## INDEPENDENT AUDITORS' REPORT

City Council  
City of South Burlington  
South Burlington, Vermont

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of South Burlington, Vermont as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principle generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express not such opinion. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

3 Old Orchard Road, Buxton, Maine 04093  
Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609  
www.rhrsmith.com

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of South Burlington, Vermont as of June 30, 2014, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

### Other Matters

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11 and budgetary comparison information on page 54 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of South Burlington, Vermont's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 3, 2014, on our consideration of the City of South Burlington Vermont's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in considering the City of South Burlington's internal control over financial reporting and compliance.

**REQUIRED SUPPLEMENTARY INFORMATION  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2014**

**(UNAUDITED)**

The following management's discussion and analysis of the City of South Burlington, Vermont's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2014. Please read it in conjunction with the City's financial statements.

**Financial Statement Overview**

The City of South Burlington's basic financial statements include the following components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes required supplementary information which consists of the general fund budgetary comparison schedule, and other supplementary information which includes combining and other schedules.

**Basic Financial Statements**

The basic financial statements include financial information in two differing views: the government-wide financial statements and the fund financial statements. These basic financial statements also include the notes to financial statements that explain in more detail certain information in the financial statements and also provide the user with the accounting policies used in the preparation of the financial statements.

**Government-Wide Financial Statements**

The government-wide financial statements provide a broad view of the City's operations in a manner that is similar to private businesses. These statements provide both short-term as well as long-term information in regards to the City's financial position. These financial statements are prepared using the accrual basis of accounting. This measurement focus takes into account all revenues and expenses associated with the fiscal year regardless of when cash is received or paid. The government-wide financial statements include the following two statements:

The Statement of Net Position – this statement presents *all* of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position.

The Statement of Activities – this statement presents information that shows how the government's net position changed during the period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the above mentioned financial statements have separate columns for the two different types of City activities. The types of activities presented for the City of South Burlington are:

- *Governmental activities* – The activities in this section are mostly supported by taxes and intergovernmental revenues (federal and state grants). Most of the City's basic services are reported in governmental activities, which include general government, public safety, public works, education, social services, recreation and culture and other unclassified.
- *Business-type activities* – These activities are normally intended to recover all or a significant portion of their costs through user fees and/or charges to external users for goods and/or services. These activities for the City of South Burlington include the recreation program, water department, water pollution, ambulance services and storm water utilities.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of South Burlington, like other local governments, uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. All of the funds of the City of South Burlington can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental funds:* Most of the basic services provided by the City are financed through governmental funds. Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on near-term inflows and outflows of spendable resources. They also focus on the balance of spendable resources available at the end of the fiscal year. Such information will be useful in evaluating the government's near-term financing requirements. This approach is known as the current financial resources measurement focus and the modified accrual basis of accounting. Under this approach revenues are recorded when cash is received or when susceptible to accrual. Expenditures are recorded when liabilities are incurred and due. These statements provide a detailed short-term view of the City's finances to assist in determining whether there will be adequate financial resources available to meet the current needs of the City.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. These reconciliations are presented on the page immediately following each governmental fund financial statement.

The City of South Burlington presents three columns in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. The City's major governmental funds are the general fund and airport parkway expansion. All other funds are shown as nonmajor and are combined in the "Other Governmental Funds" column on these statements.

The general fund is the only fund for which the City legally adopted a budget. The Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund provides a comparison of the original and final budget and the actual expenditures for the current year.

*Proprietary Funds:* The City of South Burlington maintains four proprietary funds: the recreation programs, water department, water pollution and storm water utilities. These funds are used to show activities that operate more like those of commercial enterprises. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Like the government-wide financial statements, proprietary fund financial statements use the accrual basis of accounting. No reconciliation is needed between the government-wide financial statements for business-type activities and the proprietary fund financial statements.

*Fiduciary Funds:* These funds are used to account for resources held for the benefit of parties outside the City of South Burlington. These funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's own programs. The accounting used for fiduciary funds are much like that of proprietary funds. They use the accrual basis of accounting. These funds for the City are for the pension

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and the Fund Financial Statements. The Notes to Financial Statements can be found following the Fiduciary Fund Financial Statements.

