RESOLUTION NO. 2022-R-053

**A RESOLUTION APPROVING A CONTRACT BETWEEN THE VILLAGE OF TINLEY PARK
AND SEWER ASSESSMENT SERVICES FOR SMOKE TESTING AND MANHOLE
INSPECTIONS**

WHEREAS, the Village of Tinley Park, Cook and Will Counties, Illinois, is a Home Rule Unit pursuant to the Illinois Constitution of 1970; and

WHEREAS, the Corporate Authorities of the Village of Tinley Park, Cook and Will Counties, Illinois, have considered entering into a Contract with Sewer Assessment Services, a true and correct copy of such Contract being attached hereto and made a part hereof as **EXHIBIT 1**; and

WHEREAS, the Corporate Authorities of the Village of Tinley Park, Cook and Will Counties, Illinois, have determined that it is in the best interests of said Village of Tinley Park that said Contract be entered into by the Village of Tinley Park;

NOW, THEREFORE, Be It Resolved by the President and Board of Trustees of the Village of Tinley Park, Cook and Will Counties, Illinois, as follows:

Section 1: The Preambles hereto are hereby made a part of, and operative provisions of, this Resolution as fully as if completely repeated at length herein.

Section 2: That this President and Board of Trustees of the Village of Tinley Park hereby find that it is in the best interests of the Village of Tinley Park and its residents that the aforesaid "Contract" be entered into and executed by said Village of Tinley Park, with said Contract to be substantially in the form attached hereto and made a part hereof as **EXHIBIT 1**.

Section 3: That the President and Clerk of the Village of Tinley Park, Cook and Will Counties, Illinois are hereby authorized to execute for and on behalf of said Village of Tinley Park the aforesaid Contract.

Section 4: That this Resolution shall take effect from and after its adoption and approval.

ADOPTED this 7th day of June, 2022, by the Corporate Authorities of the Village of Tinley Park on a roll call vote as follows:

AYES: Brady, Galante, Mahoney, Mueller, Sullivan

NAYS: None

ABSENT: Brennan

APPROVED this 7th day of June, 2022, by the President of the Village of Tinley Park.

Village President

Village Clerk

EXHIBIT 1

SEWER ASSESSMENT SERVICES SMOKE TESTING AND MANHOLE INSPECTIONS CONTRACT

VILLAGE OF TINLEY PARK

SERVICE CONTRACT

This contract is by and between the **Village of Tinley Park**, an Illinois home-rule municipal corporation (the "Village"), and **Sewer Assessment Services** (the "Contractor"), for the project or work described in Exhibit A, attached hereto and made a part hereof.

1. In consideration of the compensation stated in paragraph 2, the Contractor shall provide all the services described in the Scope of Services attached hereto as Exhibit "A" and incorporated herein by reference. The express terms of this Contract shall take precedence and control over any term or provision of the Scope of Services (Exhibit A) that in any way conflicts with, differs from, or attempts to alter the terms of this Contract.
2. Except in the event of a duly authorized change order approved by the Village as provided in this Contract, and in consideration of the Contractor's final completion of all work in conformity with this Contract, the Village shall pay the Contractor an amount not to exceed **Sixty nine thousand three hundred nine and 35/100 Dollars (\$69,309.35)**. Within thirty (30) calendar days of completion of the work, the Contractor shall submit his application for payment to the Village, and the Village shall pay Contractor for the work performed no later than **thirty (30)** calendar days from the date of the Village's receipt and the Village's approval of the work and the application for payment. No payment shall be made by the Village until the Contractor has submitted to the Village (i) a Contractor's Affidavit listing all subcontractors and material suppliers utilized on the project and (ii) final waivers of lien from the Contractor, all subcontractors and all material suppliers.
3. No changes shall be made, nor will invoices for changes, alterations, modifications, deviations, or extra work or services be recognized or paid except upon the prior written order from authorized personnel of the Village. The Contractor shall not execute change orders on behalf of the Village or otherwise alter the financial scope of the Project.
4. Written change orders may be approved by the Village Manager or his designee provided that the change order does not increase the amount set forth in paragraph 2 of this Contract to more than \$10,000.00. Changes in excess of this amount must be approved by the Village Board prior to commencement of the services or work. **If a requested change causes an increase or decrease in the cost of or time required for the performance of the contract, Contractor will agree to an equitable adjustment in the contract price or performance schedule, or both. Neither party is obligated to comply with requested changes unless and until both parties execute a written change order.**
5. **Time is of the essence on this Contract.** The Contractor shall complete all work under this Contract by the dates set forth below:
6. No "Notice to Proceed" may be given nor any work commenced until this Contract is fully executed and all exhibits and other attachments are completely filled out and attached hereto.
7. It is understood and agreed by the parties that the Contractor is an independent contractor retained for the above-mentioned purpose. The Village shall not control the manner nor the means of the Contractor's performance, but shall be entitled to a work product as described herein. The term "subcontractor" shall mean and include only those hired by and having a direct contract with Contractor for performance of work on the Project. The

