TAYLOR COUNTY BOARD OF COMMISSIONERS County Commission Agendation

Board to hold a public hearing to consider a right-of-way abandonment petition submitted by Moon Maid Properties, LLC, c/o Michael S. Smith, for a portion of a platted right-of-way located in the Hugh J. Granger Subdivision in Steinhatchee.

MEETING DATE REQUESTED: January 20, 2015

Statement of Issue: Public hearing to consider adoption of a resolution abandoning a road in the Hugh J. Granger Subdivision.

Recommendation: Hold public hearing

Fiscal Impact: N/A

Budgeted Expense: Yes No N/A x

Submitted By: Danny Griner

Contact: building.director@taylorcountygov.com

SUPPLEMENTAL MATERIAL / ISSUE ANALYSIS

History, Facts & Issues: A road closing application was submitted to the Planning Department on December 8, 2014. The portion of road in question is located in the Hugh J. Granger Subdivision, south of Block G and west of the wooden bridge on Granger Road SE. No part of Granger Road is affected by the request. The road location on the plat does not abut any property owner other than the applicant. Notice of the hearing was published in the newspaper on December 31, 2014, and sent to all property owners within 500 feet of the site.

Staff respectfully requests that the board hold the public hearing to consider adoption of a resolution to abandon the portion of right-of-way requested.

Options:

- 1. Adopt the resolution
- 2. Choose not to adopt the resolution.

Attachments:

- 1. Copy of the resolution.
- 2. Location maps.
- 3. Copy of the application.

RESOLUTION

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF TAYLOR COUNTY, FLORIDA:

1. That, pursuant to the Notice of Proceedings for Closing of Streets duly published according to law, proof of publication of which is attached hereto and made a part hereof, a hearing was duly held at 6:00 o'clock p.m. on the 20th day of January, A.D. 2015, to consider and determine whether or not the County would vacate, abandon, discontinue, and close certain roads in Taylor County, Florida, more particularly described in the proof of publication attached hereto. At the time and place set for said hearing, all persons interested were given the opportunity to be heard. The Board of County Commissioners of Taylor County, Florida, determined that the proposed action of vacating, abandoning, discontinuing, and closing certain roads herein more particularly described will not deprive any person of a reasonable means of ingress and egress to his premises and will not materially interfere with the County's road system.

2. That, the certain roads herein described be, and the same is hereby, vacated, abandoned, and discontinued and the Board of County Commissioners hereby renounces and disclaims any right of the County and public in and to any land or interest therein contained in the certain roads in Taylor County, Florida, more particularly described as:

That portion of a platted roadway being located south of Block "G" of Hugh J. Granger Re-Subdivision of Block 9 of the Steinhatchee Subdivision. A map or Plat of Hugh J. Granger Subdivision being on record in the office of the Clerk of the Circuit Court of Taylor County, Florida, in Plat Book 1, Page 95.

All that portion of said roadway located south of Block "G" of said subdivision and lying west of platted canal.

3. This resolution shall take effect when the original hereof, together with a copy of the proof of publication of the adopted Resolution, has been filed with the Clerk of the Circuit Court for recording in the Public Records of Taylor County, Florida.

DULY ADOPTED in regular session, this 20th day of January, A.D., 2015.

BOARD OF COUNTY COMMISSIONERS TAYLOR COUNTY, FLORIDA

NOTE

ACCESS TO WATER: no right-of-way, road, street or public accessway giving access to any publicly accessible waters in the County shall be closed, vacated or abandoned, except in those instances wherein the:

- 1. Right-of-way does not benefit the public and/or there is no adequate parking to facilitate the use of the right-of-way and it is not a burden upon the county; or
- 2. Petitioner offers to trade or give to the County comparable land for a right-of-way, road, street or public accessway to give access to the same body of water, such access to be of such condition as not to work a hardship to the users thereof, the reasonableness of the distance and comparable land being left to the direction of the Board of County Commissioners.

3	SUPPLEMENTAL MATERIAL / ISSUE ANALYSIS
History, Facts & Is	sues: If the Board so approves, the County is submitting a grant pre-application to FAA requesting funding

History, Facts & Issues: If the Board so approves, the County is submitting a grant pre-application to FAA requesting funding assistance for the rehabilitation of the concrete apron at Perry-Foley Airport. This is a competitive grant and if the pre-application in the amount of \$571,500 is approved, the County will submit a grant application for further review by FAA. If the FAA grant is approved, the County will submit an additional grant application to FDOT requesting funding assistance in the amount of \$57,150 as the project has an estimated cost of \$628,650. The concrete apron has been repaired several times and dates back to the 1940's.

Attachments: Application for Federal Assistance to FAA , required grant application attachments, and pictures of existing apron conditions.

PART II - SECTION C

The Sponsor hereby represents and certifies as follows:

1. Compatible Land Use. - The Sponsor has taken the following actions to assure compatible usage of land adjacent to or in the vicinity of the airport:

No land adjacent to the airport will be impacted. This project is a pavement rehabilitation project only.

2. Defaults. - The Sponsor is not in default on any obligation to the United States or any agency of the United States Government relative to the development, operation, or maintenance of any airport, except as stated herewith:

The Sponsor is not in default.

3. Possible Disabilities. - There are no facts or circumstances (including the existence of effective or proposed leases, use agreements or other legal instruments affecting use of the Airport or the existence of pending litigation or other legal proceedings) which in reasonable probability might make it impossible for the Sponsor to carry out and complete the Project or carry out the provisions of Part V of this Application, either by limiting its legal or financial ability or otherwise, except as follows:

There are no facts or circumstances.

4. Land. - (a) The Sponsor holds the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport, subject to the following exceptions, encumbrances, and adverse interests, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

The project is located on the Perry Foley Airport. All lands are owned by the County.

State character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

PART II - SECTION C (Continued)

The Sponsor further certifies that the above is based on a title examination by a qualified attorney or title company and that such attorney or title company has determined that the Sponsor holds the above interests.

(b) The Sponsor will acquire within a reasonable time, but in any event prior to the start of any construction work under the Project, the following property interest in the following areas of land* on which such construction work is to be performed, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

The Sponsor owns all the land necessary for the completion of this project.

(C) The Sponsor will acquire within a reasonable time, and if feasible prior to the completion of all construction work under the Project, the following property interest in the following areas of land* which are to be developed or used as part of or in connection with the Airport as it will be upon completion of the Project, all of which areas are identified on the aforementioned property map designated as Exhibit "A":

The Sponsor owns all the land necessary for the completion of this project.

5. Exclusive Rights. - There is no grant of an exclusive right for the conduct of any aeronautical activity at any airport owned or controlled by the Sponsor except as follows:

There is no grant of an exclusive right.

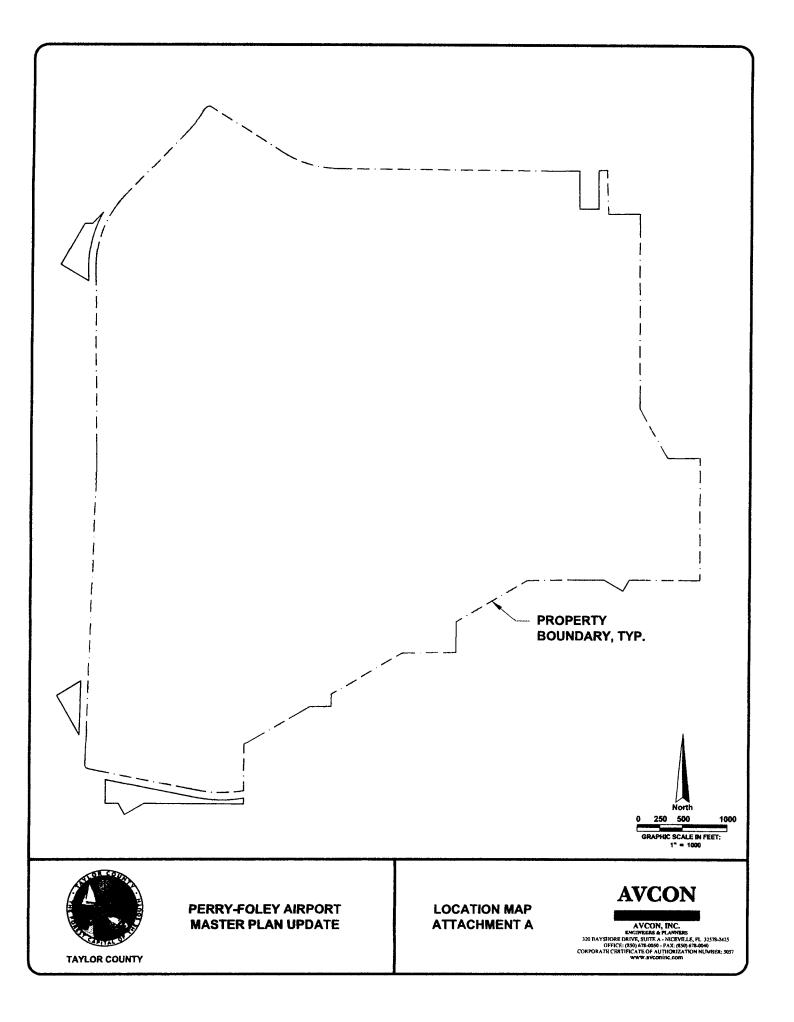

State character of property interest in each area and list and identify for each all exceptions, encumbrances, and adverse interests of every kind and nature, including liens, easements, leases, etc. The separate areas of land need only be identified here by the area numbers shown on the property map.

FAA Form 5100-100 (4-76)

Page 3b FAA AC 81-06913

PART IV PROGRAM NARRATIVE

PROJECT: Rehabilitate Concrete Apron **AIRPORT:** Perry Foley Airport 1. Objective: The objective of this project is to rehabilitate the existing concrete apron south of the airport terminal. The existing apron is showing signs of spalls and cracks and is in need of rehabilitation. 2. Benefits Anticipated: This project will ensure safe operations at the airport. Spalls and cracks are producing foreign object debris (FOD) which can be harmful to aircraft. The aged pavement is also allowing moisture to penetrate the pavement and enter the base materials which can cause damage to the pavement. 3. Approach: (See approved Scope of Work in final Application) This project will be scheduled once funding is approved. This work will be accomplished through a standard process which involves completion of the design, followed by a publicly advertised bid, and then construction by the approved entity. 4. Geographic Location: (See attached location map, Attachment A) 5. Justification for Force Account Work: (if applicable) Not Applicable 6: Sponsor's Representative: (incl. address & tel. no.) Melody Cox – Grants Administer, 201 East Green Street, Perry, FL 32347 (850) 838-3553

APPENDIX A. DOCUMENTED CATEX

Airport sponsors should use this form for projects eligible for a categorical exclusion (CATEX) that have greater potential for extraordinary circumstances or that otherwise require additional documentation, as described in the Environmental Orders (FAA Order 1050.1E and FAA Order 5050.4B).

To request a CATEX determination from the FAA, the sponsor should review potentially affected environmental resources, review the requirements of the applicable special purpose laws, and consult with the FAA Environmental Protection Specialist about the type of information needed. Complete this form and send it with any supporting environmental resource documentation to the appropriate FAA Airports Division/District Office. The form and supporting documentation should be provided in accordance with the provisions of FAA Order 5050.4B, paragraph 302b, to allow sufficient time for review. The CATEX cannot be approved until all information/documentation is received and all requirements have been fulfilled.

It is ultimately the sponsor's responsibility to ensure that all of the information necessary for the FAA to make an environmental determination is accurate and complete.

Name of Airport, LOC ID, and Location

Perry Foley Airport, 40J, Perry, Florida

Project Title

Rehabilitate Concrete Apron

Provide a brief, but complete description of the proposed project, including all project components, justification, estimated start date, and duration of the project. Include connected actions necessary to implement the proposed project (including but not limited to moving NAVAIDs, changing flight procedures, and designating or developing haul routes, new material or expanded material sources, staging or disposal areas). Attach a sketch or plan of the proposed project. Photos can also be helpful.

This project will rehabilitate the approximately 22,000 sy concrete apron south of the airport terminal. The rehabilitation shall include joint seal replacement, spall repair, and isolated concrete pavement replacement. The existing pavement is exhibiting cracks, spalls, and corner breaks which are resulting in FOD.

Provide a brief, but complete, description of the proposed project area. Include any unique or natural features within or surrounding the airport property.

The project area is located south of the airport terminal as shown in Attachment A.

Identify the appropriate CATEX paragraph(s) from Order 1050.1E (paragraph 307-312) or 5050.4B (tables 6-1 and 6-2) that apply to the project. Describe if the project differs in any way from the specific language of the CATEX or examples given as described in the Order.

FAA Order 5050.1E, 310e.

The circumstances one must consider when documenting a CATEX are listed below along with each of the impact categories related to the circumstance. Use FAA Environmental Orders 1050.1E,

Effective Date: October 1, 2014

5050.4B, and the Desk Reference for Airports Actions, as well as other guidance documents to assist you in determining what information needs to be provided about these resource topics to address potential impacts. Indicate whether or not there would be any effects under the particular resource topic and, **if needed**, cite available references to support these conclusions. Additional analyses and inventories can be attached or cited as needed.

304a. National Historic Preservation Act (NHPA) resources

Projects that have the potential to cause effects on historic properties require a Section 106 finding in order to meet the requirements of the NHPA regardless of the type of NEPA document being completed. Check with your local Airports Division/District Office to determine if a Section 106 finding is required. Consultation with the State Historic Preservation Officer/Tribal Historic Preservation Officer (SHPO/THPO) may be required, and should be conducted through the FAA.

	YES	NO
Are there historic/cultural resources listed (or eligible for listing) on the National Register of Historic Places located in the Area of Potential Effect? If yes, provide a record of the historic and/or cultural resources located therein.		⊠
Click here to enter text if necessary		
Does the project have the potential to cause effects? If yes, describe the nature and extent of the effects.		
Click here to enter text if necessary		
Is the project area previously undisturbed? If yes, provide more information.		
Click here to enter text if necessary		
Will the project impact tribal land or land of interest to tribes? If yes, describe the nature and extent of the effects and provide information on the tribe affected. Consultation with their THPO may be required.		⊠
Click here to enter text if necessary		

	YES	NO
Are there any properties protected under Section 4(f) (as defined by FAA Order 1050.1E) in or near the project area? This includes publicly owned parks, recreation areas, and wildlife or waterfowl refuges of national, state or local significance or land from a historic site of national, state or local significance.		⊠
Will project construction or operation directly or constructively "use" any Section 4(f) resource? If yes, describe the nature and extent of the use and/or impacts, and why there are no prudent and feasible alternatives. See Desk Reference Chapter 7. Click here to enter text if necessary		⊠
Will the project affect any recreational or park land purchased with Section 6(f) Land and Water Conservation Funds? If so, please explain, if there will be impacts to those properties.		
Click here to enter text if necessary		

304b. Department of Transportation Act Section 4(f) and 6(f) resources

304c. Natural, Ecological, or Scenic Resources

This section covers a broad range of categories from farmlands to endangered species to coastal resources to wild and scenic rivers. Items to consider include:

Coastal Resources	YES	NO
Will the project occur in or impact a coastal zone as defined by the State's Coastal Zone Management Plan (CZMP)? If yes, discuss the project's consistency with the State's CZMP. Attach the consistency determination if applicable.		⊠
Click here to enter text if necessary		
Will the project occur in or impact the Coastal Barrier Resource System as defined by the US Fish and Wildlife Service?		⊠
Click here to enter text if necessary		

Ecological Resources	YES	NO
Are there any federal or state listed endangered, threatened, or candidate species or designated critical habitat in or near the project area? This includes species protected by individual statute, such as the Bald Eagle.		⊠
Click here to enter text if necessary		
Does the project affect or have the potential to affect, directly or indirectly, any federal or state-listed, threatened, endangered or candidate species, or designated habitat? If yes, consultation between the FAA and the US Fish & Wildlife Service, National Marine Fisheries Service, and/or the appropriate state agency will be necessary. Provide a description of the impacts and how impacts will be avoided, minimized, or mitigated.		⊠
Click here to enter text if necessary		
Does the project have the potential to take birds protected by the Migratory Bird Treaty Act? Describe steps to avoid, minimize or mitigation impacts (such as timing windows determined in consultation with the USFWS). Click here to enter text if necessary		Ø
Does the project area contain resources protected by the Fish and Wildlife Coordination Act? If yes, describe any impacts and steps taken to avoid, minimize or mitigate impacts.		Ø
Click here to enter text if necessary		
Does the project have the potential to impact fish habitat protected under the Magnuson-Stevens Act? If yes, after notifying the FAA and the airport sponsor will take the necessary consultation action. Actions may include preparing an Essential Fish Habitat assessment and consultation with the National Marine Fisheries Service. Describe any adverse impacts, and any conservation measures needed to avoid such impacts.		
Click here to enter text if necessary		

Farmland	YES	NO
Is there prime, unique, state or locally important farmland in/near the project area? Describe any significant impacts from the project.		⊠
Click here to enter text if necessary		
Does the project include the acquisition and conversion of farmland? If farmland will be converted, describe coordination with the US Natural Resources Conservation and attach the completed Form AD-1006.		⊠
Click here to enter text if necessary		

Floodplains	YES	NO
Will the project be located in, encroach upon or otherwise impact a floodplain? If yes, describe impacts and any agency coordination or public review completed including coordination with the local floodplain administrator. Attach the FEMA map if applicable and any documentation.		Ø
Click here to enter text if necessary		

Wetlands and Other Waters of the U.S.	YES	NO
Are there any wetlands or other waters of the U.S. in or near the project area?		⊠
Click here to enter text if necessary		
Has wetland delineation been completed within the proposed project area? If yes, please provide U.S. Army Corps of Engineers (USACE) correspondence and jurisdictional determination.		
Click here to enter text if necessary		
If a delineation was not completed, was a field check done to confirm the presence/absence of wetlands or other waters of the U.S.? If no to both, please explain what methods were used to determine the presence/absence of wetlands.	Ø	
Click here to enter text if necessary		
If yes, will the project result in impacts, directly or indirectly (including tree clearing)? Describe any steps taken to avoid, minimize or mitigate the impact.		Ø
Click here to enter text if necessary		

Wetlands and Other Waters of the U.S.	YES	NO
Is a USACE Clean Water Act Section 404 permit required? If yes, does the project fall within the parameters of a general permit? If so, which general permit?		⊠
Click here to enter text if necessary		

Wild and Scenic Rivers	YES	NO
Is there a river on the Nationwide Rivers Inventory, a designated river in the National System, or river under State jurisdiction (including study or eligible segments) near the project?		
Click here to enter text if necessary		
Will the project directly or indirectly affect the river or an area within ¼ mile of its ordinary high water mark?		⊠
Click here to enter text if necessary		

304d. Disruption of an Established Community

	YES	NO
Will the project disrupt a community, planned development or be inconsistent with plans or goals of the community?		⊠
Click here to enter text if necessary		
Are residents or businesses being relocated as part of the project?		
Click here to enter text if necessary		

Environmental Justice	YES	NO
Are there minority and/or low-income populations in/near the project area?		⊠
Will the project cause any disproportionately high and adverse impacts to minority and/or low-income populations? Attach census data if warranted.		⊠
Click here to enter text if necessary		

304e. Surface Transportation

	YES	NO
Will the project cause a significant increase in surface traffic congestion or cause a degradation of level of service provided?		⊠
Will the project require a permanent road relocation or closure? If yes, describe the nature and extent of the relocation or closure and indicate if coordination with the agency responsible for the road and emergency services has occurred.		⊠
Click here to enter text if necessary		

304f. Noise

	YES	NO
Will the project result in an increase in aircraft operations, nighttime operations, or change aircraft fleet mix?		⊠
Click here to enter text if necessary		
Will the project cause a change in airfield configuration, runway use, or flight patterns - either during construction or after the project is implemented?		
Click here to enter text if necessary		
Does the forecast exceed 90,000 annual propeller operations, 700 annual jet operations or 10 daily helicopter operations or a combination of the above? If yes, a noise analysis may be required if the project would result in a change in operations. Click here to enter text if necessary		
Has a noise analysis been conducted, including but not limited to generated noise contours, a specific point analysis, area equivalent method analysis, or other screening method? If yes, provide that documentation.		
Could the project have a significant impact (DNL 1.5 dB or greater increase) on noise levels over noise sensitive areas within the 65+ DNL noise contour? Click here to enter text if necessary		

304g. Air Quality

	YE\$	NO
Is the project located in a Clean Air Act non-attainment or maintenance area?		⊠
If yes, is it listed as exempt, presumed to conform, or will emissions (including construction emissions) from the project be below <i>de minimis</i> levels? (Provide the paragraph citation for the exemption or presumed to conform list below, if applicable.) Is the project accounted for in the State Implementation Plan or specifically exempted? Attach documentation. If exempt or "presumed to conform", skip the next two questions.		⊠
Click here to enter text if necessary		
Does the project have the potential to increase landside or airside capacity, including an increase of surface vehicles?		Ø
Click here to enter text if necessary Could the project impact air quality or violate local, State, Tribal or Federal air quality standards under the Clean Air Act Amendment of 1990? Click here to enter text if necessary		⊠
Does the airport have 180,000 general aviation and air taxi operations or 1.3 million enplanements annually? If yes, an air quality analysis may be required if the project would result in a change in operations.		Ø
Click here to enter text if necessary		

304h. Water Quality

Airport projects may cause water quality impacts due to their proximity to waterways. Airport related water quality impacts can occur from both point and non-point (stormwater runoff) sources.

YES NO

Are there water resources within or near the project area? These include groundwater, surface water (lakes, rivers, etc.), sole source aquifers, and public water supply. If yes, provide a description of the resource, including the location (distance from project site, etc.). Click here to enter text if necessary	
Will the project impact any of the identified water resources? Describe any steps that will be taken to protect water resources during and after construction. Click here to enter text if necessary	Ø

	YES	NO
Will the project increase the amount or rate of stormwater runoff? Describe any steps that will be taken to ensure it will not impact water quality.		⊠
Click here to enter text if necessary		
Does the project have the potential to violate federal, state, tribal or local water quality standards established under the Clean Water and Safe Drinking Water Acts?		⊠
Click here to enter text if necessary		
Are any permits required? If yes, list the appropriate permits.		⊠
Click here to enter text if necessary		

304i. Highly Controversial on Environmental Grounds

Is the project highly controversial? The term "highly controversial" means a substantial dispute exists as to the size, nature, or effect of a proposed federal action. The effects of an action are considered highly controversial when reasonable disagreement exists over the project's risks of causing environmental harm. Mere opposition to a project is not sufficient to be considered highly controversial on environmental grounds. Opposition on environmental grounds by a federal, state, or local government agency or by a tribe or a substantial number of the persons affected by the action should be considered in determining whether or not reasonable disagreement exists regarding the effects of a proposed action.	

304j. Inconsistent with Federal, State, Tribal or Local Law

	YES	NO
Will the project be inconsistent with plans, goals, policy, zoning, or local controls that have been adopted for the area in which the airport is located?		⊠
Click here to enter text if necessary		
Is the project incompatible with surrounding land uses?		⊠
Click here to enter text if necessary		

304k. Lighting, Visual, Hazardous Materials, Construction Impacts, Etc.

Light Emissions and Visual Effects

Airport related lighting facilities and activities could affect surrounding light-sensitive areas such as homes, parks, recreation areas, etc. Visual affects deal broadly with the extent to which airport development contrasts with the existing environment/setting.

	YES	NO
Will the proposed project produce light emission impacts?		Ø
Click here to enter text if necessary		
Will there be visual or aesthetic impacts as a result of the proposed project and/or have there been concerns expressed about visual/aesthetic impacts?		⊠
Click here to enter text if necessary		

Hazardous Materials

Federal, State, and local laws regulate hazardous materials use, storage, transport or disposal. Disrupting sites containing hazardous materials or contaminates may cause significant impacts to soil, surface water, groundwater, air quality, humans, wildlife, and the organisms using these resources. This category also includes solid waste and hazardous substances.

	YES	NO
Does the project involve or affect hazardous materials?		⊠
Click here to enter text if necessary		
Will construction take place in an area that contains or previously contained hazardous materials?		Ø
Click here to enter text if necessary		
If the project involves land acquisition, is there a potential for this land to contain hazardous materials or contaminants?		⊠
Click here to enter text if necessary		
Will the proposed project produce hazardous and/or solid waste either during construction or after? If yes, how will the additional waste be handled?		
The demolished concrete pavement shall be properly disposed on in a landfill.		

Construction

Construction may cause various environmental effects including, but not limited to, increases in dust, aircraft and heavy equipment emissions, stormwater runoff, spill/leaking petroleum, and noise.

	YES	NO
Will the project result in construction impacts, such as reducing local air quality, increase erosion, pollutant runoff, or noise, or disrupt local traffic patterns? If yes, describe measures to avoid and minimize construction impacts.		Ø
Click here to enter text if necessary		
Will the project create short term impacts?		⊠
Click here to enter text if necessary		
Will the project result in long term/permanent impacts?		\boxtimes
Click here to enter text if necessary		

Energy Supply and Natural Resources	YES	NO
Will the project change energy requirements or use consumable natural resources?		
Click here to enter text if necessary		
Will the project change aircraft/vehicle traffic patterns that could alter fuel usage?		⊠
Click here to enter text if necessary		

Public Involvement

Through public participation, federal agencies disclose information about a proposed project and expected environmental effects. Many of the special purpose laws (National Historic Preservation Act, Clean Water Act, etc.) require public notice and the opportunity for public involvement.

