Effective this 26<sup>th</sup> day of June, 2018, Backflow Solutions, Inc., an Illinois corporation ("BSI") and the Village of Tinley Park, Illinois hereby enter into an online subscription agreement whereby BSI will perform certain notification and data management functions on behalf of The Village of Tinley Park. The Village will provide BSI with the information described hereafter, and require that all companies that perform mandated backflow assemblies tests within The Village of Tinley Park be directed to the BSI website to enter the result of each Backflow Test performed within The Village of Tinley Park Jurisdiction.

1. **BSI Responsibilities.** In addition to any other responsibilities set forth elsewhere in this agreement, BSI shall, through the use of its proprietary software, BSI Online.
  - a. Maintain the secure Online Database to insure a functional backflow assembly tracking system that is easy to understand and use by licensed testers. BSI shall also maintain an internet website where testers shall input all data related to Backflow Tests they conduct within the water authorities' jurisdiction.
  - b. Send up to two (2) notices to water customers that have Assemblies, advising them that their Assembly is due for testing. The "Test Due Notice" shall be mailed approximately 30 days prior to the scheduled test date. The second notice (the "Overdue Notice") shall be sent after the Test Date has passed if Backflow Test results have not been entered to the Online Data Base. The Overdue Notice will advise the water customer of its delinquent test status. BSI shall immediately transmit an electronic copy of each Test Report to the Municipality. To facilitate the testing procedure, the Test Due Notice will include the identity of the water customer's last Tester of record, together with all relevant contact information, provided that information is available to BSI. At the time the Test Due Notice is mailed to the water customer, BSI will also transmit a notice to the last Tester of record advising that Tester that the water customer's assembly is due to be tested. The Tester Notification is designed to increase test compliance, thereby reducing enforcement costs incurred by The Village of Tinley Park.
2. **Inducement.** The Village of Tinley Park acknowledges and agrees that in order to induce BSI to provide the service contemplated by this Agreement; BSI will charge the sum of \$12.95 (the "Data Entry Charge") for each Test Report submitted to the Online Data Base. The Data Entry Charge shall be distributed in the following manner: The Tester will pay \$10.00 prior to uploading the test data to the Online Data Base. The Village will pay the remaining \$2.95. In order to determine the cost to the Village, we will determine the aggregate number of devices in your database per year and divide by four. You will be invoiced quarterly. The estimate cost for the first year will be \$13,275.00 based on 4,500 devices. This will be updated once a year in the anniversary month to reflect any increases or decreases to the device count in your database.
3. **Cost.** Municipality shall pay BSI the sum of \$495.00 per calendar year as the annual "Subscription Fee". As a courtesy we will waive the annual "Subscription Fee" for the first year of the program.
4. **Termination.** If you wish to discontinue services provided by BSI we require 30 days written notice.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first set forth above.
