**Item #1 PUBLIC HEARING: CTF ILLINIOS, 6800-6820 CENTENNIAL DR –
SPECIAL USE FOR SUBSTANTIAL DEVIATION FROM PUD**

Consider recommending that the Village Board grant a Special Use for a substantial deviation from the Brentowne Mall Planned Unit Development at 6800-6820 Centennial Drive in the B-2 PD (Community Shopping, Brentowne Mall PUD) zoning district to permit exterior storage of buses exceeding 8,000 lbs. in the front yard.

A Motion was made by COMMISSIONER ENGEL, seconded by COMMISSIONER GATTO, to open the Public Hearing for CTF, Illinois at 6800-6820 Centennial Drive. The Motion was approved by voice call. ACTING CHAIRMAN STANTON declared the Motion approved.

ACTING CHAIRMAN STANTON noted that Village Staff provided confirmation that appropriate notice regarding the Public Hearing was published in the local newspaper in accordance with State law and Village requirements.

ACTING CHAIRMAN STANTON requested anyone present in the audience, who wished to give testimony, comment, engage in cross-examination or ask questions during the Hearing stand and be sworn in.

Kimberly Clarke, Planning Manager gave a presentation as noted in the Staff Report. CTF is a not-for-profit organization that helps to assist people with developmental disabilities and their families. They provide educational training, vocational and other opportunities that allow people with developmental disabilities to grow and become more independent. CTF currently operates many programs at 6775 Prosperi Drive in Tinley Park and will be relocating some of its programs to this new location. The organizations' use is permitted as a Vocational Education Facility. However, to assist in its mission, they often use vans and 12-15 person buses to transport students. These buses and vans are typically kept on-site so that staff does not need to retrieve them from off-site locations.

Open storage is prohibited in all Business Districts including the storage of vehicles over 8,000 lbs. the CTF buses exceed this weight limit. In addition, open storage is not permitted in front or corner side yards. As part of a Planned Unit Development there are opportunities for more flexibility when considering exceptions to the code; the request has been reviewed by staff in the context of the approved PUD.

CTF Illinois is looking to purchase the buildings at 6800-6820 Centennial Drive. The site includes two buildings that total a little over 20,000 square feet, CTF currently operates at a 40,000 square foot space at 6775 Prosperi Drive and also operates The Painted Turtle art studio at 17459 Oak Park Avenue in downtown Tinley Park. CTF will not be relocating the entire capacity of its Prosperi Drive location to this site. Some of the program's capabilities will be relocated to nearby locations in Orland Park and Homewood.

Ms. Clarke displayed a photo of the proposed location which has traditionally been utilized as office space for medical and service uses. The subject site consists of two buildings on two (2) separate lots approved in 1989 and constructed in 1990 for Prudential Insurance. The site was most recently owned and primarily utilized by Mack Companies.

The subject parcels are zoned B-2 PD (Community Shopping, Brementowne Mall PUD). One (1) of the parcels appears not to be located in the PUD but this is an error on the Zoning Layer and both parcels are located in the Brementowne PUD. The properties to the north (KinderCare) and west (Medical Office) are located in the same B-2 PD (Community Shopping, Brementowne Mall PUD). To the south is Brementowne Manor which is an assisted living development zoned R7 PD (Medium-density residential, Brementowne Manor PUD). To the east is Bremen Woods which is unincorporated land owned by Cook County Forest Preserve District.

The use of the site as a Vocational Educational Facility is a permitted use. However, open exterior storage of a business' vehicle over 8,000 lbs. is prohibited in all business zoning districts. They are permitted in the M-1 (Manufacturing) and MU-1 (Duval Drive Mixed-Use Overlay) zoning districts and with a special use permit in the ORI (Office and Restricted Industrial). The Brementowne Mall PUD allows for some flexibility in regard to these open storage requirements due to the unique design and location of the site and the unique characteristics of the proposed organization. Additionally, it is important to note that the vehicle storage is accessory to the principal and permitted use as a vocational educational facility. Vehicle storage is not required to operate the principal use and is only to help assist in the organizational mission. The proposed Substantial Deviation will permit up to eight (8) vehicles to be stored on-site in the front yard. Being a corner lot they are considered to have two (2) front yards. These vehicles include four (4) vans, three (3) 12-person buses, and one (1) 15-person bus. Only the buses exceed the weight limitation and must receive approval. Ms. Clarke displayed photos of the buses and vans that will be used. There will be no signage on any of the vehicles.

