

CRC to host open house Sept. 9

Issued: Aug. 23, 2019

HD cameras, Adobe Premiere editing software, lights and sound ... if you have an interest in video production, the Community Resource Commission (CRC) is the place you want to be!

The CRC is seeking new members, age 15 and older, who are enthusiastic about making videos. Volunteers help shoot and edit shows, both in-studio and on-location, twice every month. Some past members have even gone on to work in the media industry!

Come see what it's all about when the Community Resource Commission hosts an open house from 6 to 8 p.m. Monday, Sept. 9 at the TV studio, 18241 S. 80th Ave., Tinley Park. Find out what makes video production so much fun!
