

## **Village offering Cards to Connect'**

Issued: April 3, 2020

Tinley Park children can help bring a smile to people's faces thanks to the new Cards to Connect, printable greeting cards that feature a picture to be colored and a space to write a message for first responders, medical professionals, seniors at local care facilities and those receiving food baskets from Together We Cope.

Children can pick from a variety of designs at the links below. Once complete, cards can be dropped off in the drop box at Tinley Park Village Hall, 16250 S. Oak Park Ave. (the box is located by the main entrance). Residents can also mail the cards to Village Hall. Village staff will collect, sort and distribute the cards in a safe manner.

Messages of kindness and happy thoughts are encouraged. Please do not include last names or anything identifiable such as schools and home addresses. To participate, just visit [www.TinleyPark.org](http://www.TinleyPark.org), find the story on the homepage, and then click on any of the links to download/print a card.

Choices include:

- Butterflies
- Birds
- Flowers
- The Sun

Have fun, and thanks for helping bring a little brightness into other people's lives!
