RECEIVED  
OFFICE OF HIGHWAYS PROJECT IMPLEMENTATION

Dear Mr. Ronaldson:

The Illinois Department of Transportation (Department) has received your letter dated September 18, 2019 requesting State financial participation in the locally initiated improvement project of County Highway 83 (80<sup>th</sup> Avenue) from 191<sup>st</sup> Street to 183<sup>rd</sup> Street in Will County (County). The Department has reviewed your request for State financial participation and offers the following information.

Subsequent to previous discussions and meetings, the Department has agreed to participate financially in the replacement of the existing structure carrying 80<sup>th</sup> Avenue over Interstate 80 (I-80). The existing structure is under the jurisdiction of the Department. The State financial participation in the full replacement cost is contingent upon a proposed structure design that can accommodate potential future additional lanes along I-80. The Department's financial participation is also contingent upon County assuming jurisdiction of the bridge deck, wearing surface, parapet walls, railings, bicycle/pedestrian accommodations, lighting, etc. above the bridge superstructure. The Department will retain jurisdiction of the superstructure and substructure of the proposed replacement bridge.

Based on the costs estimate provided with your September 18, 2019 letter, the estimated cost for the proposed bridge replacement is \$3,532,000. The Department will participate financially in the locally initiated project in the amount of \$3,532,000 for Construction along with \$459,160 (13%) for Construction Engineering. The State financial participation will utilize federal funding allocated to the Department for the proposed bridge replacement.

The Department's maximum financial participation is \$3,991,160. Any increase in the Department's financial participation above this amount will require formal written approval from the Department prior to expenditure of any additional funds. The Department will make every effort to program the State financial participation to coincide with the County's anticipated project schedule. The County agrees to continue to act as the lead agency and process this improvement through the Department's Bureau of Local Roads and Streets.

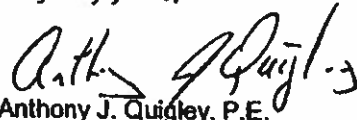

Mr. Jeff L. Ronaldson, P.E.
