Appendix B – Administrative Warning for Use of Aerosol Agents

When an aerosol agent has been used an officer shall, as soon as practical, provide the subject with the Administrative Warning below in preparation for providing care for the individual contaminated by the product. Decontamination should occur as soon as practical following the application of an aerosolized agent.

Name: _____ Date: _____ Incident #: _____

You have been contaminated with an aerosol agent (insert the name of the product), a natural product derived from cayenne peppers. This aerosol agent is non-toxic and the effects will wear off in a short time.

The effects of being exposed may complicate other medical conditions, including, but not limited to:

1. Overdoses;
2. High levels of drugs like cocaine, amphetamines, barbiturates, PCP, opiates, heroin, prescription drugs or alcohol;
3. Medical conditions relating to heart problems;
4. Pregnancy.

I am going to ask you five questions for your own safety. Not answering my questions, withholding information or giving false or misleading answers could delay medical treatment and may seriously jeopardize your health and safety.

Do you understand everything I have told you? YES NO Refused to answer

1. Are you currently under the influence of cocaine, amphetamines, barbiturates, PCP, opiates, heroin, prescription drugs or alcohol? YES NO Refused to answer
2. Are you, or could you be pregnant? YES NO Refused to answer
3. Do you have heart problems, lung problems, diabetes, high blood pressure, allergies or any other serious medical condition? YES NO Refused to answer
4. Do you have a pacemaker? YES NO Refused to answer
5. Do you wish to be medically evaluated? YES NO Refused to answer

Officer / Badge #: _____