	YES	NO
Was there any public notification or involvement? If yes, provide documentation.		
Click here to enter text if necessary		

Indirect/Secondary/Induced Impacts

Indirect/Secondary/Induced Impacts are caused by the action and are later in time or farther removed in distance, but are still reasonably foreseeable. They may include growth inducing effects and other effects related to induced changes in the pattern of land use, population density or growth rate, and related effects on air and water and other natural systems, including ecosystems.

	YES	NO
Will the project result in indirect/secondary/induced impacts?		⊠
Click here to enter text if necessary		
When considered with other past, present, and reasonably foreseeable future projects, on or off airport property and regardless of funding source, would the proposed project result in a significant cumulative impact?		Ø
Click here to enter text if necessary		

Permits

List any permits required for the proposed project that have not been previously discussed. Provide details on the status of permits.

None.

Environmental Commitments

List all measures and commitments made to avoid, minimize, mitigate, and compensate for impacts on the environment, which are needed for this project to qualify for a CATEX.

	and the second se

FAA Decision

Having reviewed the above information, certified by the responsible airport official, it is the FAA's decision that the proposed project (s) or development warrants environmental processing as indicated below.

□ No further NEPA review required. Project is categorically excluded per (cite applicable 1050.1E CATEX that applies)

□ An Environmental Assessment (EA) is required.

- □ An Environmental Impact Statement (EIS) is required.
- □ The following additional documentation is necessary for FAA to perform a complete environmental evaluation of the proposed project.

RE: Grant Agreement FWC-14025 Artificial Reef Construction

Dear Mr. Wallat:

Please find enclosed two (2) original copies of the above referenced Grant Agreement for your review and signature. Please sign the signature page (Page 18 of 18). Please sign and date both copies and return all signed copies to me by courier service at the following address:

Keith Mille FWC Division of Marine Fisheries Management 2590 Executive Center Circle East, Suite 203 Tallahassee, Florida 32301

Upon execution of the Grant Agreement by the Florida Fish and Wildlife Conservation Commission, an original, signed copy will be returned for your file.

All work must be completed no later than December 31, 2015. The funds are for the 2013-14 fiscal year appropriation to the Commission's artificial reef program. Note that the terms of the Grant Agreement incorporate the terms of your project as specified in your grant application, and the requirements of Chapter 68R-9, F.A.C. If you have any questions regarding the Grant Agreement, please contact me at (850) 617-9633 or by email at keith.mille@myfwc.com.

Sincerely,

Keith Mille, Fisheries Biologist IV Artificial Reef Program Division of Marine Fisheries Management

STATE OF FLORIDA FLORIDA FISH AND WILDLIFE CONSERVATION COMMISSION

AGREEMENT NO. 14025

CFDA Title(s): not applicable	CFDA No(s).: not applicable
Name of Federal Agency(s): not applicable	
Federal Award No(s): not applicable	Federal Award Year(s): not applicable
Federal Award Name(s): not applicable	
CSFA Title(s).: Florida Artificial Reef Program	CSFA No(s).: 77-007
State Award No(s).: FWC-14025	State Award Year(s): FY2014-15

This Agreement is entered into by and between the Florida Fish and Wildlife Conservation Commission, whose address is 620 South Meridian Street, Tallahassee, Florida 32399-1600, hereafter "Commission," and Taylor County, FEID # 59-6000879, whose address is 201 East Green Street, hereinafter "Grantee."

WHEREAS, the Commission and Grantee have partnered together to construct an artificial reef comprised of a minimum of 224 prefabricated concrete modular artificial reef modules placed at fourteen patch reefs (16 modules each) within the Steinhatchee Fisheries Management Area located 17.5 nautical miles west from the mouth of the Steinhatchee river, depths 45 - 51 feet in the Gulf of Mexico; and,

WHEREAS, Grantee has been awarded Agreement FWC-14025 ; and,

WHEREAS, such benefits are for the ultimate good of the State of Florida, its resources, wildlife, and public welfare.

NOW THEREFORE, the Commission and the Grantee, for the considerations hereafter set forth, agree as follows:

- 1. **PROJECT DESCRIPTION.** The Grantee shall provide the services and perform the specific responsibilities and obligations, as set forth in the Scope of Work, attached hereto as Attachment A and made a part hereof (hereafter, Scope of Work). The Scope of Work specifically identifies project tasks and accompanying deliverables. These deliverables must be submitted and approved by the Commission prior to any payment. The Commission will not accept any deliverable that does not comply with the specified required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable. If this agreement is the result of Grantee responses to the Commission's request for competitive or other grant proposals, the Grantee's response is hereby incorporated by reference.
- 2. **PERFORMANCE.** The Grantee shall perform the activities described in the Scope of Work in a proper and satisfactory manner. Unless otherwise provided for in the Scope of Work, any and all equipment,

products or materials necessary or appropriate to perform under this Agreement shall be supplied by the Grantee. Grantee shall obtain all necessary local, state, and federal authorizations necessary to complete this project, and the Grantee shall be licensed as necessary to perform under this Agreement as may be required by law, rule, or regulation; the Grantee shall provide evidence of such compliance to the Commission upon request. The Grantee shall procure all supplies and pay all charges, fees, taxes and incidentals that may be required for the completion of this Agreement. By acceptance of this Agreement, the Grantee warrants that it has the capability in all respects to fully perform the requirements and the integrity and reliability that will assure good-faith performance as a responsible Grantee. Grantee shall immediately notify the Commission's Grant Manager in writing if its ability to perform under the Agreement is compromised in any manner during the term of the Agreement. The Commission shall take appropriate action, including potential termination of this Agreement pursuant to Paragraph nine (9) below, in the event the Grantee's ability to perform under this Agreement becomes compromised.

3. AGREEMENT PERIOD.

A. Agreement Period and Commission's Limited Obligation to Pay. This Agreement is made pursuant to a grant award and shall be effective upon execution by the last Party to sign, and shall remain in effect through 12/31/2015. However, as authorized by Rule 68-1.003, F.A.C., referenced grant programs may execute Agreements with a retroactive start date of no more than sixty (60) days, provided that approval is granted from the Executive Director or his/her designee and that it is in the best interest of the Commission and State to do so. Agreements executed under this grant award shall not precede a start date of 01/19/2015. For this agreement, the retroactive start date was not approved. The Commission's Grant Manager shall confirm the specific start date of the Agreement by written notice to the Grantee. The Grantee shall not be eligible for reimbursement or compensation for grant activities performed prior to the start date of this Agreement nor after the end date of the Agreement. For this agreement, preaward costs are not eligible for reimbursement. If necessary, by mutual agreement as evidenced in writing and lawfully executed by the Parties, an Amendment to this Agreement may be executed to lengthen the Agreement period.

4. COMPENSATION AND PAYMENTS.

- A. Compensation. As consideration for the services rendered by the Grantee under the terms of this Agreement, the Commission shall pay the Grantee on a cost reimbursement basis in an amount not to exceed \$120,000.
- B. Payments. The Commission shall pay the Grantee for satisfactory performance of the tasks identified in Attachment A, Scope of Work, as evidenced by the completed deliverables, upon submission of invoices, accompanied by supporting documentation sufficient to justify invoiced expenses or fees, and after acceptance of services and deliverables in writing by the Commission's Grant Manager identified in Paragraph eleven (11), below. Unless otherwise specified in the Scope of Work, invoices shall be due monthly, commencing from the start date of this Agreement. Invoices must be legible and must clearly reflect the Deliverables that were provided in accordance with the terms of the Agreement for the invoice period. Unless otherwise specified in the Scope of Work, a final invoice shall be submitted to the Commission no later than forty-five (45) days following the expiration date of this Agreement to assure the availability of funds for payment. Further, pursuant to Section 215.971(1)(d), F.S., the Commission may only reimburse the Grantee for allowable costs resulting from obligations incurred during the agreement period specified in Paragraph three (3).

- C. Invoices. Each invoice shall include the Commission Agreement Number and the Grantee's Federal Employer Identification (FEID) Number. Invoices, with supporting documentation, may be submitted electronically to the attention of the Commission's Grant Manager identified in Paragraph eleven (11), below. If submitting hard copies, an original and two (2) copies of the invoice, plus all supporting documentation, shall be submitted. All bills for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. Grantee acknowledges that the Commission's Grant Manager shall reject invoices lacking documentation necessary to justify invoiced expenses.
- **D. Match.** Pursuant to grant program guidelines, the Grantee is not required to contribute nonfederal match towards this Agreement. If applicable, details regarding specific match requirements are included in Attachment A, Scope of Work.
- E. **Travel Expenses.** If authorized in Attachment A, Scope of Work, travel expenses shall be reimbursed in accordance with Section 112.061, F.S.
- F. State Obligation to Pay. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation and authorization to spend by the Legislature. The Parties hereto understand that this Agreement is not a commitment to future appropriations, but is subject to appropriation and authority to spend provided by the Legislature. The Commission shall be the final authority as to the availability of funds for this Agreement, and as to what constitutes an "annual appropriation" of funds to complete this Agreement. If such funds are not appropriated or available for the Agreement purpose, such event will not constitute a default on behalf of the Commission or the State. The Commission's Grant Manager shall notify the Grantee in writing at the earliest possible time if funds are not appropriated or available.
- **G.** Non-Competitive Procurement and Rate of Payment. Section 216.3475, F.S., requires that under non-competitive procurements, a Grantee may not receive a rate of payment in excess of the competitive prevailing rate for those services unless expressly authorized in the General Appropriations Act. If applicable, Grantee warrants, by execution of this Agreement, that the amount of non-competitive compensation provided in this Agreement is in compliance with Section 216.3475, F.S.
- H. Time Limits for Payment of Invoices. Payments shall be made in accordance with Sections 215.422 and 287.0585, F.S., which govern time limits for payment of invoices. Section 215.422, F.S. provides that agencies have five (5) working days to inspect and approve Deliverables, or the Scope of Work specifies otherwise. If payment is not available within forty (40) days, measured from the latter of the date the invoice is received or the Deliverables are received, inspected and approved, a separate interest penalty set by the Department of Financial Services pursuant to Section 55.03(1), F.S., will be due and payable in addition to the invoice amount. Invoices returned to a vendor due to preparation errors will result in a payment delay. Invoice payment requirements do not start until a properly completed invoice is provided to the agency.
- I. Electronic Funds Transfer. Grantee agrees to enroll in Electronic Funds Transfer (EFT), offered by the State's Chief Financial Officer, within thirty (30) days of the date the last Party has signed this Agreement. Copies of the Authorization form and a sample blank enrollment letter can be found on the vendor instruction page at:

http://www.fldfs.com/aadir/direct_deposit_web/Vendors.htm

Questions should be directed to the State of Florida's EFT Section at (850) 413-5517. Once enrolled, invoice payments will be made by EFT.

- J. Vendor Ombudsman. A Vendor Ombudsman, whose duties include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from a State agency, may be contacted at (850) 413-5516 or by calling the Chief Financial Officer's Hotline, (800) 342-2762.
- 5. CERTIFICATIONS AND ASSURANCES. Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission's Grant Manager a completed copy of the form entitled "Certifications and Assurances," attached hereto and incorporated as Attachment B. This includes: Debarment and Suspension Certification; Certification Against Lobbying; Certification Regarding Public Entity Crimes; and Certification Regarding the Scrutinized Companies List (applicable to agreements in excess of \$1 million); Attachment B, incorporated and made part of this Agreement.

6. **RETURN OR RECOUPMENT OF FUNDS.**

- A. Overpayment to Grantee. Pursuant to Section 215.971(1)(e)&(f), F.S., the Grantee shall return to the Commission any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Agreement that were disbursed to Grantee by the Commission. In the event that the Grantee or its independent auditor discovers that overpayment has been made, the Grantee shall repay said overpayment within forty (40) calendar days without prior notification from the Commission. In the event that the Commission first discovers an overpayment has been made, the Commission will notify the Grantee in writing. Should repayment not be made in a timely manner, the Commission shall be entitled to charge interest at the lawful rate of interest established pursuant to Section 55.03(1), F.S., on the outstanding balance beginning forty (40) calendar days after the date of notification or discovery. Refunds should be sent to the Commission's Grant Manager, and made payable to the "The Florida Fish and Wildlife Conservation Commission."
- B. Additional Costs or Monetary Loss Resulting from Grantee Non-Compliance. If the Grantee's non-compliance with any provision of the Agreement results in additional cost or monetary loss to the Commission or the State of Florida to the extent allowed by Florida Law, the Commission can recoup that cost or loss from monies owed to the Grantee under this Agreement or any other agreement between Grantee and the Commission. In the event that the discovery of this cost or loss arises when no monies are available under this Agreement or any other agreement between the Grantee and the Commission, the Grantee will repay such cost or loss in full to the Commission within thirty (30) days of the date of notice of the amount owed, unless the Commission agrees, in writing, to an alternative timeframe. If the Grantee is unable to repay any cost or loss to the Commission, the Commission shall notify the State of Florida, Department of Financial Services, for resolution pursuant to Section 17.0415, F.S.
- COMMISSION EXEMPT FROM TAXES, PROPERTY EXEMPT FROM LIEN. The Grantee recognizes that the State of Florida, by virtue of its sovereignty, is not required to pay any taxes on the services or goods purchased under the terms of this Agreement.

If the Grant involves the improvement of real property titled to the State of Florida, then the following paragraph applies. The Grantee acknowledges that Property being improved is titled to the State of Florida, and is not subject to lien of any kind for any reason. The Grantee shall include notice of such exemptions in any subcontracts and purchase orders issued hereunder.

8. MONITORING. The Commission's Grant Manager shall actively monitor the Grantee's performance and compliance with the terms of this Agreement. The Commission reserves the right for any Commission staff to make scheduled or unscheduled, announced or unannounced monitoring visits. Specific monitoring terms, conditions, and schedules may be included in Attachment A, Scope of Work.

9. TERMINATION.

- **A. Commission Termination.** The Commission may unilaterally terminate this Agreement for convenience by providing the Grantee with thirty (30) calendar days of written notice of its intent to terminate. The Grantee shall not be entitled to recover any cancellation charges or lost profits. The Grantee may request termination of the Agreement for convenience.
- **B. Termination Fraud or Willful Misconduct.** This Agreement shall terminate immediately in the event of fraud or willful misconduct. In the event of such termination, the Commission shall provide the Grantee with written notice of termination.
- C. Termination Other. The Commission may terminate this Agreement if the Grantee fails to: 1.) comply with all terms and conditions of this Agreement; 2.) produce each deliverable within the time specified by the Agreement or extension; 3.) maintain adequate progress, thus endangering the performance of the Agreement; or, 4.) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences for default. The rights and remedies of the Commission in this clause are in addition to any other rights and remedies provided by law or under the Agreement. The Grantee shall not be entitled to recover any cancellation charges or lost profits.
- D. Termination Funds Unavailability. In the event funds to finance this Agreement become unavailable or if federal or state funds upon which this Agreement is dependent are withdrawn or redirected, the Commission may terminate this Agreement upon no less than twenty-four (24) hours notice in writing to the Grantee. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. The Commission shall be the final authority as to the availability of funds and will not reallocate funds appropriated for this Agreement to another program thus causing "lack of funds." In the event of termination of this Agreement under this provision, the Grantee will be compensated for any work satisfactorily completed and any non-cancellable obligations properly incurred prior to notification of termination.
- E. Grantee Discontinuation of Activities upon Termination Notice. Upon receipt of notice of termination, the Grantee shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. Upon termination of this Agreement, the Grantee shall promptly render to the Commission all property belonging to the Commission. For the purposes of this section, property belonging to the Commission shall include, but shall not be limited to, all books and records kept on behalf of the Commission.

10. REMEDIES.

A. Financial Consequences. In accordance with Sections 215.971(1)(a)&(b), F.S., Attachment A, Scope of Work, contains clearly established tasks in quantifiable units of deliverables that must be received and accepted in writing by the agency before payment. Each deliverable specifies the required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable. If the Grantee fails to produce each deliverable within the time frame specified by the Scope of Work, the budget amount allocated for that deliverable may be deducted from the Grantee's payment. In addition, pursuant to Section 215.971(1)(c), the Commission shall apply any additional financial consequences, identified in the Scope of Work.

- **B. Cumulative Remedies.** The rights and remedies of the Commission in this paragraph are in addition to any other rights and remedies provided by law or under the Agreement.
- 11. NOTICES AND CORRESPONDENCE. Any and all notices shall be delivered to the individuals identified below. In the event that either Party designates a different Grant Manager after the execution of this Agreement, the Party will provide written notice of the name, address, zip code, telephone and fax numbers, and email address of the newest Grant Manager, or an individual authorized to receive notice on behalf of that Party, to all other Parties as soon as possible, but not later than five (5) business days after the new Grant Manager has been named. A designation of a new Grant Manager shall not require a formal amendment to the Agreement.

FOR THE COMMISSION: Grant Manager Keith Mille Fisheries Biologist IV Division of Marine Fisheries Management 2590 Executive Center Circle East, Suite 203 Tallahassee, FL 32301 Phone: (850) 617-9633 Fax: (850) 487-4847 keith.mille@myfwc.com

FOR THE GRANTEE: Grant Manager Geoff Wallat Sea Grant Agent #2 Taylor County 203 Forest Park Drive Perry, FL 32348 Phone: (850) 838-3546 Fax: (850) 838-3546 gwallat@ufl.edu

12. AMENDMENT.

- A. Waiver or Modification. No waiver or modification of this Agreement or of any covenant, condition, or limitation herein contained shall be valid unless in writing and lawfully executed by the Parties.
- B. Change Orders. The Commission may, at any time, by written order, make a change to this Agreement. Such changes are subject to the mutual agreement of both Parties as evidenced in writing. Any change which causes an increase or decrease in the Grantee's cost or time shall require an Amendment. Minor changes, such as those updating a Party's contact information, may be accomplished by a Modification.
- C. Renegotiation upon Change in Law or Regulation. The Parties agree to renegotiate this Agreement if federal and/or state revisions of any applicable laws or regulations make changes in the Agreement necessary.

13. INTELLECTUAL PROPERTY RIGHTS.

- A. Grantee's Preexisting Intellectual Property (Proprietary) Rights. Unless specifically addressed in the Attachment A, Scope of Work, intellectual property rights to the Grantee's preexisting property will remain with the Grantee.
- **B. Proceeds Related to Intellectual Property Rights.** Proceeds derived from the sale, licensing, marketing or other authorization related to any intellectual property right created or otherwise developed by the Grantee under this Agreement for the Commission shall be handled in the manner specified by the applicable Florida State Statute and/or Federal program requirements.

C. Commission Intellectual Property Rights. Where activities supported by this Agreement produce original writing, sound recordings, pictorial reproductions, drawings or other graphic representations and works of any similar nature, the Commission and the State of Florida have the unlimited, royalty-free, nonexclusive, irrevocable right to use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others acting on behalf of the Commission to do so. If this Agreement is supported by federal funds, the federal awarding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so.

14. **RELATIONSHIP OF THE PARTIES.**

- A. Independent Grantee. The Grantee shall perform as an independent Grantee and not as an agent, representative, or employee of the Commission. The Grantee covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each Party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Grantee and the Commission.
- **B. Grantee Training and Qualifications.** Grantee agrees that all Grantee employees, subcontractors, or agents performing work under the Agreement shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Grantee shall furnish a copy of technical certification or other proof of qualification.
- C. Commission Security. All employees, subcontractors, or agents performing work under the Agreement must comply with all security and administrative requirements of the Commission. The Commission may conduct, and the Grantee shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Grantee. The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission's other requirements. Such refusal shall not relieve Grantee of its obligation to perform all work in compliance with the Agreement. The Commission, in coordination with the Grantee, may reject and bar from any facility for cause any of Grantee's employees, subcontractors, or agents.
- **D.** Commission Rights to Assign or Transfer. The Grantee agrees that the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this Agreement to another governmental agency in the State of Florida, upon giving prior written notice to the Grantee.
- E. Commission Rights to Undertake and Award Supplemental Agreements. Grantee agrees that the Commission may undertake or award supplemental agreements for work related to the Agreement. The Grantee and its subcontractors shall cooperate with such other Grantees and the Commission in all such cases.

15. SUBCONTRACTS.

A. Authority. Grantee is permitted to subcontract work under this Agreement, therefore, the following terms and conditions apply. The Grantee shall ensure, and provide assurances to the Commission upon request, that any subcontractor selected for work under this Agreement has the necessary qualifications and abilities to perform in accordance with the terms and conditions of this Agreement. The Grantee must provide the Commission with the names of any subcontractor considered for work under this Agreement; the Commission in coordination with the Grantee reserves the right to reject any subcontractor. The Grantee agrees to be responsible for all work

performed and all expenses incurred with the project. Any subcontract arrangements must be evidenced by a written document available to the Commission upon request. The Grantee further agrees that the Commission shall not be liable to the extent allowed by law, to any subcontractor for any expenses or liabilities incurred under the subcontract and the Grantee shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract.

- **B. Grantee Payments to Subcontractor.** If subcontracting is permitted pursuant to Paragraph A, above, Grantee agrees to make payments to the subcontractor upon completion of work and submitted invoice in accordance with the contract between the Grantee and subcontractor. Failure to make payment pursuant to any subcontract will result in a penalty charged against Grantee and paid to the subcontractor in the amount of one-half of one (1) percent of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15) percent of the outstanding balance due."
- **C. Commission Right to Reject Subcontractor Employees.** The Commission in coordination with Grantee shall retain the right to reject any of the Grantee's or subcontractor's employees whose qualifications or performance, in the Commission's judgment, are insufficient.
- **D. Subcontractor as Independent Contractor.** If subcontracting is permitted pursuant to Paragraph A above, the Grantee agrees to take such actions as may be necessary to ensure that each subcontractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, or partner of the State of Florida.

16. MANDATORY DISCLOSURE.

- A. Disclosure of Interested State Employees. This Agreement is subject to Chapter 112, F.S. Grantee shall provide the name of any officer, director, employee, or other agent who is affiliated with this project and an employee of the State of Florida.
- B. Prompt Disclosure of Litigation, Investigations, Arbitration, or Administrative Proceedings. Throughout the term of the Agreement, the Grantee has a continuing duty to promptly disclose to the Commission's Agreement Manager, upon occurrence, all civil or criminal litigation, investigations, arbitration, or administrative proceedings (Proceedings) relating to or affecting the Grantee's ability to perform under this agreement. If the existence of such Proceeding causes the Commission concern that the Grantee's ability or willingness to perform the Agreement is jeopardized, the Grantee may be required to provide the Commission with reasonable assurances to demonstrate that: a.) the Grantee will be able to perform the Agreement in accordance with its terms and conditions; and, b.) Grantee and/or its employees or agents have not and will not engage in conduct in performing services for the Commission which is similar in nature to the conduct alleged in such Proceeding.

17. INSURANCE.

The Grantee warrants and represents that it is insured, or self-insured for liability insurance, in accordance with applicable state law and that such insurance or self-insurance offers protection applicable to the Grantee's officers, employees, servants and agents while acting within the scope of their employment with the Grantee.

18. PUBLIC ENTITY CRIMES.

A. Convicted Vendor List. Pursuant to Subsection 287.133(2)(a), F.S., a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may

not be awarded or perform work as a Grantee, supplier, subcontractor or consultant under a contract with any public entity and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, F.S., for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

The State of Florida, Department of Management Services, Division of State Purchasing provides listings for convicted, suspended, discriminatory and federal excluded parties, as well as the vendor complaint list at:

http://www.dms.myflorida.com/business_operations/state_purchasing/vendor_information/convic ted_suspended_discriminatory_complaints_vendor_lists

- **B.** Notice of Conviction of Public Entity Crime. Any person must notify the Department of Management Services and the Commission within 30 days after conviction of a public entity crime applicable to that person or an affiliate of that person as defined in Section 287.133, F.S.
- C. Certifications and Assurances. Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission's Grant Manager a completed copy of the form entitled "Certifications and Assurances," attached hereto and incorporated as Attachment B. This includes the Certification Regarding Public Entity Crimes.

19. VENDORS ON SCRUTINIZED COMPANIES LIST.

- A. Scrutinized Companies. If this Agreement is in the amount of one (1) million dollars or more, in executing this Agreement, the Grantee certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to Section 215.473, F.S., and is not engaged in business operations in Cuba or Syria.
- B. False Certification Termination. Pursuant to Subsection 287.135(3)(b), F.S., the Commission may immediately terminate this Agreement for cause if the Grantee is found to have submitted a false certification or if, during the term of the Agreement, the Grantee is placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engages in business operations in Cuba or Syria.
- C. Cessation of Federal Authority. In the event that federal law ceases to authorize the states to adopt and enforce the contracting prohibition identified in this paragraph, this provision shall be null and void to the extent no longer authorized.
- 20. SPONSORSHIP. As required by Section 286.25, F.S., if the Grantee is a nongovernmental organization which sponsors a program financed wholly or in part by state funds, including any funds obtained through this Agreement, it shall, in publicizing, advertising, or describing the sponsorship of the program, state: "Sponsored by (Grantee's name) and the State of Florida, Fish and Wildlife Conservation Commission." If the sponsorship reference is in written material, the words "State of Florida, Fish and Wildlife Conservation Commission" shall appear in the same size letters or type as the name of the Grantee's organization. Additional sponsorship requirements may be specified in Attachment A, Scope of Work.

