RESOLUTION NO. 2018-R-048

A RESOLUTION APPROVING A CONTRACT BETWEEN THE VILLAGE OF TINLEY PARK AND CRYDER ENTERPRISES FOR THE FIRE HYDRANT PAINTING PROGRAM

WHEREAS, the Village of Tinley Park, Cook and Will Counties, Illinois, is a Home Rule Unit pursuant to the Illinois Constitution of 1970; and

WHEREAS, the Corporate Authorities of the Village of Tinley Park, Cook and Will Counties, Illinois, have considered entering into an Agreement with Cryder Enterprises, a true and correct copy of such Agreement being attached hereto and made a part hereof as **EXHIBIT 1**; and

WHEREAS, the Corporate Authorities of the Village of Tinley Park, Cook and Will Counties, Illinois, have determined that it is in the best interests of said Village of Tinley Park that said Agreement be entered into by the Village of Tinley Park;

NOW, THEREFORE, Be It Resolved by the President and Board of Trustees of the Village of Tinley Park, Cook and Will Counties, Illinois, as follows:

Section 1: The Preambles hereto are hereby made a part of, and operative provisions of, this Resolution as fully as if completely repeated at length herein.

Section 2: That this President and Board of Trustees of the Village of Tinley Park hereby find that it is in the best interests of the Village of Tinley Park and its residents that the aforesaid "Agreement" be entered into and executed by said Village of Tinley Park, with said Agreement to be substantially in the form attached hereto and made a part hereof as **EXHIBIT 1**.

Section 3: That the President and Clerk of the Village of Tinley Park, Cook and Will Counties, Illinois are hereby authorized to execute for and on behalf of said Village of Tinley Park the aforesaid Agreement.

Section 4: That this Resolution shall take effect from and after its adoption and approval.

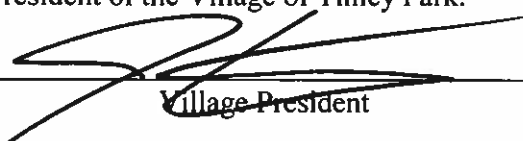

ADOPTED this 17th day of July, 2018, by the Corporate Authorities of the Village of Tinley Park on a roll call vote as follows:

AYES: Younker, Pannitto, Berg, Brady, Glotz, Curran

NAYS: None

ABSENT: None

APPROVED this 17th day of July, 2018, by the President of the Village of Tinley Park.

CERTIFICATE

I, KRISTIN A. THIRION, Village Clerk of the Village of Tinley Park, Counties of Cook and Will and State of Illinois, DO HEREBY CERTIFY that the foregoing is a true and correct copy of Resolution No. 2018-R-048, "A RESOLUTION APPROVING A CONTRACT BETWEEN THE VILLAGE OF TINLEY PARK AND CRYDER ENTERPRISES FOR THE FIRE HYDRANT PAINTING PROGRAM," which was adopted by the President and Board of Trustees of the Village of Tinley Park on July 17, 2018.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of the Village of Tinley Park this _____ day of _____ 2018.

VILLAGE CLERK

EXHIBIT 1

CRYDER ENTERPRISES AGREEMENT

VILLAGE OF TINLEY PARK

SERVICE CONTRACT

This contract is by and between the **Village of Tinley Park**, a Illinois home-rule municipal corporation (the "Village"), and Cryder Enterprises, Inc. (the "Contractor"), for the project or work described in Exhibit A, attached hereto and made a part hereof.

1. In consideration of the compensation stated in paragraph 2, the Contractor shall provide all the services described in the Scope of Services attached hereto as Exhibit "A" and incorporated herein by reference. The express terms of this Contract shall take precedence and control over any term or provision of the Scope of Services (Exhibit A) that in any way conflicts with, differs from, or attempts to alter the terms of this Contract.
2. Except in the event of a duly authorized change order approved by the Village as provided in this Contract, and in consideration of the Contractor's final completion of all work in conformity with this Contract, the Village shall pay the Contractor an amount not to exceed Forty Nine Thousand and Eight Hundred Dollars (**\$49,800.00**). Within **seven (7)** calendar days of completion of the work, the Contractor shall submit his application for payment to the Village, and the Village shall pay Contractor for the work performed no later than **thirty (30)** calendar days from the date of the Village's receipt and the Village's approval of the work and the application for payment. No payment shall be made by the Village until the Contractor has submitted to the Village (i) a Contractor's Affidavit listing all subcontractors and material suppliers utilized on the project and (ii) final waivers of lien from the Contractor, all subcontractors and all material suppliers.
3. No changes shall be made, nor will invoices for changes, alterations, modifications, deviations, or extra work or services be recognized or paid except upon the prior written order from authorized personnel of the Village. The Contractor shall not execute change orders on behalf of the Village or otherwise alter the financial scope of the Project.
4. Written change orders may be approved by the Village Manager or his designee provided that the change order does not increase the amount set forth in paragraph 2 of this Contract to more than \$10,000.00. Changes in excess of this amount must be approved by the Village Board prior to commencement of the services or work. **Any request by the Contractor for an increase in the Scope of Services and an increase in the amount listed in paragraph 2 of this Contract shall be made and approved by the Village prior to the Contractor providing such services or the right to payment for such additional services shall be waived.**
5. **Time is of the essence on this Contract.** The Contractor shall complete all work under this Contract by the dates set forth below: 2018-19 budget period.
6. No "Notice to Proceed" may be given nor any work commenced until this Contract is fully executed and all exhibits and other attachments are completely filled out and attached hereto.

