Attention: John Urbanski – Public Works Director

Subject: Professional Engineering Services Proposal
Design and Construction Engineering
Western Pressure Zone – Water Distribution System
Tinley Park, Illinois

Dear Mr. Urbanski:

Christopher B. Burke Engineering, Ltd. (CBBEL) is pleased to present this proposal for professional design and construction engineering services related to the creation of a Western Pressure Zone of the water distribution system in the Village of Tinley Park. Included in this proposal are our Understanding of the Assignment, Schedule, Scope of Work and Estimate of Fee.

UNDERSTANDING OF THE ASSIGNMENT

We understand the scope of this proposal will include design and construction engineering services related to the implementation and construction of a Western Pressure Zone within the Village's water distribution system. The Village is experiencing lower than desired water pressure in several areas on the west side. The Village would like to increase pressure to the existing water service areas and meet existing water demands as well as provide water supply and pressure for future development areas on the west side of the Village.

To separate the Western Pressure Zone within the water distribution system, initial discussions recommended three Pressure Sustaining Valves (PSV), a series of existing in-line valve closures, new water main piping, and an above ground booster station that will increase pressure for the western portion of the Village. The proposed Western Pressure Zone is located approximately between LaGrange Road to the west, 88th Avenue to the east from 171st Street to the railroad tracks south of 183rd Street. The proposed locations of the above ground booster station and PSV's will be finalized during the design phase, however, initial discussions have focused on the locations listed below:

- Above Ground Booster Station – South of 179th Street approximately 250 LF west of Golden Pheasant Drive
- PSV #1 – South parkway of 171st Street east of Andrew High School Entrance
- PSV #2 – Northeast corner of 175th Street and Bridalwood Lane
- PSV #3 – Northwest corner of 183rd Street and 88th Avenue

The booster pump station will be designed as a prefabricated, above grade station with architectural features similar to the surrounding residential structures in order to blend in with the neighborhood. The rating of the station will be finalized during the design phase but is estimated at approximately 750 – 1,000 gpm Average Daily Flow with peak flow of approximately 1,500 – 2,000 gpm.

This proposal assumes that land acquisition/easements will be required prior to the construction of the above ground booster station. CBBEL will prepare the necessary documents, including the Plat of Easements, to obtain a permanent utility easement for the proposed booster station site.

The scope of this proposal includes topographic survey, geotechnical investigation and LPC 662/663 analysis, utility coordination, final engineering design, preparation of construction plans and specifications, preparation of an Engineer's Opinion of Probable Cost, permitting, bidding assistance, preconstruction activities, construction observation and project closeout. We understand that this project will be entirely locally funded.

SCHEDULE

This proposal assumes that the design contract will be awarded by the Village in February 2022 and engineering design completed in Fall 2022 for bidding in Winter 2022/2023 and a targeted construction completion in December 2023.

SCOPE OF WORK

DESIGN ENGINEERING

Task 1 – Project Meetings and Data Collection: CBBEL will meet with the Village to collect and review pertinent available information related to the project. Information may include existing surveys, utility atlases and soils reports. CBBEL will meet with the Village staff to discuss pertinent data and design philosophy for the facility and to present the preliminary engineering results to the Village.

- a. Site Topographic Survey
- b. Base Map Preparation
- c. Right-of-Way Ownership Verification
- d. Easements Obtained by the Village (Topo)

Task 3 – Preliminary Design and Preparation of Preliminary Design Memorandum (PDM): CBBEL will perform preliminary design engineering to establish the project parameters needed to proceed to the design engineering phase. A Preliminary Design Memorandum (PDM) will be prepared and submitted to the Village for review and discussion at a meeting. The PDM will include:

Task 4 – Water Modeling: CBBEL will use the existing Village water supply distribution system computer model to simulate the proposed booster pump station and model various pump sizes to optimize the station rating for existing and future development conditions. This task assumes that the Village will provide information related to the limits, types and intensities of all anticipated future development that should be accounted for in the pump station design.

Task 5 – Design Meetings: CBBEL will attend meetings related to the design engineering phase.