### **Required Supplementary Information**

The basic financial statements are followed by a section of required supplementary information, which includes a Budgetary Comparison Schedule – Budgetary Basis – Budget and Actual – General Fund.

### **Other Supplementary Information**

Other supplementary information follows the required supplementary information. These combining and other schedules provide information in regards to nonmajor funds, capital asset activity and other detailed budgetary information for the general fund.

## Government-Wide Financial Analysis

Our analysis below focuses on the net position, and changes in net position of the City's governmental activities. The City's total net position for governmental funds is \$23.23 million compared to \$21.16 million in the prior year, an increase of \$2,071,692. For the business-type activities total net assets are \$12.46 million as compared to \$10.85 million in the prior year, an increase of \$1,609,115.

Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – is \$5.26 million at the end of this year for governmental activities and \$4.66 million for the business-type activities.

## **Revenues and Expenses**

Revenues for the City's governmental activities increased by 3.784%, while total expenses increased by 1.34%. Most of the City's revenues and expenses were fairly consistent with the prior year.

The expenses and revenues for the proprietary fund were consistent with the prior year. The proprietary fund has four enterprise funds with all of them having a positive net position.

The proprietary funds had a change in net position for the current year of \$1,609,115.

## **Financial Analysis of the City's Fund Statements**

*Governmental funds:* The financial reporting focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the City's financial requirements. In particular, unassigned fund balance may serve as a useful measure of a government's financial position at the end of the year, and the net resources available for spending.

**Table 3**  
**City of South Burlington, Vermont**  
**Fund Balances - Governmental Funds**  
**June 30,**

	<u>2014</u>	<u>2013</u>
Major Funds:		
General fund:		
Nonspendable	\$ 514,618	\$ 465,463
Committed	-	1,086,243
Assigned	-	452,382
Unassigned	521,927	89,254
Airport parkway expansion:		
Unassigned	<u>2,041,122</u>	<u>2,042,765</u>
Subtotal Major Funds	<u>3,077,667</u>	<u>4,136,107</u>
Non-Major Funds:		
Special revenue funds:		
Restricted	597,911	255,562
Committed	1,860,350	1,564,883
Assigned	174,834	156,700
Unassigned	(322,619)	(198,279)
Capital project funds:		
Restricted	260,689	260,689
Committed	1,419,012	690,986
Unassigned	(87,641)	(67,104)
Permanent funds:		
Restricted	523,341	534,418
Committed	6,732	6,753
Unassigned	<u>(524)</u>	<u>(671)</u>
Subtotal Non-Major Funds	<u>4,432,085</u>	<u>3,203,937</u>
Total Governmental Funds	<u>\$ 7,509,752</u>	<u>\$ 7,340,044</u>

The general fund total fund balance decreased by \$1,056,797 from the prior fiscal year. The Airport Parkway Expansion fund total fund balance decreased by \$1,643 and the non-major fund balances increased by \$1,228,148 from the prior fiscal year.

*Proprietary funds:* The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

### Budgetary Highlights

There were no significant differences between the original and final budget for the general fund.

The general fund budgeted revenues exceeded the actual amounts by \$414,716. This was mainly a result of bond proceeds that were budgeted but not receipted.

The general fund actual expenditures were less than the budget by \$444,162. All expenditures were under budget with the exception of public safety, public works and social services.

## **Capital Asset and Debt Administration**

### **Capital Assets**

As of June 30, 2014, the net book value of capital assets recorded by the City decreased by \$287,277 from the prior fiscal year. This increase was a result of current year capital additions of \$1,486,241 less depreciation expense of \$1,773,518. Refer to Note 4 of Notes to Financial Statements for more detailed information.