21. PUBLIC RECORDS.

A. This Agreement may be unilaterally canceled by the Commission for refusal by the Grantee to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S., and made or received by the Grantee in conjunction with this Agreement, unless exemption for such records is allowable under Florida law.

- **B.** Pursuant to Section 119.0701, F.S., the Grantee shall comply with the following:
 - a. Keep and maintain public records that ordinarily and necessarily would be required by the Commission in order to perform the service.
 - b. Provide the public with access to public records on the same terms and conditions that the Commission would provide the records and at a cost that does not exceed the cost provided in Chapter 119, F.S. or as otherwise provided by law.
 - c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.
 - d. Meet all requirements for retaining public records and transfer, at no cost, to the Commission all public records in possession of the Grantee upon termination of the Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the Commission.
- 22. SECURITY AND CONFIDENTIALITY. The Grantee shall not divulge to third parties any clearly marked confidential information obtained by the Grantee or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing Grant work. To ensure confidentiality, the Grantee shall take appropriate steps regarding its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Grant.

23. RECORD KEEPING REQUIREMENTS.

- A. Grantee Responsibilities. The Grantee shall maintain accurate books, records, documents and other evidence that sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Agreement, in accordance with generally accepted accounting principles.
- **B.** State Access to Grantee Books, Documents, Papers, and Records. The Grantee shall allow the Commission, the Chief Financial Officer of the State of Florida, the Auditor General of the State of Florida, the Florida Office of Program Policy Analysis and Government Accountability or authorized representatives of the state or federal government to have access to any of the Grantee's books, documents, papers, and records, including electronic storage media, as they may relate to this Agreement, for the purposes of conducting audits or examinations or making excerpts or transcriptions.
- C. Grantee Records Retention. Unless otherwise specified in Attachment A, Scope of Work, these records shall be maintained for five (5) years following the close of this Agreement. The Grantee shall cooperate with the Commission to facilitate the duplication and transfer of such records upon the Commission's request.
- **D. Grantee Responsibility to Include Records Requirements Subcontractors.** In the event any work is subcontracted under this Agreement, the Grantee shall include the aforementioned audit and record keeping requirements in all subsequent contracts.
- E. Compliance with Federal Funding Accountability and Transparency. Any federal funds awarded under this Agreement must comply with the Federal Funding Accountability and Transparency Act (FFATA) of 2006. The intent of the FFATA is to empower every American with the ability to hold the government accountable for each spending decision. The result is to reduce wasteful spending in the government. The FFATA legislation requires that information on

federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website: <u>www.USASpending.gov</u>. Grant recipients awarded a new Federal grant greater than or equal to \$25,000 awarded on or after October 1, 2010 are subject to the FFATA. The Grantee agrees to provide the information necessary, over the life of this Agreement, for the Commission to comply with this requirement.

24. FEDERAL AND FLORIDA SINGLE AUDIT ACT REQUIREMENTS. Pursuant to the FSAA (or Federal) Vendor / Recipient Determination Checklist, the Grantee has been determined to be a recipient of state financial assistance and/or a subrecipient of a federal award. Therefore, pursuant to Section 215.97, F.S. and/or OMB Circular A-133, the Grantee may be subject to the audit requirements of the Florida and/or Federal Single Audit Acts. If applicable, the Grantee shall comply with the audit requirements outlined in Attachment C, "Requirements of the Federal and Florida Single Audit Acts," attached hereto and made a part of the Agreement, as applicable.

25. NON-EXPENDABLE PROPERTY.

- A. Non-Expendable Property Defined. For the requirements of this section of the Agreement, "non-expendable property" is the same as "property" as defined in Section 273.02, F.S. (equipment, fixtures, and other tangible personal property of a non-consumable and non-expendable nature, with a value or cost of \$1,000 or more, and a normal expected life of one year or more; hardback-covered bound books that are circulated to students or the general public, with a value or cost of \$25 or more; and uncirculated hardback-covered bound books, with a value or cost of \$250 or more).
- **B. Title to Non-Expendable Property.** Title (ownership) to all non-expendable property acquired with funds from this Agreement shall be vested in the Commission and said property shall be transferred to the Commission upon completion or termination of the Agreement unless otherwise authorized in writing by the Commission or unless otherwise specifically provided for in Attachment A, Scope of Work.

26. FEDERAL FUNDS. No Federal Funds are applied to this Agreement, therefore, the following terms and conditions do not apply.

- A. Prior Approval to Expend Federal Funds to Federal Agency or Employee. The Grantee shall be responsible for complying with all federal grant requirements as provided in its grant, a copy of which is attached hereto and made a part hereof as Attachment D. It is understood and agreed that the Grantee is not authorized to expend any federal funds under this Agreement to a federal agency or employee without the prior written approval of the awarding federal agency.
- **B.** Compliance with Federal Laws, Rules and Regulations. As applicable, the Grantee shall comply with all federal laws, rules, and regulations, including but not limited to:
 - Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Chapter 60).
 - The Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3).
 - Sections 103 and 107 of the Agreement Work Hours and Safety Standards Act (40 U.S.C. 327–330) as supplemented by Department of Labor regulations (29 CFR part 5). (Construction agreements awarded by grantees and subgrantees in excess of \$2,000, and in excess of \$2,500 for other agreements which involve the employment of mechanics or laborers)

- All applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).
- Mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94–163, 89 Stat. 871).
- C. Compliance with Office of Management and Budget Circulars. As applicable, Grantee shall comply with the following Office of Management and Budget Circulars:
 - A-21 (2 CFR 220), Cost principles for Educational Institutions
 - A-87 (2 CFR 225), Cost Principles for State, Local, and Indian Tribal Governments
 - A-122 (2 CFR 230), Cost Principles for Non-Profit Organizations
 - A-133, Audit of States, Local Governments, and Non-Profit Organizations
 - A-102, Grants and Cooperative Agreements with State and Local Governments
 - A-110, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Learning, Hospitals, and Other Non-Profit Organizations
- D. Certifications and Assurances Drug-Free Workplace. Pursuant to the Drug-Free Workplace Act of 1988, and its implementing regulations codified at 29 CFR Part 94, the Grantee will provide a drug-free workplace. Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission a completed copy of Attachment B, "Certifications and Assurances." This includes the Drug-Free Workplace Requirement Certification.
- E. Trafficking Victims Protection Act of 2000. This federal award is subject to the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104(g), 2 CFR 175.15). As such, the awarding federal agency may unilaterally terminate this award without penalty for violations of this Act. If the Grantee is a private entity, the following provision applies to the federal award:

You as the recipient, your employees, subrecipients under this award, and subrecipients' employees may not--

- a. Engage in severe forms of trafficking in persons during the period of time that the award is in effect;
- b. Procure a commercial sex act during the period of time that the award is in effect; or
- c. Use forced labor in the performance of the award or subawards under the award.

27. DEBARMENT AND SUSPENSION.

- A. Grantee Federal Certification. In accordance with Federal Executive Order 12549, Debarment and Suspension, the Grantee shall agree and certify that neither it, nor its principals, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency; and, that the Grantee shall not knowingly enter into any lower tier agreement, or other covered transaction, with a person who is similarly debarred or suspended from participating in this covered transaction.
- **B. Grantee Commission Certification.** Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission a completed copy of Attachment B, Certifications and Assurances. This includes the Certification Regarding Debarment, Suspension, and Other Responsibility Matters.

28. PROHIBITION AGAINST LOBBYING.

- A. Grantee Certification Payments to Influence. The Grantee certifies that no Federal appropriated funds have been paid or will be paid, on or after December 22, 1989, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding, renewal, amending or modifying of any Federal agreement, grant, or cooperative agreement. The Grantee shall submit Standard Form-LLL, "Disclosure Form to Report Lobbying". The Grantee shall require the language of this certification to be included in all subcontracts, and all subcontractors shall certify and disclose accordingly.
- B. Grantee Refrain from Subcontracting with Certain Organizations. Pursuant to the Lobbying Disclosure Act of 1995, the Grantee agrees to refrain from entering into any subcontracts under this Agreement with any organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, unless such organization warrants that it does not, and will not, engage in lobbying activities prohibited by the Act as a special condition of the subcontract.
- C. Prohibition against Using Agreement Funds for the Purpose of Lobbying. In accordance with Section 216.347, F.S., the Grantee is hereby prohibited from using funds provided by this Agreement for the purpose of lobbying the Legislature, the judicial branch or a state agency. Upon request of the Commission's Inspector General, or other authorized State official, the Grantee shall provide any type of information the Inspector General deems relevant to the Grantee's integrity or responsibility.
- **D.** Grantee's Completion of Certifications and Assurances. Upon execution of this Agreement by the Grantee, the Grantee shall complete, sign and return to the Commission a completed copy of Attachment B, "Certifications and Assurances." This includes the Certification Regarding Lobbying.

29. AGREEMENT-RELATED PROCUREMENT.

A. **PRIDE.** In accordance with Section 946.515(6), F.S., if a product or service required for the performance of this Agreement is certified by or is available from Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE) and has been approved in accordance with Subsection 946.515(2), F.S., the following statement applies:

It is expressly understood and agreed that any articles which are the subject of, or required to carry out, under this contract shall be purchased from [PRIDE] In the same manner and under the same procedures set forth in subsections 946.515(2) and (4), F.S.; and for purposes of this contract the person, firm or other business entity carrying out the provisions of this contract shall be deemed to be substituted for this agency insofar as dealings with such corporation are concerned.

The above clause is not applicable to subcontractors unless otherwise required by law. Additional information about PRIDE and the products it offers is available at <u>http://www.pride-</u><u>enterprises.org</u>.

B. Respect of Florida. In accordance with Subsection 413.036(3), F.S., if a product or service required for the performance of this Agreement is on the procurement list established pursuant to Subsection 413.035(2), F.S., the following statement applies:

It is expressly understood and agreed that any articles that are the subject of, or required to carry out, under this contract shall be purchased from a nonprofit agency for the blind or for the severely handicapped that is qualified pursuant to Chapter 413, F.S., in the same manner and under the same procedures set forth in Subsections 413.036(1) and (2), F.S.; and for purposes of this agreement, the person, firm or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the state agency insofar as dealings with such qualified nonprofit agency are concerned.

Additional information about the designated nonprofit agency and the products it offers is available at <u>http://www.respectofflorida.org</u>.

C. Procurement of Recycled Products or Materials. The Grantee agrees to procure any recycled products or materials which are the subject of or are required to carry out this Agreement in accordance with Section 403.7065, F.S.

30. PURCHASE OR IMPROVEMENT OF REAL PROPERTY

This agreement is not for the purchase or improvement of real property, therefore, the following terms and conditions do not apply.

The Grantee shall comply with Section 287.05805, F.S. This section requires the Grantee to grant a security interest in the property to the State of Florida, the type and details of which are provided for in Attachment A, Scope of Work.

31. PROFESSIONAL SERVICES.

A. Architectural, Engineering, Landscape Architectural, or Survey and Mapping. If this Agreement is for the acquisition of professional architectural, engineering, landscape architectural, or surveying and mapping services, and is therefore subject to Section 287.055, F.S., the following provision applies:

The architect (or registered surveyor and mapper or professional engineer, as applicable) warrants that he or she has not employed or retained any company or person, other than a bona fide employee working solely for the architect (or registered surveyor and mapper, or professional engineer, as applicable) to solicit or secure this contract and that he or she has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the architect (or registered surveyor and mapper or professional engineer, as applicable) any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this contract.

- **B. Termination for Breach.** For the breach or violation of this provision, the Commission shall have the right to terminate the Agreement without liability and, at its discretion, to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift, or consideration.
- 32. INDEMNIFICATION. If the Grantee is a state agency or subdivision, as defined in Subsection 768.28(2), F.S., pursuant to Subsection 768.28(19), F.S., neither Party indemnifies nor insures the other Party for the other Party's negligence. If the Grantee is not a state agency or subdivision as defined above, the Grantee shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully

indemnify, defend, and hold harmless the State and the Commission, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by the Grantee, its agents, employees, partners, or subcontractors, provided, however, that the Grantee shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or the Commission.

33. NON-DISCRIMINATION.

- A. Non-Discrimination in Performance. No person, on the grounds of race, creed, color, national origin, age, sex, or disability, shall be excluded from participation in, be denied the proceeds or benefits of, or be otherwise subjected to discrimination in performance of this Agreement.
- B. Discriminatory Vendor List. In accordance with Section 287.134, F.S., an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity. The Grantee has a continuing duty to disclose to the Commission whether they appear on the discriminatory vendor list.
- 34. SEVERABILITY, CHOICE OF LAW, AND CHOICE OF VENUE. This Agreement has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement. Any action in connection herewith, in law or equity, shall be brought in Leon County, Florida, to the exclusion of all other lawful venues.
- **35. NO THIRD PARTY RIGHTS.** The Parties hereto do not intend nor shall this Agreement be construed to grant any rights, privileges or interest to any person not a Party to this Agreement.
- **36. JURY TRIAL WAIVER.** As part of the consideration for this Agreement, the Parties hereby waive trial by jury in any action or proceeding brought by any Party against any other Party pertaining to any matter whatsoever arising out of or in any way connected with this Agreement, or with the products or services provided under this Agreement, including but not limited to any claim by the Grantee of *quantum meruit*.
- **37. PROHIBITION OF UNAUTHORIZED ALIENS.** In accordance with federal Executive Order 96-236, the Commission shall consider the employment by the Grantee of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this Agreement if the Grantee knowingly employs unauthorized aliens.

38. EMPLOYMENT ELIGIBILITY VERIFICATION (E-VERIFY).

A. Requirement to Use E-Verify. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires Commission contracts in excess of nominal value to expressly require the Grantee to: 1.) utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the Grantee during the contract term; and, 2.) include in all subcontracts under this Agreement, the requirement that subcontractors

performing work or providing services pursuant to this contract utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the subcontract.

- B. E-Verify Online. E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States after the effective date of the required Memorandum of Understanding (MOU); the responsibilities and elections of federal contractors, however, may vary, as stated in Article II.D.1.c. of the MOU. There is no charge to employers to use E-Verify. The Department of Homeland Security's E-Verify system can be found online at http://www.dhs.gov/files/programs/gc_1185221678150.shtm
- C. Enrollment in E-Verify. If the Grantee does not have an E-Verify MOU in effect, the Grantee must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Agreement.
- D. E-Verify Recordkeeping. The Grantee further agrees to maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the Commission or other authorized state entity consistent with the terms of the Grantee's enrollment in the program. This includes maintaining a copy of proof of the Grantee's and subcontractors' enrollment in the E-Verify Program (which can be accessed from the "Edit Company Profile" link on the left navigation menu of the E-Verify employer's homepage).
- **E. Employment Eligibility Verification.** Compliance with the terms of the Employment Eligibility Verification provision is made an express condition of this Agreement and the Commission may treat a failure to comply as a material breach of the Agreement.
- 39. FORCE MAJEURE AND NOTICE OF DELAY FROM FORCE MAJEURE. Neither Party shall be liable to the other for any delay or failure to perform under this Agreement if such delay or failure is neither the fault nor the negligence of the Party or its employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Party's control, or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. However, in the event of delay from the foregoing causes, the Party shall take all reasonable measures to mitigate any and all resulting delay or disruption in the Party's performance obligation under this Agreement. If the delay is excusable under this paragraph, the delay will not result in any additional charge or cost under the Agreement to either Party. In the case of any delay the Grantee believes is excusable under this paragraph, Grantee shall notify the Commission's Grant Manager in writing of the delay or potential delay and describe the cause of the delay either: (1) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the Grantee could reasonably foresee that a delay could occur as a result; or (2) within five (5) calendar days after the date Grantee first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. THE FOREGOING SHALL CONSTITUTE GRANTEE'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. The Commission, in its sole discretion, will determine if the delay is excusable under this paragraph and will notify the Grantee of its decision in writing. No claim for damages, other than for an extension of time, shall be asserted against the Commission. The Grantee shall not be entitled to an increase in the Agreement price or payment of any kind from the Commission for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have

ceased to exist, the Grantee shall perform at no increased cost, unless the Commission determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the Commission or the State, in which case, the Commission may terminate the Agreement in whole or in part.

40. ENTIRE AGREEMENT. This Agreement with all incorporated attachments and exhibits represents the entire Agreement of the Parties. Any alterations, variations, changes, modifications or waivers of provisions of this Agreement shall only be valid when they have been reduced to writing, and duly signed by each of the Parties hereto, unless otherwise provided herein. In the event of conflict, the following order of precedence shall prevail; this Agreement and its attachments, the terms of the solicitation and the Grantee's response to the solicitation.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed through their duly authorized signatories on the day and year last written below.

Project Name: Taylor County Artificial Reef Construction 2015 FWC Agreement No. 14025

1. DESCRIPTION OF GOODS / SERVICES PROCURED, OR PROJECT WORKPLAN

A. DESCRIPTION OF GOODS / SERVICES

The objective of this activity is to construct a marine artificial reef by deploying at least 224 prefabricated concrete modules in fourteen patch reefs (16 modules within each patch reef) within the Steinhatchee Fisheries Management Area Public Fishing Zone permitted area placed at designated locations within the boundaries of the permitted area.

The artificial reef construction activity to be funded consists of the following elements:

MATERIALS

- 1. Artificial reef materials must consist of a total of at least 224 prefabricated concrete modules, or other concrete structures acceptable to the **COMMISSION**. Each module will consiste of a standard design cube (90 cm on a side) with a 60 cm hole trhough the center of each cube. All artificial reef materials shall be clean and free from asphalt, creosote, petroleum, or other hydrocarbons and toxic residues, loose free floating material or other deleterious substances. Modules must be composed of marine grade concrete cured for at least two weeks prior to deployment. Units must be capable of being lowered to an upright position on the seafloor.
- 2. Reimbursement for loading, transporting and deploying the materials will be based on cost per unit basis. Materials that are placed within the boundaries of the permitted area, completely intact and in an upright position will be reimbursed at the full unit cost.
- 3. For each barge load of artificial reef materials, the **GRANTEE** shall inventory all of the artificial materials, calculate the tonnage (either using before and after barge draft calculations, trucking receipts, or the known weights of individual pieces or reef modules), and take a representative photograph of the artificial reef material on the barge or other deployment vessel immediately prior to deployment.
- 4. The **GRANTEE** agrees to allow the **COMMISSION** to conduct on-site inspections of the artificial reef materials before, during, and after the deployment.

LOADING AND TRANSPORTATION

5. Artificial reef materials will be loaded using a suitable means of conveyance for transportation to a staging area site and loading onto a barge or other suitable vessel for offshore transportation to the designated artifificial reef site. Offshore transportation shall be provided by a sufficiently powered transport or towing vessel, personnel, and all necessary equipment to transport the material offshore and deploy it. Reef material loaded on to the transporting vessel must be properly secured in compliance with Coast Guard standards to allow for its safe transport to the reef construction site.

6. The GRANTEE's Project Manager shall complete the FWC Artificial Reef Cargo Manifest form to be maintained onboard the vessel at all times during transport of materials, pursuant to Chapter 379.249, Florida Statutes. The form is available on the COMMISSION's website: http://www.myfwc.com/conservation/saltwater/artificial-reefs.

DEPLOYMENT AND MATERIALS PLACEMENT

- 7. During the deployment of the artificial reef material, the transport vessel must be effectively moored through double anchoring, be spudded down, or otherwise be held securely in place with minimal movement (+/-50 feet) to ensure accurate placement of the concrete patch reef on the bottom. Material must be arranged to provide habitat complexity as well as provide sand bottom forage area opportunities. Individual reef materials should not be widely scattered. Any machinery used to move and deploy the reef materials should be sufficiently powered/maneuverable and capably operated to ensure timely, effective and safe off-loading of materials. The tug or transport vessel shall meet all U.S. Coast Guard certification and safety requirements, be equipped with a working, accurate Global Positioning System (GPS) unit and other marine electronics including a working VHF radio. Effective and reliable communications shall exist at all times between the transport vessel, and the designated **GRANTEE** observer on site. Deployment operations will only be initiated when sea height in the operations area is no greater than two to four feet as forecast by the nearest NOAA weather office. Either the Commission's observer, the GRANTEE's observer or the subcontractor's vessel captain reserves the right to suspend off-loading operations if positioning and other deployment objectives, including safety of personnel and equipment, are not being met.
- 8. The modules will be placed in groups of 16 units spaced a minimum of 5 meters apart, and with patch reefs about 25-40 meters from one another. All modules will be placed on the Steinhatchee Fish Management Area Public Fishing Zone site (SFMA-PFZ). The center of the site is approximately 17.5 nautical miles west from the mouth of the Steinhatchee Florida river. The size of the SFMA-PFZ site is 5 square nautical miles. Depths range from 45 to 51 feet with a minimum navigational clearance of 36 feet. The SFMA-PFZ is permitted to the University of Florida and Taylor County by the U.S. Department of the Army, Corps of Engineers under Permit Number SAJ—2002- 04178(IP-SWA), which is valid until September 30, 2019. The reef materials will be located within the boundaries of the permitted area. A point of reference for the center of the deployments will be 29° 40.080' N and 83° 45.366' W in approximately 45 feet of water.
- 9. The minimum vertical clearance of 36 ft. shall be maintained above the highest point of the reef material in the Steinhatchee Fish Management Area Public Fishing Zone site (SFMA-PFZ) permit area (in accordance with the special conditions of the US Army Corps of Engineers permit number SAJ-2002-04178(IP-SWA)).
- 10. The **GRANTEE's** Contract Manager or **GRANTEE's** designated official observer shall oversee the temporary marking of the reef deployment location in advance of reef materials deployment in order to assist the subcontractor in the proper placement

Version 1.0 – June 2013

Attachment A, Page 2 of 11

Project Name: | Taylor County Artificial Reef Construction 2015 | **FWC Agreement No.** | 14025

of the artificial reef materials. The markers shall be buoys of sufficient size and color to be clearly visible to the tug captain, and sufficiently anchored and with sufficient scope so that they will not drift off the designated deployment site prior to deployment. The **COMMISSION** will not pay for materials placed outside the permit area as described above. Precise GPS placement of marker buoys that do not shift position with time are important to insure the reef is constructed within the permitted area.

- 11. The **GRANTEE's** Project Manager or **GRANTEE's** designated official observer shall remain on site during the entire deployment phase of the operation and confirm the GPS coordinates of the individual placements as well as the maximum vertical relief of the constructed reefs using a fathometer after the reef construction has been completed.
- 12. Both the GRANTEE and its subcontractor shall have on site current nautical charts of the deployment area, with the permitted site indicated on the chart. The proposed patch reef coordinates and the corner coordinates of the reef site will also be in possession of the GRANTEE's observer and the subcontractor when on site. The GRANTEE's observer shall also be in possession of a copy of the Army Corps permit for the area where the deployments are taking place. The GRANTEE shall be responsible for insuring that all permit condition terms are complied with.

ALLOWABLE EXPENDITURES ASSOCIATED WITH THE REEF PROJECT

- 13. Funds from this Agreement may be expended on the activities listed pursuant to Chapter 68E-9.004(1)(a), F.A.C. No more than \$5,000 or 10% (whichever is less) of project funds granted under the program may be expended for 'engineering services'. Any funds required in excess of this amount must be provided by the applicant. See Chapter 68E-9.004(1)(a), F.A.C. for the complete list of eligible activities.
- 14. If the **GRANTEE** chooses to conduct a post-deployment SCUBA assessment at the deployment location(s) (this is not required, but is an eligible activity for reimbursement under Chapter 68E-9.004(1)(a), F.A.C.), in order to be eligible for reimbursement, work must be completed prior to the grant expiration date and the following items, at a minimum, must be included:
 - a. *Methods*: name and type of vessel, anchored or live boated, type of GPS unit(s), divers, survey methods;
 - b. *Conditions*: cloud cover, wind speed and direction, sea conditions, visibility, water temperature, currents;
 - c. *Chronology*: dive plan, start and end of each dive, dive profile, maximum depth, dive time, distance and bearing searched;
 - d. *Coordinates*: Describe the GPS unit(s) used to navigate to the site (model number). Describe whether differential or WAAS coordinates were recorded. Compare the dive locations to deployment location numbers. How well do they match the published numbers?
 - e. *Physical observations*: Describe the number and size of material observed. What is the proximity of concrete pieces or modules to each other? What percent material was damaged or partially damaged? What is the maximum and

Project Name: Taylor County Artificial Reef Construction 2015 FWC Agreement No. 14025

minimum relief of the site? How do these observations compare to the Material Placement Report Form information submittal?