Village shall have no responsibility to any subcontractor employed by a Contractor for performance of work on the Project, and all subcontractors and material suppliers shall look exclusively to the Contractor for any payments due. The Village will **not** be responsible for reporting or paying employment taxes or other similar levies that may be required by the United States Internal Revenue Service or other State or Federal agencies. Every subcontractor shall be bound by the terms and provisions of this Contract as far as applicable to their work. The Contractor shall be fully responsible to the Village for the acts and omissions of its subcontractors, and shall ensure that any subcontractors perform in accordance with the requirements of this Contract. Nothing contained herein shall create any contractual or employment relations between any subcontractor and the Village. The Contractor is solely responsible for the safety procedures, programs and methods of its employees and agents and shall hold the Village harmless for any and all damages resulting from violations thereof. The Contractor shall comply with all applicable federal, State and local safety laws and regulations.

8. **It is further agreed that the Contractor shall indemnify, hold harmless, and defend the Village, its officers, agents, and employees from and against any and all claims, losses, damages, causes of action, suits, and liability of every kind, including all expenses of litigation, court costs, and attorneys' fees, for injury to or death of any person or for damage to any property arising out of or in connection with the Contractor's negligence under this Contract.**
9. **The Contractor assumes full responsibility for the work to be performed hereunder and hereby releases, relinquishes, and discharges the Village, its officers, agents, and employees from all claims, demands, and causes of action of every kind and character, including the cost of defense thereof, for any injury to or death of any person and any loss of or damage to any property that is caused by, alleged to be caused by, arising out of, or in connection with the Contractor's negligence in its work to be performed hereunder. The Contractor shall maintain insurance coverage in an amount and from a carrier suitable to the Village, and the Village shall be named as an additional insured where required. Certificates of Insurance are attached hereto as Exhibit B.**
10. The Village is exempt from payment of state and local sales and use of taxes on labor and materials incorporated into the project. If necessary, it is the Contractor's responsibility to obtain a sales tax permit, resale certificate, and exemption certificate that shall enable the Contractor to buy any materials to be incorporated into the project and then resale the aforementioned materials to the Village without paying the tax on the materials at the time of purchase. In no event will the Village be liable for or pay any sales or use taxes incurred by the Contractor in performing the services under this contract.
11. The Contractor shall comply with all applicable federal, state, and local statutes, regulations, ordinances, and other laws, including but not limited to the Immigration Reform and Control Act (IRCA). The Contractor may not knowingly obtain the labor or services of an unauthorized alien. The Contractor, not the Village, must verify eligibility for employment as required by IRCA.
12. At any time, the Village may terminate this Contract for convenience, upon written notice to the Contractor. The Contractor shall cease work immediately upon receipt of such notice. The Contractor shall be compensated for services performed and accepted by the Village up to the date of termination.

13. No waiver or deferral by either party of any term or condition of this Contract shall be deemed or construed to be a waiver or deferral of any other term or condition or subsequent wavier or deferral of the same term or condition.
14. This Contract may only be amended by written instrument approved and executed by the parties.
15. This Contract and the rights and obligations contained herein may not be assigned by the Contractor without the prior written approval of Village.
16. The parties hereby state that they have read and understand the terms of this Contract and hereby agree to the conditions contained herein.
17. This Contract has been made under and shall be governed by the laws of the State of Illinois. The parties agree that performance and all matters related thereto shall be in Cook County, Illinois.
18. Contractor, its employees, associates or subcontractors shall perform all the work hereunder. Contractor agrees that all of its associates, employees, or subcontractors who work on this Project shall be fully qualified and competent to do the work described hereunder. Contractor shall undertake the work and complete it in a timely manner.
19. If any provision of this Contract shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court of competent jurisdiction finds that any provision of this Contract is invalid or unenforceable, but that by limiting such provision it may become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
20. This Contract represents the entire and integrated agreement between the Village and Contractor and supersedes all prior negotiations, representations, or agreements, either written or oral.
21. This Contract will be effective when signed by the last party whose signing makes the Contract fully executed.
22. The Contractor agrees to comply with the Illinois Prevailing Wage Act, if the work to be performed under this Contract is covered by said Act.
23. The Contractor agrees to comply with the Illinois Substance Abuse Prevention on Public Works Projects Act.