**Table 4**  
**City of South Burlington, Vermont**  
**Capital Assets (Net of Depreciation)**  
**June 30,**

	<b>2014</b>	<b>2013</b>
Land	\$ 6,771,163	\$ 6,548,263
Construction in progress	28,787,429	28,571,251
Buildings, building improvements and land improvements	10,548,839	11,277,848

Infrastructure	9,028,062	8,666,648
Total	\$ 62,310,524	\$ 62,597,801

### **Debt**

At June 30, 2014, the City had \$30.24 million in bonds outstanding versus \$32.17 million last year. Other obligations include notes payable and accrued benefit time. Refer to Note 5 of Notes to Financial Statements for more detailed information.

### **Contacting the City's Financial Management**

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Tom Hubbard, Assistant City Manager at 575 Dorset Street, South Burlington, Vermont 05403-0808. Tom can also be reached by phone at 802-846-4107 or by email tom@sburl.com.

## CITY OF SOUTH BURLINGTON, VERMONT

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
JUNE 30, 2014

	<u>Total Governmental Funds</u>
Total Fund Balances	\$ 7,509,752
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds, net of accumulated depreciation	51,846,981
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds shown above:	
Taxes and liens receivable	74,816
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:	
Bonds payable	(27,578,618)
Notes payable	(7,674,639)
Accrued compensated absences	(699,863)
Post retirement benefits	<u>(246,696)</u>
 Net position of governmental activities	 <u><u>\$ 23,231,733</u></u>

See accompanying independent auditors' report and notes to financial statements.

## CITY OF SOUTH BURLINGTON, VERMONT

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND  
 CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
 TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED JUNE 30, 2014

Net change in fund balances - total governmental funds (Statement E)	<u>\$ 169,708</u>
<p>Amounts reported for governmental activities in the Statement of Activities          (Statement B) are different because:</p>	
<p>Governmental funds report capital outlays as expenditures while governmental activities          report depreciation expense allocated to those expenditures over the life of the assets:</p>	
Capital asset purchases	507,508
Capital asset deletions	-
Depreciation expense	<u>(848,958)</u>
	<u>(341,450)</u>
<p>Revenues in the Statement of Activities that do not provide current financial          resources are not reported.</p>	
Taxes and liens receivable	<u>(6,167)</u>
	<u>(6,167)</u>
<p>Debt proceeds provide current financial resources to governmental funds, but          long-term liabilities in the Statement of Net Position</p>	
	<u>-</u>
<p>Repayment of long-term debt principal is an expenditure in the governmental          funds, but the repayment reduces long-term liabilities in the Statement of          Net Position.</p>	
	<u>2,143,670</u>
<p>Some expenses reported in the Statement of Activities do not require the use of          current financial resources and therefore are not reported as expenditures in          governmental funds:</p>	
Accrued compensated absences	<u>105,931</u>
Change in net position of governmental activities (Statement B)	<u><u>\$ 2,071,692</u></u>

See accompanying independent auditors' report and notes to financial statements.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Reporting Entity**

The City of South Burlington was incorporated under the laws of the State of Vermont. The City operates under City Council-Manager form of government and provides the following services: general government services, public safety, public works, health and welfare, education, and recreation.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The City's combined financial statements include all accounts and all operations of the City. We have determined that the City has no component units as described in GASB Statement No. 14 and amended by GASB Statement No. 39.

**Government-Wide and Fund Financial Statements**

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds).

Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's recreation program, water department, water pollution, ambulance services; and storm water utilities are categorized as business-type activities. All other activities of the City are categorized as governmental.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position are reported in three parts - invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities (general government, public safety, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

capital-specific grants. For the most part, the interfund activity has been eliminated from these government-wide financial statements.

The net costs (by function) are normally covered by general revenue (taxes, certain intergovernmental revenues and charges for services, etc.).

The City does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

**Measurement Focus - Basic Financial Statements & Fund Financial Statements**

The financial transactions of the City are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the City:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

- a. The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities or equipment.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- d. Permanent Funds are used to account for assets held by the City in trust for specific purposes.

2. Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Non-operating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is a description of the proprietary funds of the City:

- a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third-party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The reporting focus is on net position and changes in net position and are reported using accounting principles similar to proprietary funds. Component units that are fiduciary in nature have been excluded from these financial statements.

