

## **Public Works to replace streetlight**

Issued: Jan. 22, 2021

The Tinley Park Public Works Department will replace a knocked-down streetlight on 80<sup>th</sup> Street near 179th Street on Tuesday, Jan. 26. Work is scheduled to begin between 9 to 11 a.m.

Due to the location of the pole and its proximity to power lines, ComEd must disconnect the power in order for the new pole to be installed. ComEd has contacted the residents most likely to be affected, including those who live on Nielsen Drive, Mallow Drive, Navajo Trace, Blarney Road, Cork Road and Killarney Court.

The Village apologizes for any inconvenience this work may cause.