- f. *Footprint area*: Measure the approximate total area covered by each patch reef through standard in situ survey practices.
- g. *Biological observations*: Describe any fish observed, or other general biological observations.
- h. *Video and photographs*: Provide representative still and/or video footage of each deployment location (digital format preferred when available).

LIABILITY AND RESPONSIBILITY FOR REEF MATERIALS

15. Upon initiation of the handling and movement of these artificial reef materials by the **GRANTEE's** subcontractor, all liability, risk of loss and responsibility for the safe handling, storage, transportation and deployment of the materials shall be borne by the subcontractor. This liability, assumption of risk and responsibility shall remain with the subcontractor until the materials are deployed at the permitted reef site in accordance with the specifications in this Agreement.

B. BACKGROUND

Chapter 379.249 Florida Statutes creates the Florida Artificial Reef Program to enhance saltwater opportunities and to promote proper management of fisheries resources associated with artificial reefs for the public interest. Under the program, the **COMMISSION** may provide grants and financial and technical assistance to coastal local governments, state universities, and nonprofit corporations qualified under s. 501(c)(3) of the Internal Revenue Code for the siting and development of artificial reefs as well as for monitoring and evaluating such reefs and their recreational, economic, and biological effectiveness. Chapter 68E-9 Florida Administrative Code defines the procedures for submitting an application for financial assistance and criteria for allocating available funds. The purpose of this rule is to govern the development of state and federally funded artificial reefs, the review and ranking of project applications eligible for funding, and the administration of funds from the Florida Artificial Reef Program.

This artificial reef construction project was selected for funding by the **COMMISSION** based upon ranking of competitive applications submitted to the Artificial Reef Program pursuant to the criteria for allocating funds described in Chapter 68E-9, Florida Administrative Code.

C. SUPPORT OF COMMISSION MISSION

Construction of this artificial reef will augment marine hard bottom habitat with well-planned stable and durable artificial reefs for purposes of providing near shore reef fish habitat, offshore recreational fishing and diving opportunities, reduced pressure on natural reef and hard bottom sites, and reduced user conflicts by providing additional recreational fishing and diving site locations off of Taylor County in the Gulf of Mexico. The proposed artificial

Project Name: Taylor County Artificial Reef Construction 2015 FWC Agreement No. 14025

reefs will make fisheries resources available for the long term benefit of local Florida residents and visitors.

D. **DEFINITIONS**

The terms and abbreviations used herein shall have the meanings as defined below.

- i. "Artificial reef" means one or more manufactured or natural objects intentionally placed on the bottom in predominantly marine waters to provide conditions believed to be favorable in sustaining, or enhancing the spawning, breeding, feeding, or growth to maturity of Florida's managed reef associated fish species as well as to increase the productivity of other reef community resources which support fisheries. Included in this definition are artificial reefs developed with one or more of the following additional objectives: enhancement of fishing and diving opportunities, fisheries research, and fisheries conservation/preservation purposes.
- ii. "Permitted area" means an area with discrete boundaries inside of which one or more artificial reefs may be located and for which all required permits and authorizations have been obtained. These permits and authorizations include: artificial reef permits issued by the Florida Department of Environmental Protection and/or the Army Corps of Engineers and other permits, licenses, or authorizations required by any governing body.
- iii. "Staging area" means a land-based holding area for artificial reef material where such material is stored and prepared for transportation to an approved artificial reef site.
- iv. "Prefabricated modules" means structures specifically designed and built for use as artificial reefs and which meet the environmental safety, durability, and stability requirements of this rule, as well as providing complexity and texture which are suitable as habitat for fishes and for colonization by encrusting marine organisms.

2. DELIVERABLES

A. Deliverable #1 (Artificial Reef Construction)

Construction of a marine artificial reef by deploying at least at least 224 prefabricated concrete modules, or other concrete structures acceptable to the **COMMISSION**. All artificial reef materials shall be clean and free from asphalt, creosote, petroleum, or other hydrocarbons and toxic residues, loose free floating material or other deleterious substances. Modules must be composed of marine grade concrete cured for at least two weeks prior to deployment. Units must be capable of being lowered to an upright position on the seafloor. At least 224 prefabricated concrete modules in fourteen patch reefs (16 modules within each patch reef) within the Steinhatchee Fisheries Management Area Public Fishing Zone permitted area.

Attachment A, Page 5 of 11

i. Minimum Level of Performance

The artificial reef must be deployed within the boundaries of the permitted area and in compliance with all the applicable permits and authorizations associated with the permitted area. At a minimum, a total of at least 224 prefabricated modules must be deployed in accordance with the specifications in this Agreement. Each module will consist of a standard design cube (90 cm on a side) with a 60 cm hole through the center of each cube.

ii. Documentation / Criteria Used as Evidence of Performance

- 1. A Materials Placement Report shall be submitted to the COMMISSION's Project Manager within 30 days of field operations completion. The Materials Placement Report form is available on the COMMISSION's website at http://www.myfwc.com/conservation/saltwater/artificial-reefs/. The Materials Placement Report must have a certification signature and reflect an accurate material tonnage for the reef deployed as well as a detailed description of the type, number, dimensions and individual weights of the various sizes of reef materials deployed. This information may be submitted on the materials placement report in lieu of taking loaded and unloaded barge measurements. If accurate individual weights of concrete units cannot be obtained or are not known, barge displacement measurements are required. The GRANTEE's Project Manager or GRANTEE's designee shall then record the waterline length, width and draft (to the nearest inch) of the loaded barge at all four (4) corners to calculate the average displacement of water due to the weight of the artificial reef materials. The same barge measurements must be taken by either the GRANTEE's Project Manager or GRANTEE's designee when the barge returns to shore after the deployment has been completed. These measurements may not be taken while the barge is offshore at the deployment site. The barge measurements are to be included in the Materials Placement Report.
- 2. A final field report providing the designated observer's narrative, for each day of the reef deployment operations, is required prior to reimbursement. The field report shall include a written chronology and narrative describing the deployment, and a performance evaluation of the marine subcontractors who performed the work. The final field report should include photos of the material and loaded barge prior to each deployment and, if available, underwater photographs and video footage (surface and/or underwater).

iii. Timeline for Completion

Project Name: | Taylor County Artificial Reef Construction 2015 | FWC Agreement No. | 14025

All artificial reef construction must be completed by December 31, 2015.

3. FINANCIAL CONSEQUENCES

- A. If the **GRANTEE** fails to complete construction within the time frame specified by the Scope of Work, the budget amount allocated for that deliverable will be deducted from the Grantee's payment.
- B. The **GRANTEE** will not be eligible for reimbursement until all reports have been provided to the satisfaction of the **COMMISSION** documenting that all work has been completed in accordance with the Scope of Work, and in compliance with all permit conditions.

4. PERFORMANCE

- A. Written or electronically transmitted progress reports must be sent to the **COMMISSION's** Contract Manager at no less than 60 day intervals beginning from the date of execution of this agreement.
- B. The **GRANTEE** agrees to provide the **COMMISSION** with a minimum of five (5) days notice for any artificial reef construction that occurs as a result of this Agreement.
- C. The **GRANTEE** agrees to follow all provisions of Section 379.249, Florida Statutes and Chapter 68E-9, Florida Administrative Code during the term of this Agreement.
- D. The **GRANTEE** agrees to comply with all applicable federal, state, and local statutes, rules and regulations in providing goods or services to the **COMMISSION** under the terms of this Agreement; including the general and special conditions specified in any permits issued by the Department of the Army, Corps of Engineers and/or the Florida Department of Environmental Protection. The **GRANTEE** further agrees to include this as a separate provision in all subcontracts issued as a result of this Agreement.
- E. Funds from this Agreement may not be expended on salaries, training, or parts replacement or repairs to rented or contractor owned equipment. Documentation of expenses and survey reports must be submitted with the closeout package in order for reimbursement to be made.

5. COMPENSATION AND PAYMENT

A. COST REIMBURSEMENT

The **GRANTEE** shall be compensated for a maximum of \$120,000 on a cost reimbursement basis in accordance with the Cost Reimbursement Contract Payment Requirements as shown in the Department of Financial Services, "Reference Guide for State Expenditures" publication. The cost reimbursement requirements section of the Reference Guide is attached hereto and made a part hereof as Attachment D.

B. INVOICE SCHEDULE

Version 1.0 – June 2013

Project Name: Taylor County Artificial Reef Construction 2015 FWC Agreement No. 14025

A single final invoice may be submitted after completion of the deliverable and must be received by the **COMMISSION** no later than January 15, 2016 to assure availability of funds for payment. A timely reimbursement request following completion of actual field operations is strongly encouraged.

C. TRAVEL EXPENSES

No travel expenses are authorized under the terms of this Agreement.

D. FORMS AND DOCUMENTATION

1. The **GRANTEE** shall submit a completed Materials Placement Report form along with the invoice and request for payment. The Materials Placement Report form is available on the **COMMISSION's** website at: <u>www.myfwc.com/conservation/saltwater/artificial-reefs</u>.

6. MONITORING SCHEDULE

- A. The **GRANTEE** agrees to allow the **COMMISSION** to conduct on-site inspections of the artificial reef materials, staging area and construction site before, during, and after the deployment.
- B. No additional monitoring activities have been identified at this time; however, additional tasks may be identified during the pendency of this agreement.

7. INTELLECTUAL PROPERTY RIGHTS

See Agreement for applicable terms and conditions related to the intellectual property rights.

8. SUBCONTRACTS

- A. The GRANTEE agrees to follow all requirements of Section 287.057, Florida Statutes, for the procurement of commodities or contractual services under this Agreement. The GRANTEE will obtain a minimum of three written quotes for any subcontracts required for Agreements in the amount of \$35,000 or less, and the GRANTEE will publicly advertise and send bid specifications to a minimum of five (5) potential subcontractors for any subcontracts required for Agreements in excess of \$35,000.
- B. The use of a vendor registered with the Statewide Negotiated Agreement Price Schedule (SNAPS) does not preclude the **GRANTEE** from the requirements of Paragraph A.
- C. The **GRANTEE** shall submit bid specifications to the **COMMISSION** 's Contract Manager for approval within ninety (90) days following the execution date of this Agreement.

Version 1.0 - June 2013

Attachment A, Page 8 of 11

Project Name:	Taylor County Artificial Reef Construction 2015	FWC Agreement No. 14025
----------------------	---	---------------------------

- D. All bid specifications must be approved, in writing, in advance by the **COMMISSION's** Contract Manager, prior to public advertisement or distribution.
- E. Any request to use a sole source vendor by the **GRANTEE** must be requested and justified in writing and approved by the **COMMISSION's** Contract Manager prior to awarding a sole source subcontract under this Agreement.
- F. A summary of the vendor replies and recommended subcontractor must be sent by the **GRANTEE** to the **COMMISSION's** Contract Manager for written approval prior to the awarding of any subcontracts under this Agreement.
- G. Subcontracts for offshore transport and placement of artificial reef material shall be prepared such that upon initiation of the handling and movement of these artificial reef materials by the **GRANTEE's** subcontractor, all liability, risk of loss and responsibility for the safe handling, storage, transportation and deployment of the materials shall be borne by the subcontractor. This liability, assumption of risk and responsibility shall remain with the subcontractor until the materials are deployed at the permitted reef site in accordance with the specifications in this Agreement.
- H. A copy of this Agreement should be provided to all subcontractors and incorporated by reference in all subcontracts. The **GRANTEE** shall require all subcontractors to comply with all applicable provisions of this Agreement.
- 1. Any subcontract arrangements must be evidenced by a written document available to the **COMMISSION** upon request.

9. INSURANCE

See Agreement for applicable terms and conditions related to insurance.

10. SECURITY AND CONFIDENTIALITY

See Agreement for applicable terms and conditions related to security and confidentiality.

11. RECORD KEEPING REQUIREMENTS

See Agreement for applicable terms and conditions related to record keeping requirements.

12. NON-EXPENDABLE PROPERTY

The **GRANTEE** is not authorized to use funds provided herein for the purchase of any nonexpendable equipment or personal property valued at \$1,000 or more for performance under this Agreement.

13. PURCHASE OR IMPROVEMENT OF REAL PROPERTY

Version 1.0 – June 2013

Project Name: Taylor County Artificial Reef Construction 2015 FWC Agreement No. 14025

This Section is not applicable and intentionally left blank.

14. SPECIAL PROVISIONS FOR CONSTRUCTON CONTRACTS

A. DRUG-FREE WORKPLACE

Pursuant to Section 440.102(15), F.S., any construction contractor regulated under Parts I and II of Chapter 489, F.S., who contracts to perform construction work under a state contract shall implement a drug-free workplace.

B. CONTRACTOR ELIGIBILITY

1. In accordance with Executive Order 12549, Debarment and Suspension, the **GRANTEE** shall agree and certify that neither it, nor its principals, is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency; and, that the **GRANTEE** shall not knowingly enter into any lower tier agreement, or other covered transaction, with a person who is similarly debarred or suspended from participating in this covered transaction, unless authorized in writing to the **COMMISSION** by the federal agency issuing the grant award. As required by sentences 1 and 2 above, the **GRANTEE** shall include the language of this section in all subcontracts or lower tier agreements executed to support the **GRANTEE**'s work under this Agreement.

C. PAYMENT BOND

This Section is not applicable and intentionally left blank.

D. PERFORMANCE BOND

This Section is not applicable and intentionally left blank.

E. CERTIFICATE OF CONTRACT COMPLETION

The Grantee will be required to complete a Certificate of Completion form (Attachment E) when all work has been completed and accepted. This form must be submitted to the **COMMISSION's** Contract Manager with the **GRANTEE's** invoice for payment to be authorized. The **COMMISSION's** Contract Manager shall submit the executed form with the invoice to Accounting Services.

F. CERTIFICATE OF PARTIAL PAYMENT

This Section is not applicable and intentionally left blank.

G. GRANTEE PAYMENTS TO SUBCONTRACTOR

Version 1.0 – June 2013

Project Name	: Taylor Cour	ty Artificial Reef Construction 2015	FWC Agreement No.	14025
--------------	---------------	--------------------------------------	-------------------	-------

Grant Agreement No. 14025, Section 15, B, "Grantee Payments to Subcontractor" is hereby amended to read as follows:

If subcontracting is permitted pursuant to Paragraph A, above, the Grantee agrees to make payments to the subcontractor within thirty (30) working days after receipt of full or partial payments from the Grantee in accordance with Section 287.0585, F.S., unless otherwise stated in the agreement between the grantee and subcontractor. Grantee's failure to pay its subcontractors within thirty (30) working days will result in a penalty charged against the Grantee and paid to the subcontractor in the amount of one-half of one (1) percent of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15) percent of the outstanding balance due.

The remainder of this page intentionally left blank.

Attachment B CERTIFICATIONS AND ASSURANCES

The Commission will not enter this Agreement unless Grantee completes the CERTIFICATIONS AND ASSURANCES contained in this Attachment. In performance of this Agreement, Grantee provides the following certifications and assurances:

- A. Debarment and Suspension Certification (2 CFR Part 1400)
- B. <u>Certification Regarding Lobbying (31 U.S.C. 1352)</u>
- C. Certification Regarding Public Entity Crimes (section 287.133, F.S.)
- D. <u>Certification Regarding Drug-Free Workplace Requirements (41 U.S.C. 701 et. seq.) (as applicable to recipients and subrecipients of federal financial assistance)</u>
- E. <u>Certification Regarding the Scrutinized Companies List (section 287.135, F.S.) (as applicable)</u>

A. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS – PRIMARY COVERED TRANSACTION.

The undersigned Grantee certifies to the best of its knowledge and belief, that it and its principals:

- 1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a Federal department or agency;
- 2. Have not within a three-year period preceding this Agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- 3. Are not presently indicted or otherwise criminally or civilly charged by a government entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph A.2. of this certification; and/or
- 4. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause of default.

If Grantee is unable to certify to any of the statements in this certification, Grantee shall attach an explanation to this Agreement.

B. CERTIFICATION REGARDING LOBBYING – Certification for Contracts, Grants, Loans, and Cooperative Agreements.

The undersigned Grantee certifies, to the best of his or her knowledge and belief, that:

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of Congress, or an

Ver. September 2013

employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employees of Congress, or employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement, the undersigned shall also complete and submit Standard Form - LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The undersigned shall require that language of this certification be included in the documents for all subcontracts at all tiers (including subcontracts, sub-grants and contracts under grants, loans and cooperative agreements) and that all sub-recipients and contractors shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this Grant was made or entered into. Submission of this certification is a prerequisite for making or entering into this Agreement imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

C. CERTIFICATION REGARDING PUBLIC ENTITY CRIMES, SECTION 287.133, F.S.

Grantee hereby certifies that neither it, nor any person or affiliate of Grantee, has been convicted of a Public Entity Crime as defined in section 287.133, F.S., nor placed on the convicted vendor list.

Grantee understands and agrees that it is required to inform the Commission immediately upon any change of circumstances regarding this status.

D. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS (If Grantee is a Recipient of Subrecipient of Federal Financial Assistance)

Pursuant to the Drug-Free Workplace Act of 1988, the undersigned attests and certifies that the Grantee (if not an individual) will provide a drug-free workplace by the following actions:

- 1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in Grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition.
- 2. Establishing an ongoing drug-free awareness program to inform employees concerning:
 - a. The dangers of drug abuse in the workplace.
 - b. The policy of maintaining a drug-free workplace.
 - c. Any available drug counseling, rehabilitation and employee assistance programs.
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.
- 3. Making it a requirement that each employee to be engaged in the performance of the Agreement be given a copy of the statement required by paragraph D.1. of this certification.
- 4. Notifying the employee in the statement required by paragraph D.1. of this certification that, as a condition of employment under the Agreement, the employee will:

Ver. September 2013

Attachment B, Page 2 of 4

- a. Abide by the terms of the statement.
- b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such conviction.
- 5. Notifying the Commission in writing ten (10) calendar days after receiving notice under subparagraph 4.b. from an employee or otherwise receiving actual notice of such conviction. Provide such notice of convicted employees, including position title, to every Grant Manager on whose Grant activity the convicted employee was working. The notice shall include the identification number(s) of each affected Contract or Grant.
- 6. Taking one of the following actions, within thirty (30) calendar days of receiving notice under subparagraph 4.b. herein, with respect to any employee who is so convicted:
 - a. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 as amended.
 - b. Requiring such employee to participate satisfactorily in drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local, health, law enforcement, or other appropriate agency.
- 7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of this entire certification.

If the Grantee is an individual, the Grantee certifies that:

1. As a condition of the grant, Grantee will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant; and,

2. If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, Grantee will report the conviction, in writing, within 10 calendar days of the conviction, to the Commission When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

E. CERTIFICATION REGARDING the SCRUTINIZED COMPANIES LISTS, SECTION 287.135, F.S.

If this Grant is in the amount of \$1 million or more, in accordance with the requirements of section 287.135, F.S., Grantee hereby certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. Both lists are created pursuant to section 215.473, F.S. Grantee also hereby certifies that it is not engaged in business operations is Cuba or Syria.

Grantee understands that pursuant to section 287.135, F.S., the submission of a false certification may subject Grantee to civil penalties, attorney's fees, and/or costs.

If Grantee is unable to certify to any of the statements in this certification, Grantee shall attach an explanation to this Grant.

By signing below, Grantee certifies the representations outlined in parts A through E above are true and correct.

Attachment B, Page 4 of 4

Attachment C

AUDIT REQUIREMENTS

The administration of resources awarded by the Florida Fish and Wildlife Conservation Commission (Commission) to the Contractor may be subject to audits and/or monitoring by the Commission as described in this attachment.

MONITORING

In addition to reviews of audits conducted in accordance with OMB Circular A-133 and Section 215.97, F.S., as revised (see "AUDITS" below), the Commission may conduct or arrange for monitoring of activities of the Contractor. Such monitoring procedures may include, but not be limited to, on-site visits by the Commission staff or contracted consultants, limited scope audits as defined by OMB Circular A-133, as revised, and/or other procedures. By entering into this Contract, the Contractor agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Commission. The Contractor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Florida Department of Financial Services or the Florida Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

- A. This part is applicable if the Contractor is a State or local government or a non-profit organization as defined in OMB Circular A-133, as revised.
- **B.** In the event that the Contractor expends \$500,000 or more in Federal awards in its fiscal year, the Contractor must have a single or program-specific audit conducted in accordance with the provisions of the Federal Single Audit Act of 1996 and OMB Circular A-133, as revised. EXHIBIT 1 to this Attachment indicates Federal resources awarded through the Commission by this Contract. In determining the Federal awards expended in its fiscal year, the Contractor shall consider all sources of Federal awards, including Federal resources received from the Commission. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the Contractor conducted by the Auditor General in accordance with the provisions of OMB Circular A-133, as revised, will meet the requirements of this part.
- **C.** In connection with the audit requirements addressed in Part I, paragraph A. herein, the Contractor shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised. This includes, but is not limited to, preparation of financial statements, a schedule of expenditure of Federal awards, a summary schedule of prior audit findings, and a corrective action plan.
- D. Such audits shall cover the entire Contractor's organization for the organization's fiscal year. Compliance findings related to contracts with the Commission shall be based on the contract requirements, including any rules, regulations, or statutes referenced in the Contract. The financial statements shall disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due to the Commission shall be fully disclosed in the audit report with reference to the Commission contract involved. Additionally, the results from the Commission's annual financial monitoring reports must be included in the audit procedures and the OMB A-133 audit reports.

Ver. June 2013

Attachment C, Page 1 of 6

- **E.** If not otherwise disclosed as required by section .310(b)(2) of OMB Circular A-133, as revised, the schedule of expenditures of Federal awards shall identify expenditures by contract number for each contract with the Commission in effect during the audit period.
- **F.** If the Contractor expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the Contractor expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the Contractor's resources obtained from other-than Federal entities).
- G. A web site that provides links to several Federal Single Audit Act resources can be found at: http://harvester.census.gov/sac/sainfo.html

PART II: STATE FUNDED

This part is applicable if the Contractor is a non-state entity as defined by Section 215.97, F.S., (the Florida Single Audit Act).

- A. In the event that the Contractor expends a total amount of state financial assistance equal to or in excess of \$500,000 in any fiscal year of such Contractor, the Contractor must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, F.S.; applicable rules of the Executive Office of the Governor and the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. EXHIBIT 1 to this Attachment indicates state financial assistance awarded through the Commission by this Contract. In determining the state financial assistance expended in its fiscal year, the Contractor shall consider all sources of state financial assistance, including state financial assistance does not include Federal direct or pass-through awards and resources received by a non-state entity for Federal program matching requirements.
- **B.** In connection with the audit requirements addressed in Part II, paragraph A herein, the Contractor shall ensure that the audit complies with the requirements of section 215.97(7), F.S. This includes submission of a financial reporting package as defined by section 215.97(2)(d), F.S., and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.
- **C.** If the Contractor expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of section 215.97, F.S., is not required. In the event that the Contractor expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of section 215.97, F.S., the cost of the audit must be paid from the non-state entity's resources (*i.e.*, the cost of such an audit must be paid from the Contractor's resources obtained from other-than State entities).
- D. Additional information regarding the Florida Single Audit Act can be found at: https://apps.fldfs.com/fsaa/singleauditact.aspx.

PART III: REPORT SUBMISSION

- A. Copies of reporting packages, to include any management letter issued by the auditor, for audits conducted in accordance with OMB Circular A-133, as revised, and required by Part I of this Attachment shall be submitted by or on behalf of the Contractor directly to each of the following at the address indicated:
 - 1. The Commission at the following address:

Chief Financial Officer Florida Fish and Wildlife Conservation Commission Bryant Building 620 S. Meridian St. Tallahassee, FL 32399-1600

2. The Federal Audit Clearinghouse designated in OMB Circular A-133, as revised (the number of copies required by Sections .320 (d)(1) and (2), OMB Circular A-133, as revised, should be submitted to the Federal Audit Clearinghouse):

Federal Audit Clearinghouse Bureau of the Census 1201 East 10th Street Jeffersonville, IN 47132

- 3. Other Federal agencies and pass-through entities in accordance with Sections .320 (e) and (f), OMB Circular A-133, as revised.
- B. Copies of audit reports for audits conducted in accordance with OMB Circular A-133, as revised, and required by Part I of this Attachment (in correspondence accompanying the audit report, indicate the date that the Contractor received the audit report); copies of the reporting package described in Section .320 (d), OMB Circular A-133, as revised, and any management letters issued by the auditor; copies of reports required by Part II of this Attachment must be sent to the Commission at the addresses listed in paragraph c.) below.
- C. Copies of financial reporting packages required by Part II of this Attachment, including any management letters issued by the auditor, shall be submitted by or on behalf of the Contractor <u>directly</u> to each of the following:
 - 1. The Commission at the following address:

Chief Financial Officer Florida Fish and Wildlife Conservation Commission Bryant Building 620 S. Meridian St. Tallahassee, FL 32399-1600

Ver. June 2013

Attachment C, Page 3 of 6

2) The Auditor General's Office at the following address:

Auditor General's Office G74 Claude Pepper Building 111 West Madison Street Tallahassee, FL 32399-1450

D. Any reports, management letter, or other information required to be submitted to the Commission pursuant to this Contract shall be submitted timely in accordance with OMB Circular A-133, Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

Contractors and sub-contractors, when submitting financial reporting packages to the Commission for audits done in accordance with OMB Circular A-133 or Chapters 10.550 (local governmental entities) or 10.650 (non-profit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the Contractor/sub-contractor in correspondence accompanying the reporting package.

