EXECUTIVE SUMMARY

We know what's challenging to the Village of Tinley Park. Here are the strategies and solutions we recommend for you in order to face those challenges head-on and achieve success.

Thank you for considering Sikich. We appreciate the opportunity to propose for the Village of Tinley Park.

Sikich is one of the country's top 30 Certified Public Accounting firms and a top 10 value-added reseller of technology products, with more than 1,000 employees serving clients in all 50 states. Clients turn to us for their professional service needs due to our deep industry knowledge working with organizations of their size and for the caliber of service and attention we provide—especially when it comes to dedicated, experienced service teams and partner access.

DEFINING YOUR CURRENT CHALLENGES

We recognize this is a time of constant change and ever increasing accountability. The task of the Village finance office is no longer to report financial results by long-standing standards that are widely known and commonly understood. The task in today's environment is to keep up with the ever-changing standards from GASB and the Office of Management and Budget with the new Uniform Guidance. The task is also to keep up with new reporting and accountability requirements from the state, new automated processing systems, and fringe benefit tax laws.

DEFINING YOUR BEST POSSIBLE SOLUTIONS

These ever-changing standards and accountabilities require adjusting computer systems and internal processes to adapt to the changing standards and then to report in accordance with the new standards. This shift in the environment has caused a shift in the Village thinking about an audit firm. We understand that the Village requires a year-round partner, who will assist the Village in keeping up to date with the standards and provide assistance, when needed, on specialty topics, as well as someone who can audit to the standards. Sikich is on the leading edge of the standards as they are being developed. We also have a strong commitment to current and effective technology as our firm has a solid core of technological abilities supported by a full technology division.

DEFINING YOUR FUTURE SUCCESS

Additional details around our audit-specific capabilities are included in the next section of this document. These capabilities, in combination with our timely completion and issuance of your reports, will not only fulfill your current needs, but will undoubtedly drive stability for the Village of Tinley Park.

Throughout the following paragraphs, you will find summaries of each section within this proposal. We encourage you to review each section in its entirety to gain a detailed understanding of how we can help you build your bottom line and achieve success.

Therefore, Anthony will be present at the Village of Tinley Park's offices during both our preliminary and final fieldwork.

QUALITY CONTROL PARTNER

NICK BAVA, CPA, MAS

SENIOR AUDIT MANAGER

As the senior audit manager, Nick will be the Village of Tinley Park's secondary contact for anything related to the successful audit of your organization. Nick will be responsible for leading the assurance team in the field and coordinating all assurance efforts.

ADDITIONAL PROFESSIONAL STAFF

Other professional staff assigned to the engagement will be full-time employees of the firm and have a minimum of one to three years of auditing experience. In addition, all professional staff assigned to government engagements meet and usually exceed the CPE requirements contained in the U.S. Government Accountability Office, Government Auditing Standards (2018). Moreover, our government staff possess a specific knowledge of local government accounting and reporting requirements and their application for local governments. This is achieved by attending at least 40 hours per year of a combination of external courses sponsored by the AICPA, ICPAS, GFOA and IGFOA, as well as internal courses.

This enables our firm to staff our governmental engagements with qualified professionals in the industry, providing valuable services to our governmental clients during the audit and throughout the year. We can assure you that our professional staff would not need any "on the job accounting or financial reporting training" by your staff. Moreover, we can assure the Village of Tinley Park the quality of staffing for a multi-year engagement, even if a change in personnel is required, subject to your approval.

SPECIFIC AUDIT APPROACH

From identifying expectations to executing a plan to preparing for next year, our approach is holistic and always forward-thinking.

For the Village of Tinley Park, our approach satisfies a number of requirements, including high-quality service, access to senior resources and specialization in the government industry. We strongly believe Sikich is the firm that can offer you all of these and more.

We will tailor this engagement to the Village of Tinley Park's specific needs—always with a view toward identifying new opportunities for financial and operational improvement. Procedures are designed to give full attention to evaluating significant areas, including those that present the greatest risk. Sikich's holistic approach will address critical compliance and risk management needs.

Before embarking on this engagement, we will make certain to have a clear understanding of your mission and strategic direction. We do this by identifying and addressing risks and helping you ensure financial strength. We strongly believe there is no such thing as too much communication, not only during the engagement, but also throughout the year.