7. It is understood and agreed by the parties that the Contractor is an independent contractor retained for the above-mentioned purpose. The Village shall not control the manner nor the means of the Contractor's performance, but shall be entitled to a work product as described herein. The term "subcontractor" shall mean and include only those hired by and having a direct contract with Contractor for performance of work on the Project. The Village shall have no responsibility to any subcontractor employed by a Contractor for performance of work on the Project, and all subcontractors and material suppliers shall look exclusively to the Contractor for any payments due. The Village will **not** be responsible for reporting or paying employment taxes or other similar levies that may be required by the United States Internal Revenue Service or other State or Federal agencies. Every subcontractor shall be bound by the terms and provisions of this Contract as far as applicable to their work. The Contractor shall be fully responsible to the Village for the acts and omissions of its subcontractors, and shall ensure that any subcontractors perform in accordance with the requirements of this Contract. Nothing contained herein shall create any contractual or employment relations between any subcontractor and the Village. The Contractor is solely responsible for the safety procedures, programs and methods of its employees and agents and shall hold the Village harmless for any and all damages resulting from violations thereof. The Contractor shall comply with all applicable federal, State and local safety laws and regulations.
8. **It is further agreed that the Contractor shall indemnify, hold harmless, and defend the Village, its officers, agents, and employees from and against any and all claims, losses, damages, causes of action, suits, and liability of every kind, including all expenses of litigation, court costs, and attorneys' fees, for injury to or death of any person or for damage to any property arising out of or in connection with the work done by the Contractor under this Contract. Such indemnity shall apply regardless of whether the claims, losses, damages, causes of action, suits, or liability arise in whole or in part from the negligence of the Village, any other party indemnified hereunder, the Contractor, or any third party.**
9. **The Contractor assumes full responsibility for the work to be performed hereunder and hereby releases, relinquishes, and discharges the Village, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person and any loss of or damage to any property that is caused by, alleged to be caused by, arising out of, or in connection with the Contractor's work to be performed hereunder. This release shall apply regardless of whether said claims, demands, and causes of action are covered in whole or in part by insurance and regardless of whether such injury, death, loss, or damage was caused in whole or in part by the negligence of the Village, any other party released hereunder, the Contractor, or any third party. The Contractor shall maintain insurance coverage in an amount and from a carrier suitable to the Village, and the Village shall be named as an additional insured where required. Certificates of Insurance are attached hereto as Exhibit B.**
10. The Village is exempt from payment of state and local sales and use of taxes on labor and materials incorporated into the project. If necessary, it is the Contractor's responsibility to obtain a sales tax permit, resale certificate, and exemption certificate that shall enable the Contractor to buy any materials to be incorporated into the project and then resale the aforementioned materials to the Village without paying the tax on the materials at the time of purchase. In no event will the Village be liable for or pay any sales or use taxes incurred by the Contractor in performing the services under this contract.

11. The Contractor shall comply with all applicable federal, state, and local statutes, regulations, ordinances, and other laws, including but not limited to the Immigration Reform and Control Act (IRCA). The Contractor may not knowingly obtain the labor or services of an unauthorized alien. The Contractor, not the Village, must verify eligibility for employment as required by IRCA.
12. At any time, the Village may terminate this Contract for convenience, upon written notice to the Contractor. The Contractor shall cease work immediately upon receipt of such notice. The Contractor shall be compensated for services performed and accepted by the Village up to the date of termination.
13. No waiver or deferral by either party of any term or condition of this Contract shall be deemed or construed to be a waiver or deferral of any other term or condition or subsequent waiver or deferral of the same term or condition.
14. This Contract may only be amended by written instrument approved and executed by the parties.
15. This Contract and the rights and obligations contained herein may not be assigned by the Contractor without the prior written approval of Village.
16. The parties hereby state that they have read and understand the terms of this Contract and hereby agree to the conditions contained herein.
17. This Contract has been made under and shall be governed by the laws of the State of Illinois. The parties agree that performance and all matters related thereto shall be in Cook County, Illinois.
18. Contractor, its employees, associates or subcontractors shall perform all the work hereunder. Contractor agrees that all of its associates, employees, or subcontractors who work on this Project shall be fully qualified and competent to do the work described hereunder. Contractor shall undertake the work and complete it in a timely manner.
19. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court of competent jurisdiction finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it may become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
20. This Contract represents the entire and integrated agreement between the Village and Contractor and supersedes all prior negotiations, representations, or agreements, either written or oral.
21. This Contract will be effective when signed by the last party whose signing makes the Contract fully executed.