Ms. Clarke displayed a photo of the site plan and landscape. In the workshop, there were options presented as to where the buses and vans could be parked on the site. Option 2, on the south side of the site was the preferred location as it would provide for the buses being as far away from Oak Park Avenue as possible and there is existing vegetation that would screen the buses.

At the workshop, the Plan Commission discussed potential adjacent property concerns and visual appearances. The property is on a corner lot and only has parking in the front yards with no ability to place the vehicles in the rear or side yards. The Commission agreed the best location for the bus storage is to park them in the southwest corner of the property up against the building. The parking spaces will be restriped to accommodate the bus width and will be signed to prevent visitor or employees from parking at those locations. The vans can be parked closer to the street near the buses. These vans do comply with the weight limit and could be moved if there are any visual concerns with them in the future. CTF Illinois will occupy most of the property, with two existing tenants remaining in the building until their leases expire. The approved landscaping buffer will be inspected in the spring and required to be restored if anything is lacking.

Ms. Clarke displayed photos of the east, west, and north surrounding views of the parking lot showing the different site lines of the proposed area where the buses and vans will be parked.

The Petitioner has clarified they are expecting approximately 30 staff member at this location, the maximum would not exceed 40 staff members. Students do not transport themselves and are typically dropped off or transported to the site with the buses and vans. This location is expected to have adequate parking to serve their needs. They will have enough parking for employees, vehicle storage and visitors. The number of visitors are fairly limited in regards to numbers and frequency. The hours of operation were discussed at the workshop. The buses and vans will leave the site by 3:00 – 4:00 in the afternoon. There is a need to store the vehicles on-site.

No signage has been proposed by the Petitioner yet. Signage will comply with the current zoning code requirements and will be reviewed during permitting. The buses and vans will be plain white and will not have any signage, identification or graphics located on them.

ACTING CHAIRMAN STANTON asked the Commissioners if there were questions or comments.

ACTING CHAIRMAN STANTON asked for comments from the public.

Resident Ms. Ubaldo noted she lives 200 feet from the location of the site. She asked why the buses cannot be parked closer to Oak Park Avenue where she would not be able to see them from her residence. If that is not possible, would it be possible to plant some taller trees to shield the area where the buses will be parked? The current bushes around this area a small and would not screen the area.

Ms. Clarke asked the Petitioner if she would be open to adding more landscaping to the area to screen the buses. Ms. Ambrosino replied, she would consider it, but there may be an issue with the Orthopedic Office Sign in the area and the landscaping could block it.

ACTING CHAIRMAN STANTON asked for a Motion to Close the Public Hearing

A Motion was made by COMMISSIONER ENGEL, seconded by COMMISSIONER GATTO to close the Public Hearing on CTF, Illinois, 6800-6820 Centennial Drive. The Motion was approved by voice call. ACTING CHAIRMAN STANTON declared the Motion approved.

ACTING CHAIRMAN STANTON asked Ms. Clarke to present the Standards for Special Use.

Ms. Clarke presented the Standards for a Special Use as follows:

X.J.5. Standards: No Special Use shall be recommended by the Plan Commission unless said Commission shall find:

- a. That the establishment, maintenance, or operation of the Special Use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare;
 - a. *The Substantial Deviation for open storage of buses and vans used by the Vocational Educational Facility will not be detrimental to the health and welfare of the public.*
- b. That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
 - a. *The Substantial Deviation for open storage of buses exceeding 8,000 lbs. used by the Vocational Educational Facility will not affect surrounding properties or their values.*
- c. That the establishment of the Special Use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
 - a. *The buildings and site are existing. The storage of small buses and vans on the facility will not affect surrounding property development.*

