All citizens are encouraged to do their share to provide a safe place in which to live and work by eliminating those fire hazards which cause the loss of life, property and resources. Motion was made by Trustee Glotz, seconded by Trustee Younker, to adopt and place on file ORDINANCE NUMBER 2018-O-053 GRANTING VARIATIONS FOR SIP WINE BAR TO ALLOW THE CONSTRUCTION OF A TWO (2) STORY BUILDING ADDITION AND SITE IMPROVEMENTS AT 17424 OAK PARK AVENUE. The Petitioner, Neal Hummitsch of SIP Wine Bar, is seeking Variations from the Legacy Code, as listed in the August 16, 2018 Staff Report and the Ordinance, to permit the construction of a two (2) story building addition and site improvements on the property at 17424 Oak Park Avenue in the DC (Downtown Core) Zoning District. These Variations will allow the Petitioner to construct a building addition that will match the existing non-conforming and historic Dini Home. While there are several Variations required to bring this project into conformance, the intent of the Petitioner is to retain the historic and residential character of the property. The Variations will allow the petitioner to construct an addition that will include commercial space to operate SIP Wine Bar and a second-floor 1,100 square foot apartment. The exterior building materials will match the existing siding in style and color and will be verified prior to construction. The Plan Commission held a Public Hearing on August 16, 2018 and voted 5-0 to recommend the Variations in accordance with plans as listed in the “Listed Reviewed Plans” and Findings of Fact in the August 16, 2018 Staff Report. President Vandenberg stated that this item was in its final adoption stage and asked if anyone cared to address the Board. No one came forward. Per the Legacy Code (Section XII.2.A.11.d.) an alley is required to be dedicated along the rear of the property upon change of ownership. Until such time that the remainder of the block can provide for full improvement of an alley system, the Village requires a Plat of Easement instead of a dedication. The Plan Commission approved the Plat of Easement as part of the Site Plan approval with a vote of 5-0 at their August 16, 2018 meeting. The property owners, John & Margaret Osudar, have requested an 18 foot (18’) rear yard setback Variation from Section V.B. Schedule II of the Zoning Code, to permit a rear yard setback of 12 feet (12’) where the minimum rear yard setback is 30 feet (30’) to construct a 240 square foot addition with an exterior comprised of glass and wood, instead of the required brick, at 16661 Cherry Hill Avenue in the R-4 PD (Single-Family Residential, Cherry Hill Farms PUD) zoning district.

The Zoning Board of Appeals held a Public Hearing on August 23, 2018 and voted unanimously 0-4 to deny the requested Variation in accordance with the “List of Reviewed Plans” and the Findings of Fact as indicated in the August 23, 2018 Staff Report.