- a. Progress Meetings
- b. Public Information Meeting and Presentation

- c. Attend Bid Opening
- d. Review Bids Received and Tabulate
- e. Recommend Award of Project

CONSTRUCTION ENGINEERING

Task 1 – Pre-Construction Services: CBBEL Construction Staff will attend a pre-construction conference with the Contractor, Village, and other parties. CBBEL will prepare and circulate the meeting minutes. At the pre-construction conference, CBBEL will obtain from the Contractor a list of proposed suppliers and Subcontractors and will make recommendations to the Village regarding the suitability of the Subcontractors for the proposed work. CBBEL will review the construction schedule submitted by the Contractor for compliance with the contract. A job box will be set up to retain any necessary documents that will be required during construction. CBBEL will also assist the Village and Contractor to coordinate with utilities that need to be relocated to facilitate construction of the project.

Task 2 – Construction Observation: CBBEL will provide one full-time Resident Engineer for the project duration. This task corresponds to the work necessary to meet final completion in December 2023. Construction observation for this work will include:

- Observe the progress and quality of the executed work and determine if the work is proceeding in accordance with the Contract Documents. The Engineer will keep the Village informed of the progress of the work, guard the Village against defects and deficiencies in the work, advise the Village of all observed deficiencies of the work, and will disapprove or reject all work failing to conform to the Contract Documents.
- Serve as the Village's liaison with the Contractor working principally through the Contractor's field superintendent.
- Check the Contractor's layout and verify the profile and alignment of the water main improvements.
- Be present whenever the Contractor is performing work on the project.
- Assist contractors in dealing with any outside agencies.
- Coordinate with the Water Department and the Contractor all testing of the water main.
- Coordinate the Quality Control (QC) and Quality Assurance (QA) requirements between the Contractor and Village's testing company.

- Review the Contractor's schedule on a weekly basis. Compare actual progress to Contractor's approved schedule. If the project falls behind schedule, work with the Contractor to determine the appropriate course of action to get back on schedule. Provide weekly updates to the Village regarding progress and upcoming work.
- Maintain orderly files for correspondence, reports of job conferences, shop drawings and other submissions, reproductions or original contract documents including all addenda, change order and additional drawings issued subsequent to the award of the contract.
- Record the names, addresses and phone numbers of all contractors, subcontractors and major material suppliers in the diary.
- Keep an inspector's daily report book as outlined in the IDOT Project Procedures Guide, which shall contain a daily report and quantity of hours on the job site, weather conditions, list of visiting officials, daily activities, job decisions and observations as well as general and specific observations and job progress.
- Prepare payment requisitions and change orders for the Village's approval, review applications for payment with the Contractor for compliance with established procedures for their submission and forward them with recommendations to the Village.
- Except upon written instructions of the Village, the Resident Engineer or Inspector shall not authorize any deviation from the Contract Documents.

Task 3 – Project Meetings: The Resident Engineer will attend all construction conferences. CBBEL will arrange a schedule of progress meetings and other job conferences as required. CBBEL will prepare, circulate, and maintain copies of meeting minutes.

Task 4 – Project Closeout: CBBEL Construction Staff will coordinate and conduct the final inspection with the Village and prepare a final punchlist. CBBEL will verify that all the items on the final punchlist have been corrected and make recommendations to the Village concerning acceptance. CBBEL will review the Contractor's "as-built" record drawings for accuracy, content, and acceptance.

Quality Control (QC) materials testing will be the responsibility of the Contractor. Quality Assurance (QA) materials testing, if required, is to be provided by a subconsultant with whom the Village contracts with separately.

CBBEL shall not have control over or charge of and shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the work since these are solely the Contractor's responsibility under the contract for construction.

Insurance Certificates

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to SECTION II – WHO IS AN INSURED:

Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

- a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and
- b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies, or in connection with premises owned by or rented to you.

The person or organization does not qualify as an additional insured:

- c. With respect to the independent acts or omissions of such person or organization; or
- d. For "bodily injury", "property damage" or "personal injury" for which such person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- e. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this Coverage Part.
- f. This insurance does not apply to the rendering of or failure to render any "professional services".
- g. In the event that the Limits of Insurance of the Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement does not increase the limits of insurance described in Section III – Limits Of Insurance.

- h. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured applies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph 4.a. of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

The insurance provided to the additional insured is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to other insurance available to the additional insured which covers that person or organizations as a named insured for such loss, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed; after you have signed that "written contract requiring insurance". But this insurance provided to the additional insured still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any other insurance.