- d. That adequate utilities, access roads, drainage, and/or other necessary facilities have been or are being provided;
 - a. *The buildings and site are existing and already connected to adequate existing utilities, roads, and drainage systems.*
- e. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and
 - a. *The facility is existing and has an adequate existing site layout and access to minimize traffic congestion on public streets. All loading and unloading of students will take place on private property.*
- f. That the Special Use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the Village Board pursuant to the recommendation of the Plan Commission. The Village Board shall impose such conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to ensure compliance with the above standards, to reduce or minimize the effect of such permit upon other properties in the neighborhood, and to better carry out the general intent of this Ordinance. Failure to comply with such conditions or restrictions shall constitute a violation of this Ordinance.
 - a. *The use of the facility as a Vocational Educational Facility is a permitted use and the business will otherwise comply with all Village regulations.*
- g. The extent to which the Special Use contributes directly or indirectly to the economic development of the community as a whole.
 - a. *The Facility will utilize the entirety of an office center that has been largely vacant over the last few years. The service provided by the organization is needed and beneficial to the community.*

ACTING CHAIRMAN STANTON asked for a Motion.

A Motion was made by COMMISSIONER GATTO, seconded by COMMISSIONER ENGEL to recommend that the Village Board grant the Petitioner, CTF Illinois, a Special Use Permit for a Substantial Deviation from the Bremetowne Mall Planned Unit Development (PUD) to allow for open storage of vehicles and buses in the front yard at the properties located at 6800 – 6820 Centennial Drive in the B-2 PD (Community Shopping, Bremetowne Mall PUD) zoning district and adopt the Findings of Fact proposed by Village Staff and the Plan Commission at this meeting, subject to the following condition:

1. The storage of the proposed four buses be located at the southwest corner of the site up against the building, as depicted in the attached site plan identified as Option 2.”
2. The Petitioner will consider taller trees or higher bushes to block the buses on the west side of the building.

AYES: VICK, ENGEL, GATTO, ACTING CHAIRMAN STANTON

RECUSED: AITCHISON has recused herself based on the fact that she has a relationship with CTF employees.

Item #2 PUBLIC HEARING: ANYTIME FITNESS, 17823 80TH AVE. – SPECIAL USE

Consider recommending that the Village Board grant the Petitioner, Derek Tucker of Anytime Fitness a Special Use for an Indoor Recreation use (fitness/health center) greater than 3,500 square feet in size at 17823 80th Avenue in the B-1 (Neighborhood Shopping) zoning district.

Present were the following:

Plan Commissioners: Tim Stanton, Acting Chairman
Angela Gatto
Lucas Engel
MaryAnn Aitchison – Arrived at 7:15
Stephen Vick

Absent Plan Commissioner(s): Garrett Gray
Eduardo Mani
Ken Shaw, Chairman
Chuck Augustyniak

Village Officials and Staff: Kimberly Clarke, Planning Manager
Barbara Bennett, Commission Secretary

Guests: Derek Tucker

Kimberly Clarke, Planning Manager gave a presentation as noted in the Staff Report. The Petitioner, Derek Tucker of Anytime Fitness seeking a Special Use Permit for a Fitness Center (Commercial Indoor Recreation) location that is greater than 3,500 square feet in floor space. The location is 17823 80th Avenue in The Junction of 80th Avenue Shopping Center in the B-1 (Neighborhood Shopping) Zoning District. The proposed Special Use Permit will allow the previous Sanfrantello's Pizza & Banquet space to be converted to a fitness and health club.

Anytime Fitness is a chain of fitness centers that focus on availability to members 24-hours a day, 365 days a year. Currently, there are over 2,700 Anytime Fitness locations in the United States and Canada while there are over 4,200 locations worldwide including nearby locations in Oak Forest, Frankfort, and Orland Park. This location will be approximately 6,000 square feet in size. There will be various workout equipment and additional services such as group classes, personal training, tanning, and hydro-massage. The center is open 24 hours a day for members with key card access. There are many safety and security measures Anytime Fitness puts in place in all locations to make sure members feel safe at all times including emergency panic buttons and security cameras,

The primary concern with fitness centers and other commercial indoor recreational uses is a potential for high levels of traffic and parking due to heavy peak times and quick customer turnover (less than 1 hour), particularly in locations with multiple commercial tenants. The proposed location appears to have an adequate parking supply and traffic access based upon the projected peak parking demand.