Attachment D

COST REIMBURSEMENT CONTRACT PAYMENT REQUIREMENTS

Pursuant to the February, 2011 *Reference Guide for State Expenditures* published by the Department of Financial Services, invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). In addition, supporting documentation must be provided for each amount for which reimbursement is being claimed indicating that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved contract budget should be reimbursed.

Listed below are examples of types of supporting documentation:

- (1) Salaries: A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
- (2) Fringe Benefits: Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown.
 - Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
- (3) Travel: Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
- (4) Other direct costs: Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
- (5) In-house charges: Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
- (6) Indirect costs: If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports. Additionally, the invoice or submitted documentation must evidence the completion of all tasks required to be performed for the deliverable and must show that the provider met the minimum performance standards established in the agreement.

MEMORANDUM

То:	Taylor County Board of County Commissioners
From:	Steve Spradley, EM Director
Date:	January 5, 2015
Subject:	Taylor County Local Mitigation Strategy 2014 Annual Progress Report

Dear Commissioner Patterson,

The LMS/LTR work groups met four times since the last writing of this progress report on February 27, 2014, June 16, 2014, September 9, 2014, and December 19, 2014. The group meets quarterly to discuss potential mitigation and recovery projects and planning. Below is a status update for individual projects identified in the LMS. I remain as the Chairman and Kristy Anderson, EM Coordinator, is the vice-chair. Please note that the list has been updated with some completed projects identified for removal. We have also expanded the generator list to identify critical facilities as priority for mitigation. The workgroup will continue to identify opportunities for future updates to projects for the plan in the year to come. Copies of this report will be maintained in my office, your office, and at the EOC.

February 27, 2014 Attendance 2:00PM - 3:00 PM

Meeting Agenda

í

- Review of Minutes and Action Items from February 27, 2014 meeting
- Next LMS/LTR meeting is tentatively set for Tuesday, September 23, 2014, 2 PM (EOC)
- Discuss research and evaluate potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Continue to identify a volunteer coordinator and promote volunteer outreach
- Draft Flood Response Annex to CEMP
- Review CRS standards to see how EM and the workgroup can assist the Building and Planning Department
- Work with Engineering to add storm water and drainage projects to LMS project list

February 27, 2014 Minutes

Good conversation towards volunteer organizations to aid with LTR and establishing an organization of non-governmental assistance for the recovery of private citizens and property. Government generally is not allowed to cross a private property line to offer recovery aid, such as repairs to private property. However, if we have a group that can solicit assistance from other groups to help individuals they could give the aid to individuals.

We are going to try and focus on having this group identified and available before a disaster. E. Ward offered that the volunteer help could be counted towards the county's FEMA match.

H. Hinkel reinforced the need to have a well-connected individual to aid in establishing and running the program. He asked for any input on who might be best suited or have the time.

REVIEW OF ACTION ITEMS:

Mr. Hinkel covered that we have started planning for a Flood Respond exercise for April 1, in Steinhatchee with a two-fold focus. First we are looking to build out on our Flood Response Plan and what are our actions as an emergency response team needs to take when the flood hits a certain level. Right now we have demarcation levels identified on our rivers. What we will do is take those levels and know what steps we will take at those levels. Another topic for the exercise is to discuss Long Term Recovery and how people will recover from a flood, because it will take a long time before those families can get back into their homes.

The exercise will aid the county with our CRS flood insurance rating, which now requires a flood exercise every year.

A question was made if the sirens would be utilized during a flood event. D. Hinkel stated that a flood event is usually a slow or building event and the sirens are intended for a sudden event, such as a tornado. Our flood warning system is the news and our public notification system that we have. We'll also press people into service door to door to warn people.

On the mitigation side we've had good conversation with S. Caruso from City of Perry. What we want to do is trying to move forward on more than outreach and fire fighter gear. But, some projects such as roads or drainage require planning and studies. We want to try and get someone to do the majority of the work, such as research and put the project on the shelf so that when the money does become available we'll have it ready for submittal. We have been talking to Steve about lift stations and mitigating interruptions that we are going to incorporate into the projects list. The City has a lift station that is in a flood prone area. S. Spradley handed out an example of FEMA mitigation projects and suggests that they look at the many examples on various projects that have passed.

D. Hinkel explained that there are two types of mitigation grants. There are the Pre-disaster grants that are open and competitive. Secondly, the Hazard Mitigation grants which are the ones that are open after an event. If your county was affected by the disaster you will have an opportunity to ask for money depending on how much damage your county Public Assistance had. Having a canned project with the costs projections and engineering studies already done will help with applying when either grant becomes available. After Tropical Storm Debby we had over \$200,000 in damages and when the grants became available we would have qualified for \$50,000. That was our money to loose, but we did not have the projects ready to apply for the money. Bigger counties have their projects canned and on the shelf and if money is not claimed by the affected areas, they can then apply for that residual money and are awarded the grant even though they wouldn't have been affected by that particular disaster. Our goal as EM is to hopefully have some of those type projects completed and ready if and when the money becomes available.

Hinkel said there are possibilities to fund private property mitigations and we want to keep our options open for those as well. C. Mathison advised that she understood that when it rains at the Health Department the water pools and makes it difficult for individuals to get into the offices. Hinkel said we need to verify with Kenneth about this problem and if this area is one of the projects that were identified in the past.

Hinkel asked for more Mitigation projects to be identified, undated and placed on the mitigation project agenda. Spradley inquired if we should have a meeting with the City of Perry to determine if the projects that they had placed on the list were still valid or had there been any improvements to what they had identified.

We have informed Volunteer Florida that we would host a Mitigation workshop for the public, but we have not received any confirmation.

ACTION ITEMS NEXT QUARTER

(

- Next LMS/LTR meeting is tentatively set for Tuesday, September 23, 2014, 2 PM (EOC)
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Continue to identify a volunteer coordinator and promote volunteer outreach
- Draft Flood Response Annex to CEMP
- Continue to build on training and programs to aid with the CRS renewal
- Continue to work with Engineering to add storm water and drainage projects to LMS project list

LMS Working Group/Long-Term Recovery Planning Meeting Taylor County Emergency Operations Center

Meeting Agenda

l

Ĺ

- Abbreviated meeting partnered with Annual Concept of Operations/Hurricane Preparedness Meeting
- Report on research and evaluation of potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Discussion of projects with Engineering to add storm water and drainage addition to LMS project list
- Report on Annual flood response exercise April 1, 2014

Minutes

S. Spradley began the meeting with displaying an Emergency Support Function (ESF) chart and asked each individual at the meeting to introduce themselves and identify which ESF they participated with during an activation.

L. Marshall identified himself as a Senior Professional Engineer working for SRWMD and stated that they could give assistance with potential projects. He further stated that a current river study was now beginning with the Corp of Engineers to identify water shed issues within SRWMD area. He stated that this could potentially aid our county with information on future water or flooding issues.

He further advised that he would be the representative to cover Taylor County for any SRWMD issues, questions or studies. D. Hinkel advised that EM would be the lead and open communication on areas identified during the spring floods. Mr. Marshall further advised that there were currently grant opportunities with SRWMD and he would ask the individuals with those programs to contact EM.

During the meeting several areas of flooding were discussed and S. Spradley advised we were currently in the process of looking for possible means to address these areas and determine the feasibility of a cost benefit analysis and engineering study for the area. We will work with SRWMD and TC Engineering.

S. Spradley advised that since the last meeting we had nearly 50 individuals participate in a flood exercise held at the Community Center in Steinhatchee. Several county, state and private partners were at the tabletop. We knew that if there were flooding issues in Steinhatchee that there would most likely be other areas within the county, Aucilla, Econfina or Finholloway Rivers could also be flooding, so we applied the scenario to the whole county.

S. Spradley introduced members of the Community Emergency Response Team, volunteers from the coastal area who have been trained to assist their family, neighbors and then the community with the direction of EM. Our plan is to expand the coastal team and begin other teams in Perry area.

Long Term Recovery

۱

ł

D. Hinkel spoke on the Taylor County concept of Long Term Recovery and outlined our Recovery focus and EM would oversee and coordinate recovery operations and the following;

- Unmet needs
- Damage assessment
- Host shelters/Disaster housing
- Volunteers and donations
- Mass feeding
- Disaster recovery/Essential services centers
- Vector control
- Public information
- · Debris management and monitoring
- FEMA Public Assistance documentation
- FEMA Individual Assistance Program
- Business recovery

D. Hinkel spoke on a LTR plan as a plan that identifies the long term recovery needs of a jurisdiction and provides a guide for local decision makers as they establish long term recovery priorities. The plan is community driven and reflects the priorities expressed by the community following a major disaster. It produces an action-oriented menu of key projects intended to be used critical funding and resource allocation decisions.

D. Hinkel advised that the LTR Plan will only be implemented following a major or catastrophic event where traditional Federal and State recovery programs are unable to meet all of the long term recovery needs of the County. The Board of County Commissioners (BOCC) will determine when to activate the long term planning process based on an assessment provided by Emergency Management. The BOCC will activate the County Long Term Recovery Task Force, and appoint a Chairperson.

S. Spradley discussed the importance of restoring the affected areas to their previous state after a disaster and that we would be concerned with issues and decisions that must be made after immediate needs are addressed. LTR would include rebuilding homes, repairing infrastructure, restarting the economy, and Individual/Public Assistance programs.

S. Spradley also discussed the Business Re-entry program and presented the Blue, Orange and Green rear window vehicle visor tags that would be worn by businesses that registered to re-enter an area after the initial safety clearance had been given.

S. Spradley also displayed the Resident Re-entry pass which should be displayed by residents as they re-enter a damaged area. He stated the new 2015-2018 pass would be blue in color.

The remainder of the meeting included Concept of Operations during a disaster activation, including flooding.

ACTION ITEMS NEXT QUARTER

l

ł

- Next LMS/LTR meeting is set for Tuesday, September 9, 2014, 10 AM (EOC)
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Work with SRWMD to identify and develop grant assistance for LMS projects throughout the county.
- Finalize Flood Response Annex to enhance CRS
- Review CRS standards to see how EM and the workgroup can assist the Building and Planning Department
- Work with Engineering to add storm water and drainage projects to LMS project list

Meeting Agenda

ĺ

١

- Review of Minutes and Action Items from June 16, 2014 meeting
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Discuss current LMS projects list and need to update and possible removal of completed projects.
- Work with SRWMD to identify and develop grant assistance for LMS projects throughout the county.
- Emergency Management discuss finalization of Flood Response Plan to enhance CRS
- Discuss any updates on work with Engineering to add storm water and drainage projects to LMS project list

Minutes

S. Spradley stated that he was very happy to see such a good turnout at this meeting and thanked everyone for attending.

L. Marshall identified himself as a Senior Professional Engineer working for SRWMD and stated that they could give assistance with potential projects. He further advised that he would be the representative to cover Taylor County for any SRWMD issues, questions or studies. S. Spradley stated that he has worked with Mr. Marshall back in June and has been in contact with him for future grant needs.

S. Spradley discussed the SRWMD grants funding program and project guidelines. The next SRWMD grants meeting will be at the district office on September 17, 2014. L. Marshal added to please use him as a resource tool so that he can help us word our grant better.

During the meeting several areas of flooding were discussed. S. Spradley said that we will work with SRWMD and TC Engineering. He stated that the EMS, Fire Department, and Public Works went out and checked the affected areas. He stated that on certain issues, mitigation funds can help fix private roads and such where the parameters help the greater good.

S. Spradley noted that there are several locations of flooding this spring. He also stated that the HMGP funds are given after a Presidential declaration based on damage on a tier for mitigation projects. Some of the springs flooding projects are listed below:

LOCATION	STATUS
Courtney Gr (Private)	Major Engineering and CBA Needed
Dudley Benton	Same Area as Courtney Can be combined
	Road Repaired, CBA to determine
Dulin Ln (Private)	technical feasibility, cost-effectiveness
E. Ellison (Private)	Project currently funded by County
HP Padgett (Private)	Not Cost-Effective
Joel Aman Rd	Major Engineering and CBA needed
Ma Dixon Neighborhood (Private)	Not technically feasible or cost-effective
Turner Rd (Private)	Not technically feasible or cost-effective
	CBA to determine technical feasibility,
Strickland Landing	cost, and cost-effectiveness
Watts Lane (Private)	Alternate exit for property owners
	CBA to determine technical feasibility,
Morgan Whiddon	cost, and cost-effectiveness
	CBA to determine technical feasibility,
Sam Poppell	cost-effectiveness
Lyman Hendry (Private)	Not technically feasible or cost-effective
Woodland (Private)	Private Road
Andrew Reams	No Road Issues identified
	CBA to determine technical feasibility,
Perry Lift Station	cost, and cost-effectiveness
Potts Still Rd	Not technically feasible or cost-effective

ł

٩

G. Wambolt inquired about a creek clean-out for Taylor County to control flooding. S. Spradley asked about a study that was done in the past by the engineering department with SRWMD. L. Marshall stated that he would search for this. S. Spradley stated that the #1 priority on our LMS list is the countywide storm water management study.

S. Spradley stated that he would get with the engineering department and the City to update the LMS project list. He stated that the projects are ranked by need or importance.

R. Boothe stated that the forestry department has a list of current and completed projects that they will send to EM.

S. Spradley will update the project list for the December meeting. He stated that if we have some type of disaster and grant monies become available, then we will have a meeting or at least hold a conference call to discuss any additions for the projects list.

L. Marshall stated that if Taylor County needs studies, he can attempt to set up a meeting with the Corp of Engineers to discuss possible studies. They require a 25/75 match and the 25% can be in-kind.

S. Spradley stated that our CRS (flood insurance) is up for recertification. We had a flood exercise and will schedule more in the future. We are also in the final stages of creating a flood and sudden coastal surge warning and evacuation plan. This will hopefully help bring our rating down. An application was also put in with the National Weather Service to become Tsunami Ready. This will also hopefully help the insurance rating. J. Boothby stated that these additional efforts may not actually bring down our CRS rating, but hopefully will keep us from experiencing increases.

J. Boothby stated that we have 20 – 25 repetitive loss since the recent flooding. This is a mitigation program in which homeowners/land can be bought out or homes raised, etc.

L. Marshall stated that he would find out about holding LOMA training in Taylor County.

ACTION ITEMS NEXT QUARTER

ţ

- Next LMS/LTR meeting is tentatively set for December 2014
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List.
- Work to update and delete completed LMS Project for submittal to FDEM in January
- Work with SRWMD to identify and develop grant assistance for LMS projects throughout the county.
- Work with SRWMD and County Administration for utilizing Corp of Engineers to conduct flood engineering studies in County
- Review CRS standards to see how EM and the workgroup can assist the Building and Planning Department

Meeting Agenda

- Review of Minutes and Action Items from September 9, 2014 meeting
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List, especially projects that enhance CRS Class
- Discuss current LMS projects list and update and/or remove completed projects.
- Discuss any identified SRWMD grant assistance for LMS projects throughout the county.
- Emergency Management discuss finalization of Flood Response Plan to enhance CRS
- Discuss any progress from SRWMD and County Administration for utilizing Corp of Engineers to conduct flood engineering studies in County
- Discuss any updates on work with Engineering to add storm water and drainage projects to LMS project list

Minutes

Steve Spradley thanked all for coming during the holidays season. He introduced Brian Bradshaw to the meeting who is the Region II coordinator for the Florida Department of Emergency Management.

S. Spradley stated that each county is required by statute to have a local mitigation strategy group to identify the hazards within the county and establishes a LMS report. The main focus

today will be to identify and update the list. We have researched the list and need to take some of the projects off. The meeting minutes of the last meeting of September 9, 2014 were reviewed. The Taylor County Board of County Commissioners chair will report to Department of Emergency Management in January on deleted and updated projects. SRWMD is working with Corp of Engineers to identify grant assistance. We will continue to review the CRS standards.

G. Wambolt questioned the Corp of Engineer study. This study is on flood prone areas in the Suwannee River basin. G. Wambolt reminded the group of the creeks and rivers around Taylor County that need debris removal for better flow. S. Spradley stated that he would follow-up with SRWMD.

S. Spradley reviewed the attached LMS progress report memo to J. Boothby which lists projects approved by the committee in the past. Updates:

- Flood issue #3 Jamie Boothby forwarded the flood plan to CRS and that it was returned. With continued additions we hope that there is not a lot of rating difference that will be gained.
- Fire #1 update #1 Fire service projects are completed. C. Brannon confirmed that they have been completed. S. Spradley moved to remove these items. Continue to evaluate and try to obtain grant funding for future fire wise projects. J. Smith and county Forestry recently updated the county commission on their yearly report.
- Sink #1 Reinforcing footing for electrical substation. S. Spradley reached out to Tri-County Electric and they stated that they were not familiar with it. Project complete.
- All #3 Acquire permanent and mobile stand-by generators. S. Spradley stated that we should identify and discuss some of the critical facilities that could benefit from mobile or permanent generators. You must have a cost benefit analysis to where it benefits. The hospital has recently purchased new chillers and they have now crossed a new requirement according to AHCA. They have been informed that they need generators to keep the hospital open during power outage. The hospital is a county building so updates may fall back to the county. Research has shown that it will be quite expensive. D. Hinkel asked if the generator at the EOC runs the air conditioner. S. Spradley stated that it did and it is a 100 kW. Rental of a generator for the hospital would be \$17,000.00 per week.

There has been discussion at past LMS meetings for the fuel station for the city impound. Barney Johnson stated that they did have a generator and all tanks are above ground and can be gravity fed. He was not aware of any need for generators. He advised that the PD, FD and City Hall had emergency generator power. S. Caruso stated in the past that they have two generators that can work for the lift stations.

S. Spradley stated that we did a study for the county road camp for a generator for the gas pumps and shop which was \$17,000 just for the generator itself. The road camp does have an emergency generator for fuel pumps. We also did a study for transfer switches for Forest Capital Hall which was \$15,000 alone for them. D. Cassel stated that he had transfer switches at his office and S. Spradley will check. S. Spradley asked if we need to classify Forest Capital Hall as a critical host shelter. D. Hinkel stated that it

would be used so that the schools could stay open. He also stated that we needed to add the county jail as a critical facility. S. Spradley will check on the status of a generator at the jail.

 Wind #1. S. Spradley stated that he checked with D. Anderson from the school system and shutters will be installed on the windows at the high school, but will have a problem opening the windows. This project has to be completed by June. D. Cassel asked if the schools had generator capability. S. Spradley stated that there was a generator at the elementary school. M. Fox asked if the airport has a generator to run the runway lights. S. Spradley will check on this.

S. Spradley asked if there were any other critical facilities such as government buildings or fire stations that could qualify for generators. D. Cassel stated that the fire station at Econfina does not qualify needing a generator since it has no facilities that are necessary and doors can open manually. However, the Steinhatchee FD could use a generator.

D. Hinkel asked B. Bradshaw if there was any service that can come in any help identify a critical facilities mitigation projects. D. Hinkel stated that this county could benefit from a cost benefit analysis workshop which would help us identify specific projects. Smaller counties do not have the staff or capabilities to properly mitigate against a disaster. S. Spradley stated that he remembered a cost analysis benefit workshop in the panhandle and Taylor County could not attend. He stated that the project has to be on the list to qualify for the mitigation process. After a declared disaster mitigation money becomes available to that certain area. S. Spradley explained the Tier process with the group. He stated that January 6th is the cut off day and that we fall behind because we do not have the resources to process the applications. We will continue to work to build on our mitigation process. Bradshaw said that he would do some research on this and get an answer for the group.

S. Spradley stated that J. Boothby, CRS Coordinator for Taylor County, has informed him that the CRS review has now been put off until 2016. We will continue to work with her on that to update. The CRS is for the National Flood Insurance Plan for decrease on flood insurance. Taylor County is currently rated at a 7 and most counties are not much lower. We will continue to strengthen the CRS to get rates down. A flood exercise was held in Steinhatchee to meet required standards to show that the county is practicing evacuation plans.

It was discussed and agreed that unless there were specific issues that surfaced we would no longer have the LMS meetings quarterly. Instead beginning in 2015 we will schedule a meeting in the spring and fall of the year.

ACTION ITEMS NEXT QUARTER

- Next LMS/LTR meeting is tentatively set for April 2015.
- Work with county Grants Department on establishing cost-benefit processes for hospital and other critical facilities generarators.
- LMS Group to continue to research and evaluate potential LMS projects for inclusion into the LMS Project List.
- Work with SRWMD to identify and develop grant assistance for LMS projects throughout the county.

• Work with SRWMD and County Administration for utilizing Corp of Engineers to conduct flood engineering studies in County Review CRS standards to see how EM and the workgroup can assist the Building and Planning Department.

DIVISION OF EMERGENCY MANAGEMENT

RICK SCOTT Governor

BRYAN W. KOON Director

December 1, 2014

MEMORANDUM

- TO: Chairman, Board of County Commissioners Local Mitigation Strategy Working Group Chair/Coordinator
- FROM: Miles E. Anderson, Mitigation Bureau Chief State Hazard Mitigation Officer Florida Division of Emergency Management
- SUBJECT: Annual request for update, per 27P-22 Florida Administrative Code

The purpose of this memo is to remind the Local Mitigation Strategy (LMS) Chairperson of the Florida Administrative Code 27P-22.004 requiring an annual update on information regarding the LMS plan and working group.

Please provide the following materials:

- Current list of members of the LMS working group, identifying current chairperson and/or coordinator (and contact information- e-mail, phone, and mailing address)
- Current list of mitigation measures (also referred to as actions, initiatives or projects)
- Major changes (if applicable) to the local hazard assessment, critical facilities list, repetitive loss properties list or plan maps occurring in the past year.

The Florida Administrative Code 27P-22.004 is enclosed for your reference. **Please note:** this is not a request for your 5-year plan update.

Please send this updated information by the last working weekday of January 2015 (January 30, 2015) to the following address:

Florida Division of Emergency Management <u>Attention: Mitigation Planning Section</u> 2555 Shumard Oak Boulevard Tallahassee, FL 32399-2100

or email the information to your LMS State Liaison, per the enclosed map. Your liaison can also answer any questions or comments on this matter if needed. Thank you.

TA		
	County Commission Agenda Item	
SUBJECT/TITLE:	Requesting Board to hold two public hearings (February 2 and February 17) to discuss the upcoming funding cycle for the Florida Boating Improvement Program (FBIP).	
MEETING DATE RE	EQUESTED: January 20, 2014	
Statement of Issue	: The 2015 funding cycle for the FBIP grant program will be open in late February 2015. Staff is requesting approval to hold public hearings February 2 and February 17 to discuss the upcoming funding cycle and possible grant submission.	
Recommended Act	tion: Approval to hold two public hearings as requested.	
Fiscal Impact: No	t applicable at this time. A cash match of 50% of the total project cost would be required for the application to be competitive. "In Kind" services can be used for a portion of the match. The match would be required FY 2015-2016.	
Budgeted Expense: Y/N Not applicable at this time.		
Submitted By: Melo	ody Cox	
Contact: Melody C	οχ	
2	SUPPLEMENTAL MATERIAL / ISSUE ANALYSIS	
History, Facts & Iss	sues: The 2015 funding cycle will be open in February for the FBIP grant program. Eligible use of grant funds include: Boat ramps, piers, docks, recreational channel markers, derelict vessel removal, boating education, and other boating-related activities that enhance boating access for recreational boating such as restroom facilities and paved parking in the immediate area of the boat ramp.	
	It is important to note these grant funds can only be used for recreational boating enhancements and improvements not commercial activities and use. The County was awarded a grant FY 2013 for improvements to the Williams Fish Camp Landing (Mandalay) boat ramp and this project is currently underway. The County did not submit application to the FBIP grant program in 2014.

Florida Boating Improvement Program Guidelines

January 2015

Permission is granted for duplication, use and reuse of any and all information contained in this document.

PROGRAM ADMINISTRATOR: The Commission's staff member designated by the Director, Division of Law Enforcement, to manage the Florida Boating Improvement Program.

PROGRAM FUNDS: Funds appropriated for the Florida Boating Improvement Program as specified in Sections 206.606 and 370.0603, Florida Statutes.

PROJECT: Component(s) designed to provide additional or enhanced boating access that meet criteria.

PROJECT COMPLETION CERTIFICATION: Form completed by the Recipient certifying that the Project is completed in accordance with the Agreement.

PUBLIC LAUNCHING FACILITY: A boat ramp, lift, hoist, marine railway or similar facility for launching and retrieving vessels from the water; includes associated amenities like boarding docks and boat trailer parking.

RECIPIENT: The Applicant that has been awarded Program funds and party responsible for completing the project and the operation and maintenance of the site.

RECREATIONAL CHANNEL MARKING: Labor and materials to provide and install any device external to a vessel intended to assist a mariner to determine position or safe course, warn of dangers or obstructions to navigation, or to alert the mariner of various regulatory matters.