COMMERCIAL GENERAL LIABILITY

3. The following is added to Paragraph 8., Transfer Of Rights Of Recovery Against Others To Us, of SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS:

We waive any right of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal injury" arising out of "your work" performed by you, or on your behalf, done under a "written contract requiring insurance" with that person or organization. We waive this right only where you have agreed to do so as part of the "written contract requiring insurance" with such person or organization signed by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

4. The following definition is added to the DEFINITIONS Section:

"Written contract requiring insurance" means that part of any written contract under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

- a. After you have signed that written contract;
- b. While that part of the written contract is in effect; and
- c. Before the end of the policy period.

B. BLANKET ADDITIONAL INSURED

The following is added to Paragraph c. in A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which

this insurance applies and only to the extent that person or organization qualifies as an "insured" under the **Who Is An Insured** provision contained in Section II.

C. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

An "employee" of yours is an "insured" while operating an "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

- (1) Any covered "auto" you lease, hire, rent or borrow; and
- (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your

COMMERCIAL AUTO

permission, while performing duties related to the conduct of your business.

However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

D. EMPLOYEES AS INSURED

The following is added to Paragraph A.1., **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

E. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph A.2.a.(2), of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

(5) Anywhere in the world, except any country or jurisdiction while any trade sanction, embargo, or similar regulation imposed by the United States of America applies to and prohibits the transaction of business with or within such country or jurisdiction, for Covered Autos Liability Coverage for any covered "auto" that you lease, hire, rent or borrow without a driver for a period of 30 days or less and that is not an "auto" you lease, hire, rent or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company) or members of their households.

(a) With respect to any claim made or "suit" brought outside the United States of America, the territories and possessions of the United States of America, Puerto Rico and Canada:

(i) You must arrange to defend the "insured" against, and investigate or settle any such claim or "suit" and keep us advised of all proceedings and actions.

(ii) Neither you nor any other involved "insured" will make any settlement without our consent.

(iii) We may, at our discretion, participate in defending the "insured" against, or in the settlement of, any claim or "suit".

(iv) We will reimburse the "insured" for sums that the "insured" legally must pay as damages because of "bodily injury" or "property damage" to which this insurance applies, that the "insured" pays with our consent, but only up to the limit described in Paragraph C., **Limits Of Insurance**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**.

(v) We will reimburse the "insured" for the reasonable expenses incurred with our consent for your investigation of such claims and your defense of the "insured" against any such "suit", but only up to and included within the limit described in Paragraph C., **Limits Of Insurance**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**, and not in addition to such limit. - (d) It is understood that we are not an admitted or authorized insurer outside the United States of America, its territories and possessions, Puerto Rico and Canada. BLANKET ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:
COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to SECTION II - WHO IS AN INSURED:

Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

- a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and
- b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies, or in connection with premises owned by or rented to you.

The person or organization does not qualify as an additional insured:

- c. With respect to the independent acts or omissions of such person or organization; or
- d. For "bodily injury", "property damage" or "personal injury" for which such person or organization has assumed liability in a contract or agreement.

The insurance provided to such additional insured is limited as follows:

- e. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this Coverage Part.
- f. This insurance does not apply to the rendering of or failure to render any "professional services".
- g. In the event that the Limits of Insurance of the Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement does not increase the limits of insurance described in Section III - Limits Of Insurance.

- h. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured applies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph 4.a. of SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS:

The insurance provided to the additional insured is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to other insurance available to the additional insured which covers that person or organizations as a named insured for such loss, and we will not share with the other insurance, provided that:

- (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and
- (2) The "personal injury" for which coverage is sought arises out of an offense committed; after you have signed that "written contract requiring insurance". But this insurance provided to the additional insured still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any other insurance.

COMMERCIAL GENERAL LIABILITY

3. The following is added to Paragraph 8., Transfer Of Rights Of Recovery Against Others To Us, of SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS:

We waive any right of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal injury" arising out of "your work" performed by you, or on your behalf, done under a "written contract requiring insurance" with that person or organization. We waive this right only where you have agreed to do so as part of the "written contract requiring insurance" with such person or organization signed by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

4. The following definition is added to the DEFINITIONS Section:

"Written contract requiring insurance" means that part of any written contract under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

- a. After you have signed that written contract;
- b. While that part of the written contract is in effect; and
- c. Before the end of the policy period.