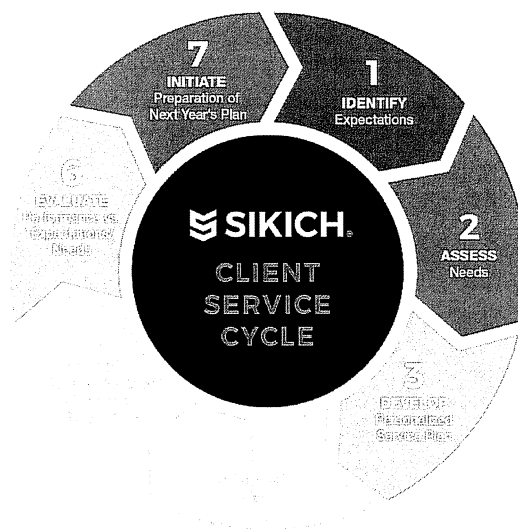

AUDIT STANDARDS

The objective of our audit is to issue an unmodified opinion on the Village of Tinley Park's governmental activities, business-type activities, each major fund and the aggregate remaining fund information that collectively comprise the Village of Tinley Park's basic financial statements. The audit will be conducted in accordance with generally accepted auditing standards as set forth by the American Institute of Certified Public Accountants, and, if necessary, generally accepted government auditing standards issued by the United States Government Accountability Office (GAO, 2018), the Single Audit Act of 1996 and the Uniform Guidance. Our firm will issue an opinion on the basic financial statements and will subject the combining and individual fund financial statements and schedules and any other supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole.

In addition, we will apply certain limited procedures to the Required Supplementary Information. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

We will not audit the statistical or introductory sections of the annual comprehensive financial report and accordingly, will not express an opinion on the information contained in these sections.

Wherever possible, we will utilize your schedules to maximize efficiencies and contain audit costs. We request that the Village of Tinley Park provide us with the basic information required for our audit.

Sikich's audit approach includes, but is not limited to, the following procedures:

- Audit plan development
- Determination of materiality
- Audit risk evaluation
- Interviews with management to provide information for detailed documentation of the internal control structure
- Interviews and analysis of audit evidence to identify and assess risks that may result in material misstatement due to fraud
- Measurement of accounting presentation and compliance reporting by identifying and focusing on areas sensitive to organizations like the Village of Tinley Park
- Performance of testing to evaluate your organization's internal control structure
- Confirmation of various accounts, performance of substantive testing and analytical procedures
- Performance of additional testing, as necessary

PRACTICAL AND CONSTRUCTIVE MANAGEMENT LETTER COMMENTS

We believe the management letter is an important part of the engagement, and we encourage all members of our engagement team to give thoughtful consideration toward developing constructive comments within the constraints of the overall engagement. Our policies regarding management letters adhere to the Professional Standards of the AICPA. If significant deficiencies and material weaknesses in internal controls are noted during the audit, they are required to be communicated in writing to those charged with governance. Items of an immaterial nature (i.e., clerical problems, minor procedures or reporting problems, etc.) are communicated to management. In both cases, we adhere to a strict firm policy that all comments and recommendations are discussed in preliminary form with appropriate personnel prior to their communication. This allows for clarification of misunderstandings, miscommunication or compensating controls or factors which may be in place.

QUALITY CONTROL

At Sikich, we are committed to providing the highest quality audits in the industry. The Village of Tinley Park can be assured of receiving the highest level of quality and ethical professional services. Quality control is so important to us that our firm has been a member of the Private Companies Practice Section of the Division for CPA Firms of the AICPA since our formation in 1982. As such, we have voluntarily submitted our audit and accounting practice to quality control reviews of our compliance with professional standards as established by the AICPA and, more recently, by the United States Government Accountability Office, for more than 30 years. In 2020, we received our eleventh consecutive peer review unmodified ("pass") report. This is the highest level of recognition conferred upon a public accounting firm for its quality control systems. Also, we go beyond the external reviews and maintain strong internal reviews of procedures and processes with oversight by our Quality Assurance Committee and our Partner-in-Charge of Quality Assurance. Please refer to the Exhibits section for a copy of our most recent peer review which included a review of specific government engagements since this accounts for a significant segment of our practice.

In addition, our state and local government reports have been reviewed by numerous federal and state oversight bodies and professional organizations. These reports have been judged to meet and, in most instances, exceed industry standards and requirements. Sikich has not been the subject of any disciplinary action or inquiry during the past five years. Sikich is a member of the AICPA's Governmental Audit Quality Center (GAQC), which is a firm-based voluntary membership center designed to promote the importance of quality governmental audits and the value of these audits to purchasers of government audit services. As a member of the GAQC, Sikich has access to key information and comprehensive resources that we use to help ensure our compliance with appropriate professional standards and laws and regulations that affect our audits. Through our membership in the GAQC, we also adhere to membership requirements designed to enhance the quality of our audit practice.