22. The Contractor agrees to comply with the Illinois Prevailing Wage Act, if the work to be performed under this Contract is covered by said Act.

IF THIS IS PREVAILING WAGE WORK:

This contract calls for the construction of a “public work,” within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/01 *et seq.* (“the Act”). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the current “prevailing rate of wages” (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Department publishes the prevailing wage rates on its website at <http://labor.illinois.gov/>. The Department revises the prevailing wage rates and the contractor/subcontractor has an obligation to check the Department’s web site for revisions to prevailing wage rates. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor’s website. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, *including but not limited to*, all wage requirements and notice and record keeping duties.

23. The Contractor agrees to comply with the Illinois Substance Abuse Prevention on Public Works Projects Act.

SCOPE

The work to be done under this scope includes furnishing of all labor, materials, transportation, tools, and supplies necessary to sandblast and paint approximately 600 fire hydrants in 2018-19. The objective of this scope is to provide the details of the expected material and workmanship necessary to produce a quality coating system. All painting work shall be implemented in accordance with the manufacturer’s instruction and shall be performed in a manner satisfactory with the Village.

Due to budget constraints, the Village reserves the right to add or delete from the contract, as required. No adjustments in contract unit prices or additional compensation will be made for alteration in the quantities or services from the contract. The quantities listed are estimates only, and may be altered.

The Village will provide a map and hydrant inventory for each work area. The inventory will list each of the locations and identification numbers of all hydrants that will need service. On a worksheet provided by the Contractor, the following shall be documented:

- Hydrant identification number
- Date and time of surface preparation
- Date and time of first coat application
- Date and time of second and finish coat application

All other matters not included in the Addendum are hereby maintained by the Village.

FIRM EXPERIENCE

The Contractor shall provide a company overview covering all the services provided. This should include its primary line of business; how long the company has been in business, and how long the company has

been providing fire hydrant painting services with regard to this proposal.

The Contractor will submit at least five (5) project references where the Contractor has completed similar work in size and scope in the last three (3) years. This submittal will include the following:

- A brief description of the work completed.
- Contracted amount.
- Time required completing the project.
- Findings of the project.
- Projected annualized cost saving to the Village authorizing the project.
- Contact names, phone numbers, addresses, and e-mail addresses of the Village authorizing the project.

SAFETY AND COMMUNICATION

The Village is committed to the safety of its personnel and the general public. The Contractor must comply with all the Village safety requirements and those of the City, County, State, and Federal Government. The submitting firm will provide their safety record (last three years) and a project safety plan. The Contractor shall conduct and abide in accordance with all local and state environmental rules and regulations pertaining to paint applications.

The Contractor shall be responsible for scheduling and communicating with surrounding property owners where fire hydrant painting will require the temporary relocation of vehicles or other property in order to complete the work.

The Contractor shall construct a shield or shroud that will contain any over-spray. Any damage to private property shall be the Contractor's responsibility for repair. In the event of such damage, the Contractor must report to the Village's Public Works Foreman for Water and Sewer. The Contractor must communicate with residents and business owners in a professional and courteous manner at all times.

The Contractor shall pick up, collect, and dispose of all debris generated by this project.

The Contractor shall protect and maintain pedestrian and vehicle traffic by the proper use of barricades, warning lights, and necessary traffic control and safety devices, conforming to federal, state, and local regulations regarding their use. All forms of traffic control on public roadways required by the work shall be in accordance with the "Manual on Uniform Traffic Control Devices for Streets and Highways", Articles 107.09 and 107.14 of the IDOT "Standard Specifications", and the "Highway Standards". If the Village finds the Contractor at any time to be unsafe and unable to perform the above traffic control, a stop work order will be issued until the problem can be resolved or the contract will be terminated. **The Village is not responsible for site safety. The Contractor is solely and exclusively responsible for construction means, methods, technologies, and site safety.** While working within Village right-of-ways, any vehicles belonging to the Contractor must be identified with the firm's name.

