zoom was a huge success. It went really well. As one of the moderator/co-hosts it gave our little Library a boost within the surrounding communities.

Internet Access: Added a second wi-fi extender to the library for use in the back meeting room.

Accounts Payable Report for March 2021: Nothing of note to report.

Parks Status Report for March 2021

Grants: per capita allocated OGALS grant – cost estimates submitted.

Franklin Circle Park 21-01: 50% sketch received. I am no longer on this project.

Luck Park 20-10: 3/9 Town Hall went really well!! Public didn’t seem to connect that new building is not for books and materials it’s for much needed meeting rooms for students and local organizations. Great feedback on landscaping which was fantastic as that was the focus of the meeting not the actual workings of the library. Nice to see it aligns closely with 1970’s plans.

Verutti Park 19-42: I’m not really on this project. I know it’s progressing and am familiar with it.

Social Media Report for March 2021

Website: changed picture of Mission to Library and Mayor Jim West Memorial Park

YouTube: 2 subscribers. Videos of meetings are unlisted on YouTube and posted to our website.