The City's fiduciary funds are presented in the fiduciary fund financial statements by type (agency and pension trust). Since by definition these assets are being held for the benefit of a third-party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

**Budget**

The City's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the City prepares a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the City Council was called for the purpose of adopting the proposed budget after public notice of the meeting was given.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. The budget was adopted subsequent to passage by the voters.
4. The City did not adopt budgets for Special Revenue Funds.

**Deposits and Investments**

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

It is the City's policy to value investments at fair value. None of the City's investments are reported at amortized cost. For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be a cash equivalent. The City Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

**Inventories**

Inventories consist of expendable supplies held for consumption and are valued at cost. Under the consumption method, the costs of inventory items are recognized as expenditures when used. In the general fund, inventory consists of diesel fuel and gasoline. The enterprise fund inventory consists of water department supplies on hand at the end of the year. The cost value is determined using the first-in, first-out (FIFO) method.

**Interfund Receivables and Payables**

Any residual balances outstanding between governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances". Interfund balances and transactions have been eliminated in the government-wide financial statements.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Transactions Between Funds**

Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both Governmental and Proprietary Funds.

**Allowance for Uncollectible Accounts**

The allowance for uncollectible accounts is estimated to be \$244,166 as of June 30, 2014. The allowance is for ambulance receivables in the enterprise funds.

**Capital Assets**

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

The assets are valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets are valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the City.

Estimated useful lives are as follows:

Buildings	20 - 50 years
Infrastructure	50 - 100 years
Machinery and equipment	3 - 50 years
Vehicles	3 - 25 years

**Long-term Obligations**

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in government-wide statements. The long-term debt consists primarily of notes or bonds payable and compensated absences.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

**Compensated Absences**

The City's policies regarding vacation and sick time do permit employees to accumulate earned but unused vacation and sick leave. The liability for these compensated absences is recorded as long-term debt in the government-wide financial statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources, while the proprietary funds report the liability as it is incurred. As of June 30, 2014, the City's liability for compensated absences is \$805,794.

**Net Position**

Net position represents the difference between all other elements in a statement of financial position. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on its use either through enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or restricted net position.

**Fund Balance**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Nonspendable – This includes amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – This includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – This includes amounts that can be used only for specific purposes determined by a formal action of the inhabitants of the City. The inhabitants of the City through City meetings are the highest level of decision-making authority of the City. Commitments may be established, modified, or rescinded only through a City meeting vote.

Assigned – This includes amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. The authority for assigning fund balance is expressed by the City Council.

Unassigned – This includes all other spendable amounts. The general fund is the only fund that reports a positive unassigned fund balance amount. Other governmental funds besides the general fund can only report a negative unassigned fund balance amount.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the City meeting vote has provided otherwise in its commitment or assignment actions.

**Revenue Recognition - Property Taxes - Modified Accrual Basis**

The City's property tax for the current year was levied July 2, 2013 on the assessed value listed as of April 1, 2013, for all real and personal property located in the City. Taxes were due on August 15, 2013, October 35, 2013 and March 15, 2014. Interest on unpaid taxes commenced on August 16, 2013, October 36, 2013 and March 16, 2014, at 8% penalties and 1% interest per installment.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The City has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

**Program Revenues**

Program revenues include all directly related income items applicable to a particular program (grant income/expenses).

**Operating/Non-operating Proprietary Fund Revenues**

Operating revenues consist mainly of direct revenue sources and/or charges for services applicable to that fund.

**Encumbrance Accounting**

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end. The City does not utilize encumbrance accounting for its general fund.

**Use of Estimates**

During the preparation of the City's financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent items as of the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results may differ from these estimates.

NOTE 2 - CASH AND INVESTMENTS

The City's policies, which follow state statutes, authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Vermont, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. These investment policies apply to all City funds.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

**Deposits:**

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the City will not be able to recover its deposits. The City does not have a policy covering custodial credit risk for deposits. However, the City maintains deposits in qualifying financial institutions that are a member of the FDIC or NCUSIF. At June 30, 2014, the City's cash balance of \$10,895,005 was comprised of bank deposits and cash equivalents totaling \$10,266,894. Bank deposits of \$10,266,894 were comprised of \$250,000 which was insured by federal depository insurance and consequently was not exposed to custodial credit risk and \$10,016,894 that was in excess of federal depository insurance, but collateralized with securities held by financial institutions in the City's name.