CERTIFICATIONS BY CONTRACTOR

Affidavit of Compliance

Contractor and all subcontractors shall complete this Affidavit of Compliance ("Affidavit") and submit supporting documentation as required pursuant to *Responsible Bidder Requirements on Public Work Projects*. Contractor must submit this Affidavit and all related evidence with its bid. Contractor shall be responsible for providing this Affidavit to all subcontractors who will perform work on the project. All subcontractors' Affidavits and supporting documentation must be submitted no later than the date and time of the contract award. Failure to comply with all submission requirements may result in a determination that the Contractor is not a responsible bidder.

For the remainder of this Affidavit, "Contractor" refers to the general contractor and all subcontractors. Each item must be answered. If the question is not applicable, answer "NA." If the answer is none, answer "none."

The certifications set forth in this Affidavit and all documents attached hereto shall become a part of any contract awarded to the Contractor. Furthermore, Contractor shall comply with these certifications during the term and/or performance of the contract.

The undersigned Allan Berkner, as Owner and on behalf
(Name) (Title)
of Sewer Assessment Services, LLC having been duly sworn under oath certifies that:
(Contractor)

Business Organization

The form of business organization of the Contractor is (check one):

☐ Sole Proprietor or Partnership ☒ LLC
☐ Corporation ☐ Independent Contractor (Individual)

If contractor/subcontractor is a corporation, indicate the state and the date of incorporation:

Authorized to do business in the State of Illinois: Yes ☒ No ☐

Describe supporting documentation attached: _____

Federal Employer I.D. #: 81-4858674

Social Security # (if an individual or sole proprietor): _____

Registered with Illinois Department of Revenue:

Yes ☒ No ☐

Describe supporting documentation attached (if "No," explain): _____

Registered with Illinois Department of Employment Security:

Yes ☒ No ☐

Describe supporting documentation attached (if "No," explain): _____

Tax liens or tax delinquencies

Disclosure of any federal, state or local tax liens or tax delinquencies against the contractor of any officers of the contractor in the last five (5) years

Yes ☐ No ☒

"No" means "not applicable." If "yes," describe lien/delinquencies and resolution:

EOE Compliance

Contractor is in compliance with provisions of Section 2000e of Chapter 21, Title 42 of the United States Code and Federal Executive Order No. 11246 as amended by Executive Order No. 11375 (known as the Equal Opportunity Employer provisions).

Yes ☒ No ☐

Employee Classification

Contractor's employees who will perform work on the project are properly classified as an employee or independent contractor under all applicable state and federal laws and local ordinances (Form B).

N/A ☐ Yes ☒ No ☐

Professional or Trade Licenses

Contractor will possess all applicable professional and trade licenses required for performing the Contract work:

Yes ☐ No ☒

License	Number	Date Issued	Current Expiration	Holder of License

If any of the above license(s) have been revoked or suspended, state the date and reason for suspension/revocation:

Documentation Attached (Contractor must initial next to each item):

_____ Form A: Name and address of subcontractors from whom Contractor has accepted a bid or intends to hire to perform work on any part of the project.

NOTE: All subcontractors shall complete and submit an Affidavit of Compliance no later than the date the subcontractor commences work on the project.

_____ Form B: List of individuals who will perform work on the project on behalf of the Contractor, verifying that each individual is properly classified as an employee or independent contractor. Contractor also verifies that all Contractor's employees are covered under a current workers' compensation policy, properly classified under the workers' compensation policy, and covered by a health and welfare and retirement plan.