RURAL AREA OF CRITICAL ECONOMIC CONCERN: A region composed of rural communities adversely affected by extraordinary economic events, meet the criteria stipulated in Section 288.0656, Florida Statutes, and designated as established by Executive Order.

SECTION III - ELIGIBILITY

3.1 Eligible Participants

Eligible participants shall include county governments, municipalities and other local governmental entities of the State of Florida.

3.2 Eligible Uses of Program Funds

Only those funds necessary for the planning, design, engineering, permitting, development, new construction, expansion or rehabilitation of projects statewide on coastal and inland waters that enhance recreational boating for motorized vessels through projects in the following categories:

- A. Recreational Channel Marking and Other Uniform Waterway Markers:
 - Costs associated with the installation, repair, or replacement of signs or buoys marking an FWC permitted boating restricted zone.

- Costs associated with the installation, repair, or replacement of permitted signs or buoys marking a channel to/from a recreational boating access facility.
- Costs associated with the installation, repair, or replacement of permitted signs or buoys which provide information to recreational boaters (other than aids to navigation).
- B. Boating Access:
 - Costs associated with the construction, repair, or enhancement of publicly owned boat ramps, lifts, hoists, marine railways and other public launching facilities for recreational boaters.
 - Costs associated with the construction, repair, or enhancement of a publicly-owned marina, mooring field, dry storage facility and associated amenities.
 - Costs associated with the construction, repair, or enhancement of associated amenities for recreational boaters. Eligible amenities include boarding docks, staging areas, restrooms, trailer parking, access roads, utilities hook-ups, and educational kiosks.
- C. Derelict Vessel Removal:
 - Costs for the removal and disposal of derelict vessels as defined in section 823.11, Florida Statutes. A sworn law enforcement officer must determine a vessel meets the definition in statute and this determination must be verified by the Commission in the Florida Fish and Wildlife Conservation Commission's Statewide At-Risk and Derelict Vessel Database to be eligible for removal.
 - Only derelict vessels that are located on the public waters of the state may be removed with grant funds.
- D. Boater Education:
 - Costs associated with projects that will increase public knowledge of boating issues through brochures, pamphlets, boaters guides, educational programs, or kiosks.
- E. Other Local Boating-Related Activities:
 - Costs associated with non-construction projects that increase or enhance boating access for recreational boaters including, but not limited to, research, studies, or planning to determine the need for additional boating access or improvements.
 - Costs associated with projects that improve boater safety, boater education, or boater understanding of waterway regulations.

- Costs associated with construction projects (excluding boat ramps, lifts, hoists, marine railways, piers, docks, or other public launching facilities) that increase boating access for recreational boaters.
- Costs associated with projects that provide economic development and promote boating in the state.

3.3 Ineligible Uses of Program Funds

Program Funds will not be awarded for projects that do not directly relate to the enhancement of boating or boating access within the state. Costs listed below are **not** eligible for reimbursement under this Program:

- Costs for the construction or repair of any facilities not directly related to boating access (such as park benches, gazebos, trails, fishing piers, picnic areas, general parking for picnic areas, restrooms and walkways for picnic areas, etc.)
- Costs for the construction or repair of any boating access facilities not open to the general public on a first come, first served basis with no qualifying requirements such as club membership or stock ownership or equity interest.
- Costs associated with preparation of grant application(s). This includes overhead, payroll, salaries or accounting costs.
- Costs related to the acquisition of real property.
- Costs for any legal fees.
- Costs associated with ordinary operation, or routine maintenance of the proposed project. This includes costs to provide power, water or sewer or any other utilities or services to the facility for the stipulated length of the Grant Agreement.
- Costs expended for any type or form of security activities, watchmen, fee collection, maintenance or other personnel costs.
- Costs associated with the acquisition or use of any type of equipment such as park equipment, vehicles, lawn care, dredge, computers, projectors, or other capital equipment used for operation and maintenance of the existing or completed project.
- Costs associated or directly related to a component of a project that would create or increase a boating safety hazard.
- Costs for any type of general business, marketing or promotional plans.

GENERAL SERVICES ADMINISTRATION

GSA FORM 1217 (REV. 7-94)

INSTRUCTIONS FOR LESSOR'S ANNUAL COST STATEMENT GSA FORM 1217

In acquiring space by lease, it is the established policy of GSA to enter into leases only at rental charges which are consistent with revailing scales in the community for facilities.

ITEM NUMBER

- Enter the Government lease or Solicitation for Offers number, if available.
- Enter the date that your statement was prepared and signed.
- 3. A. Enter in this block a computation of the rentable area (multiple tenancy basis) for the entire building. The rentable area shall be computed by measurement to the inside finish of permanent outer building walls to the inside finish of corridor walls (actual or proposed) or to other permanent partitions, or both. Rentable space is the area for which a tenant is charged rent. It is determined by the building within the same city. The rentable space may include a share of building support/common areas such as elevator lobbies, building corridors, and floor service areas. Floor service areas typically include restrooms, telephone closets, electrical closets, and mechanical rooms. The rentable space generally does not include vertical building walls, such as stairs, elevator shafts, and vertical ducts.
 - B. Enter in this block a computation of the rentable area to be rented to the Government. For this area, follow the procedure as outlined above, except that measurements are to be made only to the center of the partitions which separate the area to be rented by the Government from adjoining rented or rentable areas.
 - Identify the property by name and address.

4.

SECTION I ESTIMATED ANNUAL COST OF SERVICES AND UTILITIES

5.-26. The services and utilities listed in this section are required in most of our rented space whether furnished by the Government or the Lessor.

Carefully review the Solicitation for Offers and/or the proposed lease to identify those servics and utilities to be furnished by you as part of the rental consideration. Then enter your best cost estimate, or the actual cost from the previous year, for each of these services and utilities in column (a) for the entire building and in column (b) for the area to be rented to the Government. If any service or utility furnished for the space rented by the Government is not furnished throughout the building, or the cost of a service or utility furnished to the Government space exceeds the cost of the same service or utility furnished to other rented space, explain on a separate sheet. For convenience, each major category has been divided into separate items such as salaries and supplies so that they may be entered when applicable. However, in the event that your records are not maintained for each item comtained in Section 1, 5 thorugh 26, the total for a major category (A through F) may be entered under the category heading in columns (a) and (b) in lieu of the specific items. System maintenance and repairs includes the annual cost of such items as oiling, inspecting, cleaning, regulating, and routine replacement costs.

SECTION II ESTIMATED ANNUAL COST OF OWNERSHIP EXCLUSIVE OF CAPITAL CHARGES

Items 28 through 32 will be useful in the Government's determination of the fair market value of the space to be rented and shall be completed irrespective of whether Section I is applicable, as follows:

- 28. Include all applicable real estate taxes imposed upon the property.
- 29. Enter the annual cost of fire, liability, and other insurance carried on the real estate.
- 30. Enter the annual cost of wages, materials, and outside services used in repairs and maintenance of the building itself and all similar repairs and maintenance costs not included in Section I above (Heating, Electrical, Plumbing, Air Conditioning, and Elevators). This includes major repairs and changes in the nature of a permanent improvement such as annual cost to replace relatively short-lived items such as boiler, compressors, elevators, and roof coverings.
- Enter any lease commission which you may be responsible for due to the Government leasing action.
- Include administrative expenses such as agency fees, legal fees, auditing, and advertising. Do not include financial charges such as income or corporate taxes or organization expense.
 34.-35.

Complete Lessor certification.

Subject: [EXTERNAL] RE: Perry Clinic, Use of Prison Labor

Good Morning Ms. Griner,

The \$260 is the annual maintenance cost that was requested in the lease amendment. It appears that it is the government's intent to incorporate this cost in the shell rent.

B. "Provide one (1) each flagpole at a location agreed to by the Government. Flagpole shall extend at least 35 ft. above the ground.. Flagpole shall be equipped with rope and hardware for three flags. The Government will provide the flags. Provide one (1) each exterior light fixture, mounted on the building) to illuminate the flags at night. Automatic switching for light fixture shall be provided. **Provide concrete pad minimum 36 sf at base of pole.**"

Please provide an annual cost to maintain and replace the Flag Pole that can be incorporated into the shell rent for this space.

Thanks!

Dustin Hinkel

Mr. Hinkel, the cost for the flagpole maintenance (\$260.00), I assume, is an annual cost that should be included in the Building Shell rate of \$7.20 negotiated earlier this year. Is it your intention to increase this rate or to include the maintenance requirement for the flagpole at no extra cost to the Government?

Please advise. Thanks rae

Good Evening All,

We have a meeting set with a canopy vendor on Thursday to discuss pricing for the additional length requested for the canopy. The rest of our additional costs are listed below as was requested.

Sidewalk from parking lot: \$2,000 (this figure could double if water/sewer services need to be routed) 10' X 12' Shed with floor anchored to existing concrete slab: \$2,200 Flagpole installation: \$2,200 Flagpole light with sensor: \$334

Flagpole maintenance: \$260

I have tasked our Project Manager Danny with coordinating with the asbestos contractors to begin the demolition phase of the project.

Thanks!

Dustin Hinkel

Subject: [EXTERNAL] RE: Perry Clinic, Use of Prison Labor

Good Afternoon All,

I want to thank you all for your patience and persistence in this project. It appears we have finally reached the cusp of our project. Now that we are all in agreement on the construction schedule and plan, may I recommend a revised lease amendment to properly encapsulate the changes we have made. Also, since we have made additions to the original build out I believe it would be necessary to re-evaluate the original build out reimbursement of \$103,557. I believe that we have provided the pricing of these additions throughout the process, but we can reconcile and provide them again for the VA's consideration. As see no issue turning loose our crews as soon as the revised amendment is executed. We greatly appreciate the VA's flexibility in working with our resource constraints.

Thanks!

Dustin Hinkel

Due to the time it would take to get a contract in place to have a contractor perform the work for the Perry clinic, it does not appear that it would be economically feasible or of a time benefit to the Government. Therefore, it is requested that the County proceed as initially proposed with the use of prison labor to complete the construction with a completion date of August 1, 2015.

From: Danny Oquinn [mailto:danny.oquinn@taylorcountygov.com] Sent: Thursday, December 18, 2014 2:13 PM To: Spann, Mike Subject: RE: [EXTERNAL] RE: SLA #P00001 to Lease for Perry VA Clinic

I don't see any reason why work couldn't begin as soon as possible after the first of the year, there would be at least a three week wait before construction could begin. According to what Mr. Parker passed on to me the asbestos

abatement company needs a two week notice before they actually perform the asbestos abatement an then however long the abatement actually takes to complete. As far as being completed by August I don't see any reason this can't be accomplished provided we get a inmate crew on a regular basis.

Thank You,

See attached revision and comment below.

Please concur that drawings are complete and ready to present along with a copy of the lease(s) to a Commercial Contractor for pricing and construction schedule. Once the VA accepts the drawings, we will present the drawings to a local General Contractor for a statement of probable cost and timeline. I expect he will require up to two weeks to prepare such.

If the VA's timeline will not accommodate the Inmate construction schedule (necessitating commercial construction), we will require a minimum of a month for advertisement after receiving the VA decision to support the added expense of contracted construction not to mention a week or two to prepare the bid specifications. Two additional weeks will also be needed to award the project with a possible additional two weeks before the contractor could mobilize and begin construction.

The attached drawings have been reviewed and the following comments are provided:

Sheet 2 of 8, Site Plan – Show canopy at main entrance.
 Provide proposed configuration, style, design specifics of canopy required.
 Wouldn't it obstruct the front transom windows?
 Lease seems conflicting. Is it 4 ft wider than the 5 ft sidewalk or is it 7' x 12'?
 Is the 7' or the 12' the width?
 The language is a little confusing. With a 5' sidewalk the canopy would be 9' wide or 9' X 12', the 9' being the width.
 The canopy should be as pictured in the attachment.

2. Sheet 5 of 8, Electrical Plan, Room 100 – The duplex receptacle in the common wall with Room 101 should be a safety type receptacle.

Ok

Sheet 7 of 8, Reflected Ceiling Plan – Provide lay-in ceiling in corridor adjacent to Rooms 101, 104, 107.
 This area does not appear to lend itself to a lay in ceiling given the location of roofing members.
 How does one get access above the existing ceiling to install cabling?
 There is a scuttle access in that section of the hallway.

The additional cameras do not need to be shown on your drawings, although you probably need to be aware that boxes will be installed at those locations for cameras. The cameras will be installed at a later date by others.

If I recall, the reason that it was agreed that the wall at the rear door did not need to be offset was because there was room to get a 3'-6" door in there. Although it is not required by code, we would like to have a second way out for someone in an oversize wheelchair. 12" clear on the push side of the door between the edge of the frame and an adjacent intersecting wall is required for handicap accessibility. If the 3'-6" door can be installed and maintain the 12" clear then the wall does not need to be offset.

Here are the revisions and a couple of comments...

Lease only addresses 1 camera required in the Telephone/Data room. Are you now requiring several additional cameras and associated wiring in the lobby and an additional camera at the rear hallway?

We have a 48" hallway approaching the rear 3'6" doorway of a non-public access. Do we really need to move the wall? Moving the wall was removed during our walk through in my notes.

Good Morning Rachel,

Our new construction drawings are attached. Could you please look them over to ensure that we hit everything? Once we get your sign off on completeness we can then take this to a contractor to get an estimate that will meet your activation timeline.

Thanks!

Dustin Hinkel

Mr. Hinkel,

Rachel Griner is out of the office this week, and hospital management has asked that I respond to your email below. Can you please provide an estimate within the next 7-10 days for the additional labor costs to ensure that the construction for the Perry VA Clinic is completed by May 1, 2015?

If you have any questions, please call me at the number below. Rachel will be back in the office on December 1st.

Thank you,

Cathy Donovan

Rachel,

Our staff are finalizing the drawings and pricing now and we hope to have the requested revisions back to you by the end of the week.

I am happy to see that the ambiguity in Item #5 has been clarified and the County will agree to maintain the lights attached to light poles outside and around the clinic which are owned by the county.

We do have concerns regarding the request to condense the construction schedule. In my recollection, this is the first time I have heard of a May 2015 activation date. This build out was budgeted based on direct materials costs and a small amount of contracted help, but most of the labor was to be provided by force account labor and inmates. At 5 months this would be very difficult to achieve with inmates and force account. We will do everything in our power to meet this goal but it appears to attain such a deadline a heavier than anticipated reliance on general and subcontractors will be required which is not reflected in the current build out budget. Will the government be willing to provide additional assistance (labor, contractors, budgetary) to ensure that this deadline is met?

We need to know exactly (room number) which rooms require sound attenuation.

We need to know exactly (room number) which doors we are responsible for procuring and installing.

Thank you for your patience and understanding with us. I hope we will very soon be able to swing hammers on this project.

Thanks!

Dustin Hinkel

Subject: FW: SLA #P00001 to Lease for Perry VA Clinic
Importance: High

Rachel, the County's response to Am #1 has been reviewed and the following comments are provided.

1. Amendment #P00001:

- a. Item #5 Will the county replace burned out light bulbs, fluorescent tubes, light fixture ballasts, provide lawn service, provide pest control, and garbage pickup (excluding biohazard waste)? NOTE: This lease was not awarded as a full service lease. After occupancy, the County's only responsibility is to maintain and provide replacement of building systems, if required, of the building shell. This is the only cost included in the monthly rental rate. The Government (me) will be contracting out for all services associated with this requirement. The Government will replace all tubes, fixture ballasts and light bulbs required inside the lease space after initial placement by the county. I am wondering about lights attached to light poles outside and around the clinic which could be owned by the County. In this case I believe the county should maintain.
- b. Item #8, 1.04, Flagpole, Paragraph B Confirm that cost of flagpole includes the concrete base, and a light, with sensor, mounted on side of building to illuminate flag at night.
- 2. Construction Schedule: The schedule indicates approximately 8 months to complete renovations of the clinic. The Medical Center is planning for activation in May 2015. Please provide a schedule indicating completion in April 2015.
- 3. Demolition plan: The only item not shown on the drawing that was discussed during the walk through is that there is a wall with mold on it in Room 111. Inside face of wall needs to be removed and replaced. If there is mold behind wall, then this mold should be treated prior to reinstallation of the new wall face.
- 4. New Work Plan:
 - a. Rm 105, Telephone/Data, show door opening against the opposite wall shown on the drawing. The door swing when opened covers up an existing electrical panel.
- 5. Electrical Plan: During the walk through it was decided that the existing corridor ceiling would be removed and a new lay-in ceiling installed. Show new light fixtures in corridor.
- 6. Plumbing Plan:
 - a. Rm 104, Lab:
 - 1. Show casework on common wall with toilet.
 - 2. There is a wall mounted sink shown in this room. There is no wall mounted sink in the Lab. The sink is located in the casework.
 - b. Show the water spigot that is to be installed on the exterior wall adjacent to the rear door per Item #2 of Am #P00001.

ORDINANCE NO. 2005-3

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF TAYLOR COUNTY, FLORIDA, AMENDING ORDINANCE NO. 2000-10 AND 2004-08. CREATING A SPECIAL WATER AND SEWER DISTRICT IN THE AREA OF THE UNINCORPORATED TAYLOR COASTAL COMMUNITY; DEFINING ITS BOUNDARIES; PROVIDING FOR A WATER OR SEWER SYSTEM OR BOTH; PROVIDING FOR ISSUANCE OF REVENUE BONDS OR CERTIFICATES TO BE **REPAID FROM THE REVENUES OF SAID SYSTEMS; PRESCRIBING THE POWERS** OF THE DISTRICT INCLUDING THE POWER TO CONTRACT WITH ANY MUNICIPALITY, GOVERNMENTAL AGENCY, OR OTHER ENTITY FOR WATER DISTRIBUTION AND SEWER COLLECTION; DEFINING POWERS, FRANCHISES AND PRIVILEGES; PROVIDING FOR GOVERNING BODY OF SAID DISTRICT; AUTHORIZING THE DISTRICT FOR PURPOSE OF CARRYING ON ITS OPERATIONS TO ACQUIRE BY GIFT, PURCHASE OR EMINENT DOMAIN LANDS AND TITLE TO RIGHTS-OF-WAY OVER LANDS AND UNDER NAVIGABLE WATERS WITHIN AND WITHOUT S AID D ISTRICT NECESSARY IN OPERATION OF SYSTEM; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners determine that it is necessary in the public

interest of Taylor County that a special water and sewer district be created in the unincorporated

community of the Taylor Coastal area; and

.

WHEREAS, Federal and State funds appear to be available to construct a sewer system that

will serve the unincorporated Taylor Coastal areas; and

WHEREAS, the water quality has been allegedly negatively impacted by the lack of a central

sewer system in the unincorporated Taylor Coastal areas; and

WHEREAS, the public interest of the residents of the County, particularly the residents in the

unincorporated Taylor Coastal areas, will best be served by the creation of a sewer and water district

and the construction and operation of a central sewer system; and

WHEREAS, the Board of County Commissioners of Taylor County has the apparent power

and authority to establish a district as it shall deem in its discretion to be necessary in the public

interest pursuant to Section 153.53, as amended, Florida Statutes, and Chapter 125, Florida Statutes,

as amended; and

NOW THEREFORE, BE IT ORDAINED, by the Board of County Commissioners of

Taylor County, Florida:

Section 1. Short Title. This Ordinance may be known as the "Taylor Coastal Water and Sewer District Act."

Section 2. Boundaries. There is hereby created in Taylor County a special district to be known as Taylor Coastal Water and Sewer District. The District will include all that portion of

Taylor County described as follows:

That part of Section 4, that lies South and Westerly of Yates Creek and all of Sections 5, 6, 8, 9; all of Sections 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 35, 36, in Township 7 South, Range 7 East; all of Section 31 in Township 7 South, Range 8 East also all of Sections 1, 12, 13, Townships 8 South, Range 7 East; all of Sections 6, 7, 18, Township 8 South, Range 8 East in Taylor County, Florida.

Section 3. Definitions. Whenever used in this act, unless a different meaning clearly

appears from the context:

(1) "County" means Taylor County.

(2) "County Commissioners" means the Board of County Commissioners of

Taylor County.

(3) "Board" means the Board of Commissioners of the Taylor Coastal Water

and Sewer District.

(4) "Water System" means and includes all plants, systems, facilities or

properties used or useful or having the present capacity for future use in connection with the supply, transportation or distribution of water, and any integral part thereof, including but not limited to

BOOK 7 2 PAGE 315

water supply systems, water distribution systems, reservoirs, wells, intakes, mains, laterals, aqueducts, pumping stations, standpipes, filtration plants, purification plants, hydrants, meters, valves and all necessary appurtenances and equipment, and all properties, rights, easements and franchises relating thereto and deemed necessary or convenient by the District for the operation thereof.

(5) "Sowerage" means the water-carried wastes created in and carried or to be carried away from residences, hotels, schools, hospitals, industrial establishments, commercial establishments or any other private or public building, together with such surface or ground water or household and industrial waste as may be present.

(6) Sewerage Disposal System means and includes any plant, system, facility or property used or useful or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage (including industrial wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resources), or any integral part thereof, including but not limited to treatment plants, pumping stations, intercepting sewers, trunk sewers, pressure lines, mains and all necessary appurtenances and equipment, and all property, rights, easements and franchises relating thereto and deemed necessary or convenient by the District for the operation thereof.

(7) "Sewers" include mains, pipes and laterals for the reception of sewage and carrying such sewage to an outfall or some part of a sewage disposal system, including pumping stations where decened necessary by the District.

(8) "Sewer System" embraces both sewers and sewage disposal systems and all property, rights, easements and franchisee relating thereto.

(9) "System" means and includes a water system or sower system or any one (1) or more thereof.

BOOK 7 2 PAGE 316

(10) "District" means the Taylor Coastal water and Sewer District created and established by this act in Taylor County.

(11) "Bonds" mean bonds or revenue certificates or other financial obligations of the District which are part or all of an issue of such obligations, any one (1) or more of which mature over three (3) years from date of issue, issued pursuant to this act.

(12) "Sewer" includes in its meaning the word sewerage.

Section 4. Objects and purposes of the District. The objects and purposes of the District are to acquire, purchase, lease, construct, improve, extend, operate, maintain and finance any water system or systems or parts thereof, and/or any sewer system or systems or parts thereof serving such unincorporated areas and other customers and users as the District may determine. The District may acquire a supply of water either within or without the county and either within or without the state. The District may itself own and operate water and sewer systems in unincorporated territory and may also sell and transport water to other systems, whether publicly or privately owned, and other users and consumers.

Section 5. Governing Body.

(1) The commissioners of the District shall be the governing board of the water system for the Taylor Coastal area, known as Taylor Coastal Utilities, Inc., a Florida not-for-profit corporation as of the date of the adoption of the Ordinance. Such governing board shall exercise all powers and responsibilities authorized by this act.

(2) Commissioners of the District shall be owners of property within the District who are registered electors in Taylor County, Florida.

4

(a) The District Commissioners shall consist of seven (7) members and shall be appointed by the Board of County Commissioners of Taylor County. The District commissioners shall be divided into two groups. Group No. 1 shall consist if three District

BOOK 78 2 Max 317

commissioners who shall first be appointed for a two year term beginning May 3, 2004 and ending May 2, 2006, after 2006 the said Group No. 1 shall be appointed for a four year term beginning May 3, 2006. Group Number 2 shall consist of four District Commissioners who shall first be appointed for a four year term beginning May 3, 2004 and ending May 2, 2008. After 2008 the said Group No. 2 shall be appointed for a four-year term beginning May 3, 2008. The appointment of all District Commissioners shall be by the Board of County Commissioners but the sitting District Commissioners may present names of persons who might serve.

(b) To qualify as a District commissioner, the potential District Commissioner must sign an oath stating, "I do solemnly swear or affirm that I am a registered voter within the State of Florida and that I own real property within the boundaries of the Taylor Water and Sewer District as designated in Taylor County Ordinance No. 2000-10."

(c) In the event of a vacancy due to any cause in the District Board of Commissioners, the same shall be filled by appointment by a majority of the members of the Board of County Commissioners for the unexpired term. Moreover, during their unexpired terms, members of the special district governing body are subject to removal by the governing body of Taylor County, being the Board of County Commissioners of Taylor County.

(4) Bach Commissioner, before he or she assumes office, shall be required to give the Governor a sufficient surety bond in the sum of \$2,000.00, the cost thereof being borne by the District, conditioned on the faithful performance of the duties of his or her office, said bond to be approved and filed in the same manner as is that of the Board of County Commissioners. The failure of any person to make and file this bond within ten (10) days after his or her appointment shall create a vacancy on said Board.

(5) Members of the District Board of Commissioners may be entitled to compensation and

BOOK 📆 2 MARE 318

reimbursement for traveling expenses incurred in the performance of their duties as provided by Chapter 153 and 112, Florida Statutes. Compensation of the District Board of Commissioners shall be by resolution. Reimbursement for travel expense shall be approved by a majority of the District Commissioners. The District Board of Commissioners shall hold a regular monthly meeting, and special meetings as needed in an appropriate place within the District. A quorum shall consist of four (4) commissioners at any meeting.