<u>Account Type</u>	<u>Bank Balance</u>
Checking accounts	\$ 5,030,183
Sweep accounts	5,236,711
Money market accounts	481,275
	<u>\$ 10,266,894</u>

**Investments:**

Custodial credit risk for investments is that, in the event of failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. Currently, the City does not have a policy for custodial credit risk for investments; however, the City seeks to minimize custodial credit risk by doing business with authorized institutions, depositories and broker/dealers. The City's investments were covered up to \$937,435 by Securities Investor Protection Corporation (SIPC). The remaining investments of \$34,692,803 were uncollateralized and uninsured.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

At June 30, 2014, the Town had the following investments and maturities:

Investment Type	Fair Value	N/A	<1 Year	2 - 5 Years

Mutual funds		-	-	-
Fixed rate cap securities		-	-	-
	\$ 35,630,238	\$ 35,630,238	\$ -	\$ -

Credit risk – Statutes for the State of Vermont authorize the City to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Vermont, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The City does not have an investment policy on credit risk.

Interest rate risk – is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from fluctuations in interest rates.

CITY OF SOUTH BURLINGTON, VERMONT

At June 30, 2014, the City had the following assigned fund balances:

Nonmajor special revenue funds (Schedule D)	\$ 174,834
	<u>\$ 174,834</u>

NOTE 10 - RISK MANAGEMENT – PARTICIPATION IN A PUBLIC ENTITY RISK POOL

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance or participates in a public entity and self-insured risk pool sponsored by the Vermont League of Cities and Towns.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 10 - RISK MANAGEMENT – PARTICIPATION IN A PUBLIC ENTITY RISK POOL  
(CONTINUED)

Based on the coverage provided by the insurance purchased, the City is not aware of any material actual or potential claim liabilities which should be recorded as of June 30, 2014. There were no significant reductions in insurance coverage from that of the prior year and amounts of settlements have not exceeded insurance coverage in the past three years.

The City of South Burlington, Vermont is a member of Vermont League of Cities and Towns (VLCT). The VLCT has established three insurance trusts: the Property and Casualty Intermunicipal Fund, Inc. (PACIF) for multi-line insurance; The Vermont League of Cities and Towns Health Trust (VLCTHT) for health, life and disability coverage; and the Vermont league of Cities and Towns Unemployment Trust, Inc. (VLCTUT) for unemployment compensation. PACIF, VLCTHT and VLCTUT are nonprofit corporations formed to provide insurance and risk management programs for Vermont cities and towns and is owned by the participating members. The Trusts are not licensed insurance carriers and members are not protected by the Vermont Insurance Guaranty Association.

To provide insurance coverage, PACIF has established a self-funded insurance trust. It provides extensive coverage for losses to member municipalities for property damage, auto accidents, injured employees, public official liability and employment practices liability. Members gain additional benefits from PACIF's unique public safety and risk management programs as well as dedicated in-house claims adjusters. In the event that total contributions assessed to and made by all members result in an actual or projected financial deficit and PACIF is unable to meet its required obligations, the program will be terminated with each member assessed their proportionate share of the deficit.

To provide health insurance coverage, VLCTHT has established a self-funded fully insured program in conjunction with Connecticut General (CIGNA). A portion of member contributions is used to purchase reinsurance and to fund a reserve required by the reinsurance. Other health related benefits available include dental insurance, flexible spending accounts, life insurance, disability insurance and long-term care insurance. Contributions in excess of claims requirements, reserve fund requirements, reinsurance and administrative costs are returned to participants. The pooling agreement does not permit the pool to make additional assessments to its members.