_____ Form C Additional Information (if required)

_____ Certificate of Good Standing
(or other evidence of compliance with laws pre-requisite to doing business in the state)

_____ Illinois Department of Revenue registration

_____ Illinois Department of Employment Security registration

_____ Standards of Apprenticeship/Apprentice Agreements

_____ Substance Abuse Prevention program (or applicable provision from CBA in effect)

_____ Written Safety Policy Statement signed by company representative

_____ OSHA cards evidencing 10-hour or greater safety program completed, if requested

_____ Workers' Compensation Coverage

_____ Professional or Trade Licenses

Eligibility to Contract

Certificate of Compliance with Prevailing Wage Requirements

The undersigned hereby certifies that:

This contract calls for the construction of a "public work," within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the current "prevailing rate of wages" (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Department publishes the prevailing wage rates on its website at <http://www.state.il.us/agency/idol/rates/rates.HTM>. The Department revises the prevailing wage rates and the contractor/subcontractor has an obligation to check the Department's web site for revisions to prevailing wage rates. For information regarding

current prevailing wage rates, please refer to the Illinois Department of Labor's website. All contractors and subcontractors rendering services under this contract must comply with all requirements of the Act, including but not limited to, all wage requirements and notice and record keeping duties.

EXHIBIT A

Scope of Services

II. SCOPE OF SERVICES

Working under the direction of the Village Engineer and Public Works Superintendent, the work includes providing all signs, barricades, arrow boards, equipment and manpower necessary for Traffic Control to meet IDOT Highway Standards 701501-06 and 701601-09 and to perform the following:

Smoke Testing Inspections:

- a. Determine the possible defects in the sewer lines, laterals and building connections,
- b. Determine possible defects in existing manholes
- c. Find inappropriate connections
- d. By-pass pump/control of all water and wastewater

These inspections shall be performed by using high capacity blowers and sending non-toxic smoke into the sanitary sewer pipes, observe the locations where the smoke exits the system (i.e. gutters, vent stacks, etc...) and documenting these observations. The smoke testing products shall be smoke bombs/candles or smoke fluid that will generate a white to gray colored smoke, leave no residues and be non-toxic and non-explosive. The Contractor shall submit the product data and the material safety data sheets (MSDS) of the smoke the plans to use for review and shall have this information with them at all times to present to any resident who becomes concerned or has questions about it during the project.

Should the Contractor encounter water in the sewer pipes in which he is performing his work, that water shall be by-pass pumped to complete the work and shall not be done across any open lanes of traffic.

All inspections shall be recorded and turned over to the Village on forms and entered into an electronic database as per NASSCO guidelines. Photos shall be taken where smoke exits the system and all testing shall be done under dry conditions.

The procedure shall follow the use of a central manhole where the blower is located with an upstream and downstream along with two (2) sewer lines between them. The total line segment shall not exceed 1,000 feet. The capacity of the blowers shall be determined by the amount and/or size of the smoke plumes exiting the system. Plugging the line segments shall be done by the use of sewer plugs or sandbags.

Manhole Inspections:

- a. Identify and Document General Manhole information
 - i. Depth
 - ii. Size
 - iii. Location
- b. Inventory of the Structural Make-up of the Manhole
- c. Identify all Pipes Types, Sizes and Inverts
- d. Overall Condition, Defects and Recommendations

The information obtained during the inspections shall be documented and turned over to the Village in spreadsheet/table type format that provides a clear summary of what was observed. All RIM and invert elevations shall refer to NAVD 88 Datum.

All defects shall be recorded and given a severity rating of minor, intermediate or severe. Visual indications can be actual leaks observed, ranging from water intermittently running down the manhole wall from the defect to gushers where water is spraying into the manhole from the defect. Any stains on the manhole walls shall be documented as well.

Manhole covers shall also be documented if they are damaged, misplaced or in need of new gaskets or replacement as they can contribute to inflow to the system.

Dye-Water Testing/Flooding

This portion of the proposal will only be utilized should the Contractor present a request and obtain permission from the Village Engineer or Public Works Superintendent. Dye-water flooding can be performed in conjunction with CCTV inspection on a site-specific determination aiding in determining the location and quantification of specific defects during an evaluation. It shall only be performed on storm line setups where a direct or indirect cross connection may exist with a sanitary line. Only storm sewers with an invert elevation that appears to be higher than the adjacent sanitary lines will be flooded. This flooded storm line must cross above or closely parallel to the adjacent sanitary sewer or service lateral to be considered for this procedure. The visual observations of this procedure will be made at the downstream manhole.

