

## **Remember to 'Lock It or Lose It'**

Posted: Aug. 8, 2022

Due to a recent increase in car burglaries across the entire southwest suburban area, the Tinley Park Police Department would like to remind residents to lock their doors, roll up their windows, avoid leaving valuable items inside their cars, and park in well-lit areas if possible.

Thieves look for easy scores and will typically move on from locked vehicles because they are simply not worth the effort. The best way to ensure your belongings remain safe is to make them as hard to access as possible. Remember – Lock It or Lose It!

Did you know that your residential security camera could help police solve crimes such as car burglaries? The Village's Residential Camera Authorization Program asks Tinley Park residents and business owners to pre-register their personal security camera information so that police can use it to help solve crimes committed in the area. To learn more, visit the [Residential Camera Authorization Program page](#) on the Village website.