To provide unemployment coverage, VLCTUT has established a separate trust of funds from member contributions to pay administrative costs, unemployment claims and provide excess reinsurance protection. Contributions are based on payroll expense and the previous two year unemployment compensation experience. In the event that total contributions assessed to and made by all members result in an actual or projected financial deficit and VLCTUT is unable to meet its required obligations, the program will be terminated with each members assessed their proportionate share of the deficit.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 11 - RETIREMENT INCENTIVES

The City will permit any employee with 15 years or more of service to exchange 160 hours of sick leave plus 16 additional sick leave hours per year of service beyond 15 years towards early retirement in the year of retirement.

Life insurance is offered to all retirees for the rest of their lives. The present cost is different for each person. There are 38 people presently receiving life insurance benefits with an annual cost to the city of \$10,010. The liability will change from year to year based on the cost of the insurance and the number of people receiving the insurance benefit.

The City offers a plan, available to all full time employees, that uses accumulated unused sick time to pay for the loss of health insurance upon their retirement. The amount of unused sick time hours multiplied by the employee's hourly rate at the time of retirement is the amount credited to a sick leave bank to pay the cost of insurance. The amount is actually unfunded and treated as a "pay as you go" plan. As of June 30, 2014, this amount for both active and retired employees has been estimated at \$3,184,354.

NOTE 12 - DEFINED BENEFIT PENSION PLAN

The City of South Burlington, Vermont, sponsors one defined benefit pension plan with two components that cover all eligible employees. One component is for public safety employees (fire and police) and the other component is for all other City employees. The City of South Burlington, Vermont, provides the authority under which benefit provisions are established and the City's obligation to contribute is established. The plan calls for benefits to be paid to eligible employees at retirement based primarily upon years of service with the City and compensation rates near retirement. The City's most recent actuarial valuation of the plan can be obtained at the office of the City Treasurer, 575 Dorset Street, South Burlington, Vermont 05403 or on the City's website at [www.sburl.com](http://www.sburl.com).

Non-public safety employees earn 1.75 percent of average monthly compensation per year of service. Average monthly compensation means the monthly compensation of a participant averaged over the three (3) consecutive plan years for the date of employment, including periods prior to the effective date of the plan, which produce the highest monthly average. If a participant has less than three (3) consecutive plan years of service between the date of employment to the date of termination, the average monthly compensation will be based on the monthly compensation during the months of service from the date of employment to the date of termination.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 12 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Public safety employees earn 2.5 percent of average monthly compensation per year of service limited to 25 years. Average monthly compensation means the monthly compensation of a participant average over the three (3) highest consecutive years of the last ten (10) years from the date of employment, including periods prior to the effective date of the plan, which produce the highest monthly average. If a participant has less than three (3) consecutive plan years of service from the date of employment to the date of termination, the average monthly compensation will be based on the monthly compensation during the months of service from the date of employment to the date of termination. Public safety employees contribute 6.5% of their base salary in the plan.

The Plan provides death and disability benefits. Employees become eligible after three years of service. Benefits vest 20 percent per year upon eligibility. Employees are 100 percent vested after five years of participation that occurs at the end of the seventh year. Normal retirement for the non-public safety employees is age 65 with early retirement at age 60. Normal retirement for public safety employees is age 53 with early retirement at age 50. Contributions to the plan reflect benefits attributed to employees' services to date, as well as services expected to be earned in the future.

At June 30, 2014, the number of participants consisted of:

	<u>Public Safety</u>	<u>Non-Public Safety Group</u>
Retired participants currently receiving benefits	27	35
Terminated vested or inactive but still employed	11	32
Participants currently employed:	78	32
Total participants	<u>116</u>	<u>99</u>
Ineligible employees	<u>0</u>	<u>14</u>

The City of South Burlington, Vermont's current year aggregate compensation of active participants in the pension plan equaled \$6,333,287.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

Employee contribution rate (Public Safety Only)	6.50%
Actuarial cost method	Entry age normal
Mortality table used in determining actuarial present values	IRC Section 430-2014 Optional Combined Tables

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 13 - DEFERRED COMPENSATION PLAN

INTERNATIONAL CITY MANAGERS ASSOCIATION – RETIREMENT CORPORATION

A. Plan Description

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseen emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) to be held in a trust for the exclusive benefit of the participants and their beneficiaries.