The dye products shall be non-toxic and biodegradable designed for plumbing testing. All water that is used to dilute the dye shall be clean and clear in order to develop a brilliant color mixture. Storm sewers have a diameter of thirty-three (33") inches or less shall be plugged with a pneumatic plug and filled with dyed water. If ditch lines or storm sewers greater than thirty-three (33") inches in diameter are to be tested, each shall be partially dammed with sandbags to retain the dyed water. Water shall be held for twenty-five (25) minutes if a dye trace is not observed in the downstream manhole immediately.

Should the dye water flooding procedure need to be introduced to a containment structure, the method and amounts shall be as directed by the manufacturer.

Whenever dye is observed in a sanitary sewer or when it is expected and doesn't appear, Contractor shall document and take photos of the water and the setup. All result of this procedure shall be recorded in electronic format. Color photos shall be taken of the dyed water flooding in progress and where leaks are located. The information recorded shall include:

- a. Location of Manhole or Line Flooding
- b. Upstream Manhole Number
- c. Plugged Lines
- d. Location(s) that were flooded along the line
- e. Location(s) of Leaks in Sanitary Sewer Pipe
- f. Other Pertinent information regarding Test Results

Should the sanitary lines be clogged, the Contractor shall clean and televise the lines. The cleaning shall include up to two (2) passes of the jetter nozzle should more than two (2) passes or root cleaning be required; a heavy cleaning charge will be negotiated. If and when defects are identified, they shall be coded in accordance with NASSCO Guidelines and televising videos and reports shall be provided to the Village Engineer.

Water Superintendent

Re: Sanitary Sewer Inflow and Infiltration Investigations (I/I)
Contract Renewal

Dear Mr. Fitzpatrick,

Sewer Assessment Services, LLC (SAS) is interested in renewing the referenced project for an additional three years, starting in 2022. SAS would also be open to extending this contract beyond the end of the three-year renewal. In 2021, a total of 95,114 feet of sanitary sewer was smoke tested. The original contract dated June 15, 2018 was for smoke testing, and a Level 1/2 (blended) Manhole Assessment and Certification Program (MACP) manhole inspection and a GPS location of all affected manholes was part of that fee. Based on the smoke testing results, any storm connections suspected of having a cross connection to the sanitary sewer were to be dyed-water flooded by SAS and televised by the Village for the following fees:

Catch basin leads	\$ 212.18 each
Storm line segments (8" to 12")	\$ 618.00 each
Storm line segments (15" to 33")	\$ 978.50 each
Storm line segments (36" to 48")	\$1,591.35 each
Ditch line Setups	\$ 772.50 each

SAS is asking for a 5% increase per year; the 2021 smoke testing price would increase from \$0.58 per foot to \$0.61 per foot. Historically, a 3% increase was allowed, but due to increased costs in supplies and fuel, an extra 2% is requested.

If SAS performs any DWF while the Village performs the televising, SAS will perform the DWF at the following fee schedule that includes a 5% increase:

Catch basin leads	\$ 222.79 each
-------------------	----------------

Tinley Park 2022 Contract Renewal

Storm line segments (8" to 12")	\$ 648.90 each
Storm line segments (15" to 33")	\$1,027.43 each
Storm line segments (36" to 48")	\$1,670.92 each
Ditch line Setups	\$ 811.13 each

SAS would be able to initiate the smoke testing project in May or June with the manhole inspections and GPS work starting earlier if weather allows.

Respectfully Submitted,
SEWER ASSESSMENT SERVICES, LLC

Allan J. Berkner, P.E.

COUNTY OF COOK) SS
COUNTY OF WILL)

CERTIFICATE

I, NANCY M. O’CONNOR, Village Clerk of the Village of Tinley Park, Counties of Cook and Will and State of Illinois, DO HEREBY CERTIFY that the foregoing is a true and correct copy of Resolution No. 2022-R-053, “**A RESOLUTION APPROVING A CONTRACT BETWEEN THE VILLAGE OF TINLEY PARK AND SEWER ASSESSMENT SERVICES FOR SMOKE TESTING AND MANHOLE INSPECTIONS,**” which was adopted by the President and Board of Trustees of the Village of Tinley Park on June 7, 2022.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of the Village of Tinley Park this 7th day of June, 2022.

VILLAGE CLERK