Ms. Clarke displayed a photo of the existing site at the junction of 80th Avenue and 171st St. Shopping Center which includes approximately 25,000 square feet of commercial space and is located just north of the 80th Avenue train station. The shopping center was approved in 1997 and constructed in 1998. The center is zoned B-1 (Neighborhood Shopping). The B-1 zoning district only permits low intensity uses so that traffic generation and other negative effects on surrounding residential areas are limited. The shopping center is located within the Urban Design Overlay district, but was developed before its adoption into the zoning code.

The surrounding areas include single-family homes zoned R-3 (Single-Family Residential) to the west across 80th Avenue. To the south is the Tinley Park 80th Avenue Metra Station parking lot zoned ORI (Office and Restricted Industrial). To the east are single-family attached townhomes zoned R-5 PD (Low-Density Residential, Bristol Park PUD).

Anytime Fitness is a fitness and health club use that is covered under the Commercial Indoor Recreation use group in addition to fitness and health clubs, commercial indoor recreation includes uses such as racquetball, baseball cages, trampoline parks, dance/yoga studios, bowling, miniature golf and more. The use group is further separated based on a business's floor space being above and below 3,500 square feet. While there is nothing specific about the 3,500 square foot number, a limit was included because concerns tend to emerge when a recreation space becomes too large. There are generally fewer concerns for smaller spaces such as personal training or a small group dance studio. The primary concern is in regards to the number of customers that can utilize the indoor recreation space and its effects on parking demand and traffic generation.

Commercial indoor Recreation above 3,500 Square feet is a Special Use in the B-1 (Neighborhood Shopping) and B-2 (Community Shopping) zoning districts. This use is permitted in the B-3 zoning district because those properties have typically been designed with heavy vehicle traffic in mind. B-1 districts are typically more neighborhood and pedestrian-oriented with smaller parking fields, limited access points, and "non-objectionable" businesses. Commercial Indoor Recreation uses are permitted in any business district if the business is below 3,500 square feet in size.

The Commission had some parking and security concerns that were outlined and addressed by the Petitioner at the workshop. The Petitioner explained there were no parking issues at their surrounding locations, which are similar in size and in similar multi-tenant shopping centers. There are no other 24-hour businesses in the shopping center (with the closest 24-hour business being Speedway on 80th Avenue and Super Wash on 175th Street). There are many security procedures to ensure their customers feel safe and secure including 911-call button lanyards, cameras, and a "tailgating system" to ensure only one person is entering the facility for each key swipe. The location is also very close to the Tinley Park Police Department. The proposed use of the space was generally supported by the Commission and will fill a large vacancy in an existing neighborhood shopping center.

The Petitioner clarified there are two to four staff members during their staffed hours which are typically Monday-Thursday 10am-7pm with more limited hours on Friday and Saturday. Personal trainers may also be at the facility beyond those typical staffed hours based on their appointments. Based on expected peak parking demand, existing parking supply, and existing tenant hours parking concerns are minimal based upon the unique operations (open 24 hours) and proposed size (slightly less than 6000 sq. ft.) of the proposed business. Even with other vacancies in the shopping projected to be occupied, there appears to be an adequate supply of parking to handle this use based upon the Petitioner's parking analysis and experience when the shopping center was full. The Petitioner conducted their own parking analysis as requested by staff.

ACTING CHAIRMAN STANTON asked the Commissioners if there were questions or comments.

ACTING CHAIRMAN STANTON asked for comments from the public.

Resident #1 – Beverly Gregor – Asked the Commission how many fitness centers does the Village need? There are several here now. This is a 24-hour fitness center. She lives across the street and would not like to listen to car doors slamming and horns honking in the night. She went through that when it was Sanfrantello's and 7/11. How does the Village justify

a 24-hour fitness center across the street from residential homes? There are plenty of storefronts where that can go not across the street from residential. Noise will be worse in the summer, when windows are open. The lights will be lit up all night. When she complained before, the Village just told her to hang something on her window to block the light. The 7-11 light shines right in our window.

Ms. Clarke replied there would not be any additional lighting on the building.

COMMISSIONER GATTO noted she lives across the street from LA Fitness which is also 24-hours and she has no problem with noise or lights. Sanfrantello's has been vacant for a while and this is a good thing to fill a vacant space in an existing shopping center.