This phase would be completed by the engagement partner.	Ongoing							

In future years, we would develop a similar plan and timeframe with the assistance of the Village of Tinley Park to ensure the timely identification and resolution of any critical accounting and auditing issues prior to the issuance of our opinion and the annual comprehensive financial report. These completion dates are well within the deadlines established by the Village of Tinley Park. We have a proven track record of meeting and exceeding deadlines established by our clients.

IDENTIFICATION OF POTENTIAL AUDIT PROBLEMS

Our firm's approach to resolving any problems that arise during the audit is the same as our overall approach to the audit—professionalism. Professionalism in performing the audit is the cornerstone to our philosophy during all phases of the audit. Any problems encountered during the audit, except for irregularities and illegal acts, will be discussed and documented with the Village Manager or their designee. The timing of this discussion will provide the Village of Tinley Park with ample time to rectify any situations that may otherwise result in the issuance of a qualified audit opinion. Irregularities and illegal acts detected or of which we become aware of will be communicated in writing to Village Manager or the appropriate level as defined in our professional standards.

Our firm's philosophy on additional fees and/or billings is based on an understanding between the firm and the client of the scope of the work to be performed. We have proposed a "not-to-exceed fee" for the audit, the scope and timing of which was specified by the Village of Tinley Park. The billings for the audit would not exceed this fee unless the Village of Tinley Park specifically requests that the scope of the engagement be expanded and the Village of Tinley Park and the firm reach a mutual agreement, in writing, as to the expanded scope of the engagement and the fee, if any, for the expanded scope.

Sikich will comply with all relevant rules and regulations of authoritative bodies and the AICPA Code of Professional Conduct regarding access to our working papers and audit documentation. Reasonable requests for access will not be denied.

ADDITIONAL RESOURCES AND SERVICES

With more than a dozen services, our areas of expertise are oftentimes complementary of one another. How else can we help you meet your government's goals?

Many times, the challenges for which you enlist Sikich's help may be faced more effectively by integrating several of our services. Take a look at what we offer, and talk to your engagement partner about how these services may complement what you are already seeking.

HUMAN RESOURCES

Your people are a large part of what makes up your organization. Recruiting, training and retaining employees are vital parts of ensuring your organization continues to provide only the best for your constituency. With services such as recruiting and onboarding, compensation and compliance, employee benefits and more, you can better understand what will keep your employees happy and productive.

DISPUTE ADVISORY

Disputes of any kind or size can be difficult to handle on your own. For example, what would happen if you began suspecting employee fraud within your organization? A dispute advisory expert can handle every aspect, from insurance claim preparation and being the liaison with law authorities, to creating a fraud prevention program and improving your organization's internal controls.

MARKETING

The effectiveness of your marketing efforts can make or break your organization's success. From eye-catching logos to print and digital collateral, every piece must work for an intended audience. By delivering the right stories and amplifying those messages, you will properly position your organization in the marketplace.

PROCESS IMPROVEMENT

Processes truly define organizations, but are often forgotten when seeking root causes to problems or managing more efficient and effective services. Improvements to existing processes—ranging from development review to utility billing—have the potential to decrease cycle time, increase quality and result in higher customer satisfaction. Sikich employs a customer-centric approach to process improvement by involving internal and external customers to understand and make meaningful improvements while continuing to meet their needs.

PUBLIC RELATIONS

Achieve a higher media profile, greater mindshare among your constituents and proper positioning in the marketplace with a thoughtful, research-based and integrated approach to public relations. From overall positioning to media relations, conveying the right stories to the right people is critical in an effective public relations program.

TECHNOLOGY: IT SERVICES

Staying ahead of, or even simply keeping up with, continually changing and complex technology developments can be challenging. Organizational management software, cloud solutions, strategic information technology and IT consulting can all drive your organization toward increased productivity—if implemented the right way.

TECHNOLOGY: SECURITY AND COMPLIANCE

Keeping your organization safe from data breaches and other information security concerns is critical, especially given the vast number of organizations that have been compromised in the last couple of years. Understand where the vulnerabilities in your network lie by obtaining independent, unbiased and technically qualified security assessments—from penetration testing to forensic analyses.

To the Partners of Sikich LLP
and the Peer Review Committee of the Illinois CPA Society

We have reviewed the system of quality control for the accounting and auditing practice of Sikich LLP (the firm) in effect for the year ended March 31, 2020. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at <http://www.aicpa.org/prsummary>. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

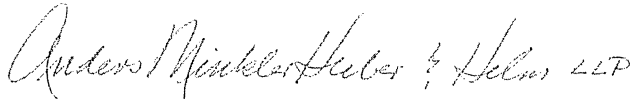

Required Selections and Considerations

Engagements selected for review included (engagements performed under *Government Audit Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans, and examinations of service organizations [SOC 1 and SOC 2 engagements]).

As part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.
