Departmental Responsibilities:

1. State the reason for the emergency purchase by explaining what the emergency is and/or what caused the emergency situation. **These are day to day incidents that occur, that need attention toward health and safety issues.**
2. State the financial or operational damage/risk that will occur if needs are not satisfied immediately (do not simply say there will be a loss or some damage): **Could result in additional litigation from employees or citizens. If incidents are not repaired/corrected immediately.**
3. State why the needs were not or could not be anticipated so that goods/services could not have been purchased following standard procedures: **Repairs or corrections of this nature cannot wait for this normal process of procurement.**
4. State the reason and process used for selecting vendor (Attach all quotes/proposals received from other sources, if applicable): **JDG Consulting knows the network and cameras very well and I in most cases no one else has experience and access to these systems.**
