

Village conducting community survey

Issued: Sept. 3, 2019

The Village wants to know what you think! Tinley Park residents are invited to take a community-wide survey that asks residents to rate the quality of the community and available services, as well as list their own priorities for the Village. The results of this survey will be instrumental in the Village's strategic planning efforts moving forward.

The survey is only available online at www.TinleyPark.org/survey, and all residents are eligible to participate. If you have received a survey in the mail, the Village asks that you complete that version instead of the online survey.

The Village worked with an independent consultant, National Research Center of Boulder, Co., to develop the National Community Survey. This survey will allow Tinley Park to compare results and benchmark residents' opinions against other communities across the country. The survey includes questions about quality of life, important characteristics of community, services provided by Tinley Park and priorities for the future.

For more information, please call the Village at (708) 444-5000.
