

## Restaurants open for outdoor dining

Issued: June 5, 2020

Did you know that many Tinley Park restaurants and bars are offering outdoor dining options? Grab your sunscreen and take advantage of the nice weather to dine outdoors!

Restaurants and bars that are offering outdoor dining are listed below. Keep in mind that this list may not be comprehensive, as new establishments are being added regularly.

Diners should note that party sizes will be limited, and tables will be set six feet apart from each other. Diners will be asked to adhere to safety measures such as social distancing and wearing face coverings when not eating.

Stop by any or all of these establishments and support your local businesses! Also be sure to check out our [Open Eats guide](#) for other Tinley Park establishments that are offering curbside pickup, delivery and more.
