Attachment D

Oak Park Avenue TIF District
Village of Tinley Park, Cook and Will Counties, Illinois
Statement of Activities
Fiscal year ended April 30, 2020

In accordance with 65 ILCS 5/11-74.4-5(d)(7)(A&B) and 5/11-74.6-22(d)(7)(A&B), the following statement of activities is provided:

Through the fiscal year ended as indicated above the following projects have been undertaken, in process, or completed:

Project 1 Park Avenue Townhomes (completed 1997)

A developer constructed 18 townhome units along 179th Street within the TIF District.

No TIF or public assistance was provided for this project.

Project 2 “Always Open” shopping center (completed 1996)

A developer constructed a small neighborhood shopping center at the northwest corner of 183rd Street and Oak Park Avenue. This center was originally anchored by an Always Open convenience store and Ames Tools, a contractor supply company.

No TIF or public assistance was provided for this project.

The shopping center was acquired by new owners in 2014 and they planned a number of façade and other building improvements. A new residential apartment was created out of some of the commercial space that has previously proven to be difficult to lease. This change will help to manage the property taxes for the center by providing a residential assessment classification for property tax purposes. Improvements to the fire suppression system were also provided.

The Village approved a Façade Grant of up to \$35,000 of the qualified façade improvement costs following completion. The Façade Grant was provided in the amount of \$30,000 which was not funded by TIF revenues.

Project 3 “Gambone’s” parking lot (completed 1997)

A restaurateur acquired property at the southwest corner of 179th Street and Oak Park Avenue to provide additional parking for their existing restaurant located immediately north of the parking lot site.

The Village provided TIF financial assistance toward the costs of construction of the parking lot to relieve parking and traffic flow issues along the adjacent roadways and the impacts to neighboring homes and businesses.

The restaurant site had been vacant since 2010 and the buildings were demolished in 2015. (See also Project 15)

Project 4 & 5 Hotel and Convention Center (completed 1999)

The Village of Tinley Park acquired approximately a 17.4 acre parcel within the Oak Park Avenue TIF District for the construction of a hotel and Convention Center. A five-acre parcel carved from the 17.4 acres was deeded to the developer of the hotel for the hotel building site. The full service six story hotel of approximately 120,000 square feet with over 200 rooms of accommodation and including an on-site restaurant and meeting rooms opened in December 2000. The hotel is directly connected to the Village’s Convention Center facility.

The remainder of the property (approximately 12.4 acres) was used for the development of the Tinley Park Convention Center, parking facilities, and provide for possible future expansion. The Convention Center opened in October 2000 and initially provided approximately 40,000 square feet of multi-functional space to accommodate all types of meetings and conferences including banquets and trade shows. The hotelier operates the Convention Center under a management agreement with the Village. Numerous trade shows, conferences, conventions, and banquets are held throughout the year.

Project 6 Millennium Lakes residential subdivision (completed 2007)

A private developer specializing in home construction built a residential community consisting of approximately 250 townhomes on approximately 45 acres within the Oak Park Avenue TIF District. These residential homes vary in size from approximately 1,200 to 2,000 square feet of living space and initially sold in the range of \$140,000 to \$200,000. The original development plan included a number of condominium units in addition to townhomes and carriage homes. Due to the popularity of the townhome units, the developer requested, and received, approval to construct additional townhomes with some additional upgrades in lieu of the condominiums. This move reduced the density of the development, but enhanced the overall quality of the development.

The Village of Tinley Park provided no TIF assistance to this project. However, the Village provided limited non-TIF financial assistance through the creation of a Special Assessment to finance certain public improvements required for the development. The developer retired the Special Assessment early, and prior to the completion of the overall development.

Project 7 Central Middle School (completed 2001)

Community Consolidated School District 146 acquired approximately 22 acres of property near the northwest corner of 183rd Street and Oak Park Avenue for the construction of a new Middle School to replace an aged school facility which no longer adequately addressed the needs of the School District. Approximately one-half of the property for the new school site lies within the TIF District boundaries. The removal of these properties from the tax rolls through tax exemption, results in a small reduction in the TIF District property values.

The Village of Tinley Park assisted the School District in assembling of the properties necessary for the school site, as well as site planning, and infrastructure improvements to service the site. The school opened its doors to students in the Fall of 2001 and was very well received by the students, parents, and teachers.

This project, and the related infrastructure improvements, provided benefit to the adjacent properties in the TIF District as well as neighboring properties outside the TIF District far in excess of the revenue loss due to the tax exemption of the TIF District parcels.

Project 8 Cornerstone Center – (completed 2001)
Commercial shopping center 183rd Street and Harlem Avenue

A private developer acquired and assembled approximately a 5 acre parcel from several owners for development of a shopping and office center within the TIF District. The commercial center contains a bank with drive-up facilities and approximately 20,000 square feet of office and retail space. The developer cleared the site of a long abandoned gas station, and several small older homes. The banking facility opened in November 2000, and the office/commercial facilities began occupancy in the summer of 2001.

