Books & Materials: We are still chipping away at the \$4,000 grant from the State Library for a Zip books program that must be spent by June 30, 2022. As of June 30, we have spent roughly \$2,200. Any amount we are unable to spend by June 30 was to be returned to the CA State Library however we submitted an application for an extension through August 30 and were granted permission to continue! We will also be applying for new funding for Zip books for FY23.

Outreach: In person Utility Assistance funding is still available that is specific to San Juan Bautista. The application is easy and the turn around time is fairly quick so please encourage people to either contact the Library or San Benito Community Services for more information. There are no in-person Utility Assistance appointments scheduled. Library staff is available to help if necessary and will continue to forward applications and documentation to the program coordinator. Our next “big” event is Saturday July 30, 2022 from 10 am – 3 pm with the State of California as part of their “Vaccinate ALL 58” program. We are awaiting word on whether our grant was approved for staffing and performers. Our first two clinics were a success, in my opinion, with more than 70 doses administered. Our summer programming is being done through San Benito Arts Council. It begins Tuesday July 12 for ages 5 - 11 (see flyer for details). Registration is free for all San Juan Bautista students. This is our first year coordinating activities with them and look forward to a more structured agreement in the future. There were certainly growing pains this year!

MOBAC/PLP: I attended both SPLAMBA and the Admin Council MOBAC meetings. It was the first hybrid meeting for the Admin council. I attended both meetings via zoom and therefore missed out on the donuts. Both meetings were brief with no real news to report.