Resident #2 – Audrey Onyszko - She also lives across the street and is concerned about the noise, garbage, and robberies in the area. This is a residential neighborhood with small children in the area. 24-hours is not a good thing. She also asked for a left turn lane to be added for the turn into the shopping center.

Resident #3 – Al Siegers – He has been a Tinley Park Resident for over 40 years and a local business owner and Community Volunteer. He recommends approval of the Special Use Permit. He has been a business owner in this plaza for over 18 years. He is aware of some of the issues and knows that the property owner has adjusted their lighting so it is not visible from any residential buildings. Some of the parking lot lights have been disabled so they do not shine into the homes. The lights on the back of the buildings have been pointed down. There may be some parking issues that need to be addressed due to the layout. He would like to see the awkward island green space in the lot be removed to allow more parking. 18 years ago when this plaza was built, this Shopping Center won the award for Gold Standard for future Tinley Park Development. Many other commercial properties have replicated the design and landscaping this center has. There are some maintenance issues now that the property owner needs to address and make required repairs.

COMMISSIONER VICK thanked the residents for their concerns. Indicated he thought a fitness center was hopefully a much quitter use on that property than the previous businesses that were there. Hopefully, the concerns or any future issues they have will be addressed by the business and property owner as needed.

ACTING CHAIRMAN STANTON asked for a Motion to Close the Public Hearing

A Motion was made by COMMISSIONER VICK, seconded by COMMISSIONER ENGEL to close the Public Hearing on Anytime Fitness, 17823 80th Avenue. The Motion was approved by voice call. ACTING CHAIRMAN STANTON declared the Motion approved.

ACTING CHAIRMAN STANTON asked Ms. Clarke to present the Standards for Special Use.

X.J.5. Standards: No Special Use shall be recommended by the Plan Commission unless said Commission shall find:

- a. That the establishment, maintenance, or operation of the Special Use will not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare;
 - a. *The business will have a multitude of safety and security measures in place to protect its member when the location is not staffed. The business not be detrimental to or endanger the public health, safety, morals, comfort, or general welfare of the Community.*
- b. That the Special Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
 - a. *The business will not harm surrounding properties and is expected to increase the property's value and customer base of existing businesses in the shopping center.*

- c. That the establishment of the Special Use will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;
 - a. *The shopping center is existing and no changes are proposed to the exterior. The business will have no effect on the surrounding development.*
- d. That adequate utilities, access roads, drainage, and/or other necessary facilities have been or are being provided;
 - a. *The shopping center is existing and no changes are proposed to the exterior. The site is adequately supplied with utilities, roads, and drainage facilities.*
- e. That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets; and
 - a. *The existing shopping center access and site layout is adequate to handle the proposed traffic of the use and will not cause increased traffic congestion on or around the site.*
- f. That the Special Use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may in each instance be modified by the Village Board pursuant to the recommendation of the Plan Commission. The Village Board shall impose such conditions and restrictions upon the premises benefited by a Special Use Permit as may be necessary to ensure compliance with the above standards, to reduce or minimize the effect of such permit upon other properties in the neighborhood, and to better carry out the general intent of this Ordinance. Failure to comply with such conditions or restrictions shall constitute a violation of this Ordinance.
 - a. *The Petitioner has indicated they will meet all other Village regulations and cannot change or expand from what has been present at the public hearing.*
- g. The extent to which the Special Use contributes directly or indirectly to the economic development of the community as a whole.
 - a. *The business is expected to benefit the economic development of the community by bringing additional traffic to a struggling neighborhood retail center. Anytime Fitness fill the largest tenant space that has been vacant since 2015 and provided a needed service to the surrounding community.*

ACTING CHAIRMAN STANTON asked for a Motion.

A Motion was made by COMMISSIONER ENGEL, seconded by COMMISSIONER AUGUSTYNIAK to recommend that the Village Board grant the Petitioner, Derek Tucker of Anytime Fitness, a Special Use Permit to operate a Fitness Center (Commercial Indoor Recreation) that is greater than 3,500 square feet in floor space at 17823 80th Avenue in the B-1 (Neighborhood Shopping) Zoning District and adopt the Findings of Fact proposed by Village Staff and the Plan Commission at this meeting.”
