Upon reaching each Milestone set forth on the attached schedule, the Contractor shall submit, in form satisfactory to the Town, an application for payment to the Town, along with lien waivers from Contractor and any subcontractor, for Work that has been completed, or from any supplier for material that is being paid for. All applications for payment must be accompanied by evidence that title to the material incorporated in the Work or pre-purchased is unencumbered. The Town shall make progress payments toward the contract price in accordance with the attached schedule only after the foregoing documentation is received in form satisfactory to the Town.

Each application for payment shall constitute a representation by Contractor that (I) the partial payment then requested to be paid is on account of Work actually performed at the Property in full compliance and in accordance with all requirements hereunder, (ii) the materials, supplies and equipment for which such application for payment is being submitted have been installed or incorporated in the Work or have been stored at the Property or at such off-site storage locations as shall have been approved in writing by the Town, (iii) the materials, supplies and equipment, have either been paid for or will be paid for, (iv) no mechanic's, laborer's, vendor's, materialman's or other liens have been filed, or intention to file has been communicated in writing in connection with the Work or any of the materials, supplies or equipment incorporated therein or purchased in connection therewith, (v) no claims have been filed, or intention to file in writing has been made by any Subcontractor or anyone claiming through any Subcontractor in connection with the Work, or if such claim has been filed, or threatened state in full the reasons therefore, or if Contractor cannot make such a statement, state in full the reasons therefore, and (vi) the Work which are the subject of such application for payment have been performed in accordance with this agreement.

4. **Payments to Subcontractors and Suppliers.** Contractor shall pay punctually the workers who are employed on the Work and the parties who have furnished materials, and shall give the Town satisfactory evidence that all persons who have supplied labor or furnished materials have been fully paid. If Contractor shall fail to give such satisfactory evidence to the Town, the Town may withhold from the payment otherwise due to the Contractor such sums of money as will in the Town's

judgment cover such claims, or the Town may pay such claims and charge the payment to the account of the Contractor.

5. **Change Orders.** The Town may, from time to time, order changes in the Work which will be authorized by a written change order. The Town shall pay the reasonable cost of any such changes. In the event the Contractor is required by the Town to perform additional Work for which the amount of compensation is not previously agreed upon, the Contractor shall prepare and submit to the Town a proposal describing the Work and the estimated cost involved within five (5) days of request from the Town. The Contractor shall not proceed with such additional Work until the cost of such Work is approved by the Town. When paid, the compensation specified in a Change Order shall constitute full payment for the additional Work covered thereby and for any delay, disruption, cost, or expense occasioned by reason of such change and shall release the Town from any further liability in respect of the same. No time extension shall be granted by reason of the issuance of any Change Order unless it is expressly stated therein.

If, after seven (7) days, Contractor has failed to remedy the breach, the Town may give Contractor a notice to terminate, thereby terminating this agreement without further action and without prejudice to any other right or remedy the Town may have. In that event, the Town may take possession of the Work, utilize such materials, appliances, supplies, plant and equipment as may be on the site, and complete

the Work by contract or otherwise as the Town may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the compensation to be paid to the Contractor shall exceed the expense of so completing the Work (including compensation for additional managerial, administrative and inspection services and any damages for delay) such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor and his sureties shall be liable to the Town for such excess.

Notwithstanding any other provision of this agreement, this agreement may be terminated by the Town upon not less than five (5) days' notice to the Contractor for the Town's convenience and without cause. In such case, this agreement shall terminate on the fifth day following such notice and the Town's liability shall be limited to payment of the amount due for Work performed up to and including the date of termination.

The insurance requirements of this paragraph shall apply to each subcontractor of any tier.

9. **Indemnity.** To the fullest extent permitted by law, Contractor shall indemnify and hold the Town of Sherman harmless against and from all liabilities, obligations, damages, penalties, claims, costs and expenses for which the Town shall not be reimbursed by the insurance required by paragraph 8, including reasonable attorneys' fees, paid, suffered or incurred as a result of any breach by Contractor, Contractor's agents, contractors, employees, invitees, or licensees, of any term, provision, covenant or condition of this agreement, and/or the carelessness, negligence or improper conduct of the Contractor, Contractor's agents, contractors, employees, invitees or licensees.

Contractor's liability under this agreement extends to the acts and omissions of any subcontractor, and any agent, contractor, employee, invitee or licensee of any subcontractor.
