# Tinley Park Fire Department

## Monthly Activity Report –February 2021

Submitted By: Chief Forest Reeder

3/4/2021

*The mission of the Tinley Park Fire Department is to provide an outstanding level of service by staffing our department with the highest degree of trained professionals who devote duty above personal risk. We are a dedicated group who is constantly seeking improved ways to provide exceptional service to our citizens. The Department advances public safety through its fire prevention, investigation and education programs. The vision of the Tinley Park Fire Department is to be acknowledged by our members and citizens as a department that is recognized for its Pride, Integrity, and Professionalism to the community; a dynamic organization that adjusts to changing needs of the community and its members; an organization that is driven to provide a cost effective and efficient fire department while honoring its values and supporting our mission statement; a department that will be prepared and ready to respond to all emergencies with compassion, courage and teamwork, and a membership that will operate ethically and position the department for the future.*

## *Department Remarks – Fire Chief Forest Reeder*

We move into the end of the 1<sup>st</sup> quarter of 2021 already with many projects finishing up and preparations being made for end of budget / Village fiscal year reporting being completed. A draft budget has been submitted to the elected officials and first review with them is scheduled for mid-March. As stated in previous reports, the preliminary baseline submission was based on the revised spending plan currently in place for FY 21. Our Assistance to Firefighters Grant (AFG) from FEMA was successfully submitted and other items deferred from capital purchases in FY21 were resubmitted for consideration.

MABAS Division 24 continues to work on vaccination site planning and is moving closer to adopting a standard set of operational guidelines for all incidents at the Box Alarm or higher. Operations continues to review these guidelines to ensure we can meet them internally as well as when we respond to automatic and mutual aid incidents. Annual box card review is underway and updates will be issued shortly.

Several Unit Citations were issued in February for incidents that resulted in life saving actions by our crews! We were very proud to award these before the Village Board on February 16<sup>th</sup>. The awards were as follows:

- Cardiac Arrest save to Captain Griffin, Lieutenant Richards, Engineer DeAdam, Firefighter Rojas
- Cardiac Arrest save to Assistant Chief Dunn, Captain Stube, Engineer O'Dwyer, Firefighter Gil
- Structure Fire rescue to Assistant Chief Dunn, Lieutenant French, Engineer Peters, Firefighter Garren, Firefighter Andrews

Additionally, another cardiac arrest save occurred at the Convention Center mass-vaccination site and Unit Citations will be considered for those involved in that incident. Again, great work happens daily here, these cases highlight the level of professionalism and dedicated throughout our Department! My personal thank you and congratulations to all involved!

We received notice from our beloved Office Coordinator Claudette Flowers of her intent to retire from the Department on June 30, 2021. We are so very excited she has chosen to retire to a more relaxed and less stressful life which will include travel, and time with family and friends. I know I speak for every member of the Department that we will miss Claudette's positive presence and ability to meet the needs of everyone in the organization. We are beginning the process of searching for her replacement (although that will be far from easy) and will be planning plenty of opportunity to recognize her service and love for this Department in the future.

### Goals for March

- Receive approved budget and prioritizing spending plan
- Finalize 2020 end of year reports
- Continue to work with Human Resources on improving many administrative processes between our departments