Section 6. Organization. As soon as practical and as provided by law, after the first District Commissioners have been appointed or elected and have qualified, they shall meet and organize by election from among their number a chairman, vice chairman, a secretary and a treasurer, who shall serve a term of one (1) year, and be elected annually thereafter. The secretary need not be a commissioner. The members of the Board shall serve four (4) year terms. Board members may be reimbursed for expenses incurred incident to the legitimate transaction of business of the district as authorized by section 112.061, Florida statutes, and only when such expenses are approved by a majority of the board members at a regular or special meeting.

Section 7. Funds. No funds of the District shall be used for any purpose other than the administration of the affairs and business of the District, the construction, care, maintenance, upkeep, operation and repair of sewers and sower and water systems in the district, as the Board may determine to be for the best interest of the District and inhabitants thereof. All disbursements of the funds of the District shall be made pursuant to warrants or checks signed any one (1) of the chairman, vice-chairman, or treasurer and counter-signed by another Board member or the office secretary.

Section 8. Powers of Board. The Board of Commissioners of the Taylor Coastal Water and Sewer District, in addition to and supplementing other powers granted by law, is authorized and empowered:

1) To acquire in the name of the District, either by purchase or the exercise of the right of eminent domain, or to construct and to reconstruct, improve, extend, enlarge, equip,

8001 2 mgz 319

repair, maintain and operate water system or sewerage facilities, either within or without the territorial limits of the District.

(2) To issue revenue bonds or assessment bonds of the District payable from the water rates or service charges or other revenues of the District.

(3) To fix and collect rates and charges for water furnished by any waterworks facilities and to fix and collect charges for making connections with any waterworks facilities.

(4) To fix and collect sewer service charges for the services furnished by any sewerage facilities and to fix and collect charges for making connections with any sewerage facilities.

(5) To acquire in the name of the District, either by purchase or the exercise of the right of eminent domain, such lands and rights of way and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property as it may deem necessary in connection with the construction or operation of waterworks or sewerage facilities, and to hold and dispose of all real and personal property under its control.

(6) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including a trust agreement or trust agreements securing any bonds issued hereunder, and to employ such consulting and other engineers, superintendents, managers, construction and accounting experts and attorneys, and such employees and agents as may, in the judgment of the Board, be deemed necessary and to fix their compensation; provided, however, that all such expenses shall bepayable solely from funds made available under the provisions of this act.

(7) To exercise jurisdiction, control and supervision over any waterworks facilities and any sewerage facilities owned, operated or maintained by it and to make and enforce

BOOK 3 2 PAGE 320

such rules and regulations for the maintenance and operation of any such facilities as may in its judgment be necessary or desirable sewer and water service charges for the services furnished by any sewerage or water facilities, and charge and collect the same. Any such rates and charges shall be so fixed and revised as to provide funds, with other funds available for such purpose, sufficient at all times:

(a) To pay the cost of maintaining, repairing and operating the waterworks or sewerage facilities of the District and to provide reserves therefore and for replacements and depreciation and necessary extensions and enlargements.

(b) To pay the principal of and the interest on all outstanding bonds for the payment of which such rates and charges are pledged as the same shall be come due and provide reserves therefore.

(c) To provide a margin of safety for making such payments and providing such reserves. Such rates and charges shall not be subject to supervision or regulation by any commission, board, burean or agency of the state or any political subdivision of the state. Such rates and charges shall be just and equitable and the sewer service charges shall be just and equitable and the sewer service charges may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewerage facilities or upon the number of persons residing or working in or otherwise connected with such premises or upon the type of character of such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors. In cases where the character of sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewerage facilities, an additional charge may be made therefore, or the Board may, if it deems advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in a manner

BROK 😤 2 PAGE 321

as shall be specified by the Board before discharging the sewage into any sewer lines owned or maintained by the District.

(d) No rates, fees or charges shall be fixed under the foregoing provisions of this section until after a public hearing at which all of the users of the proposed sewer system or water system, or both, or owners, tenants or occupants served or to be served thereby and all others interested ahall have an opportunity to be heard concerning the proposed rates, fees and charges. Notice of such public hearing setting forth the proposed schedule or schedules of rates, fees and charges shall be given by one (1) publication in a newspaper published in the county and circulating in the district at least ten (10) days before the date fixed for such notice for the hearing. The hearing may be adjourned or continued from time to time. If there be no such newspaper published in the county and circulating in the District, the notice of such rate hearing shall be posted as provided for in Section 153.56, Florida Statutes. After such hearing, such schedule or schedules, either as initially adopted or as modified or amended, may be finally adopted.

Section 9. Collection of Rates and charges. The Board of Commissioners may provide in the resolution authorizing the issuance of bonds under this act or in any trust agreement securing such bonds that any sewer service shall be included in bills rendered for water used on the premises and that if any water rates or sewer service charges shall not be paid within thirty (30) days from the rendition of any such bills, the District may discontinue furnishing water to such premises and may disconnect the same from the waterworks facilities. Moreover, the Board may establish a late fee by resolution. Any such resolution or trust agreement may include any or all of the following provisions, and may require the Board to adopt such resolutions or to take such other lawful action as shall be necessary to effectuate such provisions, and the Board is hereby authorized to adopt such resolutions and to take such other action:

(1) That the District may require the owner, tenant or occupant of each lot or parcel of land within the District who is obligated to pay water rates or sower service charges to the

ROK 2 PMF 322

District to make a reasonable deposit with the District in advance to insure the payment of such rates or charges and to be subject to application to the payment thereof, if and when delinquent.

(2) That if any water rates or sewer service charges payable to the District shall not be paid within thirty (30) days after the same shall be due and payable, the District may at the expiration of such thirty (30) day period disconnect the premises from the waterworks or sewerage facilities; and the District may proceed to recover the amount of any such delinquent rates or charges, with interest and late charges, in a ction of a ssumpsit in the small claims court or otherwise as provided by law.

(3) That if any sewer service charges for the use of any sewerage facilities by or in connection with any premises not served by any waterworks facilities of the District shall not be paid within thirty (30) days after the same shall become due and payable, the owner, tenant or occupant of such premises shall cease to dispose of sewage or industrial wastes originating from or on such premises by discharge thereof directly or indirectly into the sewerage facilities of the District until such sewer service charges, with interest, shall be paid; that if such owner, tenant or occupant shall not cease such disposal at the expiration of such thirty (30) day period it shall be the duty of any public or private corporation, board, body or person supplying water to or selling water for use on such premises to cease supplying water to or selling water for use on such premises within five (5) days after receipt of notice of such delinquency from the District; and that if such corporation, board, body or person shall not, at the expiration of such five (5) day period cease supplying water to or selling water for use on such premises, then the District may, unless it has theretofore contracted to the constrary, shut off the supply of water to such premises.

Section 10. Connection with Sewer System. Upon the construction of sewerage facilities under the provisions of this act, the owner, tenant or occupant of each lot or percel of land within the District which receives water service from the District and has a privately maintained system or which abuts upon a street or other public way containing a sanitary sewer as a part of such sewerage facility or a sanitary sewer served or which may be served by such sewerage

facilities and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, connect with such building such sanitary sewer, and shall cease to use any other method for the disposal of sewage wastes or other polluting matter. All such connections shall be made in accordance with rules and regulations and may provide for a charge for making any such connection in such reasonable amount as the Board may fix and establish. This act being necessary for the welfare of the inhabitants of the District shall be liberally construed to effect the purpose thereof.

Section 11. Connection with Water S ystem. U pon the acquisition or r construction of water facilities under the provisions of this act, the owner, tenant or occupant of each lot or parcel of land within the District which abuts upon a street or other public way containing a water line as a part of such water facility served or which may be served by such water facility and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, connect with such building such water facility, and shall cease to use any other water for potable purposes and, further, prohibiting from allowing any of said water from a source other than the public water system from entering any potable water line or lines on said property or elsewhere. All such connections shall be made in accordance with rules and regulations and may provide for a charge for making any such connection in such reasonable amount as the Board may fix and establish. This act being necessary for the welfare of the inhabitants of the District shall be liberally construed to effect the purpose thereof.

Section 12. Failure to connect to systems. If any such owner of any parcel of land required to connect to the district's public water system and/or wastewater system in accordance with the Ordinance refuses to connect with and use the facilities of the district's public water system and/or wastewater system after notification by the board. Then, said owner, tenant or occupant shall be given thirty (30) days to respond to District's request to connect. If no response is

ROTE 2 PAGE 324

made to the District within the thirty (30) days allotted by this ordinance, then the district shall be authorized to make such connections, entering on or upon any such lot or parcel of land for the purpose of making such connection. After successful connection to the waste water system the owner, tenant or occupant of each lot or parcel of land shall not use or install any other form of waste water disposal; including, but not limited to, septic tanks and drain fields.

The district shall thereupon be entitled to recover the cost of making such connection, together with reasonable penalties and interest and attorney's fees, by suit in any court of competent jurisdiction. In addition and as an alternative means of collecting such costs of making such connections, the district shall have a lien on such lot or parcel of land for such cost, which lieu shall be of equal dignity with the lien of state and county taxes. The district may foreclose such lien in the same manner provided by the laws of Florida for the foreclosure of mortgages upon real estate.

This act being necessary for the welfare of the inhabitants of the District shall be liberally construed to effect the purpose thereof.

Section 13. Declaration of Policy. The undertakings enumerated in this act constitute a proper public purpose for the benefit and welfare of the owners and inhabitants of the District and it is hereby found and declared that in the construction, acquisition, improvement, maintenance, operation, extension and improvement of any or all of its systems, the District will be exercising a proper governmental function.

Section 14. The accounts and records of the District shall be post audited annually, at the expense of the District, by an independent certified public accountant.

Section 15. This ordinance shall take effect as provided by law and the Clerk is directed to send a certified copy to the Secretary of State of the State of Florida as provided by law. ORDAINED by the Board of County Commissioners in and for Taylor

An Ordinance To Be Entitled

ORDINANCE NO. 2000-10

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF TAYLOR COUNTY, FLORIDA, CREATING A SPECIAL WATER AND SEWER DISTRICT IN THE AREA OF THE UNINCORPORATED TAYLOR COASTAL COMMUNITY; DEFINING ITS BOUNDARIES; PROVIDING FOR A WATER OR SEWER SYSTEM OR BOTH; PROVIDING FOR ISSUANCE OF REVENUE BONDS OR CERTIFICATES TO BE REPAID FROM THE REVENUES OF SAID SYSTEMS; PRESCRIBING THE POWERS OF THE DISTRICT INCLUDING THE POWER TO CONTRACT WITH ANY MUNICIPALITY, GOVERNMENTAL AGENCY, OR OTHER ENTITY FOR WATER DISTRIBUTION AND SEWER COLLECTION; DEFINING POWERS, FRANCHISES AND PRIVILEGES; PROVIDING FOR GOVERNING BODY OF SAID DISTRICT; AUTHORIZING THE DISTRICT FOR PURPOSE OF CARRYING ON ITS OPERATIONS TO ACQUIRE BY GIFT, PURCHASE OR EMINENT DOMAIN LANDS AND TITLE TO RIGHTS-OF-WAY OVER LANDS AND UNDER NAVIGABLE WATERS WITHIN AND WITHOUT SAID DISTRICT NECESSARY IN OPERATION OF SYSTEM; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners determine that it is necessary in the public

interest of Taylor County that a special water and sewer district be created in the unincorporated

community of the Taylor Coastal area; and

WHEREAS, Federal and State funds appear to be available to construct a sewer system that

will serve the unincorporated Taylor Coastal areas; and

WHEREAS, the water quality has been allegedly negatively impacted by the lack of a

central sewer system in the unincorporated Taylor Coastal areas; and

WHEREAS, the public interest of the residents of the County, particularly the residents in

the unincorporated Taylor Coastal areas, will best be served by the creation of a sewer and water

district and the construction and operation of a central sewer system; and

WHEREAS, the Board of County Commissioners of Taylor County has the apparent power

and authority to establish a district as it shall deem in its discretion to be necessary in the public

interest pursuant to Section 153.53, as amended, Florida Statutes, and Chapter 125, Florida Statutes, as amended; and

NOW THEREFORE, BE IT ORDAINED, by the Board of County Commissioners of Taylor County, Florida:

Section 1. Short Title. This Ordinance may be known as the "Taylor Coastal

Water and Sewer District Act."

Section 2. Boundaries. There is hereby created in Taylor County a special district to be known as Taylor Coastal Water and Sewer District. The District will include all that portion of Taylor County described as follows:

That part of Section 4, that lies South and Westerly of Yates Creek and all of Sections 5, 6, 8, 9; all of Sections 14, 15, 16, 21, 22, 23, 24, 25, 26, 27, 35, 36, in Township 7 South, Range 7 East; all of Section 31 in Township 7 South, Range 8 East also all of Sections 1, 12, 13, Townships 8 South, Range 7 East; all of Sections 6, 7, 18, Township 8 South, Range 8 East in Taylor County, Florida.

Section 3. Definitions. Whenever used in this act, unless a different meaning

clearly appears from the context:

(1) "County" means Taylor County.

(2) "County Commissioners" means the Board of County Commissioners of

Taylor County.

(3) "Board" means the Board of Commissioners of the Taylor Coastal Water

and Sewer District.

(4) "Water System" means and includes all plants, systems, facilities or

properties used or useful or having the present capacity for future use in connection with the supply, transportation or distribution of water, and any integral part thereof, including but not limited

to water supply systems, water distribution systems, reservoirs, wells, intakes, mains, laterals, aqueducts, pumping stations, standpipes, filtration plants, purification plants, hydrants, meters, valves and all necessary appurtenances and equipment, and all properties, rights, easements and franchises relating thereto and deemed necessary or convenient by the District for the operation thereof.

(5) "Sewerage" means the water-carried wastes created in and carried or to be carried away from residences, hotels, schools, hospitals, industrial establishments, commercial establishments or any other private or public building, together with such surface or ground water or household and industrial waste as may be present.

(6) Sewerage Disposal System means and includes any plant, system, facility or property used or useful or having the present capacity for future use in connection with the collection, treatment, purification or disposal of sewage (including industrial wastes resulting from any processes of industry, manufacture, trade or business or from the development of any natural resources), or any integral part thereof, including but not limited to treatment plants, pumping stations, intercepting sewers, trunk sewers, pressure lines, mains and all necessary appurtenances and equipment, and all property, rights, easements and franchises relating thereto and deemed necessary or convenient by the District for the operation thereof.

(7) "Sewers" include mains, pipes and laterals for the reception of sewage and carrying such sewage to an outfall or some part of a sewage disposal system including pumping stations where deemed necessary by the District.

(8) "Sewer System" embraces both sewers and sewage disposal systems and all property, rights, easements and franchisee relating thereto.

(9) "System" means and includes a water system or sewer system or any one(1) or more thereof.

(10) District means the Taylor Coastal water and Sewer District created and established by this act in Taylor County.

(11) "Bonds" mean bonds or revenue certificates or other financial obligations of the District which are part or all of an issue of such obligations, any one (1) or more of which mature over three (3) years from date of issue, issued pursuant to this act.

(12) "Sewer" includes in its meaning the word sewerage.

Section 4. Objects and purposes of the District. The objects and purposes of the District are to acquire, purchase, lease, construct, improve, extend, operate, maintain and finance any water system or systems or parts thereof, and/or any sewer system or systems or parts thereof serving such unincorporated areas and other customers and users as the District may determine. The District may acquire a supply of water either within or without the county and either within or without the state. The District may itself own and operate water and sewer systems in unincorporated territory and may also sell and transport water to other systems, whether publicly or privately owned, and other users and consumers, provided the District shall not acquire, construct or own any water distribution system in any other area except as stated herein.

Section 5. Governing Body.

(1) The first commissioners of the District shall be the governing board of the water system for the Taylor Coastal area, known as Taylor Coastal Utilities, Inc., a Florida not-forprofit corporation as of the date of the adoption of the Ordinance. Such governing board shall exercise all powers and responsibilities authorized by this act.

(2) Commissioners of the District shall be owners of property within the District who are registered electors in some county in the State of Florida, at least five (5) of whom shall reside in Taylor County.

(a)The first District Commissioners shall consist of seven (7) members and shall be divided into two (2) groups. Group #1 shall consist of three (3) members who are the most recently elected members of the Board of Directors of Taylor Coastal Utilities, Inc., a Florida not for profit corporation. Group #1 shall serve until 2002 at which time they shall be elected for a term of

four (4) years. Group #2 shall consist of four (4) members who shall serve until the general election in 2004 at which time they shall be elected for a term of four (4) years.

(b) After their initial terms have expired, the candidates for commissioner in groups #1 and #2 shall qualify by petition and be elected by the property owners of the District, registered with the Supervisor of Elections of Taylor County, Florida.

(3) In the event of a vacancy due to any cause in the Board of Commissioners, the same shall be filled by appointment by a majority of the members of the Board of County Commissioners for the unexpired term. Moreover, during their expired terms, members of the special district governing body are subject to removal by the governing body of Taylor County, being the Board of County Commissioners of Taylor County.

(4) Each Commissioner, before he or she assumes office, shall be required to give the Governor a sufficient surety bond in the sum of \$2,000.00, the cost thereof being borne by the District, conditioned on the faithful performance of the duties of his or her office, said bond to be approved and filed in the same manner as is that of the Board of County Commissioners. The failure of any person to make and file this bond within ten (10) days after his or her election shall create a vacancy on said Board.

(5) Members of the Board of Commissioners may be entitled to compensation and reimbursement for traveling expenses incurred in the performance of their duties as provided by Chapter 153 and 112, Florida Statutes. Compensation of Board of Commissioners shall be by resolution. Reimbursement for travel expense shall be approved by a majority of the District Commissioners. The Board of Commissioners shall hold a regular monthly meeting, and special meetings as needed in an appropriate place within the District or in the Taylor County Courthouse. A quorum shall consist of four (4) commissioners at any meeting.

Section 6. Organization. As soon as practical and as provided by law, after the first District Commissioners have been appointed or elected and have qualified, they shall meet and organize by election from among their number a chairman, vice chairman, a secretary and a

treasurer, who shall serve a term of one (1) year, and be elected annually thereafter. The secretary need not be a commissioner. The members of the Board shall serve four (4) year terms. Board members may be reimbursed for expenses incurred incident to the legitimate transaction of business of the district as authorized by section 112.061, Florida statutes, and only when such expenses are approved by a majority of the board members at a regular or special meeting.

Section 7. Funds. No funds of the District shall be used for any purpose other than the administration of the affairs and business of the District, the construction, care, maintenance, upkeep, operation and repair of sewers and sewer and water systems in the district, as the Board may determine to be for the best interest of the District and inhabitants thereof. All disbursements of the funds of the District shall be made pursuant to warrants or checks signed any one (1) of the chairman, vice-chairman, or treasurer and counter-singed by another Board member or the office secretary.

Section 8. Powers of Board. The Board of Commissioners of the Taylor Coastal Water and Sewer District, in addition to and supplementing other powers granted by law, is authorized and empowered:

1) To acquire in the name of the District, either by purchase or the exercise of the right of eminent domain, or to construct and to reconstruct, improve, extend, enlarge, equip, repair, maintain and operate waterworks or sewerage facilities, either within or without the territorial limits of the District.

(2) To issue revenue bonds or assessment bonds of the District payable from the water rates or sewer service charges or other revenues of the District.

(3) To fix and collect rates and charges for water furnished by any waterworks facilities and to fix and collect charges for making connections with any waterworks facilities.

(4) To fix and collect sewer service charges for the services furnished by any sewerage facilities and to fix and collect charges for making connections with any sewerage facilities.

(5) To acquire in the name of the District, either by purchase or the exercise of the right of eminent domain, such lands and rights of way and rights and interests therein, including lands under water and riparian rights, and to acquire such personal property as it may deem necessary in connection with the construction or operation of waterworks or sewerage facilities, and to hold and dispose of all real and personal property under its control.

(6) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including a trust agreement or trust agreements securing any bonds issued hereunder, and to employ such consulting and other engineers, superintendents, managers, construction and accounting experts and attorneys, and such employees and agents as may, in the judgment of the Board, be deemed necessary and to fix their compensation; provided, however, that all such expenses shall be payable solely from funds made available under the provisions of this act.

(7) To exercise jurisdiction, control and supervision over any waterworks facilities and any sewerage facilities owned, operated or maintained by it and to make and enforce such rules and regulations for the maintenance and operation of any such facilities as may in its judgment be necessary or desirable sewer and water service charges for the services furnished by any sewerage or water facilities, and charge and collect the same. Any such rates and charges shall be so fixed and revised as to provide funds, with other funds available for such purpose, sufficient at all times:

(a) To pay the cost of maintaining, repairing and operating the waterworks or sewerage facilities of the District and to provide reserves therefor and for replacements and depreciation and necessary extensions and enlargements.

(b) To pay the principal of and the interest on all outstanding bonds for the payment of which such rates and charges are pledged as the same shall be come due and provide reserves therefor.

7

(c) To provide a margin of safety for making such payments and providing

such reserves. Such rates and charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the state or any political subdivision of the state. Such rates and charges shall be just and equitable and the sewer service charges shall be just and equitable and the sewer service charges may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewerage facilities or upon the number of persons residing or working in or otherwise connected with such premises or upon the type of character of such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors. In cases where the character or sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewerage facilities, an additional charge may be made therefor, or the Board may, if it deems advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in a manner as shall be specified by the Board before discharging the sewage into any sewer lines owned or maintained by the District.

(d) No rates, fees or charges shall be fixed under the foregoing provisions of this section until after a public hearing at which all of the users of the proposed sewer system or water system, or both, or owners, tenants or occupants served or to be served thereby and all others interested shall have an opportunity to be heard concerning the proposed rates, fees and charges. Notice of such public hearing setting forth the proposed schedule or schedules of rates, fees and charges shall be given by one (1) publication in a newspaper published in the county and circulating in the district at least ten (10) days before the date fixed for such notice for the hearing, which may be adjourned from time to time. If there be no such newspaper published in the county and circulating in the District, the notice of such rate hearing shall be posted as provided for in Section 153.56, Florida Statutes. After such hearing, such schedule or schedules, either as initially adopted or as modified or amended, say be finally adopted.

Section 9. Collection of Rates and charges. The Board of Commissioners

may provide in the resolution authorizing the issuance of bonds under this act or in any trust agreement securing such bonds that any sewer service shall be included in bills rendered for water used on the premises and that if any water rates or sewer service charges shall not be paid within thirty (30) days from the rendition of any such bills, the District may discontinue furnishing water to such premises and may disconnect the same from the waterworks facilities. Moreover, the Board may establish a late fee by resolution. Any such resolution or trust agreement may include any or all of the following provisions, and may require the Board to adopt such resolutions or to take such other lawful action as shall be necessary to effectuate such provisions, and the Board is hereby authorized to adopt such resolutions and to take such other action:

(1) That the District may require the owner, tenant or occupant of each lot or parcel of land within the District who is obligated to pay water rates or sewer service charges to the District to make a reasonable deposit with the District in advance to insure the payment of such rates or charges and to be subject to application to the payment thereof, if and when delinquent.

(2) That if any water rates or sewer service charges payable to the District shall not be paid within thirty (30) days after the same shall be due and payable, the District may at the expiration of such thirty (30) day period disconnect the premises from the waterworks or sewerage facilities; and the District may proceed to recover the amount of any such delinquent rates or charges, with interest and late charges, in action of assumpsit in the small claims court or otherwise as provided by law.

(3) That if any sewer service charges for the use of any sewerage facilities by or in connection with any premises not served by any waterworks facilities of the District shall not be paid within thirty (30) days after the same shall become due and payable, the owner, tenant or occupant of such premises shall cease to dispose of sewage or industrial wastes originating from or on such premises by discharge thereof directly or indirectly into the sewerage facilities of the District until such sewer service charges, with interest, shall be paid; that if such owner, tenant or occupant shall not cease such disposal at the expiration of such thirty (30) day period it shall be the duty of

any public or private corporation, board, body or person supplying water to or selling water for use on such premises to cease supplying water to or selling water for use on such premises within five (5) days after receipt of notice of such delinquency from the District; and that if such corporation, board, body or person shall not, at the expiration of such five (5) day period cease supplying water to or selling water for use on such premises, then the District may, unless it has theretofore contracted to the contrary, shut off the supply of water to such premises.

Section 10. Connection with Sewer System. Upon the construction of sewerage facilities under the provisions of this act, the owner, tenant or occupant of each lot or parcel of land within the District which abuts upon a street or other public way containing a sanitary sewer as a part of such sewerage facility or a sanitary sewer served or which may be served by such sewerage facilities and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, connect with such building such sanitary sewer, and shall cease to use any other method for the disposal of sewage wastes or other polluting matter. All such connections shall be made in accordance with rules and regulations and may provide for a charge for making any such connection in such reasonable amount as the Board may fix and establish. This act being necessary for the welfare of the inhabitants of the District shall be liberally construed to effect the purpose thereof.