The Village of Tinley Park provided TIF and other financial assistance toward the land acquisition and development of detention facilities that serve this shopping center and the adjacent Tinley Pointe development (Project 9).

Project 9 Tinley Pointe mixed use development (completed 2007)

The developer received approval for the construction of a mixed-use development on approximately 2.6 acres located at 7014-7086 183rd Street. Site preparation began during the Summer of 2004, with demolition of the existing structures. Construction was completed in 2007. The development consists of 10 commercial units totaling approximately 18,000 square feet, and 36 residential condominium units totaling approximately 92,500 square feet. The development includes underground parking for the residential units.

The Village of Tinley Park provided relocation assistance in the amount of \$20,000 to an existing service business located on the pre-development site to facilitate moving the business to another location within Tinley Park. The Village committed to provide reimbursement of certain identified TIF qualified costs associated with the redevelopment in an amount not to exceed \$423,000. The Village's final financial assistance under the redevelopment agreement totaled \$367,603.

Project 10 Lakeview Townhomes (completed 2007)

A development of 16 single family attached townhomes was constructed at 178th Street and Oak Park Avenue. The site overlooks a wet detention pond completed by the Village in 2006. This detention facility, now known as Settlers Pond, removed approximately 550 adjacent properties from designated flood plain with the Federal Emergency Management Agency Letter of Map Revision in 2007.

Five (5) units of this development are located in the Oak Park Avenue TIF District, nine (9) units are within the adjacent Main Street South TIF District, and two (2) units are outside of any TIF district.

No TIF or other public financial assistance was provided in conjunction with this development.

Project 11 LA Fitness (completed 2007)

Construction of a LA Fitness health club in the vicinity of the Village's Convention Center was begun in 2006, and opened for business in March 2007.

No TIF or other public financial assistance was provided in conjunction with this development.

Project 12 Garofalo shopping plaza (completed 2008)

A small retail shopping center located at the southwest corner of Convention Center Drive and 183rd Street. This development is partially located within the Oak Park Avenue TIF District. Site work began in the Spring of 2007 and the first occupancy occurred in April 2008.

The Village approved the developer's application for a Cook County Class 8 property tax incentive for the portion of the development located outside of the Oak Park Avenue TIF District. No TIF or other public assistance was provided in conjunction with this development.

Project 13 Convention Center expansion (completed 2012)

The Village of Tinley Park's Convention Center opened in October 2000 and initially provided approximately 40,000 square feet of multi-functional space to accommodate all types of meetings and conferences including banquets and trade shows (see Project 5).

Following a request by the facility operator recommending the expansion of the convention center, the Village commissioned economic studies to confirm that expansion of the facility was warranted and to assist in gauging the appropriate sizing for an expansion. Based on the recommendations of the consultants, the Village proceeded with architectural design and plans. The expansion nearly doubled the building footprint, adding banquet and meeting rooms, expanded exhibition space, and related service facilities. The overall exhibition and meeting spaces available after the expansion is said to allow the facility to effectively accommodate approximately 70% of all meetings, conferences, and conventions held nationwide.

During fiscal 2009, the Village acquired additional land north and adjacent to the existing convention center site to provide increased parking necessary for the expanded facility. Bonds were issued to finance the building construction in December 2009 and December 2010.

Construction began in February 2010 with formal groundbreaking ceremonies in April 2010. The facilities were substantially completed for the first event to utilize the entire expanded space in June 2011 when the National Council of Corvette Clubs convention was held here. The formal dedication of the expanded facilities occurred in September 2011. The bonds issued in 2010 were refunded and refinanced with a new bond issue in 2013.

Project 14 Convention Center Drive outlots development

Developers proposed the construction of several commercial structures along the east side of Convention Center Drive including a bank, hair salon training facility, offices, general retail, and restaurant/bars.

The bank that had intended to construct a branch at the intersection of Convention Center Drive and 183rd Street was closed by the FDIC and the new bank owners subsequently sold the vacant land.

The Village created two new commercial outlots west of the Convention Center facility which were deeded to the developer as part of the development agreement. The Village repurchased the first of these outlots during fiscal year 2012 and the second during fiscal year 2015. The repurchase of these lots eliminated significant future costs associated with reconfiguration of the surrounding parking lot areas as these outlots been developed for commercial uses.

The Village provided financial assistance to this development by constructing a portion of the access and parking for the proposed Convention Center Drive outlot structures to also benefit the use of the Convention Center facilities. The Village committed to provide certain financial assistance as development of the various commercial parcels occurred, contingent upon development occurring before a date certain. Development did not occur by the deadline date, and accordingly, this obligation has been abrogated.

