

## **Music venue map available**

Issued: Nov. 22, 2019

The Village has rolled out an interactive music venue map on the Life Amplified page [TinleyPark.org/LifeAmplified](http://TinleyPark.org/LifeAmplified). Visitors to the page can see which venues in Tinley Park are currently offering live music, and on what dates and times each act is playing.

The map will be updated regularly with information provided to the Village by the respective music venues. Locations such as the Hollywood Casino Amphitheatre will be added once live acts are announced at those venues.

Visit the page for other information such as an at-a-glance music calendar, a Tinley Park promotional video, the interactive High Notes brochure and more!
