Sterling Police Officers and staff completed 184.00 hours of training during the month of July in 2020 and 940.17 hours of training for the year 2020 at the end of July.

April 2020, was the first full month of the COVID-19 pandemic, which included all the state-wide, local, and the Sterling Police Department's directives, orders, procedures and protocols that changed our normal operations during this unprecedented time. The pandemic has changed our numbers and are skewed from normal averages as a result. Overall call load was down which was anticipated as people will be reporting certain crimes/incidents less and are out and about less meaning less traffic accidents, etc., however, some types of calls have increased such as motor vehicle thefts, thefts, Disturbances and others. In addition, while we still respond to all in progress calls, emergency calls, 911 calls, etc. other calls are taken over the phone or online. While the officers are as visible in our community as ever before during the COVID-19 pandemic, proactive calls such as traffic have been reduced in order to protect our officers so it does not spread throughout our agency limiting our ability to provide the necessary emergency response to our citizens.

Public safety remains our top priority and we are balancing all the necessary precautions, protocols and procedures with providing the absolutely critical services to our community that they have come to expect.