Section 11. Connection with Water System. Upon the acquisition or construction of water facilities under the provisions of this act, the owner, tenant or occupant of each lot or parcel of land within the District which abuts upon a street or other public way containing a water line as a part of such water facility served or which may be served by such water facility and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, connect with such building such water facility, and shall cease to use any other water for potable purposes and, further, prohibiting from allowing any of said water from a source other than the public water system from entering any potable water line or lines on said property or elsewhere. All such connections shall be made in accordance with rules and regulations and may

BODK 😨 2 PAGE 85

provide for a charge for making any such connection in such reasonable amount as the Board may fix and establish. This act being necessary for the welfare of the inhabitants of the District shall be liberally construed to effect the purpose thereof.

Section 12. Declaration of Policy. The undertakings enumerated in this act constitute a proper public purpose for the benefit and welfare of the owners and inhabitants of the District and it is hereby found and declared that in the construction, acquisition, improvement, maintenance, operation, extension and improvement of any or all of its systems, the District will be exercising a proper governmental function.

Section 13. The accounts and records of the District shall be post audited annually, at the expense of the District, by an independent certified public accountant.

Section 14. This ordinance shall take effect as provided by law and the Clerk is directed to send a certified copy to the Secretary of State of the State of Florida as provided by law. ORDAINED by the Board of County Commissioners in and for Taylor County, Florida, this durd day of QC+blue, , 2000.

ΤΑν	LOR COUNTY BOARD OF COMMISSIONERS
	County Commission Agenda Item
SUBJECT/TITLE:	Board to review and approve Hangar /Warehouse Space Lease Agreement with Florida Department of Agriculture and Consumer Services at Perry Foley Airport.
MEETING DATE RE	QUESTED: January 20, 2014
Statement of Issue:	Board to review and approve the Lease Agreement with Florida Department of Agriculture and Consumer Services for hangar/warehouse space at Perry-Foley Airport.
Recommended Act	ion: Board to approve Lease Agreement with the above referenced.
Budgeted Expense	: The County will be leasing the facility for \$1,959.61 for a total annual rent of \$23,515.35. This is an increase of \$1,959.61 over the current lease which is due to expire February 28, 2015.
Submitted By: Melo	ody Cox
Contact: Melody C	οχ
<u>s</u>	SUPPLEMENTAL MATERIAL / ISSUE ANALYSIS
History, Facts & Iss	Sues: The Florida Division of Agriculture and Consumer Services has leased this space for more than 12 years from the County. The new lease is for a three year period due to expire February 28, 2018. The current lease is for \$1,800 a month (\$1.75 per square ft.). When working with Agriculture and Consumer Services staff on renewing the lease, an increase to \$1.85 per square foot was proposed and accepted. The Division of Agriculture and Consumer Services also leases a t-hangar space at the Airport for Florida Forestry aircraft.

	•			\$0.00	\$0.00
	-			\$0.00	\$0.00

5. Utilities

- A. The Lessor , Lessee , see Addendum _____ will promptly pay all billed utilities including gas, water, sewer, solid waste, storm water, and other power and electric light rates or charges which may become payable during the term of this Lease .
- B. For the facilities in which the Lessee occupies a metered, aggregate area of 5,000 net square feet or more, Lessor agrees to provide Lessee timely and accurate data on Lessee's monthly consumption or use of electricity, natural gas, LP gas and/or fuel oil, as ppropriate, pursuant to Section 255.257, Florida Statutes.

6. Facility Services

- A. The Lessor or Lessee vill furnish daily janitorial services and required janitorial supplies. Janitorial services will include provision of recycling trash disposal for the Premises at the expense of the Lessor or Lessee v.
- B. Lessor shall provide for interior and exterior maintenance and repairs in accordance with generally accepted good practices. This includes repainting, replacement of worn or damaged floor covering and repairs or replacement of interior equipment as needed due to normal use. Lessor shall maintain the exterior of the leased facility so to conform to all applicable health and safety laws, ordinances and codes, which are presently in effect or may be enacted during the term of this Lease and any renewal periods.
- C. The **Lessor** or **Lessee** diagrees to furnish pest control services for the leased Premises during the term of the Lease at the expense of the **Lessor** or **Lessee**.
- D. Lessor agrees to install light fixtures for use by Lessee. The Lessor \Box or Lessee \checkmark shall be responsible for replacement of all bulbs, lamps, tubes, and starters used in such fixtures.
- E. All services required above shall be provided during Lessee's normal working hours, which are deemed 7:30 a.m. to 5:30 p.m., Monday through Friday excluding state holidays, unless otherwise stipulated below:

Lessor Initial:	Page	3 of 9
	Form	4054
Lessee Initial:	Rev. Date	4/14

F. During the term of this Lease, Lessee shall maintain the interior of the Premises in as good a state of repair as it is at the time of the commencement of this Lease. Notwithstanding this obligation, reasonable wear and tear and unavoidable casualties are permissible.

Day	From	То

7. Accessibility and Alterations

A. Lessor agrees that the leased Premises meets at the time of occupancy, or will conform, or will be brought into conformance within 180 days of lease execution, the requirements of the 2012 Florida Accessibility Code for Building Construction ("FACBC"), Americans With Disabilities Accessibility Implementation Act, Section 553.501 - 553.514, Florida Statutes. The Code of Federal Regulations, Department of Justice, Title 28, Part 25 and Part 36, and the Department of Transportation Title 49, Part 37 and the requirements of Florida Building codes have all been incorporated within the FACBC.

Notwithstanding anything else contained in this lease, Landlord at Landlord's expense, shall be responsible for and agrees to comply with all obligations under the ADA which imposes any duty upon landlord or tenant with respect to the use, occupancy or alteration of the leased premises, building or project.

If a claim or action is brought due to the allegations of failure to comply with the ADA, Landlord agrees to indemnify, defend, and hold Tenant harmless from any cost or expense, including attorney's fees, from being named in the claim or action.

B. The Florida Building Codes includes and requires the following subparts, which are applicable to occupied or public use leases:

Chapter 1, Section 101.1. all new and altered public buildings and facilities, private buildings and facilities, places of public accommodation and commercial facilities subject to this code shall comply with this code.

Chapter 1, Section 101.3 this code established standards for accessibility to place of public accommodation and commercial facilities by individuals with disabilities. This code shall also apply to state and local government (owned and leased) facilities pursuant to Section 553.503, Florida Statutes. It is to be applied during the design, construction and during any alteration to such buildings and facilities as required by the code.

C. Lessor agrees that Lessee shall have the right to make any minor alterations in and to the Premises during the term of this Lease upon first having obtained written consent of Lessor. Lessor shall not unreasonably withhold the consent to any such alterations.

Lessor Initial:	Page	4 of 9
	Form	4054
Lessee Initial:	Rev. Date	4/14

8. Applicable Laws

Due to the size and/or configuration of the space leased, the following laws apply:

- A. Section 255.25(3) (e), Florida Statutes relating to tenant improvement costs for which Lessor may be eligible for reimbursement. As applicable, Lessor and Lessee agree that the sum of _______ has been spent by the Lessor for improvements to the Premises and the Lessor does ______ or does not ______ intend to seek reimbursement for these improvements.
- B. Section 252.385(4) (b), Florida Statutes relating to the use of the Premises as a public hurricane evacuation shelter. As applicable, the facility in which the Premises exist may be required to serve as a public hurricane evacuation shelter at the request of local emergency management agencies. It is hereby agreed and understood that in the event the Premises is selected for use as an emergency shelter Lessor, upon receiving notice from the Emergency Management Center, shall make the building available as a public hurricane evacuation shelter.

9. Heating and Air Conditioning

Lessor agrees to furnish to Lessee heating and air conditioning equipment and maintain same in satisfactory operating condition at all times for the Premises during the term of the Lease at the expense of Lessor. Lessor agrees that thermostats in the Premises will be set to maintain an average zone temperature of 75 degrees Fahrenheit during the heating and cooling seasons.

10. Compliance with Fire Safety Standards

- A. Lessor shall provide for fire protection during the term of this Lease in accordance with the fire safety standards of the State Fire Marshal. Lessor shall be responsible for maintenance and repair of all fire protection equipment necessary to conform to the requirements of the State Fire Marshal. Lessor agrees that the Premises shall be available for inspection by the State Fire Marshal, prior to occupancy by Lessee, and at any reasonable time thereafter.
- B. To assure Lessee of facility compliance with Florida's Fire Safety Standards, Lessor agrees to provide Lessee with written Fire Safety Inspection prior to the approval of this Lease. Fire Safety Inspection is to be conducted by State Fire Marshal or local fire officials.
- C. In the event that the entirety or majority of the Premises is destroyed by fire, lightning, storm or other casualty, Lessor may repair the damage to Premises at its own cost and expense. Rental payments shall cease until the completion of repairs. Lessor will immediately refund the pro rata part of any rentals paid in advance by Lessee prior to the destruction. Should the Premises be only partly destroyed, leaving the major part in usable condition, then the rental shall abate on the damaged portion until the Premises is restored by Lessor. Upon the completion of such repairs, the full rental shall commence and the Lease shall then continue the balance of the term.
- D. Lessor certifies that no asbestos was used in the construction of the demised Premises or that if asbestos was used, actions have been completed to correct the hazards caused by the use of asbestos.
- E. RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over a period of time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department. Section 404.056(5), Florida Statutes. Lessor certifies that if any radon is present, it is at a measurement level less than 4 PCI/L.

11. Injury or Damage to Property

All property of any kind that may be on the Premises during the term of this Lease shall be at the sole risk of Lessee, and except for any negligence of Lessor, Lessor shall not be liable to Lessee for loss or damage to the property.

Lessor Initial:	Page	5 of 9
	Form	4054
Lessee Initial:	Rev. Date	4/14

12. Expiration of Term

At the expiration of the term, Lessee will peaceably yield up to Lessor the Premises in good and tenantable repair. Lessor and Lessee agree that Lessee shall have the right to remove from the Premises all personal property of Lessee including all fixtures, machinery, equipment, appurtenances and appliances placed or installed on the Premises by Lessee provided that Lessee agrees to restore the Premises to as good a state of repair as found prior to the removal.

13. Right to Inspect

Lessor, at all reasonable times, may enter into and upon the Premises for the purpose of viewing the same and for the purpose of making any such repairs as Lessor is required to make under the terms of this Lease .

14. Taxes and Insurance

Lessor shall pay all real estate taxes and fire insurance premiums on the Premises. Lessor shall not be liable to carry fire insurance on the person or property of Lessee or any other person or property that may occupy the Premises now or later.

15. Subletting and Assignment

Lessee, upon obtaining written consent of Lessor, shall have the right to sublet all or any part of the Premises or to assign all or any part of the Premises. Lessor shall not capriciously withhold written consent.

16. Wavier of Defaults

No waiver by Lessee of any breach of this Lease by Lessor shall be construed as a waiver of any subsequent breach of any duty or covenant imposed by this Lease.

17. Rental Commencement

Notwithstanding the provisions of Article 2 "Term" and Article 4 "Rent" of this Lease, term shall not commence until date of completion of the renovations of the demised premises to Lessee's satisfaction and thereby made ready for occupancy by lessee. At the time of occupancy, the rent for any fractional part of the first month of occupancy shall be prorated.

18. Availability of Funds

Pursuant to Section 255.2502, Florida Statutes, Lessor acknowledges that the State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.

19. Breach of Covenant

- A. If Lessee neglects or fails to perform or observe any covenant herein, and such default continues for a period of thirty (30) days after receipt of written notice thereof from Lessor, then Lessor may lawfully, immediately, or at any time thereafter, and without further notice or demand, enter into and upon the Premises, and reposses the same as of their former estate and expel Lessee and remove its effects forcefully, if necessary.
- B. This action by the Lessor shall not be deemed as any manner of trespassing. Any remedy which might otherwise be used by the Lessor for arrears of rent or for any breach of Lessee's covenants is not waived by such action.

20. Not Consent to Sue

No provisions, terms, or conditions of this Lease shall be construed as consent of the State of Florida to be sued because of said leasehold.

21. Right to Terminate

Lessee shall have the right to terminate this Lease without penalty in the event a State-owned building becomes available to Lessee for occupancy, and upon the giving six (6) months advance written notice to Lessor by Certified Mail, Return Receipt Requested.

Lessor Initial:	Page	6 of 9
	Form	4054
Lessee Initial:	Rev. Date	4/14

22. Public Entity Crime Statement

Section 287.133, Florida Statutes places the following restrictions on the ability of persons convicted of public entity crimes to transact business with public entities, including the department:

A person, or affiliate, who has been placed on the convicted vendor list, following a conviction for a public entity crime, may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

23. Discrimination

Section 287.134 Florida Statutes places the following restrictions on the ability of persons on the discriminatory vendor list to transact business with public entities, including the department:

An entity who has been placed on the discriminatory vendor list may not submit a bid or proposal to provide goods or services to a public entity, may not submit a bid or proposal with a public entity for the construction or repair of a public building or public work, may not submit bids or proposals on leases of real property to a public entity, may not perform work as a contractor, supplier subcontractor or consultant under contract with any public entity and may not transact business with any public entity.

24. Use of Premises

Lessee will not make or suffer any unlawful, improper, or offensive use of the Premises or any use or occupancy thereof contrary to the laws of the State of Florida or to such ordinances of the city or county in which the Premises are located, now or hereinafter made, as may be applicable to Lessee.

25. Failure to Comply

- A. In the event that Lessor fails to comply with any term or provision of this Lease after written notice, Lessee reserves the option to:
 - i. setoff and deduct from the rental amount due Lessor under this Lease such sums as Lessee determines are required to remedy the default of Lessor; and/or
 - ii. fulfill Lessor's obligations under the terms of this Lease; whereby Lessor shall reimburse Lessee on demand for any reasonable expenses which Lessee may incur in thus effecting compliance with Lessor's obligation under this Lease. Should Lessee elect this option, Lessee shall use its best efforts to mitigate damages caused thereby; and/or
 - iii. terminate this Lease and vacate the Premises, but without prejudice to any remedy which might otherwise be used by Lessee for any breach of Lessor's covenants contained herein; and/or
 - iv. bring suit for damages against Lessor for any expense (including reasonable attorney's fees) Lessee may incur by Lessor's failure to comply with any term or provision of the Lease. However, Lessee shall not bring suit for damages incurred due to a delay in the Commencement Date of this Lease if any such delay is caused solely by any delay, default or omission of Lessee.
- B. Lessee is required to give Lessor written notice setting forth in reasonable detail the nature and extent of such failure and Lessor will be given thirty (30) days to cure such failure. If such failure cannot reasonably be completely cured within that thirty (30) day period, the length of such period shall be extended for the period reasonably required thereof, only if Lessor commences curing such failure within such thirty (30) day period and continues the curing thereof with reasonable diligence and continuity.
- C. Reason for setoff of amounts due under this Lease shall include, but are not limited to, remedying heating and air conditioning equipment and roofing deficiencies.
- D. Each occasion of setoff of rental amounts due under this Lease shall be contingent upon the prior approval of Lessee's legal counsel.

Lessor Initial:	Page	7 of 9
	Form	4054
Lessee Initial:	Rev. Date	4/14

26. Definition of Terms

- A. The terms "Lease," "Lease Agreement," or "Agreement" shall be inclusive of each other and shall also include any renewals, extensions or modifications of this Lease.
- B. The terms "Lessor" and "Lessee" shall include the successors and assigns for the parties hereto.
- C. The singular shall include the plural and the plural shall include the singular whenever the context so requires or permits.

27. Additional Terms

Α

- D. D. No additional covenants or conditions form a part of this Lease
- E. **I** All additional covenants or conditions appear on attached Addendum(s):

STATE OF FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

ADDENDUM: A

Article 9 – Heating and Air Conditioning

The leased facility is warehouse/hangar space and does not have heating and air-conditioning capabilities. Therefore, the Lessor and Lessee both agree, neither party will provide heating and air conditioning services at this location, and Article 9 of the lease agreement is amended to waive this requirement.

SUBJECT/TITLE:	THE BOARD TO CONSIDER ACCEPTING THE DEED FOR JACKSON ROAD WEST AS RECORDED IN THE OFFICIAL RECORD BOOKS OF TAYLOR COUNTY.
MEETING DATE RE	QUESTED: JANUARY 20, 2015
Statement of Issue:	On December 16, 2014, the Board agreed to accept the deed to Jackson Road West as the County had been maintaining the road. The Board was waiting for a properly executed deed with a correct legal description of the roadway. Michael Smith, attorney for the landowners, has now brought forward a deed which has been executed and recorded in the official records of Taylor County. He has also brought forward records indicating that no taxes are outstanding on the deeded property.
Recommended Act	ion: Accept the deed of Jackson Road West to Taylor County.

Dustin, I saw this sign today and took a pic (see attached). This is sort of what we had in mind.

If the County wants to maintain the cemetery and access road, then you could put up the Tuten Cemetery sign and a 2nd sign saying "County Maintained." If the county abandons the maintenance, then install a sign to read like this one on Paul Poppell Road, but add "and cemetery" after the word "road."

Thanks again, Don

Don Curtis, <u>President - The Forestry Company</u> <u>Lake Pleasant AgriTimber, Grace Lands, The "RC" Cattle Company</u> 502 West Green Street, Perry, FL 32347 850-584-8887 office, 850-223-3494 fax, 850-843-1100 cell <u>www.TheForestryCompany.com</u>

Subject: RE: Cemetery off of Preston Sheffield Road

Date: Mon, 12 Jan 2015 10:05:48 -0500

Dustin, over the weekend, I discussed your response with Ms. Lydia Andrews and my wife, Michele.

Here's what we suggest:

- 1. The County should replace the road sign reading "Andrews Cemetery" with a road sign reading "Tuten Cemetery."
- 2. Road & Cemetery Maintenance If the county wants to maintain these, then add a sign below the "Tuten Cemetery" road sign that reads "County Maintained." If the county wants to abandon the maintenance, then add a sign that reads "Not County Maintained." Either choice (the County wants to make) on the maintenance is fine by us. We just need to get these issues "out of limbo."

Just let me know how you want to proceed. Thanks, Don

Don Curtis, <u>President - The Forestry Company</u> <u>Lake Pleasant AgriTimber, Grace Lands, The "RC" Cattle Company</u> 502 West Green Street, Perry, FL 32347 850-584-8887 office, 850-223-3494 fax, 850-843-1100 cell <u>www.TheForestryCompany.com</u>

Subject: RE: Cemetery off of Preston Sheffield Road

Dustin, thank you so much for your courteous, succinct response to the 2 questions. It's refreshing when a public executive gets right to the point in such a professional manner.

As far as next steps, Ms. Lydia and Michele and I need to discuss your response and I'll get back to you within the next week.

If you wish, you can delay taking the matter to the commission for direction until Feb - just to be sure there aren't any other minor items needing clarification. I can't think of any -- but Ms. Lydia or Michele might have a question or two.

Thanks so much! Don

Don Curtis, <u>President - The Forestry Company</u> <u>Lake Pleasant AgriTimber, Grace Lands, The "RC" Cattle Company</u> 502 West Green Street, Perry, FL 32347 850-584-8887 office, 850-223-3494 fax, 850-843-1100 cell <u>www.TheForestryCompany.com</u>

Good Afternoon Mr. Curtis,

Please let me answer your second question first.

If the County has abandoned the maintenance, what then becomes the legal status of the underlying land and access road to it? I.E. who owns it?

The ownership status of the land and the access road has never changed. They remain as they have always been, privately owned. The county received authorization to maintain these private cemeteries as long as the cemeteries remained open to the public. Sometime ago the Board chose to codify this arrangement in the form of maintenance agreements. An agreement for this cemetery was never received so its maintenance, as provided by the County, ceased, but the access road remained on the County's road maintenance list. The County has not owned and has no intention to own Tuten Cemetery. Thus, in my opinion, the County has no stake in determining the cemetery's name.

Per Ms. Lydia's request, can the County's "Andrews Cemetery" sign be replaced by the County with a correct name?

In short, ABSOLUTELY. First, as I have noticed that it has not been said yet, please let me apologize for the mistake that was made in putting up the wrong sign in the first place. As this access road has been adopted on the Board's road maintenance list as "Andrews Cemetery Road" I will need Board approval to take action. As I outlined previously there are two options the Board could take. Option 1 would be to remove the access road from the Board's road maintenance list and Option 2 would be to hold a public hearing to rename the road. At the January 20 meeting I will ask for the Board's guidance on how they would like to resolve this issue.

Your email alludes to an interest to have the County maintain the cemetery again. All I need is this agreement signed by an authorized representative of the governing body of the cemetery.

You are correct that this is a mistake not made by the property owners or those who have an interest in the cemetery, but by the County and is the County's responsibility to correct. This is the process I have to follow to correct this problem.

Thanks!

Dustin Hinkel

ray@smithcurtis.com Subject: RE: Cemetery - 1 more question

Dustin, thanks.

What started out as a request for getting the cemetery name corrected (from the county misnaming it on a road sign years ago), and asking about the cemetery maintenance reminds me of the expression "it's complicated". :) I've learned there's defunct committees and policies I never knew about.

Going forward, I would like to focus on 2 very narrow questions:

- 1. Per Ms. Lydia's request, can the County's "Andrews Cemetery" sign be replaced by the County with a correct name? This morning I found my old Buckeye Cellulose Map Book updated in 1980/81 (which pre-dates your GIS system). It shows this cemetery as the Tuten Cemetery. I've attached 2 copies of the old maps. The photocopying, enlarging, and scanning makes the attachments a little hard to read. But we've put the original on our map table with magnification, and it reads "Tuten Cm," which is what I've known it by for many years. Ms. Lydia's research found it to be called the Station Field Cemetery in a 1940 publication called the "Taylor County Cemetery Book" by Jesse Paulk.
- 2. Cemetery Maintenance by the County *If the County has abandoned the maintenance, what then becomes the legal status of the underlying land and access road to it? I.E. who owns it?*

Just a couple of points on question #2. Michele and I have owned the land surrounding the cemetery for 30 years, and bought the land containing the entrance road 10 years ago. The county refused to fence the cemetery 30 years ago so we did at our own expense, as we did not wish for horses or cattle to disturb any graves. We've never discouraged anyone from paying their respects or burying their kin - they are welcome. There's only been one new burial during our 30 years of ownership. We wish for the site to continue to be open to the public if the county will maintain it. Our only request is that people open and close the unlocked cattle gate (so livestock doesn't escape) whenever they visit the cemetery.

Additionally, since Conrad is now being CC'd, I've attached the Oct 25, 2014, letter from Ms. Lydia, Michele and me so he can read our original correspondence on these matters.

I have no intention of appearing before the commission with "requests", as the incorrect naming appears to the county's responsibility to fix, and the abandonment of cemetery maintenance is a county policy which you should address - not us.

Please let me know your answers to these 2 questions. Thanks, Don

You are mostly correct. The sign on Preston Sheffield Road is a road sign and although the cemetery was taken off our maintenance list the road the road that is in our GIS system as "Andrews Cemetery Road" was not taken off our road maintenance list. What needs to happen is that this road issue needs to be brought before the Board. The Board can decide to remove the road from its maintenance list and the sign comes down or approve a request to change the name of the road and the sign changes.

Thanks!

Pam, If county policy dictates not maintaining the cemetery, does the correct naming become a moot point? In essence, will county policy allow you to take down the sign if you've chosen to abandon cemetery maintenance? Don

I hope you had a great holiday season and that you are doing well. There has been a lot of back and forth on the cemetery issue and I am sending you a copy of all correspondance related to it to keep you in the loop. I am committed to doing whatever I can to help you all resolve this issue to your liking and also staying within

the law and county policy. I will continue to send you copies of all correspondance. Please do not hesitate to call on me.

With Kind Regards, Pam Feagle

Mrs. Pam Feagle Taylor County Commissioner 405 Bishop Blvd. Perry, FL 32347

RE: Tuten Cemetery

Dear Pam,

Several years ago the road department placed a sign called Andrews Cemetery Road along the Preston Sheffield Road. We're not sure why they wanted to rename the cemetery, but we're asking for this to be corrected.

Historically, according to the Taylor County Cemetery Book by Jesse Paulk, this cemetery in 1940 was called the Station Field Cemetery. This probably dates back to its pre-civil war or civil war use. But older Taylor County Maps call it the Tuten Cemetery. Buried in it are the following family members:

- Carters
- Slaughters
- Tutens
- 7 wooden markers (old lighter wood with not names) have existed in the past, and these graves are believed to be Civil War soldiers. However, the graves could be pre-civil war as artifacts uncovered nearby indicate the military used this area when Florida was a territory.

This is also important – the Andrews do not bury their dead here – they use the Lake Bird Cemetery.

The oldest marked grave is Samuel B. Slaughter: 1856-1882. James Tuten is a civil war veteran buried there in 1890. His date-of-birth is unknown.

So our requests are two-fold:

1. Replace the road sign with "Tuten Cemetery Road."

2. The county has appeared to quit maintaining the cemetery. Our understanding is that cemeteries in FL are public property. Therefore please resume the maintenance to respect the dead.

Thank you for your time and attention to this matter.

Respectfully yours,

Lydia Andrews, 108 East Pace Drive, Perry, FL, 32347

Don & Michele Curtis, 5135 Preston Sheffield Road, Perry, Florida 32347
