This item was tabled at the Village Board meeting held on July 17, 2018. RESOLUTION 2018-R-066 MODIFYING THE CURRENT CRITERIA TO OBTAIN PARTIAL FUNDING FROM THE VILLAGE TO ASSIST WITH RESIDENTIAL DRAINAGE IMPROVEMENTS. The current Village criteria to obtain Village funding assistance in addressing residential drainage issues was last updated in July 2015. It currently requires the completion of a complaint form describing the drainage/flood area, problems that are caused, what
has been done to alleviate the problems in the past, etc. as well as confirmation that the drainage problem(s) meet all eight (8) of the Village’s current criteria for funding assistance. The proposed modifications allow residents to obtain additional funding and allow for assistance to a single individual lot, however all funded improvements must still be located in an easement or right of way and the project coordination is the responsibility of the resident. The funding assistance for these improvements will be based on the availability of funds allocated in the Village Budget each year. This Resolution was discussed at the Public Works Committee Meeting on August 14, 2018, and recommended for approval. This engineering agreement is an essential part of the construction planning to better understand the costs associated with this infrastructure relocation. The overhead lines will be relocated and buried in order to accommodate the developments currently being discussed. As part of this agreement, the Village is required to pay Commonwealth Edison a $50,000 non-refundable deposit for each section of development (North St. & South St.) to initiate the design engineering. The total $100,000 payment will be credited toward the final construction costs at the time the Village authorizes construction to begin. After engineering is completed, the electric relocation/burial costs, will be part of a separate construction contract. This agreement does not obligate the Village to the burial expense and is limited to engineering only. This item was discussed at the Public Works Committee meeting held August 14, 2018, and recommended for approval. Consider authorizing the Village to sign Agreement Letters with Commonwealth Edison for the Overhead Facility Relocation at North and South Streets and the respective areas for the downtown development projects. This Ordinance amends the Tinley Park Municipal Code to increase the hotel accommodations tax rate by 1% (from 6% to 7%). This rate change will become effective on January 1, 2019. The hotel tax rate was last changed in 2011. This 1% increase has been primarily earmarked to support the Village’s obligations under the Management Contract for the Tinley Park Convention Center. Village staff has performed a comprehensive review of hotel tax rates charged throughout the State of Illinois and finds that the resulting overall hotel tax rate (inclusive of hotel taxes assessed by Cook County and the State of Illinois) is near the statistical median of rates charged statewide. The local tax rate remains competitive in the marketplace, and particularly within the circle of communities with similar convention and exhibition facilities.
