

## **State to enter Phase Four**

Issued: June 25, 2020

Gov. J.B. Pritzker recently announced that the entire state will move into Phase Four of the "[Restore Illinois](#)" COVID-19 reopening plan on Friday, June 26. Among other things, certain businesses will be allowed to resume operating, albeit at a reduced capacity and with social distancing guidelines in place.

Phase Four includes plans to reopen businesses such as restaurants and bars, salons and barbershops, health clubs, museums, zoos, movie theaters, arcades, skating rinks and bowling alleys. Schools, child care, live entertainment, summer camps, meetings and conventions and nonessential offices will also be allowed to resume.

There will be capacity limitations at all reopened establishments, and everyone is still expected to wear face coverings and adhere to proper social distancing guidelines. For more information, please visit the Village's dedicated [COVID-19 page](#).