In late 2018, the Village acquired one of the two remaining development sites along Convention Center Drive. While the Village could ultimately use this property to provide further parking for the Convention Center, it is anticipated that this site will be developed as an additional hotel to support events held at the Convention Center.

During fiscal year 2020, the EVEN Hotel made private investments totaling \$4,011,000 for a remodel, including a new fire sprinkler system.

Project 15 Union Square Townhomes

The Plan Commission approved the Union Square townhome development in 2015. The development consists of four (4) multi-family townhome structures comprising ten (10) 2-bedroom units and seven (7) 3-bedroom units totaling 17 multi-family units.

During fiscal year 2017, the developer initiated site preparation and began construction of the first four unit building. The first four units were completed during fiscal year 2018 and serve as models for the remaining development. Also during fiscal year 2018, construction continued on the second building in this project.

Due to a change in market demand, the mix of residential units was changed in late 2019 to increase the overall total of 3-bedroom units to ten (10) and reduce the 2-bedroom units to seven (7) when the project is completed.

Further development occurred in fiscal year 2019, including foundation work.

Union Square Building #4 was constructed during fiscal year 2020.

No TIF or other public assistance was provided in conjunction with this development.

Project 16 183rd Street Resurfacing and Multi-Use Path

This project consists of hot-mix asphalt grinding and resurfacing, curb and gutter removal and replacement, driveway removal and replacement, drainage structure adjustments/reconstructions, detector loop replacement aggregate shoulders, patching and pavement striping on the 183rd Street from Harlem Avenue to Oak Park Avenue.

The project scope also includes constructing a new asphalt multi-use path along the south side of 183rd Street from Convention Center Drive to Oak Park Avenue and along the west side of Oak Park Avenue. Concrete sidewalks will also be installed along the east side of Convention Center Drive and along a portion of the north side of 183rd Street where sidewalks currently do not exist. This project will provide safer means for pedestrians and bicyclists to access the Convention Center, restaurants and retailers, neighboring residential subdivisions, and close gaps in the sidewalks/path system in this area.

Phase II of this project is anticipated to begin in the Fall of 2019, but will not be funded by the TIF.

Project 17 LED Lighting Replacement

Replacement of existing street and parking lot lighting fixtures within the TIF District area with high efficiency LED (light emitting diode) fixtures. The replacement of these fixtures will provide reduced ongoing operating costs for the Village and Convention Center operator. It is anticipated that the lighting replacement will have less than a six-year payback due to the expected energy savings.

Project 18 Parking Lot Construction

This project consists of curb and gutter removal and replacement, pavement removal and replacement as well as pavement striping for the Main and South Lots of the Tinley Park Convention Center.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

The Honorable President
Members of the Board of Trustees
Village of Tinley Park, Illinois

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the Village of Tinley Park, Illinois (the Village) as of and for the year ended April 30, 2020, and the notes to financial statements, which collectively comprise the basic financial statements of the Village and have issued our report thereon dated February 18, 2021, which expressed an unmodified opinion on those statements.

Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The supplementary information (balance sheet, schedules of revenues, expenditures and changes in fund balance; schedule of fund balance by source) is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

INDEPENDENT ACCOUNTANT'S REPORT ON MANAGEMENT'S ASSERTION OF COMPLIANCE

The Honorable President
Members of the Board of Trustees
Village of Tinley Park, Illinois

We have examined management's assertion, included in its representation letter dated February 18, 2021, that the Village of Tinley Park, Illinois (the Village) complied with the provisions of subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act (Illinois Public Act 85-1142) applicable to the Oak Park Avenue Tax Increment Redevelopment Project Area Fund during the year ended April 30, 2020. Management is responsible for the Village's assertion and for compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the Village's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with the specified requirements.

In our opinion, management's assertion that the Village of Tinley Park, Illinois complied with the aforementioned requirements for the year ended April 30, 2020 is fairly stated, in all material respects.

This report is intended solely for the information and use of the Village President, the Board of Trustees, management of the Village, Illinois State Comptroller's Office and the joint review boards and is not intended to be and should not be used by anyone other than these specified parties.

Statement of Intergovernmental Agreements
Fiscal year ended April 30, 2020

In accordance with 65 ILCS 5/11-74.4-5(d)(10), the following summarizes the intergovernmental agreements in effect during the fiscal year and the amounts of money paid during the fiscal year:

Intergovernmental agreements were entered into during 1995 with the following school districts providing for certain payments out of the TIF fund. These agreements terminate with the end of the TIF.

School District	Payments made in the Fiscal Year
Community Consolidated School District 146	\$0
Elementary School District 159	0
Rich Township High School District 227	0
Bremen Community High School District 228	0