The Contractor will adhere to the following:

- Proper PPE (personal protection equipment) shall be worn at all times. A class III reflective safety vest will be worn for all work. Class II is not acceptable.
- The Project Team will follow all traffic safety rules, as is designated by the *Village, The Department of Labor, OSHA and the State Department of Transportation*. Project personnel will be trained (certified where applicable) by an organization such as the *AMERICAN TRAFFIC SAFETY SERVICES ASSOCIATION (ATSSA)*, in Traffic Control and Safety (MUTCD Standards).
- The Project Team will follow all procedures regarding Work Place First Aid & CPR, as is designated by the *Village, The Department of Labor and OSHA*. Project personnel will be trained (certified where applicable) in First Aid & CPR.
- The Project Manager and the Project Leader will be trained in accordance with OSHA Standard 1910 (General Industry) and be in possession of an OSHA 10 Hour or 30 Hour Card.

WORK HOURS

Work hours shall be 7:00 AM to 6:00 PM, Monday through Friday. No Saturday, Sunday, or holidays are to be worked unless prior approval is given by the Village. Work on State or County highway can only be performed between 9:00 AM and 3:00 PM to avoid rush hour delays and comply with Cook County, Will County, and IDOT rules and regulations.

WARRANTY

All work and materials shall be warranted for a minimum of two years from the date of acceptance. Any work proving defective within two years from the date of acceptance shall be redone without additional expense to the Village. The warranty shall cover peeling, adhesion, cracking, and premature fading. Prior to final payment, the assigned warranty card shall be provided to the Village.

SPECIFICATIONS

All material shall be brought to the job site in the original sealed and labeled containers of the paint manufacturer and shall be subject to inspection by the Village. The Contractor shall submit to the Village, immediately upon completion of the work, certification from the paint manufacturer indicating the quantity of each coating purchased was sufficient to coat all surfaces in accordance with the specifications and manufacturer's recommendations. No substitutions for the primer or paint are permissible, without Village approval.

1. Surface Preparation: The Contractor shall remove all grease, oil, loose paint, dirt, and other foreign materials from the hydrant surface prior to blast cleaning. Deposits shall be removed by methods specified in the Society for Protective Coatings SSPC-SP1 Solvent Cleaning Procedure.

The Contractor shall supply the appropriate blast media that does not contain silica.

The Contractor shall abrasive blast clean all surfaces to remove all rust, mill scale, and existing paint on the entire hydrant in accordance with the Society for Protective Coatings Commercial Blast Clean for Steel procedure (SSPC-SP6), which includes containment and proper disposal of paint.

2. First Top Coat – ENVIROLASTIC 840 DTM HIGH GLOSS URETHANE Safety Yellow: The Contractor shall use ENVIROLASTIC 840 DTM HIGH GLOSS URETHANE Safety Yellow, or equivalent approved by the Village. The Contractor shall coat all surfaces to achieve a wet film thickness as recommended by the manufacturer. All hydrants will be painted yellow. The caps to the nozzle and steamer fitting shall be painted in the color that denotes the size of the water main the hydrant is attached to; a legend of the colors and corresponding water main size details will be provided before the commencement of work.
3. Second Top Coat – ENVIROLASTIC 840 DTM HIGH GLOSS URETHANE Safety Yellow: Apply a second top coat after the manufacturer's recommended drying time to provide complete coverage, as needed. The need for a second top coat will be determined by visual inspection and achieving the manufacturer's recommended dry film thickness.

The Contractor shall apply paint in strict accordance with the applicable manufacturer's printed data sheet and container label outlining recommended minimum and maximum surface and air temperatures required for application. Paint shall not be applied to wet or damp surfaces and shall not be applied in rain, snow, fog, mist, or when the relative humidity exceeds 85%.

No paint shall be applied when it is expected that the relative humidity will exceed 85% and/or the air temperature will drop below recommended levels within 12 hours of paint application. Dew or moisture condensation should be anticipated, and if such conditions are prevalent, painting shall be delayed until certain that the surfaces are dry. Painting should be completed well in advance of the probable time prior to the formation of moisture on the surface.

The coating shall be applied at the specified thickness. If the specified thickness is not obtained, an additional coat(s) of paint shall be applied. Wet film thickness shall be measured in accordance with current ASTM D4414-95, "Standard Practice for Measurement of Wet Film Thickness by Notched Gauges." Dry Film thickness shall be measured in accordance with current SSPC PA2, "Dry Paint Thickness with Magnetic Gauges."

CERTIFICATIONS BY CONTRACTOR

Eligibility to Contract

The undersigned hereby certifies that the Contractor is not barred from bidding on or entering into this contractor as a result of a violation of either the bid-rigging or bid-rotating provisions of Article 33E of the Criminal Code of 1961, as amended.