It is the opinion of the City's management that the City has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

B. Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the City Council. The City matches voluntary contributions up to 5.5% of non-public safety personnel. Vesting occurs immediately.

The City's contributions to the plan including employee contributions for 2014, 2013, and 2012 were \$310,119, \$331,273, and \$313,747, respectively.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 14 - DEFICIT FUND BALANCES

At June 30, 2014 the City had the following deficit fund balances:

Non-major funds:	
Road Opening Impact Fees (234)	\$ 2,806
Mobile data terminals (245)	13,770
BYFAE Jag Grant (278)	33,642
Market street federal (280)	256,084
LED Signage/Crosswalks (283)	15,409
Highway Safety Grant (290)	908
Kennedy Drive Reconstruction (303)	6,991
Exit 14B Staples 3rd Lane (318)	74,982
Hayes Avenue Stormwater (328)	5,668
Fire department donations	<u>524</u>
Total non-major funds	<u><u>\$ 410,784</u></u>

The City is currently reviewing the condition of these overdrafts and a plan to fund them.

NOTE 15 - COMMITMENTS AND CONTINGENCIES

The City of South Burlington, Vermont, has entered into a severance agreement with one of its retirees, requiring the City to pay out accrued vacation, sick and compensation time. The agreement term is for five years beginning January, 2012 and ending January, 2016. The annual agreement cost is calculated based on number of hours earned but not compensated over the duration of the retiree's employment with the City. Payments at the end of each fiscal year for the remainder of the agreement follow:

Fiscal Years	
Ending June 30,	Amount
<u>          </u>	<u>          </u>
2015	\$ 17,119
2016	17,119

For the twelve months ended June 30, 2014, the total agreement cost was \$17,119. All future contract amounts are subject to annual appropriation by the City of South Burlington.

CITY OF SOUTH BURLINGTON, VERMONT

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014

NOTE 15 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

The City of South Burlington, Vermont contracts for management, water purchases and other services from the Champlain Water District (CWD). The water department has contracted with CWD to manage and maintain the water facility. This contract is renewed annually. The terms of the management contract provide for hourly wages for the CWD employees.

With regard to pending legal claims or any unasserted claims, it is not feasible at this time to predict or determine their outcome. Management believes, however, that settlement amounts, if any, will not have a material adverse effect on the City's financial position.

The City participates in various intergovernmental grant programs which may be subject to future program compliance audits by the grantors or their representatives. Accordingly, the City's compliance with applicable grant requirement may be established at some future date. The amount, if any, of any liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

## Special Revenue Funds

Special revenue funds are established to account for the proceeds of specific revenue sources (other than expendable trusts or for major capital projects) that are legally restricted to expenditures for specific purposes.

*Proven Expertise and Integrity*

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

City Council  
City of South Burlington  
South Burlington, Vermont

We have audited, in accordance with generally accepted auditing standards in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of South Burlington, Vermont as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City of South Burlington's basic financial statements, and have issued our report thereon dated October 3, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of South Burlington's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of South Burlington's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of South Burlington's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and corrected, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

3 Old Orchard Road, Buxton, Maine 04093  
Tel: (800) 300-7708 (207) 929-4606 Fax: (207) 929-4609  
www.rhrsmith.com

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of South Burlington's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matter that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY OMB CIRCULAR A-133

City Council  
City of South Burlington  
South Burlington, Vermont

Report on Compliance for Each Major Federal Program

We have audited the City of South Burlington, Vermont's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of South Burlington's major federal programs for the year ended June 30, 2014. The City of South Burlington's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City of South Burlington's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of South Burlington's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

In our opinion, the City of South Burlington, Vermont complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

## Report on Internal Control Over Compliance

Management of the City of South Burlington, Vermont is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of South Burlington's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of the City of South Burlington's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of South Burlington's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this communication is not suitable for any other purpose.
